## DUNGARVAN DISTRICT COURT

### Larcenies, Trespass, And Breaches Of The Licensing Laws

The Dungarvan District Court was held at the Courthouse on Tuesday last before Mr Sean Troy DJ.

At the outset a large number of undefended civil cases were dealt with.

Decrees were granted in the majority of cases and others were adjourned.

#### Exemption Order

Mr T C Williams solicitor applied for an exemption order on behalf of Mrs C Fuge St Mal, St on the mornings of the monthly Dungarvan fairs.

Granted.

Mr L F Lanigan solicitor applied for a renewal of certificate of Registration of Dungarvan Golf Club—Granted.

Mr L F Lanigan solicitor was granted an exemption order on behalf of the Tower Ball room Tipperary on the occasion of a dance.

#### Larceny Of A Bicycle

Pte John Hickey, 1st Field Ambulance No 2 Coy was charged with the alleged larceny of a bicycle.

This case was adjourned from last Court.

Mr Farrell solicitor appeared for accused.

Pte Hickey in evidence said he was over 3 years in the Army and had no intention of stealing the bicycle. He only took it to go home to see his wife and family in Cappoquin. He admitted he took the bicycle out of a shed but intended to leave it back in the Garda Barracks but before he got this chance the Guards had the case in hands.

In reply to Inspector McGonagle who prosecuted he said that he was called away on manoeuvres and he could not put the bicycle back in time.

After hearing further evidence the Justice imposed a fine of £2 to be paid within 2 months.

#### Traffic Cases

Guara W Giblin v MI O'Malley Ballygambon Cappagh for obstruction of the traffic by having his horse tied to a pole in the public street.

Defendant was fined 10/-.

Guard Begley v Martin Flannery 24 Morley Terrace Waterford for not having a driver's licence.

Mr P J Morrissey solicitor who appeared for defendant explained the circumstances to the Justice and the case was marked POA.

#### Dangerous Driving

Agnes Rafter 8 Cathal Brugha Place, Dungarvan was charged with driving a bicycle on the public street in a dangerous manner.

John Fraher Bleantis Ballynamult in evidence said that on Monday 27th Sept at 5 p.m. he was walking down from the Square to Main St. and he was hit behind by a bicycle.

In reply to Inspector McGonagle he said that as a result of being hit he was knocked down and put out his shoulder. He had to get a car and go out to Mrs Murphy Bone-Setter and when he asked defendant for his expenses she said she could not afford to pay him. He reported the matter to the Guards.

Miss Rafter in answer to Inspector McGonagle admitted that she was carrying an open umbrella on the day in question but she saw the man coming.

Justice—The people of Dungarvan are very careless in this matter. They never seem to look where they are going and walk across the street in a free and easy manner. Seeing that Fraher was not pressing the case he allowed the defendant off under the POA.

**Breaches of the Licensing Laws**  
James Murray Helvick, was charged with a breach of the licensing laws at 8.30 p.m. on Sunday, 5th Sept 1943.

Inspector McGonagle prosecuted and Mr P J Morrissey

solicitor appeared for the defendant.

This case was conducted wholly in Irish. After hearing the evidence the Justice imposed a fine of £2 on the pubman and fined each of the 5 men found on the premises 20 each.

Another publican from Dungarvan was charged for a breach of the Licensing Laws on Sunday 18th Sept at 8.40 p.m. Inspector McGonagle prosecuted and Mr Williams solicitor appeared for Miss Murphy.

Mr Williams pleaded extenuating circumstances as it was the day the hurling championship was played in Dungarvan. The four men found on the premises were perfectly sober. This house has a splendid record and for the past 15 or 16 years there has never been a case against it. In the circumstances he asked the Justice to deal lightly with the case.

Inspector McGonagle said he did not wish to press the matter and the Justice adjourned the case for 3 months.

#### Trespass Cases

Michael Ryan Mitchell St Dungarvan summoned Wm Crotty (senior) Loughmore for trespass of a noise a pony and a donkey.

Mr Farrell solicitor for complainant.

Mr Patk Ryan (brother of MI Ryan) in evidence said that his brother was persecuted with the trespass of all kinds of animals. He stated that summons or no summons they kept up the trespass.

In reply to Mr Farrell—Patk Ryan said that his brother was having endless trouble with this man.

Defendant denied having any donkey and this charge was struck out.

After hearing further evidence the Justice said trespassers would have to pay dearly for such conduct and he imposed a fine of 2/- for trespass and 20/- costs.

Same v Denis Wall fined 2/- and 20/- costs. Same v Denis Daly Dungarvan Case left stand for 3 months. Same v James Costigan Cathal Brugha Place fined 2/- and 20/- costs. Same v J Wright Loughmore Dungarvan fined 4/- and 20/- costs.

Bernard Dee v John Daly Loughmore for trespass of a horse.

Mr Farrell, solicitor appeared for complainant.

In reply to Mr Farrell, Mr Dee said that there was about £2 damage done.

Justice—This trespass must be stopped and I will fine defendant £2 and 10/- costs.

#### Larceny Of Coats

Mary Mulcahy Ballynamult was charged with the larceny of a coat from outside the Hotel at Clonea on the 30th August, 1943. A similar charge was brought against Nora Cooney Tallacoolmore Clonea.

Mr Morrissey solicitor appeared for Mary Mulcahy.

In evidence Nora Cooney said they only took the coats for a joke and did not think it would turn out so serious. One of the coats was given to Mary Mulcahy's sister who was now in England.

Mr Morrissey told the Justice that Mary Mulcahy's sister had sent the coat back and the other coat was also handed back.

Inspector McGonagle who prosecuted said that the story of taking the coats as a joke was all nonsense.

Mr Morrissey pleaded for leniency as his client was not in very good health and it was her first time in court.

In reply to the Justice Inspector McGonagle said the coats were valued at £2 10s each.

Justice (to defendants)—You will have to pay for your joke there is no good trying to make excuses. The coats were stolen and I will adjourn the case for two months to see if the value of the coats is paid back.

### Quarterly Meeting Only Three Members Present

The Quarterly Meeting of the Dungarvan Urban District Council was held in the Council Chambers Town Hall on Friday night last, Oct. 22nd.

