## WATERFORD CO. COUNCIL

### Good Rate Collection Overdrafts—The Turf

### Co. Surveyor's Report Question

The quarterly meeting of the above was held at Dungarvan on Tuesday, May 25th, Senator J. Butler, Chairman, presiding. Also present were—Messrs M. O'Ryan, M. McGrath, D. Coughlan, M. F. Walsh, G. Torpey, L. A. Veale, M. Harty, N. Sheehan, T. Power, W. Terry, P. R. Power, W. Dowey, J. Quirke, D. Foran, D. Heskin.

Mr. S. J. Moynihan, Co. Manager, Mr. T. B. Boyle, Acting Secretary, Mr. J. Bowen, Co. Surveyor, Messrs N. Dunne and G. H. Jephson, Engineers, and Mr. M. M. Halley, solr, attended.

### Annual Meeting Date

The fixation of the date for the annual meeting was the first item on the agenda after the signing of the minutes. The Secretary said that the statutory period was from June 23rd to July 1st.

The Chairman said that June 23rd should not be picked as it might be a most important day for the country as they might all be going to the polls.

After further discussion, it was decided to postpone the fixation of the date until the next meeting of the Council on June 8th, when they would know the polling day definitely.

### Rate Collection Good

The report on the rate collection for 1942-'43, copies of which had been circulated to the members, was considered very satisfactory.

The Secretary said that the collection all round had averaged about 93%.

Chairman—That is very satisfactory we must have been near the top.

### Overdrafts—The Turf Question

The Secretary asked the Council to pass resolutions seeking overdraft accommodation of £20,000 on the general account and £25,000 on the turf account. He said that they might not be wanted at all but it would be just as well to have the money available. The turf was paying for itself.

Mr. O'Ryan said that this was the only County Council in the country that had made turf pay. The scheme had been run at a loss in other counties.

The Manager said that receipts and expenses would about meet each other.

Mr. O'Ryan raised the question of the turf bog at Kilbrien where he said there was a big amount of turf available for cutting. He understood that turf had been very scarce in Dungarvan all the winter and this bog was quite convenient and would relieve the transport problem. He asked if it could be worked.

The Manager said that it would mean opening a new road there.

The Co. Surveyor said that a new road had been built there about 10 years ago costing between £800 and £1,000. The engineers had wanted to build it one way and the people another. The people had won, but there was no use in making a road that could not be used. Nothing, he stated could be done about the matter during the present emergency.

Mr. Coughlan wanted to know if the old turf on the Co. Council bogs was still being sold.

Mr. Bowen—Yes it is being sold everyday and we are most anxious to get rid of it. When all is sold we will come out about £200. We are sorry the turf is not better but it is as good as we are able to do.

Mr. O'Ryan—The only remedy is to sell this year's turf next year and that can only be done if suitable shelters can be made available to stack the turf in. After the war turf production should become a great National Industry. It is unfair to judge now as it is being saved under adverse conditions. If done

under proper conditions it should meet with alround approval.

Mr. Coughlan—Turf that is left-out all the winter must be destroyed.

Mr. O'Ryan—Yes and especially when left out under frost as this destroys it more than anything else.

### The Position in Kilmacthomas

Mr. Coughlan went on to state that there was great difficulty in getting turf in Kilmacthomas, and Mr. O'Ryan suggested setting up a central depot there for selling.

Co. Surveyor—That is not our job.

The Chairman read a letter from the Department which stated that Kilmacthomas was not in the scheduled turf area and anyone desirous of cutting or removing turf must get a licence before doing so.

Mr. P. Power, in reply to a question was told that it would be an offence for anyone in Kilmacthomas to cut or remove turf without a licence.

Mr. O'Ryan said that the Parish Council could get a licence and the Kilmacthomas merchants could back them up. There was a sure and ready market for the cut turf.

Mr. Coghlan—That would be a costly job and the resources of the Parish Council are limited.

Mr. O'Ryan—Would not the merchants put up the money?

Mr. Coghlan—It is possible to get turf in Waterford and in Dungarvan and yet in Kilmacthomas which is in between you can get none.

Mr. Terry—It is peculiar that the Co. Council have a surplus and yet they can't sell it in Kilmacthomas. I think we should ask the Department to grant a licence.

Mr. O'Ryan—The local deputies should see the minister.

Mr. Coghlan—And get the same answer as the chairman got.

It was suggested that the turf areas should be extended to include Kilmacthomas.

Manager—The difficulty can be got over by having the whole county declared a turf area.

Mr. Bowen—It can easily be got over I think. The next time a turf Inspector visits the area we can bring him to see Mr. Coghlan. My impression is that if the turf is put up these people won't buy. In turf you must look ahead and if you are not prepared to do that you must bear the consequences. If you go to look to have the turf area extended—well we are all getting old! (laughter)

Mr. O'Ryan—I suppose it would take a long time.

It was agreed to adopt the Co. Surveyor's suggestion.

**Increased Price**

In reply to Mr. Veale who asked why the price of turf had been increased from £3 to £3 per ton.

Co. Surveyor—You are referring to turf sold by the merchants. We have nothing to do with that as we sell to them at the bog at £2 per ton. Sometimes turf can be saved at 10/- a ton and other times it costs £5 and takes a lot of handling. We have reason to hope that there may be a reduction in price this year.

**Re appointed**

Messrs George Torpey, D. Foran and D. Heskin, who had been disqualified from membership of the Board of Assistance for non-attendance at meetings were re-appointed.

The appointment of Mrs. Campbell, The Rectory, Dungarvan on the Libraries Committee in place of Mrs. R. Goings was sanctioned.

**Letting Of Labourers' Cottages**

Mr. T. Power introducing a deputation of Agricultural Labourers from East Waterford said they had a grievance about the recent letting of a cottage there. After hearing the deputation the Manager said he would inquire into the matter.

**Repairs to Clodagh River Embankment**

The Secretary reading a letter from the Irish Land Commission on the above said it arrived late for insertion in the agenda. The letter stated that

## DUNGARVAN DISTRICT COURT

### Breaches Of The Licensing Act

### Big Crop Of Cases Under The Lights Act

Dungarvan District Court was held on Tuesday last, May 25th before Mr. Troy D.J.

### Special Exemptions

Mr. Williams, solr, on behalf of Mrs. Monahan, Ocean View Hotel, Clonea, was granted special exemptions for 7th and 28th June from 12 o'clock to 3 a.m. and on the 14th June from 12 to 5 a.m.

Mr. Williams, solr, also made application on behalf of Mrs. Egan, O'Connell St., Dungarvan, for an exemption order for the 29th inst.

Mr. Williams explained that it was the occasion of a big boxing tournament on that night and that was why the order was sought.

Inspector Croke, Waterford, who represented Supt. O'Mahony, said there was no objection and the application was granted. Hours 10.30 p.m. to 3 a.m.

### Drunks

Guard Farrell v. John Roche, Loughmore for being drunk. Fined 2/6.

Guard Begley v. Thomas Flynn, Fitzgerald Tce, Dungarvan, same offence. Fined 2/6.

