SHELTER WALL DISAPPEARS

The wall bounding the road by Stokes' Field in Abbeyside, has disappeared and while Mass goers will now have a new and sweeping view of the bay and the Drom hills they will often sigh for the shelter that the wall provided on cold Sunday mornings when the stiff breezes blow in from the Atlantic.

When this property was taken over by the Urban Council it was decided in order to avoid the traffic congestion outside the Church, especially on Sunday mornings, to turn the field into a kind of car park. As far as I can remember the plan placed before the Council envisaged an entrance to and an exit from the field to enable cars to get in and out but the total demolition of the wall was never suggested.

How and when this came to be decided I do not know but the Council men just moved in one morning last week and by evening the wall, which had provided such welcome shelter for so many generations of Abbeysiders on their way to and from Church had disappeared.

Another aspect of the matter which struck me was the new danger of flooding to the road which the removal of the protective wall will mean. In high tides with a following wind I have seen the water come right across the field and the only barrier which kept it from flooding the road was the wall in question. Now that this has gone there will be nothing to stop the tide from sweeping across the field right out on to the roadway.

I think that it would have been ample to meet the traffic problems to have had entrance and exit gaps in the wall. It is all very fine to provide extra parking space for people who can drive up in their cars no matter what the weather is like, but consideration of the pedestrians should not have been altogether sacrificed in doing this.

A WINNER

I must admit that I went to the Primary Hall, Dungarvan last Sunday night with a certain amount of reserve, but before the night had got very old I found myself laughing and enjoying the performance with the capacity crowd and before the night ended I was completely captivated by the production of "While The Iron Is Hot" by the Old Parish Players.

"While The Iron Is Hot" is a rural comedy full of the humour of the countryside, and contains many topical cracks at C.I.E., the Local Government Department, and many other sections of central and local administration. The plot is good and the climax is excellently worked up. The author's nom-de-plume "Patrick Ring" hides the identity of An tAthair Victor de Paor, C.C., who has been the inspiration of the dramatic revival in the parish in recent years.

Member of a well-known literary family, his brother Risteard wrote the prize-winning Irish novel "Ubhall Ar Bhárr An Ghleagain," An tAthair de Paor has written a number of plays and radio scripts. "Dream Of The Comeraghs," "Mr. Ambrose," and "An Tadhlaí-choir," are plays which came from his pen, but while all these have had a certain success, I think his latest addition "While The Iron Is Hot" is by far An tAthair Victor's best to date. It has everything that a play needs to be a success and should prove a winner with any audience.

Chief character in the play is the blacksmith Danno Brien and Padraig O Maithúna gave a near faultless performance in this role. He was the blacksmith as to the manner born, and his easy stage presence and fine voice made it a pleasure to watch and listen to him. The plot of the play revolved about him, and the other members of the cast—Micheal de Paor, Mairead Breathnach, Sean de Paor, Sean O Cadhla Brid Ni ff-Airne and Micheal Toibin, gave pleasing performances, while Padraig O Foghlu, got full value from his part as Stanley Dunne, the Local Government Inspector.

The production was lively and good atmosphere was created, and the entire performance highly gratifying.

There was a great deal of mirth-provoking quips and gimmicks in the "Tom Fee" sketch which followed and which brought some famous stars of Radio and T.V. to the "screen." It was a well-rehearsed and highly effective act in a perfect set constructed by Sean de Paor.

The stepdancing of little Tomas Flynn to the music played on the fiddle by his sister Maura, and the electric guitar interlude by Dungarvan men Tom Atkins and Michael Donovan, rounded off a great show.

I understand that as a result of Sunday night's performance which was in aid of Parochial funds in Old Parish, the Players were able to make a most substantial contribution to the fund.

The Show will travel to the Desmond Cinema Cappoquin, on next Wednesday night and should prove a winner there as well.

AN ENVIABLE ASSIGNMENT

Presently in India covering the tour of the British Royal Couple for her paper "The Tatler" is Miss Muriel Bowen. Miss Bowen is second daughter of the late Mr. John Bowen, County Surveyor of Waterford and Mrs. Bowen and niece of Mr. James Bowen, Cork, up to a few years ago Manager of the Provincial Bank in Dungarvan. She was twice in Moscow last year, and has covered many important happenings all over the world.

Keenly interested in politics, Miss Bowen will be a Conservative candidate in the London County Council elections. Possessed of a fine sense of humour, this was no better displayed than on the occasion some years ago when she sent the Chancellor of the Exchequer of the Labour Government in England an axe with which to prune the taxes.

RATES

Members of Dungarvan Urban Council will meet in camera tomorrow (Friday) night to consider the estimates for the coming year. The public session will be followed by a fortnight's hiatus when there should be a private and a public meeting to deal with the same thing beats me. It's just some of the boys want to prove that we are a democratic country.

I tried to find out what was in the wind, but when I phoned the Town Hall I drew blank as no comment on the prospects was forthcoming. Nevertheless despite this taciturnity, I met a little bird who told me that it was possible that there would be no increase over the current rate and that in this, provision would be included for the new housing scheme, the new water scheme, and a further possible increase in wages.

I understand this is possible by the final liquidation of some old loan charges. For the past few years the ratepayers of the town have been promised easement when these charges expired, but now all that has happened is that the old loads have made way for fresh burdens. The official attitude seems to be that it would be bad to ease the burden and that the yoke must be kept well in position. Maybe they are right, for I am sure that many of the ratepayers would collapse with fright if they received any consideration in this respect.

TRUTH IN THE NEWS

Stories printed in a Waterford City paper and a Cork paper last week-end concerning the alleged finding of a coffin and bones in a field being ploughed by employees of An Foras Talúntas at Ballygagin, Dungarvan, proved to be completely without foundation.

Immediately following the publication of the story the Gardai Authorities in Dungarvan commenced investigations and the "coffin and bones" turned out to be nothing more than the charred and burnt root of an old tree.

Publication of scare stories like this without first checking all the facts is to be deplored and for the sake of reliability alone, it is much better to check facts than run for a scoop which turns out to be untrue.