Mr L A Veale Vice-Chairman presided and other members present were—Messrs T A Kyne and J Dahill.

Officials present—Mr S J Monynihan Manager, Mr J Bowen BS Mr J Ormonde, and Mr T Walsh.

Mr MI O'Meara Acting Town Clerk, attended.

#### The Screen Walls

The Chairman asked Mr Bowen if there was anything done yet as regards the screen walls in O'Connell Street.

In reply Mr Bowen said that the screen-wall built there was 6 feet high and he considered that high enough. What was really wanted there is another wall at the other side.

Chairman—Could that be done?

The Manager said there was no provision made in the estimates for that work and it could not be considered now.

The BS said that as regards the screen wall at Fitzgerald's Place a shubbery or hedge would be the proper thing there. There was a piggyery at the other side and he thought there was no great need of a screen wall there.

In connection with the warning notices at the causeway, the BS said that was a matter for the Co Council.

#### Repairs To Houses

Reporting on the repairs to Council's houses at Abbeyside the Borough Surveyor said that in connection with the special report asked by Mr Dahill on Mrs Waters house he had the house examined and found that the door complained of was in fairly good condition and was fitting quite satisfactorily. He further stated that the inner door in the hall has been removed and put elsewhere with according to the tenant the Council's permission. He gave instructions to have a small repair to the back door carried out, but did not consider the front door required any attention.

Mr Dahill said it was a pity that the member who was so interested in this matter was not present to hear what the Borough Surveyor's report.

The BS stated that the repairs to Duggan's house were carried out a week ago.

**The Sluisheen Right Of Way**  
Reporting on the Sluisheen right-of-way the BS advised the Council to be very careful about the matter as he considered that Mr Dunne had a perfect right to built a passage there.

Chairman—Could not a right-of-way be made there?

BS—My suggestion is a new road across there and I will make provisions for that in the plans in connection with the development of the Urban Area. That matter will be looked after when the development scheme starts.

The members expressed themselves satisfied with Mr Bowen's statement.

**The Building Of New Houses**  
The Chairman asked if any progress had been made in connection with the proposed building of some new houses.

Manager—The building of 5 2-romed houses would entail a big amount of money.

BS—A complete housing survey is being made, maps are being prepared and sites sought after and when that is finished he will see what can be done. He was doing all he could to go ahead. He reminded the members that any building now was both dear and difficult and the costs are daily increasing.

Mr Dahill—What about the 40 houses proposed to be built. The young people of the town who have an intention of getting married are like birds with

out a cage. Something should be done for them as they were ready to get married but could not do so because they would have to go into lodgings.

Manager—We have that in mind Mr Dahill but what about the cost of building?

BS—I wonder what the Council would consider a reasonable rent for those proposed new houses?

Mr Dahill—Young couples who are about to get married would willingly pay from 10/- to 15/- and even more if they could get a house of their own.

Manager—The new scheme of houses in Carrick will cost an average of £600 a house and that would be very costly.

Mr Kyne—What would the rent of a house costing £600 be?

Manager—Approximately between 12/6 and 15/-.

BS—I can assure you Mr Chairman that I will do my best and I am not losing sight of the position. I am getting things into shape as quick as I can.

Chairman—I am satisfied that Mr Bowen will leave nothing undone to build the houses at the first available opportunity.

Mr Kyne—Get on with the preparatory work and have everything ready, that was about as far as they could go at the present time.

#### Public Lavatories

The Chairman asked Mr Bowen was there anything done about the building of a public lavatory on the Square.

Mr Bowen—The Manager and myself have considered this matter but we can't get a suitable site. You have no site on the Square, but we have our eyes on a site nearer to the bridge.

Mr Dahill—We have one at the bridge already!

BS—The one we have in mind will be more attractive and will cater for all sexes and as soon as we get the site question fixed up we will get moving as quickly as we can.

**Public Baths**  
In connection with the notice of motion in the names of Mr Veale and Mr Kyne to have plans and estimates prepared for the erection of public baths.

The Chairman speaking to the motion said there was a great necessity for such baths, especially amongst the working people. These baths would be very attractive to visitors and would be a great asset to the town.

Manager—Finance and site are what we are up against in this proposition. Is it the intention of the Council to build Turkish or reclining baths?

Chairman—Why not have both?

Mr Kyne—What about something like Stokes' baths?

Manager—These baths would certainly be a desirable adjunct to the town and it may be possible to get the Chairman of the Tourist Board interested in them. Of course any money spent by the Tourist Board must be expended on a money-making return basis. He thought it some private individuals could be got to take up the matter it would be a step in the right direction.

Mr Dahill—What about the cost?

Manager—The erection of these baths would be only a part of post-war planning schemes.

Chairman—It would be a good thing if private enterprise was aroused as he was sure the baths could be made pay.

BS—In most places where the public baths were run by private individuals they fell through. If the matter could be made a good business proposition the Council might be able to help out by providing a site, but for places like Dungarvan it may prove a cumbersome business.

Mr Dahill suggested calling a special meeting of the business people of the town and see if they could be got interested in the matter.

**VIEWS OF OUR READERS**

**Support The Carnival**

(To The Editor)

Dear Sir—The Lord helps those who help themselves. This seems to be the case nightly at the Dungarvan Carnival for it is being supported almost solely by the poor to whom later the money will have to be disbursed. It seems to be a case of robbing Peter to pay Paul as all those who benefit by the Carnival (i.e. the moneyed and property-owning class) by not having the money required for the Children's Health Committee put on the rates, are with a few notable exceptions conspicuous by their absence. These moneyed people should awake to a sense of their responsibilities and for the last few nights at any rate do their duty by their less fortunate brethren by patronising the Carnival

**4th WATERFORD TROOP CBSI (St Joseph's Abbeyside)**

**Catholic Scouts** "You are Catholic Scouts. You are Scouts who bring to your Scouting the beautiful and sublime characteristics of your Catholic Faith and Catholic Life. Scouting is a good thing but in itself it is only a good thing on earth. You by your faith and spiritual motives doing all for the glory of God turn it into an affair of Heaven. The Church is with you. The Vicar of Christ is with you. Jesus Christ is with you. Courage then! In this Companionship with these friends there is nothing to fear. The purity and moral beauty of your life will be sustained and guarded by religion and you will remain without stain and reproach, without baseness or deilement."

