Corpus Christi Procession In Dungarvan

INSPIRING SCENES

On Sunday last, under the rays of a broiling sun the Annual Corpus Christi Procession took place through the streets of Dungarvan.

As in former years, a very large number of men, women and school children from the various Confraternities, sodalities and schools took part. The fervour and devotion of the processionists as also of the many hundreds who knelt in the streets as the Blessed Sacrament passed by was really inspiring. The decorations all round were beautiful but the streets outside the Presentation and Mercy Convents where many banners and a number of tableaux were presented, showed the minute preparation which the nuns had made for this great public demonstration of our Faith, and of our love for the Blessed Sacrament.

Punctual at 2.30 pm the Abbeyside Children of Mary, together with the men and women of the Confraternities, accompanied by Rev J Roche, P.P. and Rev M. Power, C.C., arrived to take up their places with the main body which was drawn up in the Churchyard of St. Mary's and along Mitchel Street. On the stroke of 3 p.m. the procession headed by the Cross-bearer J. F. Morrissey, moved off. The route was the same as last year and the order of the procession was as given in our last issue.

The canopy was carried by members of the St. Vincent de Paul Society and the Blessed Sacrament was borne by Very Rev T. Canon O'Brien, P.P., V.F., assisted by Rev P. Lannon, and Rev J. Lawn. A Guard of Honour was provided by members of the Garda Síochána under Supt. O'Mahony, and a Guard of Honour under Mr. J. Lyons with fixed bayonets preceded the canopy.

Benediction was imparted at the square and again outside the Church gates in beautiful altars erected for the purpose, during which the entire congregation knelt in adoration of the King of Kings, while members of the Dungarvan Brass and Reed Band under Mr M. J. McHugh, Bandmaster sounded the salute and the L.D.F. Guard of Honour presented arms.

Great work in marshalling the procession was done by Rev P. Farrell, C.C., assisted by a band of willing workers and helped in splendid fashion by the Abbeyside Troop of Boy Scouts, under their S.M., Mr L. F. Lanigan, solr. The St. Mary's Dungarvan, Troop of Scouts marched in a body in the procession.

The clergy taking part were—Rev Dr. Curtis, Prior, O.S.A., Rev Fr Magee, O.S.A., Rev Fr Doyle, O.S.A., Rev Fr Donegan, O.S.A., Rev Fr Conway, P.P., Kilgobinet, Rev Fr Power, C.C., Dungarvan, Rev Fr Corbett, C.C., do Rev Brother Flatley, had charge of the C.B.S. boys.

The singing of Faith of Our Fathers after the second Benediction, brought the great occasion to a grand conclusion.

DEATH OF MRS ELIZABETH SKUDE, BALLINAGOULD, RING

Sincere regret has been caused in the Ring district by the death of Mrs Elizabeth Skude, which took place at her home on last Sunday morning after a rather brief illness. Deceased and her husband were well known by many visitors who stayed at their hospitable house during the Irish sessions at Ring Irish College.

At the removal of the remains on Sunday evening, all the parishioners were in attendance, and at the burial on Wednesday in the new burial ground, Ring, another big attendance of mourning relatives and friends attended.

Rev P. F. McGrath P.P. and Rev Fr Power C.C., officiated. Requiem Masses were offered for the repose of her soul.

Annual Meeting Of Waterford County Council

CHAIRMAN AND VICE-CHAIRMAN RE-ELECTED.

By unanimous decision Senator John Butler, Chairman and Mr Michael Morrissey, T.D., Vice-Chairman were re-elected to the same positions at the Annual Meeting of the Waterford County Council held at Dungarvan on Monday last.