THE BLARNEY ROSES

Our choice this week falls on that grand old ballad "The Blarney Roses" which is a favourite whenever there are songs in good company:—

'Twas over in old Ireland near
the town of Cushendall,
One morn I met a damsel
there, the fairest of them all
'Twas with me my young affections and my money she did go
And she told me she belonged to where the Blarney Roses grow.

Can anybody tell me where the Blarney Roses grow?
It may be down in Limerick town or over in Mayo,
It's somewhere in the Emerald Isle but this I want to know,
Can anybody tell me where the Blarney Roses grow?

Her cheeks were like the roses,
her hair a raven hue.
Before that she was done with me she had me raving too.
She left me sorely stranded,
not a coin she left, you know,
And she told me she belonged to where the Blarney Roses grow.

They've roses in Killarney, and the same in County Clare,
But 'pon my word those roses boys, I can't see anywhere,
She "blarney'd" me for by the powers, she left me broke, ho, ho,
Did this damsel that belonged to where the Blarney Roses grow.

LOCAL AUTHORITIES ARE RACK RENTERS OF 20th CENTURY SAYS WATERFORD N.F.A. CHAIRMAN

The following statement has been issued by Mr. D. J. Coghlan, Chairman, Waterford, County Executive N.F.A., and County representative on the N.F.A. National Rates Committee:—

"In view of the recent increase of the Rates by 2 4d. in the £ in County Waterford, we in the N.F.A. feel that the time has arrived to take more positive action. First of all we wish to stress that the farming community are not the only section hit by high rates. Undoubtedly we feel the pinch to a greater extent than others, for the following reasons: (1) We pay on land as well as buildings, farmers in the Six Counties and in England do not pay rates on land. (2) The farmers income has fallen considerably over the last few years and this cannot be said for any other section. (3) Farmers get very little value from rates, county roads are the last to receive attention, townspeople have water, sewerage and scavenging services laid on, they have lighted streets, concrete footpaths etc., provided. More people can now avail of the Health Act since the upper salary limit was increased from £600 to £800. This increase did not apply to farmers. However, we realise that others also have problems and we have in mind the workers in Council houses who pay £15 per year in rates, those thrifty people who build themselves a new house and find, after 7 years, what heavy rates they must pay and those progressive business people who suffer a steep increase in valuation as a result of improving their property. All of which leads one to the conclusion that Local Authorities are the rack-renters of the 20th century and indeed could give pointers to the landlords of old."

HEALTH ACT CHARGES

Mr. Coghlan's statement goes on to say: "Having made a study of the Rates Question the N.F.A. have come to the conclusion that the cause of all the trouble is the high proportion of Statutory charges levied and in particular, the Health Act. When the Health Act was introduced we were assured that its impact on the Rates would never exceed 1 6d. in the £, yet in the coming year the rates are increased by 1 - because of it alone, and the total charge is now 15 11d. in the £. In effect this means that rates are now being used by the Central Government as a means to collect further taxation from a people who already pay more than their share. This is bad taxation and morally wrong for the following reasons: (1) Rates were designed originally as a means of collecting relatively small amounts of money for purely local purposes, they are not suitable as a means of collecting the huge sums involved nowadays because rateable valuations are not related to income and the rate demand cannot be evaded. Good Taxation must be related to income in such a way that it is not levied when income cannot afford it. Where rates are concerned you have contradictions such as two families with the same income one living in a new house and therefore paying much heavier rates than the other. Most farmers either lost money, or had their income much reduced over the last three years and still had to pay heavy rates which they could not afford to pay. The crowning contradiction is the fact that farmers in the poorer counties pay heavier rates than those who live in counties with better land. For instance Kerry farmers pay twice as much per acre as the Meath farmers, and similarly Waterford farmers pay much more than Tipperary farmers do. All this stems from the fact that rates are levied on property and are not in any way related to income. Reason (2) Good taxation is levied by a responsible body. We have yet to find the person or body responsible for rates. The County Council tell us they have no control over Statutory charges; the Council Officials say they must implement the relevant Acts, both of these blame the Department of Local Government. The Minister for Local Government says he only implements what the Minister for Finance will sanction. The Minister for Finance will not take responsibility, he claims the money must come from some place, he hasn't got it and therefore cannot relieve the rates. The nett result is that rates are out of control, rising each year and cannot be stopped because nobody is in a position to stop them. Worse still the County Council are being demoralised because they are forced to cut down on local schemes for which they are responsible and in which they have a say in order to provide money for the Health Act and such like, over which they have no control, and in which they have no say, other than to act as a mere rubber stamp?"

"The conclusions are as follows: Rates are not a suitable form of taxation for financing National Services because (1) they do not conform to a Nation-wide standard; (2) they are out of control; (3) they are not related to income; (4) there is no relief for low income. We in the N.F.A. think something will have to be done and we suggest that, at the very least, the Health Act be financed wholly by the Central Government. We believe this must be done now as more and more farmers are finding it impossible to meet their rate demand. Delay is unjust and can be serious. We also suggest that it is in the interest of all sections of the community that this should be done and we hope for their support."

THE 1961 VIC LOVING SHOW

This is Vic Loving's second week in the famous Arch Tallow. This ballroom has a reputation for presenting only the best, and is certainly keeping this up by bringing this fabulous Stage Show.

During the past ten days, audiences have seen the famous Irish-American Character Impressionist in various roles, each stamped with her own brilliant interpretation. Described as "The Original Second Vesta Tilly," she brings her vast experience to the Arch stage, giving colourful, vivid portrayals of real-life and fictitious personages. "She's Ageless" was the way one grey-haired old lady described the Great Trouper last week. And in every sense her description was accurate. Despite several severe operations that would deter even a stronger person from resuming activities again, Vic's inherent love of the footlights spurs her on to offer today's audiences a mixture of sophisticated drama and a glimpse of old-time vaudeville of the type that we hear our parents describe almost with reverence whenever they are in a nostalgic mood. Her talented son, Chic Kay, is almost Chaplinesque in his stage antics, and has created a big following, many of whom come to see him alone. His singing to his own guitar accompaniment, his bubbling humour in sketches, and his character-playing in the full-length dramas; all are convincing proof that he is a true son of the stage. Chic is a lovable personality on or off "The Boards," and one feels that he has not even yet reached the zenith of his career, despite all his present accomplishments. His is a name which is destined to be long remembered in Irish theatrical history.