This is what Pope Plus the Eleventh said when addressing 7000 Boy Scouts from various parts of Europe and from North and South America

**Troop Meeting** A little observation test was given by the programme notice but it took a hint and a second look before any Scout noticed that some of the letters were in red ink and altogether made up a sentence of Say Pips to SM and G Morrissey gets a juicy apple as the first to say Pips M Murphy and J O'Donnell of the KE Clan took over the Troop for about fifteen minutes for Semaphore instruction and next week we'll have two other members of the Clan for Knots and Lashings. We finished up the meeting with a good song practice which included the Troop Song. Then the P.L.s at the COH discussed Patrol reports and details about the Patrol Cup. Someone in the Beaver Patrol will be in for a spot of bother if things do not settle down in that Patrol soon

**Table Tennis** The first rounds of the Tournament are in progress and judging by results so far it would be difficult to make a forecast as to the winner either in the junior or senior class

**Western Divisional G.A.A. Notes**

(By AN RUNAIDHE)

**Finished On Time**—Notwithstanding a lot of talk that the war would be over before the Western Championships the last of the Western games was finished on Sunday last. The county finals in all grades can now be carried out without nomination of any team in the West Division. I can't say if the same can be said of the East but they can do their own business. Over 60 games have been played since last March and it would have been possible had not inter-county and county fixtures interfered to have been finished by the first Sunday of October. The Divisional winners for 1943 are—JH—Tourin JF McDermotts (Army) MH Dungarvan MF—Dungarvan

**Junior Hurling Final**—The final of the County in JH will be decided on Sunday next when Tourin (West) and PH Pearse (East) meet at Dungarvan. The Tourin lads look as if certain to bring junior honours West this year. Their display when defeating Fourmilewater was up to senior standard. Well Sean good luck for Sunday and you and your team have the best wishes of all the Cumanns here

**Kilgobinet Go Down Fighting**—On Sunday last McDermotts defeated the Kilgobinet boys in a hard-fought robust game. Both sides were all out for a win and never from the start to the long whistle did the teams lag. The superior training of the Army, plus the fine fielding of some of their outstanding men told its tale. All honour to the lads from Kilgobinet who kept the Army boys on the move for the whole hour to hold their lead. At one period in the second half the losers looked as if they were going to turn defeat into victory

**Manager of t** (a lot of people who under that name I hot and bothered second half. Well don't let the West down boys in the final. That is if Bobby is satisfied everything was above board

**Dungarvan On Road For Hurling Cup**—By their defeat of Bride Rovers (Tallow) on Sunday Dungarvan have got to the final fence on the road to winning outright the Rev. Father Walsh Cup. Dungarvan were, as I expected that little bit more experienced than the clever, hard-working Tallow team. Congratulations Dungarvan and may you take it back with you this time

**At Tallow**—Two hurling challenge games Camphire v Conna and Kileronat v Tallow will take place at Tallow on Sunday next. Times as on posters

**Sympathy Vote by Blackwater Rovers**—At a special meeting of Blackwater Rovers FC the following resolution was passed in silence all members present standing—"That we the members of this club tender to our esteemed players Thomas and James Meskill our sincere sympathy on the bereavement suffered by them on the recent death of their respected father." May I add my own personal message and on behalf of the Division the sympathy of the Gaels of the West

**CAPPOQUIN NEWS**

**DEFECTIVE WATER SUPPLY**

We have been asked by several prominent ratepayers to call attention to the serious shortage in the town water supply which has been experienced here within recent weeks.

Considering the heavy rain which has fallen for months past one would expect an overflow of water in all the town taps as well as in the private supplies to the various houses, but, instead of this, we are informed that the lack of sufficient water has completely paralysed the sanitary arrangements in several houses in the town whose owners are paying a heavy water-rate for water which they are not receiving.

Most of the taps in the higher levels in the town have gone completely dry on various occasions and persons living in Barrack Street, Upper Castle St. and other elevated thoroughfares, have to travel long distances down to the taps on the lowest levels, but even the pressure in some of these has been reduced to a minimum very frequently.

An extensive Sewerage Scheme was carried out throughout the town some years ago at a cost of thousands of pounds, but what was the good of this when sufficient water is not available to properly flush the lavatories connected with the Scheme.

The entire water question in Cappoquin requires to be fully examined by the Co Council (Board of Health Section) because judging by the present unsatisfactory conditions, a supplementary water scheme should be provided for the inhabitants at the earliest possible moment when circumstances will permit, as no other course can remedy the grievance from which the people now suffer.

**LACK OF PROPER LIGHT**

While we are in the "grousing" mood at all, we must also complain of the very unsatisfactory lighting arrangements at present existing in various parts of the town. Take the Main Street for instance, where there is no lamp lighting from the corner of the Square until some distance below the Protestant Church a space of nearly 200 yards so that the centre of the principal street in the town is plunged in inky darkness each night, and persons having letters to post at night have to light matches (when they are available) in order to find the letter-box at the Post Office, which is practically in the centre of the Main Street.

But a still greater grievance exists in Barrack Street which is one of the longest and most thickly-populated streets in the whole town.

There is one lamp lighting near Oiden's Drapery Establishment at the junction of Green Street and Barrack Street but no further light can be seen until Shanbally at the upper end of Barrack Street is reached, nearly 300 yards away.

This means that the centre of the street, which abounds with children is converted into a veritable death-trap at night owing to its dark and dangerous condition. There is a fully-equipped lamp-post near Mr T Regan's residence in the centre of this street and if an additional light cannot be provided there in the interests of economy why not transfer the light at Shanbally where it serves little useful purpose to the centre of the street, which would then be completely lighted instead of having it like "The Black Hole of Calcutta," as at present.

**G A A**

The Divisional Minor Hurling Final between Dungarvan and Tallow on last Sunday (which will be found reported in another column) marked we expect the last important G A A match to be played in the Cappoquin Sportsfield this season, which will mean a big loss to the business people in the town who have benefitted very considerably from the number of matches played there during the year.