Guard McGowan v. John Delaney, Cathal Brugha Place, Dungarvan, same offence. Fined 2/6.

Guard McGowan v. Private Michael Duggan, same offence. Fined 2/6.

**Obstructing Traffic**

Guard Giblin v. Patk Wright, Senr., Patrick Wright (Jnr.) and Joseph Wright, Fitzgerald Place, Dungarvan, for obstructing traffic by leaving timber at the Quay.

Michael Power, Killossera, was charged similarly.

Mr. Farrell (Messrs Farrell & Morrissey, solrs.) appeared for defendants.

Guard Giblin in evidence stated that these men left timber strewn all over the quay and had only left 14 feet for traffic. He stated that last year on the occasion of a fire on the quay considerable obstruction was caused to the fire engine.

Mr. Farrell solr, pleaded that the men were tired after their long journey from the wood and meant to clear up the timber in the morning. There was no obstruction since.

Mr. Williams solr representing the Dungarvan Urban District Council said that he was instructed to state that no timber should be piled on or near water hydrants.

Mr. J. Curran, agent for Mr. Dalton Carrick-on-Suir gave an undertaking that there would be no more obstruction.

The Justice marked the cases P.O.A.

**Unauthorised Taking of a Bike**

The Attorney General at the suit of Inspector Croke charged Joseph Dunne, 13 Bridget Tce, Dungarvan with the unauthorised taking of a bike on April 17th, at Glenbeg, the property of Michael Power, Ballymacmague.

Mr. Williams, solr, for defendant, pleaded guilty and said that his client acted rather stupidly in this case by taking the bicycle to come to town.

The Justice said this was a serious kind of charge, but as defendant had no intention to steal the bicycle he would deal lightly with him. After giving the defendant a caution he fined him 20/-.

**After Hours Trading**

Inspector Croke v. Mrs. Josephine Butler, Main St. Dungarvan, for a breach of the Licensing Act at 11.20 on Sunday, April 25th.

12 men found on the premises were also summoned.

Mr. Farrell solr, appeared for defendant.

After hearing the evidence the Justice imposed a fine of £2. The men found on the premises were fined 2/6 each.

Mrs. Mary Egan, O'Connell St., Dungarvan was summoned for a breach of the Licensing Act at 11.15 p.m. on Monday, 26th April.

Nine men caught on the premises were also summoned.

Mr. Williams, solr, appeared for defendant.

Guards Farrell and Burke proved the charge.

Mr. Williams, pleaded extenuating circumstances due to the coming into force of the new Licensing Act, and also that it was the first bank holiday after Lent.

Inspector Croke said there was no excuse for this offence.

The Justice imposed a fine of £3.

The men found on the premises were fined 2/6 each.

Mrs. Norah Monahan, Ocean View Hotel, Clonea, was charged by Inspector Croke, with a breach of the Licensing Act at 12.5 a.m. on Monday, 26th April.

34 men caught on the premises were also summoned.

Mr. Williams, solr, defended.

Mr. Williams, solr, pleaded extenuating circumstances in this case also and said that under the old act practically all the men found on the premises would be travellers. There was a big dance on the occasion which also made it very awkward for his client. He asked the Justice to deal leniently with the case under the circumstances.

After hearing the evidence of Inspector Croke, the Justice imposed a fine of 20/-.

Men found on the premises were fined 2/6 each.

Inspector Croke prosecuted the Dungarvan Golf Club for a breach of the Licensing Act at 12.50 a.m. on April 26th.

Nine people caught aiding and abetting were also summoned.

Mr. L. F. Lanigan, solr, defended.

Mr. Lanigan stated that they admitted that there was a slip up on this occasion by allowing non-members pay for drink. He pleaded leniency owing to the hard times which the Golf Club had to labour under.

Inspector Croke in reply to the Justice said it was a very well conducted club.

The Justice imposed a fine of £3 and fined those caught aiding and abetting 5/- each.

Two other cases under the Licensing Act were adjourned to the first Court in July.

**Assault Case**

Mrs. Johanna O'Brien, 37 Cathal Brugha Place, Dungarvan, summoned her sister-in-law Mrs. Bridget Duggan, 6, Bridget St., Dungarvan for assault on 28th April.

Norah Duggan, Cathal Brugha Place, summoned Mrs. Bridget Duggan, Bridget St., for abusive language on 28th April.

Mr. Farrell solr, appeared for Mrs. O'Brien.

Giving evidence, Mrs. O'Brien said that on the 28th April she

CONFIRMATION IN LISMORE

GUARD OF HONOUR FOR THE NEW BISHOP

(From Our Cappoquin Correspondent)

Most Rev Dr Cohalan, the recently-consecrated Bishop of Waterford and Lismore paid his first visitation to Lismore on Sunday last for the purpose of administering the Sacrament of Confirmation to the children of the Presentation Schools, the Christian Brothers Schools and the Schools of the rural districts in this extensive parish

The weather proved fine and bright for the occasion, and the smart and becoming attire worn by all the children looked lovely

His Lordship who had been the guest of Very Rev Canon M Walsh P.P. V.F., Lismore, the previous night was escorted to the splendid St Carthage's Cathedral before the ceremony by Canon Walsh and was met at the entrance gates by a Guard of Honour of the Lismore Group L.D.F., which presented a smart and well-disciplined appearance under the able charge of Mr J Ormonde, Group Leader

The spacious edifice was packed with a most devout congregation from the town and parish but the stewarding arrangements were admirably carried out by the Teachers in charge of the respective groups of children who kept them all in the most orderly and comfortable manner throughout the solemn proceedings

After Mass his Lordship briefly addressed the children and explained to them the nature of the great Sacrament which they were about to receive that day after which he administered the Sacrament of Confirmation to them being assisted by Very Rev Canon Walsh, P.P. V.F. Lismore Rev T Murphy C.C. do, Rev Fr Ahearne, C.C. do, and also by Rev M Dowley P.P., Ballyduff, and Rev T Dunphy C.C., Cappoquin

Addressing the congregation after the ceremony, his Lordship highly complimented Canon Walsh and his two Curates, and also all the Teachers in the town and parish, on the very high standard of knowledge of the Christian Doctrine displayed by the children who had been presented for Confirmation that day, while he also complimented the parents on the neat and smart appearance presented by the children He paid a special tribute to Canon Walsh for his great kindness and hospitality towards him since he had arrived in Lismore, and also complimented him on the splendid manner in which the fine Cathedral of St Carthage was being kept which was a distinct credit both to the priests and people of the parish

Having spoken on similar lines to his previous addresses in the Diocese, he said he little thought until January 20th last that he would be called on to fill the exalted position of Bishop of Waterford and Lismore and he was deeply touched by the grand spirit of loyal devotion and co-operation which had since been manifested towards him by all the clergy of this historic diocese

Benediction of the Blessed Sacrament was then given by Rev T Murphy C.C., Lismore the music for this, as well as for the Mass, being beautifully rendered by the splendid choir in charge of Mrs K O'Connell, the accomplished organist