Francesco Macari, the first to introduce the Electric Piano-Organ to this country, provides a nightly feast of music on this amazing instrument, which is a show in itself, his nimble fingers are happiest when they are caressing this wonderful invention, of which he is a master.

The entire Company includes some of the finest actors and actresses of stage, radio and T.V. One hears comments on all sides on the beautiful dresses of the "Flash Parade" girls, and Miss Loving is reputed to have over 2,000 different dresses, frocks, and costumes on tour today.

Songs, Scenas, Laughable Sketches, Musical Interludes—all follow in swift succession, and the Show is certainly worth a visit. It is acknowledged by Press and public as the cleanest and cleverest Show on tour. (—)

WATERFORD SHOULD WIN BATTLE ROYAL WITH CORK

Meetings Of County And Western Boards

By Commentator

NEXT SUNDAY

Waterford play their most important National League game of the current season when they meet Cork in round four of the Hurling League at the Athletic Grounds on Sunday next and thousands of supporters will make the journey hopeful of seeing the Deise side enhance their reputation by capturing the points and winning a place in the final for the second time in two years.

* * * * *

With full points from all games played to date and after having shown such great form in their recent game against Dublin, supporters will no doubt reckon our side to have a favourites chance, but conscious of Cork's record when filling the role of underdogs, both players and selectors will very wisely approach this game with extreme caution. This is indeed a very wise policy as on quite a few occasions when Waterford seemed like having the measure of Cork we found to our bitter disappointment how misleading appearances may be. Many people say that these things happened only in the bad old days when our form was as inconsistant as the weather, the possibility of an upheaval of form now cannot be ruled out and we cannot afford to take even the slightest chance against Cork.

* * * * * *

On recent form Waterford appear to have an excellent chance of winning and should the form shown by both sides run true we must collect the points. But if this is to happen, Waterford will have to hurl with every ounce of determination and skill and remain at full stretch for the full sixty minutes. If they can succeed in doing this then we must win.

* * * *

All the team are reporting fit following an amount of training in their own areas. At the City level Waterford players attended nightly under the supervision of trainer John Keane and at the Western end the men have also been keeping themselves fit by training at their club grounds.

* * * *

The team selected last week follows the expected pattern with only one change from the side which beat Dublin three weeks ago.

* * * *

Ned Power in goal is playing more confidently than ever and with Tom Cunningham resuming at his favourite berth of right-corner back this line with Austin Flynn and John Barron will prove a fierce stumbling block for Cork's front line and outside to complete a very solid defence Flannelly, Morrissey and Joe Condon appear to have what it needs to hold Cork's new half-forward line of Harte, Goulding and Mortell. Goulding has returned to the Cork line-out after a lapse of some months and while his presence should add strength to their attack I doubt if Martin Morrissey will allow him to enjoy the same latitude as he did when they last met.

* * * *

Waterford selectors are satisfied that Seamus Power and Tom Cheasty teamed up well in their game against Dublin and their duels with Duggan and Terry Kelly should be one of the highlights of Sunday's game. Neither pair will have matters their own way here but with our men fully fit now we should enjoy a slight superiority.

* * * *

Taking our attack collectively, they played great stuff against Dublin and while the opposition may be more formidable now I don't expect to see the Cork sextet holding out against men like Phil Grimes, Larry Guinan and Frank Walsh, Donal Whelan, now much fitter than he was against Dublin, Doc Walsh and Batty Foley.

* * * * *

It may be worthy of note that against Dublin our attack had a total of 7 goals and eight points to credit while our defence did not yield a single major score. Things won't be so much to our liking on Sunday—Cork will see to that.

* * * * *

Reflecting on their performances in the current League in which they beat Antrim and drew with Kilkenny and Wexford won't provide encouragement for their supporters, but this Cork team, playing at home before thousands of their supporters and realising that this is their last chance to stay in the League, can be relied upon to rise to great heights in trying to stem this Waterford challenge. There are other considerations of course that will be taken into account and their team will be told that victory over this first-class Waterford side would greatly help to redeem their reputation which has suffered somewhat in the last year or so. The prize being offered on Sunday is indeed a very tempting one and we'd be very foolish if we didn't realise how that Cork will exploit to its limits, this welcome opportunity of putting themselves back on the hurling map at our expense.

* * * *

Their team shows three changes from the side which drew with Wexford. Eamon Goulding, Terry Kelly, and John O'Connor, who weren't available then will now replace O'Brien, Brown and Neylon.

* * * * *

With so much at stake for both sides, this game will likely be played with all the fire and fury of a championship encounter and a great battle between the sides is in prospect for what may be a record attendance. I think that our superior hurling and team work will over balance things in our favour, and win us a place in the final on May 7th.

BOARD MEETINGS

Apart from dealing with a few transfers and electing a Juvenile Championship Board, the Western Board did little else at their meeting in Cappoquin on Friday night last.

As was expected Jim Cullen, popular Ardmore man, who was Chairman of last year's Board, was again unanimously elected to guide the committee for the coming season. Western Board Secretary, Seamus O'Brien, will act as Secretary to the Board again this year, and to complete the staff, Liam Power, Dungarvan, Michael Culloo, Ballinameela, John Fraher, Cappoquin, and Bob McGrath, Tourlin, were elected to the committee. Feature of the election was the refusal of Mick Power to accept a place on the Board. Mick was the organiser-in-chief of the Avonmore Juvenile League and one of the sponsors of the current Minor competition. Even though pressed to stand, he said he refused as a protest against the treatment his club (Ballyduff) received from the County Board when some members of their team were suspended last year. After the election, the Chairman said that the Board would hold their first meeting at Dungarvan on March 14th, when draws and fixtures for both hurling and football would me made.

* * * *

CO. BOARD

Draws and fixtures for the senior hurling and football championships, and the selection of junior and minor selection committees in both codes are the important items on the agenda for tomorrow (Friday) night's meeting of the County Board.