Those present were Senator Butler, chairman Messrs M. O'Ryan, Senator Goulding, M. Goulding, M. Morrissey, T.D., M. Keating, R. Harney, G. Torpey, M. Butler, T. Duggan, M. Hart, M. McGrath, M. F. Walsh, P. R. Power, D. Foran, D. Coghlan, W. Terry, W. Dower, J. Kirwin, D. Heskin, T.D., N. Sheehan, T. Power and J. Quirk. Mr T. B. Boyle, Acting Secretary attended. Mr S. J. Moynihan, Co. Manager and Mr J. Bowen, Co. Surveyor, were also in attendance.

Senator Butler's re-election was proposed by Mr Hart and seconded by Mr O'Ryan, and Mr Morrissey's re-election was proposed by Mr Walsh and seconded by Mr P. Power.

Returning thanks for his re-election Senator Butler said that the members of the Council must be well pleased with the way he conducted the business for the past 9 months. He thanked the members for their unanimity and for the complete co-operation which he had got from them all as it helped to make his work very easy. He hoped to get the same help during the next 12 months from all the members. "It is good," he said, "to see so much unanimity in all matters amongst the members and it shows that they have the welfare of the people uppermost in their minds."

Mr Morrissey also thanked the members and paid tribute to the Chairman for the manner in which he had conducted the work of the Council since last September.

Everybody's Business is Nobody's Business

Arising out of the minutes, Senator Goulding said that in connection with the Coolfin breach in the river Clodagh, he saw that no payment was to be made for the maintenance of the banks. He thought that payment should be made for maintenance and further suggested that the banks not alone of this river but of all rivers should be kept under supervision, as small damage to a bank might easily lead to a serious breach.

Mr Coghlan said that there was in fact a fund set aside for maintenance.

Mr Sheehan stated payment of such by the Co. Council would be an admission of liability and they were not admitting that.

Mr Heskin held that the people responsible for the upkeep of river banks were the tenants themselves, but he agreed that someone should be appointed to supervise.

Mr O'Ryan said that farmers would be very lax if they did not look after the banks of the rivers flowing through their farms.

Mr Goulding stating that supervision was needed, said that "what's everybody's business is nobody's business."

The County Surveyor said that the Council need not worry as he was sure that as long as the money was available the tenants would only be too glad to avail of it if a breach occurred and as soon as a weakness appeared they would raise a row about it.

The Manager said a man might be employed to walk the banks at regular intervals.

Appointment of Mental Hospital Committee

The above was next considered and the chairman said that when making the appointments it would be well to have each district represented.

After a rather tedious discussion the following were appointed—

DUNGARVAN CIRCUIT COURT

Workmen's Compensation Case.

Decree of £35 for Assault

The Trinity Sittings of the Co. Waterford Circuit Court, were opened at the Courthouse Dungarvan, on Wednesday, June 30th before Judge Sealy.

Workmen's Compensation. The business was commenced with the hearing of a claim under the workmen's compensation Act, brought by Maurice Lucas, Loughmore, Dungarvan, against the Dungarvan Co-Op Creamery Ltd.

Mr J. D'Arcy, B.L., (instructed by Messrs E. A. Ryan and Co.) was for Lucas, and Mr M. Molloy, B.L., (instructed by Messrs Farrell and Morrissey,) was for respondents.

Plaintiff in evidence said he was aged 53 and was a dock labourer in Dungarvan. On Feb 8th last he was working at a boat and had a job standing on a platform tipping the tubs into the waiting carts. The horse under one of the carts was giddy and when the tub hit the back of the cart she bolted and the tub swung back hitting him in the chest and knocking him on to the rails of the boat about 12 feet below. Dr Cusack attended him and sent him to hospital where he was detained for 3 weeks. When he left he was feeling bad and up to the present suffers from pains in his side and back. He was paid compensation at the rate of 30/- per week up to June 11th and then it was stopped. During that time he tried to do a bit of work in his garden, but could not continue it due to the pain.

Cross-examining, Mr Molloy said—you are a man who is not very fond of work?—I work as often as I can.

You're a well-known figure at the Labour Exchange where you go nearly all the year round?—Sure I can't get work when it's not there.