The value of the Sportsfield as a source of revenue to them cannot be overestimated, for without it they would have missed the crowds which visited the town every Sunday there was a fixture whether a G A A match or a Sports Meeting.

How they have appreciated the existence of the Sportsfield can be seen from the list of subscribers which appears in this issue and which should provide interesting reading for all classes of the townspeople as well as for the sporting public outside.

Sundays Hurling match though probably the last of the

season, was far from being the least important and the sparkling display given by the Dungarvan minors provided ample compensation to those who had travelled a long distance to witness the game.

Mr Willie Barron Dungarvan, the brilliant All-Ireland Senior Hurler was in charge of the Dungarvan team, and looked after them like some "Fairy God-father" and his presence on the sideline accompanied by his equally-brilliant colleague Jimmy Mountain, proved an inspiration to his youthful proteges during their hectic hour's play. Headed by their Guardian and Manager the victorious lads later spent a pleasant time at a special "Victory Celebration" at Conways Hotel where there was an unusually large demand for minerals which proved the temperate habits of the "Boys" and they all left later in a perfectly orderly but jubilant mood over their great victory which proved a very happy wind-up to a most enjoyable season in the Sportsfield.

Jubilation of a somewhat different type was witnessed soon afterwards when the victorious McDermott Football team arrived from Dungarvan after their great win over Kilgobinet.

Through being engaged at the minor hurling match here, we were unable to see them lowering the colours of the strong Kilgobinet team, but from information obtained from those on the spot we are able to state that the heroes of the McDermott team were Lieut Boyle, Sergt J Hestor, Corporal L Moran Troopers N Whelan N Harpur J McGuire P McDonald, J Duffin J Abbey, Corporal P O Farrell and Trooper Rogers all of whom covered themselves with glory during the game and we heartily congratulate them on their victory and hope they will be able to repeat this brilliant achievement when they meet the Eastern Champions in the County Final for 1943.

**WEST WATERFORD HOUNDS**

Cubbing with the above hounds has been in progress for the past few weeks in preparation for the opening of the fox-hunting season, proper on an early date under the able Mastership of Mr R J Mulcahy, Ardinnan Co Tipperary, who has been the popular and sporting M.F.H. of this old-established Hunt for several years past.

The hounds are as usual, in excellent condition owing to the great care bestowed on them during the "off" season by Mr Harry Miles, Dromana, the attentive and experienced Whipper-in who has been warmly congratulated by several members of the Hunt for the faithful and successful manner in which he has performed his duties.

"Harry" has now completed the long term of over 23 years in this responsible position, so that he should know more about hunting than most sportsmen in Munster today.

He has served under various Masters during this period including the late Lieut-Col R H Keane Mr Ion Villiers Stuart, Miss Dorothy Musgrave and Mr R J Mulcahy the present M.F.H., all of whom have always found him to be most careful, attentive and energetic in the discharge of his duties but like good wine advancing years have made him only keener and more enthusiastic in the sport and we trust he will be spared for many more years to continue the good work which he has so satisfactorily performed for nearly a quarter of a century.

**A BADLY NEGLECTED ROAD**

We have frequently commented Mr J. Bowen, Co Surveyor on the splendid condition of most of the public roads under his charge in the Co Waterford but, we regret to say there is at least one public road in this district about which we cannot compliment him.

We refer to the main road from Cappoquin to Youghal on the Western side of the Blackwater which is more popularly known as the "Rock Road" to the people of Cappoquin.

This road leads out to St Declan's cemetery, about a mile from the town and is much used by the farmers and ratepayers generally in the Campshire and Tourin districts on their way into Cappoquin.

Having attended a funeral to St Declan's cemetery on a wet day last week we were simply shocked to find this part of the road in such a neglected condition. Deep ruts filled with water simply covered almost the entire surface of the thoroughfare and when one tried to avoid the pools of water he had to wade through banks of mud and the general condition of this stretch of road was certainly worse than the most neglected country boroen in the

Co Waterford. Young ladies with light shoes had a terrible time in walking over it, and we saw many pairs of costly stockings ruined while men with strong boots had to suffer the discomfort of wading ankle-deep in water and mud.

**IMPORTANT AUCTION**

On next Thursday, Nov 4th (Fair Day) Mr M F Walsh P.C. Auctioneer will offer for sale a valuable field at Kilbree East containing about two statute acres held from the Land Commission at the revised annuity of 12/- FLV £2 10s. The sale will be held in Mr. Walsh's Salesroom in Upper Castle Street at 1 pm (ST), after which he will hold an auction of a quantity of valuable household furniture, and various other useful and valuable articles set out in the advt. in another column, so that there should be a large attendance and brisk bidding at this attractive sale.

**SPECIAL MARKET FOR STORE GEESE**

From an advt in this issue it will be seen that Messrs J O Connor & Sons, Egg, Poultry and Rabbit Exporters, Cappoquin now require 1000 store or grass geese, for which specially high prices will be paid on delivering them at their stores in Cappoquin.

We are glad to see that unusually large supplies of rabbits poultry and wild game have been pouring into this popular establishment within the past few weeks so that business is as brisk there now as it has been at this season for many years past for which we wish to congratulate the genial and enterprising Proprietor.

**HOME FROM ENGLAND**

The latest arrival from England is Mr Thomas O'Shea, a highly popular and respected young townsman who was a valued and experienced member of the staff of the Cappoquin Bacon Factory for many years. Although he has been in England for little over six months his upright and steady character has enabled him to get on most successfully there and all his old friends in Cappoquin are delighted to see him back again, and all wish him a very pleasant holiday while he remains amongst us.

**A HIGH CLASS DRAMATIC COMPANY**

The Carrickford Macaulay Productions which opened a week's engagement in the Boat-house Hall on last Monday night has produced a splendid programme of popular Plays during the week to delighted and highly-appreciated audiences.

Tonight (Friday) and tomorrow (Saturday) night, and again on unday night three grand plays will be performed, and we hope to see unusually large audiences present for the last three nights of the present engagement.

The Company will open a week's engagement in the Town Hall Dungarvan, on next Monday night with a grand Repertoire of charming Plays a full list of which will be found in our advt columns this week and we know the people of the "Old Borough" will generously support such an all-round accomplished cast of players during their week's stay.