* * * * *

This is likely to be a very long session of the Board, which will also deal with all transfers and regradings for the season, and it will also be applications for re-instatement under the foreign games rule. This incidentally is the last meeting before Easter and is, therefore, the last meeting for re-admitting members who have played foreign games.

* * * *

If the regular system of election is adopted at this meeting all four selection committees will have an amount of "new blood" this year as Colligan, Ardmore, Ballinameela, and Lismore, being champions in the respective grades, will each have two men on the committees for the first time.

* * * * *

CHALLENGE GAMES

Kilgobbinet juniors preparing hard for their first round championship game with Stradbally, were out in strength on Sunday last when they took on Fourmilewater in a hurling challenge at the latter's home venue. Several newcomers to the team performed satisfactorily, and Kilgobbinet won by the handsome margin of three goals. This first win by the team has imbued the side with great enthusiasm and a number of other challenge games are being arranged.

* * * *

At the same venue the Nire minor football team who were beaten by Dungarvan in last year's Western final, won well from Kilgobbinet's minors in a friendly challenge.

* * * * *

At the local Friary Field, Abbyside came off second best in a minor football challenge against St. Augustine's, but Abbyside selectors were pleased at their side's performance in their initial outing of the season.

* * * *

MUNSTER CONVENTION

Although the case was very well put by Michael Culloo, the Waterford motion seeing a later start to the minor inter-county championships in Munster each year, failed to find favour with a majority of the delegates at the Munster Convention at Tralee on Saturday last, and our only motion was therefore lost. Delegates took the view that a later start would make it impossible for the Council to complete their championship programme within the time specified by Central Council.

* * * *

Apart from the re-election of Tom Pinkert as Vice-Chairman of the Council, the Convention held nothing else of particular interest to Waterford.

* * * *

FOOTBALLERS LOSE

There was keen disappointment throughout the county on Sunday night last when it was learned that our footballers had lost to Limerick in round V of the N.F.L. at Kilmallock. Having shown such splendid form against Kilkenny and Clare, Waterford were favourites to beat Limerick, and earn a play-off with Tipperary and Clare in the final of the Division. Candidly, I was surprised at the amount of disappointment caused by this defeat; it certainly showed the amount of interest that the public are beginning to show in football, and this is something new.

COMHALTAS CEOLTOIRI EIREANN—The local Branch of An Comhaltas has been very busy of late. Last Sunday they ran a most successful local concert; next Sunday their Annual Concert will be held with the Gael-Linn Cabaret as guest artists, and preparations are actively in hand for Fleadh Cheoil na nDeise in early May.

Apropos of next Sunday's concert, there are still some bookable seats available, while of course the unreserved accommodation at 3 - and 2 - is there for the non-booked patrons. It is interesting to note that 18-year-old Grainne Nic Cormac, last week became Senior All-Ireland Dance Champion. This is this young unassuming lady's eighth All-Ireland Championship, four times as minor; three as junior, and now she has achieved her crowning ambition the senior All-Ireland.

DUNGARVAN HURLING AND FOOTBALL CLUBS—The Annual General Meeting of the above named clubs will be held in the Christian Brothers School, on Saturday night next, 11th March, at 8.15.

DUNGARVAN BRANCH I.U.D.W. & C.—The Annual General Meeting of the Dungarvan Branch I.U.D.W. & C. will be held at Egan's Hotel on tomorrow (Friday) March 10, at 8.30 p.m.

All members are requested to attend.

DUNGARVAN HARBOUR SAILING CLUB—We learn that this club is looking forward to good sailing this season with a considerable number of new boats, both sailing and otherwise in the Club.

Last season there had no less than six sailing dinghies and of course a number of rowing dinghies and boats with both inboard and outboard motors.

This year they expect to have at least 15 sailing dinghies and to have sailing races at least once every week and in addition to have short cruises to places within easy and easy reach of Dungarvan and picnics on neighbouring strands.

To help beginners to learn all about sailing the Club has booked a Sound Film which has been prepared solely for the purpose of instructing beginners in the art of sailing and managing a small sailing boat. This film which is entitled "Let's Go Sailing" will cover such subjects as sailing generally, rigging and care of the dinghy, safety precautions, the rule of the road and the duties of crew and helmsman. It has been booked for showing at Lawlor's Hotel, Dungarvan, on the three evenings, Tuesday, Wednesday and Thursday, the 14th, 15th and 16th of March next, starting at 8.30 p.m. It is being shown three times with a view to giving beginners a thorough grounding in the instructions taught by the film. Any person intending to sailing may attend provided that he or she gets in touch with the Hon. Sec. of the Club, Mr. William O'Toole of Coolnagour, Dungarvan, or with any member of the Club.

The Club hopes that many more persons interested in sailing will become members. Such new members will be in the lucky position that they can get plenty of sailing even if they wish to sail on Sundays, because there are so many new boats being built by Club members that owners will want members without boats to crew for them. Each of the new boats could carry at least three and when cruising can carry many more.

DUNGARVAN GOLF CLUB—(Ladies Branch)—Results of the Stroke Competition for Miss A. Cunningham's Prize—Winner—Mrs. Wm. Kelly (18) 40 nett. Runner-up—Mrs. J. Murphy (36) 42 nett.

DUNGARVAN YOUTHS SENT TO DETENTION

Stole Valuable Ware—Sold It As Scrap

Four youths aged 12, 12, 15, and 17 years respectively, appeared at Dungarvan District Court on Wednesday last, charged with breaking and entering the dwellinghouse of Mr. Garrett Morrissey, Abbeyside, on Saturday and Sunday, February 25 and 26, and stealing property to the total value of £79 4s. 0d.

Supt. M. Costello, who prosecuted, said that two of the youths (the youngest pair) had broken into the house on Saturday and stole property to the value of 45 -. On the following morning one of these and the eldest defendant broke in and took property to the value of £23 5s. 0d., and later the same day all four made a further raid and removed property to the value of £48 16s. 0d.