I suggest you're not a keen workman.—Work at present is very slack.

You're perfectly recovered now and able to do all work.—I know better myself that I'm not.

After further examination as to annual earnings it appeared that witness last year earned £8 5s from Messrs A. Moloney & Sons £5 from Mr J. Curran, Harbour Master, £6 from the Dungarvan U.D.C. at Swimming Pool and £6 at Waterworks and £2 for cleaning the streets before the procession, making a total of £25 per annum.

Dr Cusack, in evidence for plaintiff, said that on the day of the accident Lucas was in a very shocked condition and his injuries were very painful. He examined him a week ago and the fracture that existed in the ribs was completely united but plaintiff was complaining of pains in that region.

To Mr Molloy, witness said it was difficult to see how plaintiff should have pains at this time.

Dr McCarthy, for the defence said that Lucas was in hospital for 14 days suffering from contusion of the chest. X-Ray photos failed to show a fracture of the ribs but a simple fracture could exist and he thought it did. The doctor then stated that plaintiff had now fully recovered.

In reply to Judge Sealy, Mr. E. Maher, Manager, Dungarvan Co-Op Creamery, said he could give Lucas a job at a new store they were building at a concrete mixer.

Lucas signified his willingness to avail of the offer.

Giving judgment, his Lordship said that 25/- per week would be a fair estimate of plaintiff's average earnings and he found there was partial incapacity up to now, but in view of the offer of work he would reduce the amount of compensation to 1d per week until a further order was made.

Costs and witnesses expenses were allowed.

Build a Fence, or Pay £50. The adjourned case in which

Michael Curran, Ballinacourty, Ring, sued Patrick Kane, Cunningham, for damages to trespass of defendant's animals on plaintiff's land, was set up for hearing.

In his evidence plaintiff said that since the last court there were 17 instances of trespass and said that the building of the boundary fence was only started a week before the court. Up to the present there was 39 feet of a wall erected, but there were 42 yards more to go and about 280 yards of side fencing would still have to be built.

Mr. Maher, Manager, Co-Op Creamery, Dungarvan, said he had inspected the fence the evening previous, and in his opinion there had been a great deal of work carried out. The building of the fence was a formidable task and he thought that when completed trespass can still go on at low tide.

Defendant in evidence said that shortly after the last court he started to cut the foundation for the wall and to draw stones, he said that the fence would cost him £50 before it was finished. He swore that as God was his Judge no trespass had taken place since last April, and further stated that Curran had obstructed him in the construction of the fence by drawing away the available stones on the strand.

Having heard all the facts, the Judge said that since Keane bought the Cunningham in 1929 he allowed his animals to trespass freely, and never troubled to build a fence to keep in his stock. He disregarded his liability as an adjoining holder and on that account his Lordship decreed for punitive damages. Judge Sealy held that Curran did not do his best since the last court he would give a decree for £50 to be reduced to £5 if the fence is built before October 1st.

Costs were allowed. Mr MacDonald (instructed by Mr Williams, solr.) was for Curran, and Mr Kenny, solr. defended.

Charcoal Burners Cause Nuisance

The Misses Catherine, Mary J. and Alice Sheehan, of Abbeyside sought an injunction against William Ryan, Main St., Dungarvan, to have charcoal burners placed in a field adjoining their house removed as they were causing a nuisance.

Mr J. Maguire, B.L., (instructed by Messrs Farrell and Morrissey, solrs.) was for plaintiffs, and Mr Williams, solr., was for defendant.

Mr Maguire said that plaintiff's live in a dwellinghouse just outside Dungarvan, and defendant owned the land adjoining and put some charcoal burners on it about 150 yards from the house. The plaintiffs suffered great inconvenience from the smoke and fumes and sought to have the burners removed. Defendant consents to an injunction to have them removed and put an end to the nuisance and counsel asked for an order in those terms.