**Death Of Mrs. K. Gambon, Cappoquin**

(From Our Cappoquin Correspondent)

Very deep and sincere regret has been caused in Cappoquin Ballinamult Kilrossanty Lismore and other parts of West Waterford by the premature death of Mrs Kathleen Gambon the beloved wife of Mr Geoffrey Gambon, Upper Main Street which occurred at her residence after a brief illness at an early hour on Wednesday morning 20th inst.

Deceased was the elder daughter of Mr Thomas Kearns a respected employee on the staff of Lismore Castle, and Mrs Kearns who are natives of the Ballinamult district where they are held in the highest respect just as they are in Lismore today. Her husband is son of Mr Maurice and Mrs Gambon Briskey, Kilrossanty but has been residing in Cappoquin for many years where he is one of the most popular and esteemed young gentlemen in the town.

Deceased who was only 26 years of age was a young lady of great charm, and of a most amiable and genial disposition, and was a great favourite in Lismore and Cappoquin more particularly in the latter town since she came to reside here after her marriage. Her death at such an early age has now proved a sad and severe blow to her husband, and he and her

Junior Football Western Championship

McDERMOTTS DEFEAT KILGOBINET

At the Gaelic Field, Dungarvan, on Sunday last, McDermotts and Kilgobinet met to decide the Western Junior Football Championship and after a dour struggle in which McDermotts proved superior, the Kilgobinet men made gallant efforts to bring the championship to their club, and went down fighting.

The weather was good, but the attendance was on the small side and those who were present witnessed a do or die struggle for the best part of an hour.

Even exchanges marked the opening play, both sides were visited in turn and after forcing a 50 which was driven wide, the Macs opened the score-sheet with a point, the ball being fisted over the bar. Macs were now pressing and the Kilgobinet backs were kept busy. Jim Hickey was proving the man in the gap for Kilgobinet and he played one of his best games on Sunday, he was ably helped by Johnny Fennell and Peter Moloney.

The ensuing play favoured the Macs, who were fielding very high balls and putting great length into the kicks. They kept up the pressure and with fast and exciting encounters and robust tackling, several players were down injured.

With play resumed the Macs again attacked and scored their second point. The Kilgobinet men transferred play and after a great try they were beaten off by a sound defence. A free to Kilgobinet sent them attacking once more but the Macs soon returned play and were all but through for a score. Getting under the kick-out the Macs were in again to score a grand point. Play became somewhat rough at this period and both sides were mixing it. From a free Macs scored another point the ball being nicely centred and the full-forward finished the movement.

Kilgobinet next attacked but their forwards, failed when in good position. From a hop ball Macs forced the issue, but the Kilgobinet back line were playing a very sound game and repeatedly warded off the attacks. Macs during the following play lost several scores due to faulty shooting and over-anxiety, but nevertheless they were having the better of the exchanges and registered another point. A free to Kilgobinet relieved and the Macs defences were called on to save their lines, Kilgobinet were now showing up much better and were having an equal share of the play when the short whistle went leaving the scores—

McDermotts 0-5  
Kilgobinet Nil

From the start of the second half things shaped well for Kilgobinet and when Sean O'Brien put over their first point a great cheer went up from their supporters. Forcing a 50 Kilgobinet had matters well in hand, but the ball was cleared. Going in again the Kilgobinet men had the Macs last line of defence under a severe barrage, but they proved very sound and warded off repeated attacks. Tom Bove was all but through for a goal when he received a nice pass, but the ball hit the cross bar and rebounded into play. The Macs transferred play but they were met with a stonewall defence and the ball was in Macs territory again where the Kilgobinet men had hard luck for a score. Macs were next to have an innings and they swarmed the Kilgobinet lines where some lively and thrilling encounters were witnessed and where the ball hit both uprights in turn and in a further rush a lobbing ball went over the bar and when the ball was kicked out it was immediately returned for another point for Macs.

A free to Kilgobinet relieved Paddy Tobin (Kilgobinet) was injured and 'Dagie' Flynn took his place. Macs pressed on the resumption of play and were only inches wide for a goal. Play was again transferred to Macs territory and the Kilgobinet men had the hardest of hard luck for a major score. A free taken by Tom Bove was cleared and the Macs went into the offensive and registered another minor. Both sides were now going all out towards the close of the game to force more scores, the backs at both sides held out and soon afterwards the full-time whistle sounded leaving the scores—

West Waterford Divisional Minor Hurling Final

Tallow Decisively Beaten By Dungarvan

(From Our Cappoquin Correspondent).

DUNGARVAN 54  
TALLOW 22

Cappoquin seemed to have been specially favoured by the Clerk of the weather on last Sunday, because, following a rather wet and generally-unsettled week a brilliant and warm sun shone all day and bathed the Sportsfield and all its picturesque sylvan surroundings with all its effulgent glory which made the conditions delightful for any form of outdoor sport.

This was particularly fortunate, owing to the fact that the important Western Divisional Minor Hurling Championship Final had been fixed for the Sportsfield on that day, so that the game was played under almost mid-summer conditions which greatly enhanced the pleasure and enjoyment of the large gathering of Gaelic enthusiasts present from various parts of West Waterford.

The two towns represented in the final were Dungarvan and Tallow, which had previously met both in the Senior and Junior Divisional Hurling Finals this year both of which were won by Tallow, so that the latter were naturally, unusually keen on also annexing the Minor Championship, which would have been a remarkable "treble" for them, had their hopes been realised on the occasion.

It was well-known that the Dungarvan Minors were equally determined that this coup would not be allowed to come off, because they felt that after their town's double defeat by Tallow in the other two grades, it was up to them to save Dungarvan from complete defeat in Hurling matters this year.

With both teams keyed up to a high pitch, and with so much at stake the spectators came prepared to see a fast and exciting game on Sunday, and they were not disappointed, as the hurling at various stages reached a very high standard for minors, but the Dungarvan lads seemed to be the better trained team, and showed greater speed and combination in every phase of the play, so that their superiority was apparent from the start, and after drawing "first blood" with a point they continued to keep on top, and turned over at half-time with a lead of 1 goal 3 points against 1 goal 1 point for Tallow. It was in the second half of the game, however, that Dungarvan shone even more brilliantly, when they added 4 goals 1 point against Tallow's 1 goal 1 point and although Tallow played a plucky and vigorous game throughout, they were never in the picture with Dungarvan as the second half-hour wore on and many of the spectators began to leave the field before the final whistle went.