The Superintendent then told the court that the house was presently unoccupied and the owner worked as a bank official in Clonmel. In order to get into the house the youths had forced the rere doors and had forced presses and broken locks. The property stolen included brass, silver and aluminium ware principally, a clock, electric shaver, a watch, jewellery and articles of clothing. Having stolen the goods they all went to the house of the eldest boy who appeared to be the ring-leader and smashed the stuff into scrap which they later sold to a local general dealer for a small amount.

Of the total value of the stolen property all but £7 worth had been recovered, but most of what had been got was of little use as it had been reduced to scrap. As all the boys came from poor families he did not think any of them could afford to pay compensation.

Supt. Costello then stated that when the eldest boy had been charged he had promised to refrain in the locality to stand trial, but he had in fact made an attempt to flee and had been intercepted at Rosslare and the Guards had proceeded down there and brought him back to Dungarvan. This boy's parents were in England, and it was possible that he was making an effort to join them.

Pleas for leniency on behalf of two of the boys were made by Mr. A. R. Farrell, solr., and when Mr. E. P. King, solr., on behalf of another of the boys stated that he had given the boy every facility during the investigation, the Supt. stated that this was correct and were it not for the information they had received from this boy some of the more valuable property stolen might not have been recovered.

District Justice L. B. Skinner, stating that it was a very serious thing to break into a house like this and commit such an amount of damage, said that he felt he had no alternative but to send the boys away. He could not listen to any more appeals for leniency as two of the boys had previously been before him and he had given them a chance then.

He agreed to apply the P.O.A. in the case of the boy represented by Mr. King in view of his help to the Guards, but he sent the eldest boy to 28 days detention at Marlborough House, Dublin. In the case of the other boys aged 12 and 15 he ordered that they be sent to the Ferry House, Clonmel, until they reached the age of 16 years.

JAIL SENTENCE

Edward Keohane, an inmate of the County Home, Dungarvan, was sentenced to 2 months imprisonment with hard labour on each of four counts of indecently interfering with two young boys, sentences to run concurrently.

The Justice fixed recognisances of £10 with an independent surety of £10 in case of an appeal.

OTHER CASES

James Hayes, Dedish, was fined 10 - for driving without a driver's license.

Similar charges against Christopher Oakhurst, New Street, Lismore, and William Whelan, Ballygalane, Lismore, were dealt with under the P.O.A., when it was stated that they had since taken out licenses.

Maurice Connors, Bellaheen, Learmybrien, was fined 20 - in a School Attendance case.

Patrick Morrissey, Clashanahy, Kinsalebeg, was fined 10/- for being drunk on the public street in Dungarvan, on February 5th.

Edward Donoghue, no fixed abode was fined 10/- for allowing 4 horses to obstruct the public road at Kilculaghan.

The P.O.A. was applied in a charge of having no rere red or white light at the back of a lorry against Edmond Donovan, Ballyphilip, Knockanore.

The following were appointed delegates to the forthcoming meeting of the W.W.D.A. in Dungarvan :—Messrs. Thomas Keevers, James Mansfield, Thomas O'Sullivan, and Francis Nugent.

The committee were instructed to meet on Saturday 11th, and to investigate the following matters:—(1) Improvement through grants, of the Gill Walk as far as the Look Out; (2) Removal of eyesores in village; (3) Provision and erection of suitable litter baskets; (4) Participation in garden competitions; (5) Improvements to boat cove, and (6) Provision of public seats.

It was decided that members of the public would be invited to attend some meetings during the year to enable them to express their views on any matters of interest, and to get acquainted with progress and schemes on hand, etc.

Sports Committee—A special meeting of Ardmore Sports Committee, presided over by Mr. Thomas O'Sullivan, Chairman, was held in St. Declan's Hall, last Saturday, at which it was decided to contribute £5 to the local Development Association for the purpose of defraying cost of advertisements in German newspapers.

Pollution—On a recent visit to Ballyquin Strand we counted 17 sea birds cast up on the shore, covered with the foul substance washed out of ships bilges. Two of these birds were still alive, but unable to fly and otherwise handicapped by the thick tar-like substance which adhered to their feathers, they will inevitably die of starvation. Large patches of the beach were also contaminated with the bilge cleanings. This matter calls for action at Ministerial level or our seaside tourist trade will suffer a severe blow.

A.G.M.—There was a large attendance at the 7th Annual General Meeting of Kinsalebeg Macra na Feirme, in Piltown Schoolhouse. Mr. J. Roche, Chairman, presided.

The Hon. Secretary, Mr. T. Hallahan, gave a very interesting account of the year's activities and enumerated the various competitions which the club participated in. He stated that they came 2nd and 3rd in Senior Public Speaking, were runners-up in the County Waterford Debate, and won the Irish Public Speaking and County Question Time Competitions.

The Hon. Treasurer, Mr. D. Leahy, in his statement of accounts, showed that the Club was in a very sound financial position.

Both statements were adopted.

The following officers and committee were elected :—President—Very Rev. D. Power, P.P.; Vice-Presidents Messrs. R. Cunningham, and John O'Brien; Chairman—Mr. John Roche; Vice-Chairman Mr. Thomas Hallahan; Hon. Secretary—Mr. Noel Leahy; Assistant Hon. Sec. Mr. Matthew Budds; Hon. Treasurer Mr. Daniel Leahy. County Delegates Messrs. Richard Cunningham, and John O'Brien; Press Correspondent Mr. Nicholas Power. Committee—Messrs. William Mooney, Brendan Fitzgerald, Edmond Hartery, John Colbert, Nicholas Power. Ladies Committee — Misses Cora Kennedy, and Hernie Leahy.

Juvenile Board—St. Declan's Club were again honoured this year when at the recent Western Board meeting in Cappoquin, Mr. James Cullen, N.T., Grange, was elected Chairman of the Juvenile Board for 1961.

SOCCER

Abbeyside Utd. 1; Dungarvan Celtic 3.

Maroons of Waterford Cup Finalists Dungarvan, scored a good win over their near neighbours Abbeyside, in their first round Junior League Division III game at Clonea on Sunday last.

This was a game which Celtic looked like wrapping up in the first half. They got two rather easy goals and from there until Cowman reduced the lead for Abbeyside ten minutes before the interval, their superb half-back line of O'Brien, Woods and Beresford, kept the Village lads pinned in their own half.