Mr Williams said his client was now seeking a site for the burners where they would not be a nuisance and the removal will be effected in 3 weeks.

Costs of £25 were allowed to plaintiffs.

Serious Assault Case

Patrick Tobin, Mitchel Street, Dungarvan, claimed £300 damages for personal injuries suffered by him when Thomas Lannon, Abbeyview, Dungarvan, beat him.

Mr J. D'Arcy, B.L., (instructed by Mr Williams, solr.) was for Tobin and Mr Maguire, B.L., (instructed by Mr Kenny, solr.) was for defendant.

Opening the case, Mr. D'Arcy said that plaintiff was an employee of Messrs K. Williams & Co. Dungarvan, and on June 7th last just as he was going to his lunch, defendant rushed into the yard and for no apparent reason hit him with his fist and gave him a severe kick in the scrotum which injured him so much that the doctor said he would be laid up for nine weeks.

On investigations it appears that the beating was a result of a row that had taken place at the swimming pool the day before when Lannon thought that Tobin had passed some nasty remarks to some young children who were playing in the park. Plaintiff denied this but counsel admitted that in 1938, plaintiff was sentenced to 6 months imprisonment under the Criminal Amendment Act.

Tobin, in evidence, said he was 32 years of age and was a labourer at Williams' earning 45/- per week. On Sunday, June 6th, he was down at the swimming pool between 2.30 and 3 p.m. and was sitting on a wall about 150 yards from the pool. There were children in the park about 8 or 9 yards away, but he did not know any of them. Lannon came up to him and said "You said something to those children." I said "no," and he said "I'll take your bloody life." Nothing more happened and the next day at 1 o'clock plaintiff was going to his dinner when he saw Tom Lannon coming in. Continuing, witness said I said "hallo, Tom," but he said nothing, and came up and hit me two clouts in the face and gave me the knee. A man named Callaghan came and put Lannon out of the yard. I came back and worked up to 5 o'clock, but due to the terrible pain I had to go home. Dr Cusack came to me and has been attending me since.

Mr Maguire—you are 32 years old and on that Sunday you were out by yourself?—Yes.

Have you no friends?—I have. But you usually go out alone?—I don't.

Did you know the ages of the children?—No.

Were they 5 or 6 years old?—They might.

Did you know one of them was Mr Lannon's little daughter?—No.

Did you speak to those children?—No.

You're not a suitable man with your record to be within a bowl of an ass of little children?—If a man makes a mistake once no reason to make it the second time.

Did you ask the children to bring over the little girl to you?—No.

Did you see Mr Lannon coming up last?—Yes.

Did he say "I'll take your bloody life and have a good mind to give you a hiding and keep away from the kids?"—Yes.

Did he come in the next morning and say to you again: "I'll take your life?"—No.

Aren't you a queer man to say "hallo, Tom," to a man who had threatened to give you a hiding the day before?

After the beating you said you'd go to a solicitor. I suppose the reason you didn't go to the Guards was that you were afraid of them?—No.

Patrick Callaghan, another employee of Messrs K. Williams & Co., gave evidence of seeing the fight. He heard nothing being said by plaintiff before hitting Tobin.

Mr J. McHugh, Manager, K. Williams & Co., said plaintiff was employed by him for the last 12 months and was a satisfactory worker.

Mr Tom Lannon, defendant, in evidence said that on June 6th he was at the swimming pool and his little daughter was in the park with other girls. When he looked up he saw this chap's back and the kids looking at him in a frightened way. Witness ran up and said to the man, who was Tobin, "I'll take your life if you don't leave the kids alone."

"Next day" said witness "I saw him in Williams yard and told him I was going to give him a beating for calling my daughter and the other kids. I was convinced that the man, from his actions, was making indecent advances."

Mr D'Arcy—Just as a result of what you imagined you went into a violent temper?—I was annoyed at Tobin calling the children.

You had no evidence to go to the Guards?—Well no.