As is usual at most matches played in the Cappoquin Sportsfield, the stewarding was perfect, and the best of order was maintained throughout—the game, so that the arrangements were perfect in every respect which was a great tribute to Messrs Ned Lonergan and Paddy Cunningham who were personally responsible for this gratifying state of affairs while credit is also due to Messrs John Greene, John Regan, Senr, James Ahearne and some other local Gaels who rendered valuable assistance in other respects during the progress of the match.

Dungarvan won decidedly and decisively on their merits and deserve to be warmly congratulated on having so brilliantly brought the last Divisional Championship of the season to the "Old Borough".

Details—

Playing from the road-end Dungarvan became aggressive from the start and had the first score—a point—very early in the game. Tallow then worked up the field and got the equalising point off a free soon afterwards.

Dungarvan later got a free off which they scored a goal, and followed this up with a point, but Tallow next brought play up the field and after a great tussle in Dungarvan territory, they broke through for a brilliant goal.

From this on, Dungarvan had the best of the play and adding a further point, the half-time score was—

Dungarvan 13  
Tallow 11

With such a narrow margin between them, it was expected that Tallow would show up to better advantage in the second half, and the hopes of their supporters were quickly raised when they had the Dungarvan backs on the defensive in the first few minutes but the defence proved sound, and a wide resulted.

Dungarvan next sent wide and then forced a 70 off which another 70 resulted but another wide was the result.

A third free to Dungarvan also went wide and it now looked as if they were losing all sense of direction but they quickly dispelled this idea by working up the field and shooting a grand goal, after a stubborn defence by Tallow. Dungarvan kept up the pressure for some time, but Tallow put up a brilliant defence, and several wides resulted.

Following the puck-out, Tallow next made a dangerous attack but Dungarvan eventually cleared, and by a clever display of grand hurling they broke through all opposition for a major score which now gave them a lead of 3-3 to 1-1.

Tallow were being clearly out-classed now but they still played on in the game in fashion, and a spirited attack by them was beautifully saved from the mouth of the goal by Phelan the deminutive Dungarvan goalie, who was playing a "star" game.

Dungarvan continued to force matters after this, and soon had a further goal, and Tallow's hopes of success were rapidly vanishing, despite the loud cries of encouragement from their supporters near the sideline.

Play alternated from end to end until Tallow forced a 70, which was promptly returned a further free to Tallow was also cleared.

Some grand mid-field play followed and play was now of a high standard on both sides until a free to Tallow, which was taken by Beecher, resulted in a goal.

This put Tallow in great heart, and when they got a point soon afterwards the enthusiasm of their supporters knew no bounds.

The score being now 4-4 to 2-2 and with time running out the chances of Tallow wiping off the arrears appeared remote but when Dungarvan added a further goal all hope was lost, and Dungarvan were still attacking when the final whistle went leaving Dungarvan deserving winners of a grand game on the final score—

Dungarvan 54  
Bride Rovers (Tallow) 22

The game was played in a good sporting spirit until the closing stages, when it threatened to become too vigorous and rather rough but the referee Mr M V O'Donoghue, Chairman of the Co Board, kept matters firmly under control and discharged his duties in his usually strict and impartial manner.

The teams were as follows—  
Dungarvan—R Prendergast, B Moloney, P Stack, T Cashin, J Kiely, J F Duggan, P F Hogan, D Barron, T Butler, M Wade, E Phelan, (goal) J O'Connor, M Moloney, J Cullen, and N Power.

Tallow—M Beecher, M Curley, M O'Brien, W Mulcahy, C Ryan, T Ryan, E Prendergast, C McCarthy, A Clancy, L Frazer, T Roche, G McGrath, M Beecher, W Fitzgerald and Jas McCarthy.

For the winners E Phelan (goal), B Moloney, R Prendergast, P Stack, J Kiely, J O'Connor, D Barron, and M Moloney all played a marvellous game while the outstanding players for Tallow included the two Beechers, M Curley, Prendergast, Clancy and the two Ryans.

Ballyduff News

Hallow Eve—Hallow eve is almost here again, we can hardly believe that it is really twelve months since last Hallow eve. The war has put an end to most of the gaiety associated with that night. We have pleasant memories of plump be-fruited barm bracks and how eagerly we hunted for ring rag pea and stick! What fun it was "ducking" for apples in a tub of water and how elusive they were, with what fluttering hearts we watched the two chestnuts burn on the bars of the grate hoping they would burn together all the time for if they flew off we knew that we'd meet a quarrelsome life partner! Silly, perhaps, but not half as silly as some of the stuff that is dished up at the present day under the libel "entertainment".

There will be hardly any nocturnal visitors to the wishing well up the Glen road at Mocollop—If anyone is brave enough to venture out at midnight we hope they will see the face they wish to see reflected on the surface of the water in the well. We do not seem to have the capacity for simple amusement that our ancestors had. We have become a discontented lot of grumblers, surely we have but little cause to grumble. We have much to be thankful for and if the rain is a bit fond of us if we meet it with a smile we'll find that we can tread the clouds even if they are grey lowering ones.

November Nearly Here—On Monday next we will have the first day of the saddest month in the year. What a fitting background nature has provided to commemorate the month of the dead.

The trees are mostly bare, dead leaves strew our paths and only grey stalks remain of what were once beautiful flowers.

Here in Ireland our dead are very dear to us. Their memory may be sad but were we deprived of it life would lose much for most of us. So while their bodies moulder under the green sod of their native land let us not forget that some souls are separated from God while our hands are filled with ways and means of helping them. So let us avail of all the chances we can our turn will come some time and we would indeed be fools if we did not think of those who we know will not forget us in our hour of need.

This collection was as we anticipated even better than last year. We lay claims to perfection but there is one fault that cannot be laid at our doors—failure to respond generously to any appeal for any worthy cause and surely no greater charity than that of those pioneers who "blazed the trail" not to acquire riches or fame for themselves but to bring God's teaching to those poor unfortunates who haven't been born to the faith as we have.