It was only the magnificence of Paddy Whelan and the strong-tackling Abbeyside defence that kept this smooth-rolling Dungarvan at bay.

But what a fantastic turn the game took after United scored. Straight away they unbelievably sparked into life and from then until a quarter of an hour from the end they gave the Dungarvan goal a tremendous pounding. Now the Village eleven failed to score in those thirty hectic minutes no one seems to know.

M. Singleton playing in his first game since his return from England, played like a terrier. He scored Dungarvan's first goal and made the third for Sandford. John M. Duggan had Celtic's other score. The burly Tom Cowman scored Abbeyside's goal.

Dungarvan Celtic—J. Clancy; L. Carlin, D. Bayes; J. O'Brien, J. Woods, J. Beresford; P. Power, J. M. Duggan, M. Singleton, M. Lyons, J. Sandford.

Abbeyside United — McGrath; B. Orman, J. Flynn; F. McGovern, P. Whelan, T. Kiely, D. McGovern, A. McGovern, T. Cowman, B. Beatty, B. Mulvihill.

F.A.I. CUP

The Quarter Finals of the F.A.I. Cup are to be played on Sunday next, the junior games in the County are off.

Waterford travel to Dublin to play Shamrock Rovers, and have a good chance of winning through to the Semi-Finals while the other team in the competition, Tycor Ath. are at home in Kilcohan Park to Drumcondra.

My tour for the next round are Waterford, Drums, Shelbourne, and Cork Hibs.

Tallow and Round About Notes

Death Of Mr. William O'Herlihy. — A wave of sorrow passed over Tallow and district on Monday evening, February 27, when it became known that Mr. William O'Herlihy had passed away at his Chapel Street residence. Deceased who came to Tallow from his native Skibbereen, Co. Cork, about forty years ago was most popular. He was known at fairs all over the South of Ireland which he attended in his capacity as cattle and sheep dealer. He will be sadly missed, not only by his family, but by his countless friends everywhere. The popularity of deceased was aptly demonstrated by the large and representative cortege that accompanied the remains from his late residence to the Church of the Immaculate Conception on Tuesday evening where they were received and blessed by Rev. Fr. M. Condon, C.C., Tallow. Requiem Mass was celebrated on Wednesday for the happy repose of his soul and the interment took place in the adjoining cemetery on Wednesday afternoon in the presence of a very large number of friends and sympathisers.

To his widow and family the sympathy of all go out in their sorrow and loss. May his soul rest in peace.

"The Starlight Players Conclude Record-Breaking Two Weeks Stay At The Regal!—Paddy Dooley and his "Starlight Play Company" concluded a record-breaking two weeks stay at the Regal Cinema, Tallow, on Sunday night. It is seldom it happens with any show to have a capacity attendance each night for two weeks, yet this was the case with the "Starlight Players."

On Sunday night again many had to be turned away. Their music, drama, comedy and variety, left nothing to be desired. Their "Take Your Pick" programme in which many money and other valuable prizes were given away, proved extremely popular. They also ran a local Talent Competition for £10 and a valuable silver cup in which the following competed:—Messrs. Michael Tobin, John Daly, M. Cunningham, W. O'Hara, P. Hogan, J. Leahy, J. O'Brien, J. Murray, F. Corcoran, Misses S. Daly, Maura Fitzgerald (songs); Messrs. J. Prendergast, and P. Feeney (accordeon); Miss Burke (violin); Miss K. Kennedy, (step-dancing).

The first prize, a cup and £5 note, was won by Mr. J. Murray, Killeaff, with his rendering of "The Waterford Hurling Team." 2nd, Mr. J. Prendergast, Tallow (accordeon); 3rd, Mr. M. Tobin, Tirculen "The Boys From The County Armagh."

The Players left on Monday for the Town Hall, Youghal, where they will spend at least one week, and we would tell our Youghal readers—don't miss this great Show.

We are happy to record that they will be back at the Regal on St. Patrick's Night with a complete Show, appropriate for the occasion, the feast of our National Apostle, and we feel sure the people of Tallow will be delighted to see them back again, if only for one night. On behalf of the people of the Brideside town, we wish them the best of luck on their record-breaking way.

Spring Work On The Land—The present spell of fine weather is enabling farmers to get on with the Spring work on the land, retarded owing to heavy rains. Tractors are working day and night to make up leeway. Let us hope there will be a continuance of the present favourable weather.

"The Nun's Story" On This (Friday) Night At The Regal—On tonight (Friday) March 10th, The Dublin City Players present "The Nun's Story" with a full supporting programme, at the Regal Cinema. This is the story of a Nun who was torn between a desire to return to the world and her duty to God and her Superiors. Eventually she did return to the world after much heart-searching and suffering. She is still alive today. You must see this great story which has appeared in book form and in films. Doors open at 8 p.m. curtain 8.30 p.m.

The Niemba Massacre — The following poem was written by a comrade of the ill-fated patrol who were murdered by Baluba tribesmen at Niemba.

The moon shone down over
Lake Kivu,
In that far and distant land,
While the life blood flowed
from the gaping wounds,
Of a gallant Irish band.
No more than boys they lay
there now,
Far from their native shore.
Murdered by those they
sought to help,
Their faces we'll see no more.

They left their wives and
mothers,
Those very ones to aid.
But the savage showed his
gratitude
When the murder trap he laid.
With little chance to defend
themselves,
From the fierce Baluba tribe,
Those gallant Irish soldiers,
Were slaughtered side by side.

The hand of friendship they
did extend,
The savage to placate.
But the jungle beast cared
only to murder and to hate,
Ah! we're proud of those
gallant lads.
And it's them we'll remember
well,
But my God it's wrong that
they should die,
In a rotten jungle hell.

Now we've mine more Kevin
Barrys,
Tho' in a different way,
Oh! God, in heaven tell me
why,
Must Old Ireland always pay.