A very interesting lecture on the "Revival of Gaelic" was delivered to a large and appreciative audience at the Halfway Hall on the 20th inst by Padraig O Flannughasa "Gaelic cannot be revived simply by making it a compulsory subject in schools" he said It must be carried into the every day life of the people so that it may become part of their existence It is not practical for a State to be bi-lingual One language must give place to the other According to the Constitution of the Twenty-Six Counties, the official language is Irish, but English is recognised as "another official language" An example of hoodwinking and hypocrisy The first step towards the revival of Gaelic is the preservation and extension of the territory where it still flourishes as the spoken language of an unconquered people Unconquered by the foreigner, but ignored, alas! by faithless friends

The Civil Service must be thoroughly purged of all foreignism and made truly Gaelic from top to bottom The Radio, Cinema, Theatre, and News paper must all be made play their part The co-operation of the Clergy is confidently expected in this great National effort for the establishment of a State truly Christian and truly Gaelic

Loud rose the cheers from Grattan Square, Dungarvan, Sunday last, when Rlobea Breatnach, and Padraig O Coean, addressed the townspeople on behalf of Ailtiri na h-Aiseirighe Scenes of enthusiasm unequalled since the beginning of the struggle for Independence were witnessed, so that one might recall the words of Henry Grattan himself when in the darkness and despair followed the disastrous "Union" of 1800 he cried out "I have sat by the cradle of my country's liberty I have followed its hearse"

Now from out the chaos and confusion which has followed the treacherous Treaty of 1921, comes the rallying cry of "Aiseirighe" to sound the trumpet of its Resurrection

(Continued from Page One)

the repairs would cost £2562 and asked if the Council would be willing to put up £500 of that.

After a short discussion it was agreed to postpone decision until the next meeting.

**New Road At Ballysaggart**

The next matter to be considered was the following notice of motion—

"I beg to give notice that I will move at the next meeting of the Co Council that a new road be made on existing old road from Cool through the lands of Michael Devine and Michael Tanners to the main road at Glenmore" (Signed) Denis Heskin.

The report of the Co Surveyor on the subject as follows had been circulated to the members.

There is an existing old road for a part of this distance, used by the local people, which can easily be made serviceable. This is at the North end and extends for about 582 perches. This is followed by a length of some 25 perches where a field exists, the old road having been closed up and one fence removed. Next there is a disused road formation through the woods, for a length of about 224 perches which can be made serviceable at a comparatively small cost fencing or repairs to fences included. A part in the woods which involves three hairpin bends, must be altered, so that only one such bend is here about 50 perches. The remainder of the road, about 220 perches, could be widened out fenced and made good. The grades everywhere would be reasonable. This scheme includes the conversion of Mr Tanner's avenue and entrance into a public road, following the present course practically all the way. If this is agreed to by the owners the cost would be about £1480.

As an alternative, and to meet any objection to the road passing close to Mr Tanner's residence, a diversion could be made from existing gravel pit to a point in the woods, running to the West of the residence, on a new site all the remainder being the same as above. The cost of the whole road with this diversion is estimated at £1,867.

A further alternative, which would entirely avoid Mr Tanner's entrance and avenue, could be provided by making an entirely new road from a point in the wood to a point on the Trunk Road to the West of Mr Tanner's entrance. The grade in part would be a little steeper. The cost is estimated for the whole work at £2,045.

Those estimates assume that the owners will give the necessary land required free of charge, and do not include any compensation to be paid to owners.

The length of the road would be about 1100 perches. The distance from the cross at Ballysaggart School Via Ballyin to the same point on the trunk road, at Mr Tanner's entrance would be 2,051 perches so that the difference would be 951 perches a saving of 951 perches or about three miles.

I think the work would be a very useful and desirable one, and I recommend that it be carried out.

Mr Heskin and Mr Quilke said that the road was badly wanted and that Mr Devine and Mr Tanners had given their consent to its construction.

Mr Bowen said he had nothing to add to his report and had no hesitation in recommending that the road be made.

Mr Heskin then proposed and Mr Quilke seconded that the work be carried out in accordance with scheme No 1 of the Co Surveyor and that steps be taken to have the land acquired.

This was passed and Mr Bowen said he would have more information for the next meeting.

**Miscellaneous**

An acknowledgement from the Waterford Jail Wall Disaster Committee was received.

A resolution from the INTO stating that they would not send any more scholars forward for the Council's scholarships as the scheme was not suitable was read.

The resolution was in Irish and Mr Terry said they should be asked to write in the language that the majority of the Council understood English.

Mr O'Ryan hotly disagreed with Councillor Terry and said his was a statement that no true Irishman would make. The resolution was drafted in the National Language.

A resolution from the Dungarvan UDC deploring the rationing of butter to 1lb per person

per week and condemning the exportation of milk powder was read.

Mr O'Ryan disagreed with the second part of the resolution.

Mr Terry said that the whole cause of the trouble was that farmers were not getting an economic price for their milk. If there was a good price there would be no need for rationing as there would be more milk.

After further discussion the first part of the resolution was adopted.

A resolution proposed by Mr P Power and seconded by Mr Terry asking the Government to sanction an increase in the price of milk to 11d per gallon in the summer and 1/1 per gallon in the winter was passed. Mr O'Ryan spoke against the increase.

Messrs L A Veale and M F Walsh proposed a resolution calling on the Government to implement a scheme of re-afforestation and that Co Councils be asked to put the scheme into operation.

After a lengthy discussion the first part of the motion was adopted.

The Chairman brought up the question of slippery roads and Mr Bowen said they had attended to most cases and would do their best to meet all cases brought up by members.

Mr Harty asked that the road from Dungarvan to Ring for about a mile be done as it was a death-trap.

Councillor Harty also brought up the question of dredging Helvick Harbour as he said fishermen were unable to come in there at low tide. He stressed the growing importance of Helvick by stating that fish to the value of £12000 had been brought in there in 1941 £6600 in 1942 and already £4000 this year.

The County Surveyor said he would make inquiries as to the cost.

**An Executive Function?**

Interest was displayed in a question asked by Mr Coughlan about the status of the Diseases of Animals Committee. He wanted to know if it were under the Managerial system or not. The Manager said it was a matter that was being looked into at present.

Mr Hally, Solr, gave it as his opinion that the Committee did come under the system and that accordingly the making of all appointments was an executive function. The Department had also been of this mind but it was still a matter of correspondence and a Government Order on it would be made in the near future.

**Filling Vacancy**

The filling of the vacancy on the Council caused by the labour member Timothy E O'Shea, Lismore, was put off to the next meeting.

Mr O'Ryan said it should be left to the labour party to fill and Mr Quilke said that it would be well if the party could get a man from the Knockanore area as there was no one from any party representing that locality.

**Members On Infirmity Board**  
Messrs M1 Butler, N Sheehan T Power and G Torpey were unanimously appointed as members on the Infirmity Board.