Half Apology—We seem to have written a half sermon this week in our notes. Well if we have "inflicted" or "afflicted" our readers with one we are sorry. It is about time we ceased to give "digs" to some of the locals and strike a more serious vein. As we are in danger of preaching again, we had better stop before sermon No 2 is born.

Dail Questions

Mr Denis Heskin, asked the Minister for Agriculture if he was prepared to take immediate steps to procure seed wheat for the 1943-44 sowing season, as existing seed is worn out and very mixed.

In reply to Deputy Heskin, Dr Ryan said he did not agree with the Deputy's suggestion that our seed wheat is worn out.

Growers who persist in using seed from their own crops which has not been cleaned and may have been stored under unsuitable conditions with resulting low germination, cannot expect to get good results.

Each year there have been ample stocks of clean seed of high germination available to growers who are prepared to purchase their seed at prices sufficiently high to pay for the services of the seed assemblers. I have no doubt that sufficient stocks will be available again in the coming season. There is no possibility of procuring stocks from outside sources.

Mr Heskin asked the Minister for Supplies if he will grant an allowance of 1lb of sugar per acre to growers of wheat, oats and barley for the 1944 harvest period, as an allowance per acre is needed by growers to cater for their workers during such period.

In reply to Deputy Heskin the Minister said the proposal to make special allowances of sugar or other rationed food-stuffs to growers of cereals for the 1944 harvest period to enable them to cater for their workers during that period would involve administrative difficulties of such a nature as to make it impracticable and for this and other reasons could not be adopted.

Youthful Delinquents

FOR some time past the reported proceedings of the District Courts held in the locality have nearly always contained references to larcenies and robberies perpetrated by young boys and girls. At one period in Dungarvan the position was so bad that youthful gangs of marauders made nightly visitations to many business places and stole money articles of clothing and other things but thanks to the vigilance of the Garda Authorities these activities were nipped in the bud and what would have been a serious menace to the townspeople was quickly removed. Traces of this unlawfulness still remain and there have been cases which show that this wayward spirit among a certain element has not altogether been wiped out. In many cases we find youngsters of ten and twelve years carrying out larcenies with all the ingenuity of old-timers. It is indeed a great pity that these young people should do such a thing. In many cases the cause is the kind of pictures they see and another is the type of literature they read. Then again there are cases which arise from bad example by evil companions or even from parents themselves. There is no doubt but that a strict censorship should be kept on all pictures seen and books read by these young folk. At their ages their minds are most impressionable and to emulate the actions of their favourite screen star or book hero they take the risks which always land them in trouble. It would be well for parents who find their children inclined to go wrong to immediately catechise them and point out that no matter what the ill-gotten gains are that the consequences of their acts are always such as to out-

welgh them. If the children could be made realise that they can never get off scot-free and that the disgrace on themselves and their families is so great they will think twice before carrying on or starting their nefarious trade. We hope that the wave of crime amongst our youths is at an end and that no evil influences will arise to again put any of them on the wrong track that always leads to pain and disgrace.

UNEXPECTED DEATH OF MISS RITA DUGGAN

The parents and relatives of Miss Rita Duggan, 48 O'Connell Street Dungarvan, 13 years-old daughter of Mr. and Mrs Jack Duggan, suffered a severe shock on Monday last by her very unexpected death. She had been up and about a few days before she died and appeared to be in the very best of health. Her tragic demise caused inexpressible grief to her family, relatives and friends.

Rita Duggan, was a charming girl and a great favourite with her class-mates teachers and nuns at the Mercy Convent, where she attended up to two months ago, when she left to continue her studies at the Technical School. She was daughter of Mr Jack Duggan, one of the most popular bakers employed by Messrs Power's Bakery, and who was an outstanding member of the Dungarvan G.A. Club some years ago when he was a prominent exponent of the big ball game.

At the removal of the remains to St Mary's Parish Church on Monday night there was a very large and representative attendance which testified to the great esteem and respect of the young girl and her family. This was also the case at the interment in the adjoining cemetery on Tuesday last. Rev P Farrell, C.C. officiated. The chief mourners were—Mr and Mrs J. Duggan (parents) Philip Michael, John, Joseph, Raymond and Jim, (brothers), Cait, Brigid, Stella, and Carmel (sisters).

**DUNGARVAN UDC**

(Continued from Page One)

Manager—Hot salt water baths are a great draw for tourists

Mr Kyne—The big idea originally was to provide a site for the baths and have everything ready to build when the war is over

The matter was left in the hands of the Manager and Borough Surveyor, and the Manager said he would get in touch with the Chairman of the Tourist-Board in connection with the matter

**ESB Charges**

Longford UDC forwarded the following resolution which was adopted on Mr Kyne's proposition—

That we strongly protest against the recent action of the ESB imposing an increased charge of 10/- on consumers of electric current

**Prices Of Potatoes, Milk And Turf**

A letter from Department of Supplies stated that potatoes or turf prices are not now controlled in any part of the country

The order relating to turf prices covers only non-turf areas and therefore is not operative in the Urban District of Dungarvan

Mr Kyne—That will be good news for the merchants they can charge what they like now

**Winter Fuel Scheme.**

The Clerk notified the meeting that the above scheme will operate as from the 1th Nov 1943 to 31st March 1944. The number who availed of the Scheme last year averaged 254 per week. The estimated total cost of the scheme this year was £584 1s 6d. The Clerk also mentioned that they had arranged to have the turf delivered to the houses of recipients this year

**Our Water Works**

Mr Kyne asked was there any report about the water works

BS—The position of the dam is very much improved and a little bit more would make it alright

Chairman—But the water supply has not improved much

Mr Kyne—The dam is a damn failure

Chairman—What about the report?

BS—The report will come from the Local Government automatically after the testing period is up

Mr Kyne—Let us have a report as soon as the test period is up. The supply has not improved and there must be something radically wrong

BS—From our tests and observations there is about 50 gallons per head coming in every day and night and that gives some idea of the waste as the same supply comes in day and night. The pipes conveying the water can't bring in any more

Mr Dahill—Could the Borough Surveyor give us any opinion about the marsh. It is in a terrible state for the past week

BS—I could give lots of opinions about the marsh. It is proving that it is not a very sound business. The pipe is not able to take the water

Mr Dahill—Something should be done to improve matters there

BS—I am hoping to do some kind of a job there, but it will be only a kind of a make-shift one. It will not be what I would like to have done.