Tallow Branch N.F.A.—There was a large attendance at the Annual General Meeting held recently in Tallow Hotel. The Chairman, Mr. John Barry, reported that branch membership had increased to 99 during 1960 and it was hoped to further expand during the coming year. Branch meetings were held regularly for ten months of the year with an average attendance of sixteen throughout the year. While the usual monthly meetings were not held during the summer months, the branch was not inactive since two Annual Outings were held at the Glider Ve and Mitchelstown Creameries, both well attended and enjoyed by the members.

The social aspect of this branch's activities is considered important and a pioneering effort in this direction was made with the "Any Questions?" programme held in Tallow Cinema in January which was most successful. Two Annual Outings are planned for the coming summer and further social functions will be part of the branch programme for 1961. The branch is kept in close touch with N.F.A. Waterford's Surprising Defeat By Limerick

Limerick 1—8; Waterford 0—9

Two points in the end was the margin by which Limerick sprang a surprising win over Waterford footballers in their National League tie at Kilmallock on Sunday last and the same margin put the Deise men out of a three covered play off with Clare and Tipperary for section honours.

It was a disappointing exit from the League race for our footballers who had showed such promise in their previous outings. Having beaten Clare a fortnight earlier their meeting with Limerick was reckoned as a foregone conclusion but the Shamrocksiders proved that nothing should ever be taken for granted.

Waterford travelled with a full team last Sunday but the Limerick side with the wind behind them ran into a 1—7 to 0—1 interval lead. It was surprising that, forwards were accurate, were unable to register more than a solitary point in this half even though they were playing into a stiff breeze.

Following the change-over Waterford went about reducing the arrears and their determination was marked by an early point. Limerick, however, came back and replied with a like score and even though Waterford continued their pressure and had the better of the exchanges, a stout Limerick defence held up progress towards goal and the visitors had to be satisfied with a score of points. Waterford tried might and main to pull the game out of the fire but time was against them in an exciting finish and Limerick held on to win.

Tom McGrath had 5 points of Waterford's total with Hewitt scoring 2 and Guiry and White adding 1 each.

T. Meaney (0-4), T. Kelly (1-0), J. Quinlivan, J. Kelly, W. O'Callaghan and T. Woulfe (0-1 each) scored for Limerick.

Waterford—S. Ormonde; M. Dingley, M. Prendergast, M. Kirwan; M. Kirwan, M. Connolly, T. Cunningham; M. Guiry, J. J. Hewitt; P. Murray, P. Sweeney, J. Spatt, M. White, T. McGrath, T. Kirwan.

Referee—D. Gowan (Cork).

Awards For Ring Drama Group At Limerick Festival

Cumann Dramaiochta Na Rinne figured largely in the list of awards announced at the conclusion of the Limerick Drama Festival on last Monday night. Their production of "Eirí Na Gealaí," a translation of Lady Gregory's 1-act "The Rising Of The Moon" won high praise from adjudicator Hilton Edwards, noted actor and playwright, when they produced it during the festival.

They won the Cannock Cup (for one act plays by rural groups) and Corn Sean Ui Cuinagh (for best Gaelic play) and were third in the open competition for one-act plays.

The cast of "Eirí Na Gealaí" included Padraig O Mathuna (The Sergeant), Padraig Breathnach (An Gioblacain), Eamonn O Miodhachain and Tomas de Faoite. The producer was An t-Athair V. de Paor, who was also responsible for the translation.

We join in congratulating An tAthair de Paor and the members of the cast on their great achievement and the great work they are doing for Ring and the Irish language.

OBITUARIES

Death Of Mrs. C. Cullinan Mapstown

The death occurred at her residence Mapstown, Dungarvan, on Saturday last, March 4, of Mrs. Catherine A. Cullinan. The late Mrs. Cullinan, who was a most popular and highly esteemed lady was ill only a short time when she was called to her eternal reward. She had a great understanding of the needs and problems of the old people as her duties as Clerk of the Old Age Pensions Committee, first of the County and in latter years of the Dungarvan area brought her into almost daily contact with this section of the community. She was a devout Catholic, a loving wife and a devoted mother and her integrity, charity and fairness in all her dealings with the public won for her the respect of all and her passing has been the cause of widespread regret and much sympathy is extended to her bereaved husband and family in the great loss they have now sustained.

A very representative cortege attended the removal of the remains to St. Mary's Parish Church on Saturday night where they were received by Rev. Fr. J. Murphy, C.C., and Rev. Fr. D. Byrne, C.C., while another very large attendance was present at the interment in the adjoining cemetery after last Mass on Sunday. Rev. Fr. P. Farrell, C.C., read the last prayers at the graveside.

The immediate family mourners included — Mr. Thomas Cullinan (husband); John (son); Mae and Nell (daughters); Miss D. Sheehan, Square (cousin) etc., etc.

(Funeral arrangements were carried out by James Kiely & Sons, Undertakers, Dungarvan). (—)

Late Miss Nora O'Neill, Kilnafrehan, Dungarvan

The greatest of public sympathy is extended to the O'Neill family on the death of their sister Miss Nora O'Neill who died suddenly at her residence, Kilnafrehan, Thursday, March 2. She was a most likeable person and her loss will be felt, not only by her beloved brothers, James and Michael, but also by a very large circle of friends and neighbours.

The late Miss O'Neill lived for a period in America and returned home some years ago.

The remains were removed on Friday evening to Kilgobinet Church, followed by a most impressive cortege and were received and blessed by Rev. Fr. Fagan.

Our Lord Jesus Christ said: "Blessed are they who believe (the teaching of the Apostles) and is baptised, shall be saved: he who refuses to believe shall be condemned" (Mark 16).

Our glorified Lord in heaven, therefore, is the source of the Church's power and authority, so much so that this authority is exercised only in His name and in the true and deepest sense belongs to Him. These powers of **teaching, sanctifying and ruling** come from the Incarnate Son of God and from Him flow through the Apostles to the Church. St. Tertullian, as early as the second century summed up this truth in a few words: "The Church is from the Apostles, the Apostles from Christ, Christ from God."