**Gaelic League Resolution**

The Gaelic League sent an invitation to the Council to be present at its Golden Jubilee Celebration in Dublin in July. The invitation was accepted.

Concerning the resolution asking the Council to withhold all monies from the National University it was decided to take no action in the matter.

was coming from the pictures and when passing by the defendant's house, defendant pulled her to the ground and assaulted her with a whip and while she was on the ground defendant sat on top of her and hit her in the face with some kind of weapon she had in her hand. As a result of the beating she had two black eyes and was laid up for 12 days. She gave no provocation whatsoever to defendant for this assault. She can't pass the street with defendant and is still afraid of her. She went to the Guards Barrack and reported the assault to Guadr Begley.

In reply to Mr Farrell, solr Guard Begley stated that when he saw Mrs O'Brien she had a bad wound on the right eye and he thought the wound was caused by a stone or some other weapon.

Bidget Duggan, defendant in evidence stated that Mrs O'Brien who was a sister of her husband's gave him money and made him drunk and he was arrested in the street. He overstayed his leave from the army and she lost some of her pay. In answer to Mr Farrell, defendant promised not to interfere with Mrs O'Brien or Nora Duggan again.

The Justice said he would treat this as a family affair and after warning defendant he adjourned the case to see how the parties would behave in future.

**Hurling and Football Matches At Dungarvan**

**KILROSSANTY GET WALK-OVER**

On Sunday last at the Gaelic Field, Dungarvan, two disappointing matches were played, the first being a trial hurling game between East Waterford and West Waterford, and the other a friendly football match Dermotts.

The football match was billed as a senior football championship match, but McDermotts who failed to field out their full team gave a walk-over to Kilrossanty and the match which was played was only a friendly challenge.

The day was fine and sunny and a large crowd were present to witness the games.

In the trial match some good hurling was seen, but it must improve a whole lot if Waterford are to get anywhere in inter-county hurling.

Mr J Moloney, refereed.

From the start the boys from the West attacked and had the first score of the match when Moylan put Barron in possession to score a point. Keeping up the pressure the West forced a 70 and from the free a goal was scored for the West. Barron put the West further ahead with another point and shortly afterwards Jackie Good beat Jim Ware for a goal. Following some nice exchanges Tommy Curran scored a point for the West and Barron sent in a beauty from 60 yards out to give the West another minor score. At this period the West were having much the better of play and certainly carried the honours of the first half. The East scored 1 goal and four points before the half-time whistle, while Lannon and Barron added points for the West.

The halftime score read—West 2-6, East 1-4.

On resuming play the East went all out and pressing from the start never looked back until they added 5 goals 7 points to their score, while the West added 1 goal two points, which left the final scores at East 6-11, West-3-8.

In the friendly challenge senior football match between McDermotts and Kilrossanty the hour's play was devoid of any thrills and both sides took things easy. The Army men had some grand individual players and it was a pity that they did not field out their full championship team, as we are sure that we would have witnessed a ding-dong struggle between Kilrossanty and themselves.

Kilrossanty, on the other hand fielded out their full team and came prepared to give the Army men the match of their lives, but we are sure they were disappointed as they won the match rather easily on the score of 4-4 to 2-2.

**LABOUR PARTY MEETINGS**

**AT CAPPOQUIN**

At 8 o'clock on Sunday night last, a public meeting in support of the two Labour candidates (Messrs Guiry and O'Connor) was held on the Square, Cappoquin and was very largely attended by persons of widely divergent political views.

Some disappointment was felt when neither of the candidates put in an appearance, but their interests were well looked after by that sturdy and consistent disciple of Labour, Mr. Thomas McCarthy, Chairman, Dungarvan U.D.C., Mr. L. A. Veale, U.D.C., M.C.C., and Mr. Thomas Nagle, Dublin, who has been prominently identified with the Labour cause for many years.

Mr. John Collins, Chairman of the Cappoquin Branch of the Labour Party, presided, and announced the various speakers, all of whom were listened to with the best of order and attention.

Mr. T. McCarthy, who was the first speaker, was well received, and in the course of a robust and rousing address, he made a strong appeal to the electors to support the Labour candidates at this election, and not give a fresh lease of life to the Fianna Fall Party, which had broken every promise made by them before the last election.

Mr. Veale, followed on similar lines, and got in some telling points when he referred to the blundering policy of the Fianna Fall Government in allowing the people of this country to go short of butter supplies, while they allowed hundreds of thousands of gallons of new milk to be exported as milk powder to feed the people of England every week.

Having referred to the failure of the Government to protect the Fishing industry, and also their failure to properly develop the re-afforestation scheme, he referred to the great development of forestry in New Zealand, where they had a Labour Government and said the only party they could rely on now to develop all the resources of this country is the Labour Party, and he appealed to his hearers to strongly support the Labour candidates at the forthcoming election, and put an end to the extravagance and incompetence which they had experienced under the Fianna Fall Government for the past 10 years.

Mr. Thomas Nagle, Dublin, who, proved to be an eloquent and convincing speaker, delivered a very able address, in the course of which he said that under the Fianna Fall Government over 100,000 young men and women had to leave their native land to seek a livelihood in England within the past two years, although the people had been told by the Fianna Fall candidates that they would be able to provide so much work in Eire that they should bring back thousands of their countrymen from America to fill the jobs that would be waiting for them here. Fianna Fall had also promised to develop agriculture, but instead of doing so, the number of persons engaged in agricultural work had been reduced by 48,000 between the years 1934-39.

ving referred to the Central Bank Bill, which he said had been passed in the interests of Jews and money-lenders, and also the capitalist class, he pointed out the solid programme which the Labour Party had before them, and he strongly appealed to the people to support this Party if they wished to see the economic regeneration of their country during their lifetime, (applause)

**AT ABBEYSIDE**

A meeting was held at the Social Club, Abbeyside, on Saturday night last, and was addressed by Messrs T. McCarthy, T. A. Kyne, and T. Nagle, Dublin. The speakers were enthusiastically received and a branch of the Labour Party to look after the interests of Messrs Jerome Guiry and J. O'Connor, the Party's candidates in the forthcoming election was formed.

**EAST WATERFORD**

After the well-attended meeting to commemorate James Connolly held in Waterford last Saturday night a tour of East Waterford was made on Sunday. Gilbert Lynch and Jerome Guiry addressed a mass meeting at Portlaw, G. Everett, T.D. and Ald. James O'Connor, spoke at the meeting.

Tommy Ryan a Branch Chairman Tom Gallagher, were on familiar ground at Rathgormack.

Enthusiastic audiences greeted the speakers at every meeting.

Speaking at Portlaw Jerome Guiry referred to the social ser-

vices of which Fianna Fall boast. A man with six children living in a rural area was entitled to only 13/- a week up to a recent date. The income of each member of his family was about 21d per day—21d a day to provide food fuel and rent. Yet, Mr. Lemass stated in the Dail recently that the standard of living must be lowered, and Mr. de Valera followed him with the statement that there was no starvation in Eire. Mr. Lemass enjoys a salary of about £4 a day, and Mr. de Valera a salary of about £7 a day, plus a free motor car a free driver, free tax and free petrol, the cost of which is about £2 a day. The position is that Mr. de Valera and Mr. Lemass are completely out of touch with the conditions that obtain throughout the country.