Did you tell Tobin why you were beating him?—Yes.

Peculiar Callaghan did not hear you?—He was a bit away.

WATERFORD V LIMERICK—SUNDAY'S MATCH—

Next Sunday July 4th, the men of the Decie will cross camans with the men from Garryowen. For some weeks past since Waterford defeated Tipperary, much speculation is going on as to Waterford's chances...

Large crowds are travelling to cheer the team to victory and we are sure they will witness a great game

The Waterford team shows a small change on this occasion. Sonny Wyse, who filled the full forward position against Tipperary has been dropped...

The team is certainly one of the best that ever fielded out for Waterford and its representation of the various county clubs is very even

CAPPOQUIN NEWS

LAWN TENNIS TOURNAMENT

Rarely have we seen a prettier or more spectacular picture in Cappoquin than that presented on last Sunday afternoon when the recently-formed Cappoquin Lawn Tennis Club staged their first Tournament in a series of twelve games against an older-established and better-trained Club - like Killeagh, Co. Cork. The newly-prepared Courts, in a sheltered corner of the sportsfield never looked better than they did on the occasion in the golden rays of a brilliant summer sun, surrounded by a wreath of magnificent woodland scenery, for which the country around Cappoquin is so justly famous.

The Cappoquin players of course, had never expected to win, but they still put up such a game fight that they won four games out of the rubber, the final result being that Killeagh won by eight games to four.

The visitors were later entertained to a sumptuous tea by the Cappoquin club, which they thoroughly enjoyed in the open air; and too much credit cannot be given to Miss Mary Ahearn, Miss Rosamund Ebrill, Mrs. Grace O'Connor, Mrs. James McGrath, Mrs. F. Anderson, Miss Lal Ryan, Miss Bridie Murphy and the other lady members of the Cappoquin Club, for the active work which they performed, and also for the courteous and attentive manner in which they looked after the comfort of their guests.

OMINOUS RUMOURS

Ominous rumours are now afloat in Cappoquin to the effect that the Sportsfield is about to be sold by the Land Commission owing to the non-payment of arrears of rent due by the present owners of the field. In justice to the latter, it must be said that they have been carrying on under circumstances of extreme difficulty for several years past, as the financial returns they have been obtaining for the field did not enable them to fulfil their financial obligations to the Land Commission.

SUCCESS OF LOCAL MARKSMEN

In Lismore on Sunday last a very important and interesting shooting competition was held in the splendid firing course after the Corpus Christi Procession there.

The competition was for the Lismore District Area L.D.F. Shield, for which picked teams of two members competed from the L.D.F. Groups of Lismore, Cappoquin, Tallow, Ballyduff, Knockanore, Villierstown, and other districts.

After a very keen and exciting competition, the Shield was won by Assistant Section Leader Thomas Tobin and Volunteer Joseph Conway (Junr), Cappoquin, with a total score of 74 points. Tobin's score being 40 and Conway's score being 34.

The two representatives of Villierstown Group were the runners-up, with a total score of 68 points, John Fenton, scoring 38, and Squadron Leader P. Power, 28.

Lieut. M. Sheehan proved a most efficient and impartial Judge.

Other L.D.F. and Military Officers who rendered much valuable assistance were—District-Leader M. Fitzgerald, Tallow, Battalion Quartermaster B. Quinn, and D.A.O., Sergeant James Revins.

This is the first year that this valuable Trophy has been won by Cappoquin Group, as Tallow has provided the winners for the last two years, and we heartily congratulate Messrs. Thomas Tobin and Joseph Conway, Cappoquin on their brilliant victory in a competition in which the firing was of a very high standard, and both of whom were highly complimented on their brilliant achievements.

Mr. Joseph Conway, one of the winners, is son of Mr. Joseph V. Conway, Hotel Proprietor, Cappoquin, whose elder son, Cpl James Conway, won the valuable cup presented by Supt. Sean Quinlan, G.S. Lismore, in a similar competition amongst L.D.F. Groups, three years ago.