The dogmatic teaching of the Church aims at presenting to our belief the truths revealed by Jesus Christ, in the teachings of all that precious reality and abounding life which have entered into our world along with the Incarnate Son. The **teaching office** or function of the Church, subject to that saying of Our Lord: "One only shall be your teacher, Christ" (Matth. 23). When the Catholic priest proclaims the word of God, Christ Himself preaches through him. Certainly this authority of Christ is most plainly and strikingly expressed in the doctrinal pronouncements of the Church. The Christ on earth, but it is also present in the teaching of the priest in his remote village church.

CHRIST IS WORKING IN THE MIDST OF US

Just as Christ stands behind the **teaching function** of the Church, so also He stands more immediately still behind her sacramental or directly **sanctifying activity.** If it is true that: "One only shall be your teacher, Christ," much more may we say: "One only shall be your Sanctifier, Christ." Our Lord is the author, the principal minister and the invisible worker in all the Sacraments. The Priest is only an instrument through whom Christ sanctifies.

Thus in the sacrament of **Baptism,** the sacrificial blood of Christ flows into the infant's soul, purifies it from all the infirmity of original sin and permeates it with its own sacred strength. In order that a new man may be born, the man who is an adopted son of God. The child is admitted into the family of God and, going back in spirit to the Jordan where Christ was baptised, we almost see the heavens open and we seem to hear the Father's voice proclaiming: "Thou art my beloved child."

The Apostles were transformed by the gift of the Holy Ghost on Pentecost Sunday and they immediately went forth and preached openly that Jesus, whom the Jews had crucified and put to death, was Christ, the Son of God. Now that same power of the Holy Ghost is the gift that is given in the sacrament of **Confirmation** to form the child of God into a soldier of God. The essential gift, then, in Confirmation is the gift of strength. It is to make us strong and perfect Christians and soldiers of Jesus Christ. It gives us the power to profess the faith boldly, to keep the grace of our Baptism and to overcome temptations that assail us from without and within.

In the sacrament of **Penance,** God in His mercy has given power to the priests of His Church to forgive sins committed after Baptism. He did this, as is plainly recorded in St. John's Gospel, when after His resurrection, Our Lord appeared to the Apostles and breathed on them and said: "Receive ye the Holy Ghost. Whose sins you shall forgive, they are forgiven them; and whose sins you shall retain they are retained" (John 20).

In the sacrament of **Extreme Unction** the compassionate Samaritan approaches the sick-bed and pours new courage and resignation into the heart of the Christian in danger of death.

The **Blessed Eucharist** is the sacrament of the Body and Blood, Soul and Divinity, of Jesus Christ, really present under the appearances of bread and wine. There is no doctrine which is so intimately connected with our religious life or which shows what the Catholic religion is, as the doctrine of the Real Presence of Our Lord in the Blessed Eucharist.

Christ is not past; He is present day and night in our churches. And though He is not seen, He is here. The same God, who walked on the waters, calmed the storm and performed so many miracles, is in the Tabernacle.

Further, Our Lord is not merely present to be honoured and worshipped. Divine Love delights in our petitions, but He gives Himself to be received into our hearts in Holy Communion. We are brought into the unseen world of God and Christ.

That then is how the Good Shepherd counter-acts the passage of the years and the opposition of unbelieving men. After receiving Holy Communion, you and I say with full meaning: "Soul of Christ sanctify me. Passion of Christ strengthen me. At the hour of my death call me and cause me to come to Thee, where with the Saints and Angels I may praise Thee for everlasting ages."

Lord Jesus, most gracious Saviour of the World, we humbly beg of Thee by Thy Most Sacred Heart, that all the sheep now wandering astray, may be converted to Thee, the Shepherd and Bishop of their souls: Who livest and reignest world without end. Amen.

THE PRAYER OF CHRIST FOR UNITY AFTER THE LAST SUPPER

"Holy Father, keep them in thy name whom thou hast given me, that they may be one as we also are one. Not for them only do I pray, but also for those, who through their word shall believe in me, that they may be made perfect in one" (John 17).

The Grace of Our Lord Jesus Christ and the Charity of God and the communication of the Holy Ghost be with you all.

Yours very devotedly in Christ.

THE CHURCH CONTINUES THE WORK OF CHRIST

Our Lord left the earth on Ascension Day, forty days after His Resurrection from the dead, and ascended into heaven. The good Shepherd left this world before men in general believed in Him. He had hardly made Himself known to His disciples before He went back to heaven. We read in Chapter 10 of the Acts of the Apostles the following words of St. Peter: "But on the third day God raised Jesus of Nazareth up again, and granted the clear sight of Him, not to the people at large, but to us, the witnesses whom God appointed beforehand: we ate and drank in His company after His rising from the dead. And He gave us a commission to preach to the people and to bear witness that He, and none other, has been chosen by God to judge the living and the dead."

What provision, therefore, did Our Lord make before His departure so that His message, doctrine and grace might reach each one of us in the year 1961? How are the teaching of Christ and the fruits of His Cross to be made effective in the life of the man of to-day?

Our Lord's legacy to the men of all times and to the world of today is the Catholic Church which He invested with authority to teach His doctrine to all nations, to sanctify them by the administration of His Sacraments and to govern them in His name until the end of time. Through the living Church, Our Lord would come in contact with men of every race and every age.

The commission to go forth and preach was given in the most solemn manner to the eleven Apostles: "And Jesus spoke to them, saying: All power is given to me in heaven and on earth. Going, therefore, teach ye all nations; baptising them in the name of the Father and of the Son and of the Holy Ghost. Teaching them to observe all things whatsoever I have commanded you; and behold, I am with you all days even to the consummation of the world" (Matth. 28).

A corresponding obligation was placed on all who heard the preaching of the Apostles to accept it as true, to believe it and to receive the sacrament of Baptism. Our Lord said: "He who believes (the teaching of the Apostles) and is baptised, shall be saved: he who refuses to believe shall be condemned" (Mark 16).

Our glorified Lord in heaven, therefore, is the source of the Church's power and authority, so much so that this authority is exercised only in His name and in the true and deepest sense belongs to Him. These powers of **teaching, sanctifying and ruling** come from the Incarnate Son of God and from Him flow through the Apostles to the Church. The ancient African writer, Tertullian, as early as the second century summed up this truth in a few words: "The Church is from the Apostles, the Apostles from Christ, Christ from God."