We have 12 million acres of the most fertile land in the world if we exclude certain wheat belts in Russia. We have fertile soil and a temperate climate, and yet we experience a shortage of butter, milk, sugar, bacon and potatoes. The bungling muddling and mismanagement of Fianna Fall is almost inconceivable, particularly insofar as agriculture is concerned. Men and boys have left the land in thousands for the past ten years consequent upon the fact that due to the policy of Fianna Fall they were not in receipt of a living wage or a family wage.

The Labour Government in New Zealand had rehabilitated agriculture and the farmers' labourers in that country had their wages increased by the Labour Government from 20/- a week to 52/- a week for only five days work, with a month's holidays. The leader of the Farmers Party in New Zealand recently stated that owing to legislation enacted by the Labour Party the farmers of the Dominion found it easier to pay the higher wage.

A Supply Department was established in this country when the war commenced. A permanent secretary was appointed and two assistant secretaries. The Minister has a private secretary, and each of the assistant secretaries has a secretary, secretaries to secretaries!

Mr. Guiry then gave the salaries of the principal officers— (£800 rising by £25 to £1,000 per annum, plus war bonus) and of the higher executive officers, junior executive officers, etc. The staff of the Department, he said, exceeds 800. It is costing £2,911,000 in the present year. The junior grades fare badly—there are 321 of the staff paid only 19/- a week.

Hundreds of tons of paper have been used by this Department providing books and forms—millions of these forms were useless and had to be destroyed. The Department has done everything except to provide supplies. Mr. Lemass warned them to lay in stocks and they laid them in—coal, tea, white flour, etc. The old age pensioner, the unemployed, the men on a wage below the poverty line, could not afford to buy forward and have gone short.

Irish merchants were willing to bring in and store these non-perishable commodities, now in short supply, if they had been permitted by Mr. Lemass. One Dublin firm actually bought tea in U.S.A. but they could not get a permit to import it. Mr. Lemass had to admit in the Dail that he was tied up with the British Tea Control. Only through Britain would Mr. Lemass buy tea. Britain failed to give us tea, and our allowance was cut to half an ounce. What has been said of tea applies to rubber oil etc. According to the "Tablet" we were offered and refused one million tons of coal at 20/- a ton after the collapse of France. Mr. Lemass is tied to British economy and British Finance.

**TRAMORE MEETING**

On Sunday evening a public meeting was held in Tramore and although the weather did not come up to Tramore standard a good crowd heard all the speakers mentioned, this meeting being presided over by that stalwart of Labour, Dan O'Callaghan, chairman of Tramore Branch of the Labour Party.

After the public meeting a conference was held in Corcoran's Hotel, attended by representatives from Ballyduff Butlers-town, Dunhill, Dunmore East, Fenor and Tramore Branches, at which arrangements were made for the conduct of the election campaign in these districts. Not for very many years has Labour organisation and support been so strong in County Waterford, and this will without a doubt be reflected in the votes given Labour candidates on election day.

**Waterford Co. Board G. A. A.**

**FIXTURES AND VENUES**

A meeting of the Waterford Co Board GAA was held at the Gaelic Field, Dungarvan, on Sunday last, May 23rd.

Stradbally a bye.

In connection with the letter from McDermotts seeing that there was no bye in the senior hurling championships the application could not be entertained.

**Appeals**

Affane-Modeligo junior hurling club appealed against the decision of the Western Board in awarding the junior hurling match played on the 14th March to Cappoquin.

The appeal was based on three points. Mr. P. McCarthy for the Affane-Modeligo Club produced evidence to bear out their case and handed in a letter from M. Lane, whose name appeared on the list of the Cappoquin team which played Erin's Hope in the junior hurling championship final of 1942. The letter stated that the player in question did not take part in that match.

Mr. McCarthy further stated that he knew all the Cappoquin team very well and was present at the junior championship match, but could only recognise 13 men, the other two players he did not know, but he did know that they were players from another county.

Mr. N. Walsh, who represented the Cappoquin Club, said that this man was not the Michael Lane whose name appeared on the list of players, he was another man altogether.

After considerable discussion in which the Chairman cross-examined Mr. Walsh, concerning the player Michael Lane he said that while he agreed with the Western Board's ruling in part one of the objection he could not possibly agree on the second point. I must give a ruling on this said the Chairman. The Cappoquin team were wrong on the day they played Erin's Hope in the Co. junior hurling final and I uphold the appeal on this point. Wm. O'Donnell, and P. English as Secretary and Captain respectively of the Cappoquin team were definitely illegal and I award the match to Affane-Modeligo and I suspend Cappoquin for 12 months. This is, I consider a just sentence.

The second appeal for hearing was marked out of order.

Lismore junior hurling club appealed against the Western Board's decision in awarding the junior hurling match Lismore v. Ballyduff to Ballyduff.

The Chairman said that all juniors should be registered with the Divisional Secretary and in this case one player was not so he had to uphold the ruling of the Western Board. Ultimately, on the question of a replay, the Chairman said ne

Mr. Williams solr., Dungarvan for defendant, pleaded guilty and said his client was not aware of the law on the matter and that most of those on the premises were travellers.

Guard Daly denied this and said the majority of them were not travellers.

Justice—The trouble in your case Mr. Williams is that a big number of the persons on the premises were not travellers.

The Justice imposed a fine of 20/- and those caught on the premises were fined 5/- each except one of them whom Mr. Williams explained had just brought in some water and was treated to a bottle of stout by the publican.

General Election

THERE can no longer be any doubt about the General Election as Mr de Valera announced in the Dail on Wednesday last that it was his intention to advise the President to give, on May 31st, a direction for the holding of the Election Accordingly June 9th, would be the last day for receiving nominations and the people will go to the Polls on Tuesday, June 22nd
For several months past there was an element of doubt as to whether the election would come off, but this doubt has now been removed by the factitive statement of the Taoiseach Many efforts were made to avoid the holding of an election by the formation of a Coalition Government, but the party in power have decided to come to the people after the normal span of this the Tenth Dail

This forthcoming election will be contested under abnormal difficulties, as that most necessary thing—transport, will be very restricted People will have to walk to the polling stations to cast their votes and it is to be hoped that this will not prove an added cause to many who may contemplate abstaining from doing their duty

Already the political parties and independent candidates—and there should be a record number in the field before the final nominations—are busy about their constituencies whipping up the interest of their supporters People have become more and more apathetic to politics in later years and there is no greater menace to any party than the fear that people should chose not to exercise the franchise
Therefore, as the election of a Government is such an important matter we hope that even though facilities will be more restricted this time than ever that the number of absentions will be very few and that a satisfactory poll will be recorded