ELECTION OF MR. DENIS HESKIN

The election of Mr. Denis Heskinn, Aghish, Glencairn, as one of the TD's of the Farmers Party, gave the most unbounded satisfaction to his numerous supporters in West Waterford last week.

A member of an old and patriotic farming family, Mr. Heskinn has been a prominent figure in the public life of the Co. Waterford for years, both as a member of the Waterford Co. Council, and its subsidiary Committees in the county, and in all the positions filled by him during this period he has always displayed the greatest ability

and the keenest regard for the interests of the ratepayers, whom he has so faithfully represented.

Endowed with high intelligence, and a high civic spirit he is now bound to be a most valuable asset to the new Dall and his deserved victory on this occasion has caused the greatest rejoicing amongst all classes in the county, while he, in turn, now wishes to return his most sincere thanks to his constituents for their loyal and generous support, and hopes to prove himself worthy of their great confidence in the more important and exalted position in which their votes have now placed him.

HIGH PRICES FOR GUINEA FOWL AND PIGEONS

Messrs. J. O'Connor & Sons, Egg and Poultry Exporters, Cappoquin, announce in our advert columns this week that they are now prepared to pay the high price of 12/6 each for Guinea Fowl and 1/9 each for Pigeons.

This is certainly the most tempting figure ever previously offered in this district for Birds of this description, and should induce poultry-breeders to make a speciality of rearing guinea fowl on a much larger scale in future. This popular and useful, the highest market prices for all kinds of poultry and fowl and also for eggs, and deserves to be generally supported by the public, because, despite all the difficulties caused by war conditions for nearly four years, the firm has managed to keep going all through, and intends to continue doing so until the dawn of peace, which cannot be now far off, will bring a return of greater trade and prosperity to all business people in the country.

CORPUS CHRISTI PROCESSION

The Annual Corpus Christi Procession was held through the grounds of St. Mary's Catholic Church after last Mass on Thursday, 24th June, and was invested with the same spirit of solemnity and impressiveness associated with the ceremony in previous years.

The Blessed Sacrament was borne under a beautiful canopy by Rev. T. Fitzgerald, P.P., while all the members of the Children of Mary Sodality, the Men's and Women's Confraternities of the Sacred Heart - the schoolchildren from the Convent of Mercy and the Boys National Schools and the Boys from St. Michael's Industrial School, took part in the procession.

On returning to the Church, Exposition of the Blessed Sacrament took place until 4 o'clock in the afternoon, when Benediction of the Most Blessed Sacrament was given, which concluded the beautiful ceremonies for the day.

LOCAL CYCLISTS AND ATHLETES STILL GOING STRONG

At the Killighey (Co. Wexford) Sports, on Corpus Christi our local Cycling Champion, Jimmy Foley, won the 2 Miles Cycling Handicap race in rather easy fashion from a big field of notable competitors.

At the Banteer Sports on last Sunday it was the tune of our local athletes to again keep the Cappoquin Athletic and Cycling Club in the picture, when the 440 and 880 yards events were won in convincing style by D. F. McGrath, Dromroe East, Cappoquin, while W. J. Sargent, Cappoquin, got second place in the open 220 yards.

At the same meeting his brother M. J. Sargent, Junr, was second in the 5 miles Cycling Handicap, and third in the 2 miles Cycling Handicap, so that the Cappoquin representatives netted no less than five prizes altogether, which was a very creditable performance for the one day's outing, and we wish to congratulate all the above plucky sportsmen on their brilliant achievements on the occasion.