News Of The Town And Round About

MAY PROCESSION—The May Procession in honour of the Blessed Virgin, was held around the grounds of St Mary's Parish Church, Dungarvan on Sunday evening last It was a most impressive sight to see the host of school children and the large numbers of the Sodality of the Children of Mary marching in reverent procession and singing hymns, the airs for which were played by the Dungarvan Brass and Reed Band under Mr M J McHugh A beautiful statue of Our Lady was borne by the Children of Mary

ABBESIDE SCHOOL HURLING—On Friday evening last we witnessed one of the very interesting matches played in connection with the Abbeyside School Hurling League Mr M Foley M.A., N.T., had charge of the boys and refereed the match in his usual capable style

One team was captained by Maurice McHugh and the other by Noel McGovern After a ding-dong struggle of forty minutes Maurice McHugh's team won by a good score

The lengthy and well placed pucks of Maurice McHugh with the aid of Jim Foley and a good back line brought them victory Noel McGovern, and his team contested the game well and when these two teams meet again we are sure of a great game

On Tuesday evening last two more teams which form the league met at the playing field, Abbeyside when another great game was witnessed The teams were captained by Ned Flynn and Dixie Young After a great match Ned Flynn's team won in good style Dixie Young's team played a great game and Johnny Byrne and Matty Organ were always well to the fore but Ned Flynn, ably helped by John O'Connor and Paddy Arrigan, deserved their victory

We congratulate Mr M Foley in his endeavours to foster the national pastimes amongst the boys of his school

WATERFORD LETTER

A Two-Weeks Exhibition of Famous Paintings—At the monthly meeting of the City of Waterford Vocational Education Committee held on Tuesday, May 25th Venerable Archdeacon Kelliher P.P., V.F., S.T.L., presiding, it was unanimously decided on the proposition of Mr T D Conolly, P.C., seconded by Mr T Lynch, T.C., that application be made to the Department for a fortnight's exhibition in the Technical Institute of the 61 paintings valued at £3,000 by famous Irish artists which it is proposed to display in various provincial centres

A Waterford Artist will exhibit—One of the artists who had been invited by the Department to contribute to the exhibition was the headmaster of the School of Art which is located in the Technical Institute, Mr R Burke The latter informed me that the Exhibition should prove very beneficial to the students of the School of Art

May Procession at Mt Sion—The May procession in honour of the Blessed Virgin, held in the grounds of the Christian Brothers, Mount Sion, on Sunday, May 23rd, was very impressive and devotional A large number of the members of the Sodality of Mary Immaculate (which is attached to the Mt Sion Schools) as well as the pupils participated The singing of the various hymns and

the Litany of Loretto accompanied by the Barrack Street Brass and Reed Band, made a profound impression on the huge gathering of citizens who attended the ceremonies.

Irish Public Bodies Mutual Insurance Company—A very interesting report was submitted by Mr. T Lynch, T.C., to the last meeting of the Vocational Education Committee, regarding the annual general meeting of the Irish Public Bodies Mutual Insurance Company, which Mr. Lynch attended recently as a delegate from the Vocational Education Committee. Every public body in Eire has all its insurance business placed with the Irish Public Bodies Mutual Co, which now holds reserve funds amounting to £100,000

Started by a Waterford man—One of the chief promoters (in fact, the founder) of the Irish Public Bodies Mutual Insurance Co., was the late Senator P. W. Kenny, of Kingsmeadow House, Waterford Senator Kenny was for a number of years a very valued member of the Corporation and in his time was one of the ablest public representatives in Eire He piloted successfully in the Irish Public Bodies Insurance Co., through some formidable difficulties experienced at the initiation of the enterprise

James Connolly Commemoration—A largely attended public meeting (James Connolly Commemoration) was held in Broad Street on Saturday night, May 22nd, when stirring addresses were delivered by Mr. Gilbert Lynch, T.U.C., and Deputy James Everett The latter gave a very interesting synopsis of the career of James Connolly He also gave a splendid outline of the principles of Connolly who was one of the greatest Labour Leaders that Ireland has produced

Busy A.R.P. Wardens—During the present week A.R.P. Wardens have been busy making house-to-house calls inspecting the gas-masks which were distributed about 12 months ago I am informed that the inspection has revealed the fact that the masks are in the same good order as when issued.

**CAPPOQUIN NEWS**

**GALLANT RESCUE FROM DROWNING—**

An exciting incident took place in Mill Street on Thursday evening, 20th inst., when a young girl named Evelyn O'Donoghue, aged about 4 years, the pretty little daughter of Mr John O'Donoghue, the well-known Cappoquin hurler, and Mrs O'Donoghue, Cook St had a narrow escape from drowning, and was just saved in the nick of time by the brave and plucky action of Mrs Mary Bolger, wife of Guard William Bolger, residing in Mill Street.

A Mill-race runs midway between the North and South sides of Mill Street and provides the water-power for the powerful Turbines used in connection with Mr Thomas Scanlan's extensive Sawmills, which are situated between the end of Mill Street and Twig Bog. About 8.30 on Thursday evening a number of young children were playing around the banks of the mill-race when Evelyn O'Donoghue, lost her balance and fell in, and she was being quickly borne away by the deep and swiftly-flowing stream when one of Mrs Bolger's young children ran home and informed her mother that a little girl had fallen into the river.

Without a moment's hesitation Mrs. Bolger rushed out, and seeing the child being washed away by the strong current, she immediately plunged into the water, fully clothed, and grabbed the child by the hair of the head and brought her safely to land in the space of a few seconds.

Without giving a thought to her own drenched condition, Mrs. Bolger carefully dried the child's hair and head, and wrapped her up in a warm overcoat, and while still dripping wet, and suffering from the effects of her cold immersion, she quickly carried the shivering child down to her mother in Cook Street, where Mrs O'Donoghue expressed her deepest thanks and admiration for Mrs Bolger's brave and unselfish act in saving her daughter from certain death.

The stream is about 3 feet deep at this point, and flows between two concrete walls, only about 4 feet apart, so that the current is always swift and strong there, and if the unfortunate child had not been rescued in time, she would have been carried to the end of the mill-race where there is a sudden drop of about 20 feet where the water descends to the Turbines below, so that if she had not been drowned in the meantime, the poor child would have been dashed down there, and would, assuredly, have met with a terrible death. It is rarely our lot to report a brave act of this kind on the part of a woman, although men frequently perform similar acts of valour in the matter of life-saving, but Mrs Bolger, who is the mother of several young children, undoubtedly acted the part of a heroine on this occasion, and deserves to be highly congratulated by all the townspeople on having so pluckily averted what would have been a most painful and distressing tragedy in Cappoquin.

We are glad to learn that after careful and tender treatment at home at the hands of her loving mother, the little girl quickly recovered, and is now in her normal good health again, but this incident should be a warning to all mothers of young children to keep the latter away from the mill-race in future, because another Mrs Bolger may not be at hand if any of them should fall in again!

**ALL READY FOR NEXT SUNDAY'S SPORTS—**

Everything is now ready for next Sunday's Cycling and Athletic Sports here, and the energetic members of the committee deserve great credit for the careful and painstaking manner in which they have prepared the splendid racing track in the Sportsfield, which should prove to be one of the finest grass-tracks in Munster on the occasion.