TWO POPULAR LOCAL SPORTSMEN INJURED

While playing in the Lawn Tennis Tournament against Killeagh in the local Courts last Sunday, Mr. A. J. ("Bud") Sargent, Cappoquin, met with a peculiar but rather serious accident when a ligament in his left foot suddenly burst as he was rushing backwards to meet the ball. He was immediately conveyed to the residence of Dr. Wm. White, M.O., Derrheen House, almost opposite the Sportsfield, when Dr. White diagnosed the accident as very serious, and told the patient that he should go to the Bon Secour Hospital, Cork for an important operation by Dr. P. Kiely.

While competing in the Two Miles Cycling event at Banteer Sports on last Sunday, another popular local sportsman, Jimmy Foley, Cycling Champion, had

the misfortune to meet with a very serious accident. He was holding a very good position in the race, when a bunch of cyclists in front of him fell, and as he was too close behind them at the time he had to run into them with the result that he was also brought down, and sustained a nasty scalp wound in which three stitches had to be inserted by a local doctor.

He further received serious injuries to his right shoulder and leg, and was so generally knocked out that a motor car had to be specially sent from Cappoquin to convey him home that night.

Genuine sportsman that he is he has tried to make light of his multiple injuries, and his only regret is that he will be unable to compete in any cycle races for a few weeks but we earnestly hope that he will be fully restored to his usual good form in time to enable him to compete at the big Sports Meeting to be held in Cappoquin on Sunday August 8th.

CANDLES IN PLENTY—BUT NOT IN CAPPOQUIN

We were surprised to see that at the close of a Mission in Ballyduff recently all the members of the congregation were able to hold lighted candles aloft while they renounced the devil and all his works and pomps.

We envy the people of this pretty village on their good luck in being able to procure candles in such abundance because not a candle can be purchased in Cappoquin for several months past at any price.

Sympathetically realising the plight of the writer in this respect, an esteemed young Cappoquin lady who has occupied an important position on the clerical staff of Guinness Brewery for many years very kindly sent him two candles from Dublin several weeks ago, and apologised at the same time because she could not get any more to purchase, even in the Capital City of Eire. Enclosed in the parcel however, was a carefully packed Baby Bottle of Jameson's Whiskey which she stated was intended as "medicine" for my "glow-worms," but, unfortunately, being badly in need of "medicine" for myself at the moment, the poor "glow-worms" were shamefully neglected, and the "medicine" proved a wonderful tonic for me at the time.

The same charming and generous young lady must have had a stroke of better luck on a later date, because she has since sent me a further gift of four candles but without any "medicine" this time and as I am writing this article by the light of one of those candles now my heart is filled with gratitude towards the fair donor, and my fervent wish is that the light of her sparkling eyes may not be dimmed for many years, but may continue to brighten and illumine her life even more effectively than one of her candles is doing for me at the present moment.

My best thanks are hereby tendered to this decent and generous daughter of Cappoquin through the columns of the "Leader," which I know she regularly reads in Dublin every week!

Tallow & Moorehill Notes

Death of former Moorehill Resident—It is with feelings of deep regret we record the death of Mr. Maurice Baldwin, formerly of Moorehill who died in Dublin after a short illness.

Worthy member of an old and highly respected family, the late Mr. Baldwin was one of our most popular young men before he left to take up a remunerative position in Dublin over 35 years ago. During his visits to the family homestead during the years, Moss as he was popularly called, endeavoured to renew and visit all his old friends and acquaintances during his brief holidays. He is gone from our midst, and alas we will hear no more his cheery voice, or grasp his friendly hand, and the deep sympathy of the entire community is extended to his bereaved relatives and friends.

The remains were removed from Dublin to the family plot at Lismore cemetery where all that was mortal of deceased were reverently consigned to mother earth. The attendance at the removal of the remains to the Church and at the burial were both large and representative many travelling long distances to pay a last tribute to an old and valued friend.

WATERFORD CO. COUNCIL

(Continued from Page One)

ed to replace Messrs Sheehan, Foran and Keating—Messrs. W. Dower, Sean Goulding, M. Harty. The other members were re-appointed.

Voughal Bridge

The notice of motion standing in the name of Senator John Butler calling on the Minister to appoint a Bridge Commission without delay, was on the proposition of Mr. O'Ryan seconded by Mr. Walsh, passed unanimously.

Turf Road at Kilbrien

The Secretary read a letter from the Secretary of the Kilbrien Parish Council asking that repairs to the turbarry road at Kilbrien be carried out.

Mr. Bowen said that it was not a Council Road and it was originally made by grant, but if a grant were now made available they would be only too glad to carry out the work.

Mr. O'Ryan said that if a grant were given only the most necessary repairs should be carried out as the road is a bad one, but another could be constructed further on which would be of greater use.

Mr. Hickey who came before the meeting, said that he understood that £300 was earmarked for it, and asked that something be done as soon as possible as the Knockmeal Co-Op would be drawing turf from the bog at Baracree next week. He said that besides the great amounts used by the people of the locality over 1,000 tons of turf was taken from the bog by the Knockmeal Co-Op last year.

Mr. Goulding said that a proposition asking the Board of Works to look after the matter might speed it up and this proposition was passed.

Tea and Sugar for Harvesting

Mr. Dower proposing a resolution requesting the Department of Supplies to make extra supplies of tea and sugar available to farmers for the harvest work, said that last year in order to have it for the workers many farmers had to go without tea and sugar for a fortnight afterwards.

Mr. Harty supported and the proposition was passed.

And Butter for Turf Workers

Mr. O'Ryan read a letter which he got from the Department in reply to representation which he made and which stated that in the case of turf workers who had to rely mostly on tea bread and butter, if representations were made an extra amount would be made available.

Mr. O'Ryan said he read the letter in order to inform other workers who might be in the same fix.

Mr. Heskinn said that all outside workers should get at least 1 lb of butter per week and this was little enough for them.

Strike At Lismore

Mr. Heskinn asked the County Surveyor what had been done about the turf workers strike at Lismore.

Mr. Bowen—Nothing.

Mr. Goul has been made? Mr. Bowen—None. The discussion ended here and the business of the meeting concluded.

LISMORE NEWS

CORPUS CHRISTI PROCESSION—The Annual Corpus Christi Procession in Lismore proved a most edifying ceremony and it was held under ideal weather conditions, which helped considerably to make it one of the best ever seen in Lismore.

The procession included the men's and women's Confraternities of the Sacred Heart, Children of Mary in full robes, school children from the Presentation Convent and Christian Brothers' Schools and also the rural schools in the extensive parish in charge of their respective teachers. Girl Guides and Boy Scouts in full uniform and an immense attendance of the general parishioners the entire attendance numbering several thousand people. Every street and every house in the town were gaily decorated. The Blessed Sacrament was borne under a richly-embroidered canopy by Very Rev. M. Canon Walsh, P.P., V.F., Lismore, a party of the local military with rifles and fixed bayonets forming a guard of honour. The canopy was borne by members of the Lismore Christian Brothers' College, in front of which building a magnificent altar had been erected and having slowly marched through all the principal streets of the town, the procession halted in front of the altar, where Benediction of the Blessed Sacrament was given by Canon Walsh the salute being sounded by a bugler while all the military smartly presented arms.

Ballyduff News

RED CROSS FLAG DAY

On Sunday last the Ballyduff Branch of the Irish Red Cross Society held their annual Flag Day. The collectors were very busy before and after the two Masses and all were delighted with the splendid response of the people. We understand that a splendid sum was collected and the Branch now wish to return their best thanks to all for helping such a noble and worthy cause.

THE MISSION

The Mission conducted by the Passionist Fathers was brought to a very successful conclusion on last Sunday night. The women and girls of the parish grieved the church during the various exercises of the Mission and we are sure that Fr. Dowley, the kindly Pastor, as well as the good Missioners must have felt very happy to see the Church crowded during the week and the record number of communicants at all Masses.