As large entries are guaranteed for every one of the 17 events on the programme, there should be several exciting contests, but, as we have already stated, the Three Miles' Cycling Championship of the Co Waterford should provide the outstanding event of the day. All the crack cyclists from Waterford City and surrounding districts are competing for this coveted honour, but our local champion, Jimmy Foley, will prove a serious rival to them, as he seems very keen on regaining this championship, which he won three years ago, but had to relinquish, owing to an accident, two years ago. The One Mile

and Two Miles' Cycling events will also be hotly contested while all the Athletic events will attract large entries, and some close finishes may be safely looked forward to.

The Tug-o-War contest, as the final event on the programme should prove a glorious wind-up to a great evening's sport and from present indications, we feel safe in stating that from the time the first shot is fired at 3 o'clock there will not be a dull moment until the entire programme has been concluded.

There will be a grand All-Night Dance in the Boathouse Hall on that night from 10 p.m. to 4 a.m. when splendid music will be provided by the Blackwater Serenaders' Dance Band Cappoquin, so that this should fittingly complete the end of a perfect day.

**POPULAR CAPPOQUIN MAN HOME FROM ENGLAND—**

We had the pleasure of meeting within the past week a well-known and popular native of Cappoquin Mr Daniel Foley, who is home for his first holiday since he went to England 3 years and 9 months ago.

From this it can be seen that he is not one of those who have gone away in the big rush which had arrived in England shortly in the past year or so, as he had arrived in England shortly after the outbreak of the present war.

He has for the past 3 years been continually employed in the famous Spirella Factory, in the South of England where are manufactured the celebrated Spirella Corsets, so popular with the ladies and he states that there are thousands of employees in this vast industrial concern.

A married man with a large family, his wife and all his children have been living with him since soon after his arrival in England and one of his sons is now employed in the same factory with him, while another son and a daughter are working in a different firm, so that he seems to have been remarkably lucky since he left this town of little employment for a field of highly-profitable employment across the Channel.

A trained and trustworthy employee in the Cappoquin Bacon Factory for over 20 years, and a soldier for 4 years during the Great War of 1914-18, "Danny" had enjoyed a most interesting career before he went to England, and all his old friends in Cappoquin are now delighted to see him again amongst them, looking a picture of good health and prosperity, and all join in wishing him a happy and healthy holiday during his present sojourn in his native town.

**IMPORTANT AUCTION OF FURNITURE—**

On next Thursday, June 3rd, (fair day), Mr M F Walsh, P.C., Auctioneer, will hold an important and attractive auction of a large collection of valuable household furniture in his Sales-Rooms, Upper Castle Street, at 2 o'clock (S.T.)

In view of the high cost of all kinds of furniture at present this sale should afford the public the opportunity they have been waiting for of purchasing good sound furniture at reasonable prices, while in addition a number of useful ponies, pony traps, a spraying machine and most rare and valuable of all 2 pairs of iron wheel-bands, will also be offered for sale, so that the tastes of all in town and country will be fully catered for, and there should be a very large attendance at the auction.

See further details in our advt columns this week.

**THE NEW LAWN TENNIS CLUB—**

The new Lawn Tennis Club to which we briefly referred a month ago, has now become an accomplished fact, and the Courts in the Sportsfield are now open for playing, and are in great demand each evening.

While no individual invitations are being sent out, all who wish to join will be heartily welcome, but in view of the heavy expense incurred by the promoters in purchasing the necessary requisites and equipment all new members are requested to pay their full entry fees before they play their first games.

This club was started about a month ago by a plucky band of sporting young ladies including Mrs F Anderson Miss Mary Ahearne Miss Bridie Murphy Miss Lal Ryan Miss Rosamund Ebrill and Miss Breda Spillane, under circumstances which would have unnerved less sporting and enthusiastic ladies.

They hadn't a penny capital behind them, but their spirit of grit and enterprise proved a valuable asset and having started a scheme for a big Prize-Drawing, they got several hundreds of tickets printed and the sale of these brought them in such sums of money from time

to time that they were enabled to defray the cost of the various materials required as well as pay the cost of labour employed so that they don't owe a penny to anyone now, and can start with a clean and honourable sheet, which is a marvellous achievement under the circumstances. The Draw for the valuable prizes offered will take place at the end of the Sports in the field on Sunday, and as tickets will be on sale in the field all the afternoon, there should be a brisk demand for them as the club deserves every support.

In our advt columns will be found a special expression of thanks to all those who have assisted the ladies so far.

**GONE TO DUBLIN—**

Cappoquin is being represented in Dublin this week, by Mr M F Walsh P.C., who left on Wednesday morning for the Metropolis to attend an important meeting of the Directors of the Irish Tourist Association on Thursday on behalf of the Waterford County Council as he was appointed sole Director of the Council on this body at the first meeting held after the elections last August.

**LAST SUNDAY'S HURLING MATCH—**

On last Sunday a friendly challenge junior hurling match was played in the Sportsfield between the McDermotts and Cappoquin in aid of the funds of the Cappoquin Cycling and Athletic Club.

Although the weather was fine, the attendance was disappointingly small, owing to the counter-attractions in Dungarvan so that the Cycling and Athletic Club did not derive much financial benefit from it.

Cappoquin were minus several of their usual juniors, but even so they put up a good fight, and the end of a fast and clean exhibition of hurling found the McDermotts deserving winners on the final score—McDermotts, 2-3, Cappoquin 0-4.

**SUGGESTED MEDALS CHALLENGE MATCH—**

The decision of the Chairman of the County Board at the meeting in Dungarvan on Sunday evening last in the case of the disputed match between Modeligo-Affane and Cappoquin proved a bit of a bombshell to the members of the junior hurling club here.

But, after all, what other decision could have been arrived at, in view of the fraud which was attempted by the inclusion of two men from Killenaule in the junior hurling final against Erin's Hope team last year?

We are very sorry for the rank and file of the members of the Cappoquin Club, who are all decent sportsmen, but we would like to know what they now think about the conduct of their senior officers who were responsible for this fraud and who have now landed them in such a sorry mess this year.

As a result of the decision awarding the match to Modeligo-Affane we understand that Cappoquin has now issued a challenge to Modeligo-Affane to play a junior hurling match for a set of medals £5 to be lodged by each club with the Sec of the Divisional Board.

It is stipulated that the match must be played under championship conditions in a properly enclosed field, either in Dungarvan or Lismore, (unless Modeligo-Affane agrees to play in Cappoquin), two-thirds of the gate receipts to go to the winners and the remaining third to the club in whose field the match will be played.

If this match can be legally played, we would like to see it coming off soon so we await Modeligo-Affane's answer to the challenge.

**CONFIRMATION ON NEXT SUNDAY—**

His Lordship Most Rev Dr Cohan Bishop of Waterford and Lismore, will administer the Sacrament of Confirmation to the children of the town and parish after last Mass on next Sunday.

It has been arranged that a special Guard of Honour of the LDF will meet his Lordship at the entrance gates to St Mary's Church, and Mr Thomas Kelleher, Group Leader Cappoquin LDF, is at present training a special Guard of picked men for the purpose so that Cappoquin will not be behind any other district in the Diocese in this respect.

We hope the weather will prove fine for the impressive ceremony, a full report of which will appear in next week's "Leader".

**THE BACON FACTORY—**

We regret to learn that owing to the short time being worked in the local Bacon Factory during the present month and the generally unsatisfactory conditions prevailing owing to the

restrictions imposed by the Pigs Marketing Board, several of the oldest employees on the firm have now signed on to go to England and are awaiting their passports any day.

**WHEN GREEN STREET CEASED TO BE "GREEN"—**

A striking example of the "Power of the Press" particularly the "Leader," was provided here on last Saturday morning.

It will be remembered that in these "Notes" last week we called attention to the neglected state of the South side of Green Street owing to the long grass being allowed to grow up to the doors of the residences there and we invited the Co Surveyor to inspect the place for himself when on his next visit to Cappoquin.

But an extraordinary thing happened. Long before the writer of the above complaint was out of bed on Saturday morning a gang of Co Council workmen had been put to work on the job of cleaning the place in question and when the writer saw the street about 2 o'clock it was as difficult to find a blade of grass growing there as to find a hair growing on a bald man's head.

On behalf of the people in Green Street we thank Mr J Brackett for his quick response while we must cancel our invitation to the Co Surveyor for the present!

**Tallow & Moorehill Notes**

**Obituary—**It is with feelings of deep regret we announce the death of Mr Francis Curran Main St, Tallow which sad event occurred at Dungarvan Hospital after a rather protracted illness and at an early age. Deceased was a general favourite and few more genuine expressions of regret at the death of a resident have been heard, than those which on all sides followed the announcement of his demise. Quite unassuming and gentle in manner his passing has left a void, time cannot fill and to his bereaved mother brother and sister, sympathy is universal. A very fitting tribute to his popularity was the huge concourse of people which attended the removal of the remains to the Church of the Immaculate Conception, Tallow, where they remained overnight.

Following the celebration of Requiem Masses, the funeral took place to the adjoining cemetery, where all that was mortal of deceased was reverently consigned to mother earth, in the presence of a large number of relatives, friends and the general public.

**Election Time—**On Sunday last Senator Sean Goulding and Mr Michael O'Ryan, addressed a meeting at Kilwatermoy after Mass on behalf of the Fianna Fail Party. In his address Senator Goulding pointed out how lucky we were to be a neutral State, and what a good thing it was that Anna Fail took over the ports. It spared us the horrors of war now. As regards the rationing of certain commodities he endeavoured to compare our lot with those of some of the conquered countries and he concluded by asking the people to return to power the men who had given us the great blessings of peace.

Mr O'Ryan addressing the meeting pointed out to the farmers what the present Government had done for them—halved the land annuities, given guaranteed prices for wheat, oats, beet etc. giants for repairing houses improving lands etc. They tried to help the worker by giving him a standard wage, and while they admitted it was not sufficient it was the best that could be given on limited resources but they had regular hours etc. He concluded by asking those present to give their votes to Messrs Goulding, Morrissey and Little.

**Sympathy—**We extend our sincere sympathy to Mr Sheehan and family Chemist West St Tallow, on the death of Mrs Sheehan who was a truly Irish mother and a devoted wife.

**Holiday in our midst—**Mr John McGrath and his sister spent a very pleasant and enjoyable holiday under the family roof at Moorehill recently. Despite the many hardships of English life they were both looking fit and well. Every good luck to them!

**Bon Voyage—**Good luck and the best of good wishes to Miss Mary Morrison Kilwatermoy, who left during the week to take up a remunerative position in England. She was one of our most popular young ladies and her legion of friends wish her the best of luck in the land of her adoption.

**Overheard—**I don't want to

eat this egg. It's not a nice egg protested the six year-old daughter of the house at the breakfast table down Moorehill way.

"Kitty" said the mother sternly "you are always complaining of your food. Eat what is placed before you—every bite of it—without another word or else I'll have to give you a good spanking."

All was quite for some minutes. Then from the other end of the table sounded a mournful voice.

"Mother dear do I have to eat the beak too?"

P.S.—We regret to announce that our "Tit-Bit" correspondent has contracted the flu. We are sure his many friends wish him a speedy recovery!

**Ballyduff News**

**Bishop's Visit—**We looked forward eagerly to the Bishop's visit. Now he has come and gone and we have found that much as he was lauded before his arrival he has far surpassed our wildest hopes. Words fail us when we try to describe him. He is an ideal Bishop. We believe there isn't another in the world like him and we have come to the conclusion that the Diocese of Waterford and Lismore must be very dear to the heart of God when He sent us such a perfect ruler for that diocese. Long may he be left to us to rule our destiny.

His Lordship came on Sunday evening. He celebrated Mass at 7 a.m. and those who were present and they were many, had the privilege of receiving Holy Communion from his hands.

The Confirmation ceremonies were to begin at 10 a.m.—but long before that time our village was nearly crowded out.

There were over 70 children to be confirmed. All were beautifully dressed. The parents are to be congratulated on the manner in which they turned out those children when clothes are so scarce and dear. But looking at those children on Monday last, one would never dream that there was a scarcity of anything or that there were ever such things as ration books.

The L.D.F., L.S.F., and Red Cross formed a Guard of Honour. The members of the band all turned out and the sunlight on the brass of the drums was simply dazzling. Great pains must have been taken to make sure that everything was in order for the Bishop's visit.

The members of the Voluntary services looked very smart and made a most impressive sight. The L.D.F. in particular, looked very well, and their salute would shame any army veteran. In connection with the band, it is only right in passing, to pay a tribute to Mr M. Murphy, formerly of Ballyduff, now resident in Fermoy. He has never yet let down the band, his interest and zeal are as unflagging now as they were years ago and whenever the band has to appear he is always ready and willing to train the members and help to keep them together.

The Bishop during his address thanked Fr Dowley, P.P., and Fr McCarthy, C.C., who had done so much to make his visit such a happy one. He also thanked all the members of the Voluntary Services the band, the choir for their beautiful music and said he was delighted with the Church. We would be rather surprised if he were not to us here in Ballyduff there isn't another church in the world like it. We well know there are more magnificent and imposing churches but no church in the world could be dearer to us than our own St Michael's with the tips of its spire on the bank of the Blackwater.

The great day in our lives and in the lives of the children has passed but we hope that when those children become men and women at the memory of the Confirmation day will ever remain green in their minds. Many of them will have to leave their native land some perhaps never to return but we hope that when tempted to stray—when crushed by the weight of sorrow or choked with the passing pleasures of the world, they will always try to keep that peace of mind that nobody can take from them. It is God's particular gift to those who do their best to serve Him.

In conclusion we can only express our regret that such a Confirmation day will not come again for two years.