Mr Kyne—The water works and marsh schemes are both "white elephants" and in view of both of those blunders I am inclined to somewhat or other agree with the Managerial act

**Votes Of Sympathy**

Votes of sympathy were passed to Mr John O'Hara and family Courthouse Dungarvan on their recent bereavement and to the family of the late Bridget Spratt Coolcormack

**Acknowledgments**

Acknowledgments of Council's recent votes of sympathy were received from Mr Jack O'Connor Strandside South, Abbeyside Mr P Andersen South Terrace Dungarvan and from J K Macconkey (Delap & Waller), Dublin

**DEATH OF T HENNESSY,**

Very sincere regret was felt in Ardmore when the news became known that Thomas Hennessy, Ardmore had died in a Dublin hospital following an operation on Tuesday 19th Oct. The remains were brought to his native Ardmore on Wednesday and the interment took place on Thursday. We join in extending our sympathy to his bereaved widow

**Tallow & Moorehill Notes**

**Vote of Sympathy**—At a recent meeting of the Tallow LSF Group held at the LSF Hall the following vote of sympathy was proposed and seconded—That we the members of the Tallow LSF tender our sincere sympathy to our esteemed comrade Mr John Connery Moorehill on the death of his mother—RIP

A two minutes silence was observed all present standing to attention. Sergt Lyons GS who was present desired to be associated with the expression of sympathy after which the meeting adjourned as a mark of respect

**Bride Rovers Fail**—On Sunday last the long-awaited minor championship was decided at Cappoquin and after a very close and exciting game Dungarvan ran out winners

Throughout the hour a very fast pace was maintained and though much lighter than their opponents Bride Rovers fought like trojans to the end. Both goalies brought off some really fine saves and Mulcahy the Rovers goalie was loudly applauded on several occasions. Beecher Clancy Ryan Curran and Roche, were very prominent for the losers while Moloney Duggan, Cashin and Kiely were well to the fore for Dungarvan. On Sunday's term Dungarvan should retain the championship for the third year in succession

**Grand Concert**—A very successful concert was held at the Cinema Hall on Sunday night and was attended by one of the largest crowds ever seen at a local entertainment. Long before the concert opened the spacious hall was filled to its capacity, large numbers having to be refused admission. The concert opened with a selection of airs by the Brideside Serenaders Band for which they were loudly applauded

Miss Eily Murnagham delighted the audience with a selection of songs and had to respond to repeated encores

Mr Frank Ryan held the audience spellbound with his delightful rendering of a number of songs which included—"Because" and "I Hear You Calling Me" for which he was cheered to the echo. A musical selection by Messrs Prendergast and Doyle followed which showed what really fine musicians they are. Then came Ireland's famous Baritone Mr John Lynskey in a number of songs which he sang in his own charming manner. Legion Of The Lost Men, "I Ought To Know" Kelly Phe Boy From Killan and by special request "Deep Is The Night" for which he received a wonderful ovation. The second half opened with a number of songs from Miss Murnagham her delightful rendering of which captivated the hearts of the audience. Duets by Mr Lynskey and Mr Ryan (from the Operas "La Boheme" and "Lily Of Killarney") followed for which they had to respond with encores

Mr Lynskey, then sang a number of songs which included some old favourites and Mr Ryan received a wonderful ovation from the audience for his singing of "Let Me Like A Soldier Fall" ("Maritana"). Several other items followed all being well received and loudly applauded

Before concluding Mr Frank Ryan sincerely thanked the audience on behalf of the visiting artists and on his own for their attendance and for their appreciation of the various items. A selection of music by the Brideside Serenaders Band followed and the concert was brought to a conclusion with the playing and singing of the National Anthem

**Benefit Matches**—On Sunday next two very interesting hurling contests will be staged at the Tallow venue when Conna meet Camphire and Kilcronat meet Tallow. The games are being staged as a benefit for a prominent member of the Club who was injured recently so we hope to see a record crowd present who in addition to helping a worthy cause can be sure of seeing two great games

**Local Tit Bits**—We overheard a young gentleman vowing the other night—"I'll come there no more" You have our sympathies young man but you should remember—Women are deceivers ever

Some of the boys are complaining of the shortage of tyres still they manage to get there all the same. I suppose "where there's a pretty colleens there's a way"

**The Onion Fair**—A memory of the Past—The annual onion fair (without the onions) was held at Ballybricken on Monday Oct 25th. There was a very large supply of cattle and a marked improvement both in the trade and supply of pigs. In our young days we saw hundreds of hanks of onions for sale at that old established fair on October 25th

**Our Municipal Museum**—I hear that it is proposed to set up the new Municipal Museum in the Public Free Library Building Lady Lane—a most unsuitable place for such a project. The room available for the purpose is upstairs and out-of-the-way where very few people would inspect the exhibits. The proper location would be the Council Chamber (no longer used for meetings) in the Municipal Buildings the City Hall The Mall

**Vocational Education Committee**—The monthly meeting of the Vocational Education Committee was held on Tuesday October 26th in the Technical Institute. The Chief Executive Officers Annual Report for 1942-43 Session was read and approved. An important communication was received from the Irish Motor Traders Association outlining a scheme for compulsory attendance at Technical Schools for apprentices to the motor trade. The Committee decided to give the scheme their fullest support

**Kelly's Products In The Fore Front**—There is a splendid window display of the products of Messrs Patrick Kelly's & Sons Brewery in Mr R Dower's establishment at the Car-Stand John Street. The setting is very attractive. In the back-ground there are a number of picturesque show cards referring to the merits of Kiely's famous XXX Ale "Clearly The Best On The Market". Kelly's local brews are now I understand, commanding a big sale. And it is gratifying to note that that old established and enterprising firm is being well supported by our leading licensed traders. A local industry that employs many hands deserves such encouragement

**The Late Mr Pierce Arnold**—I regret to record the death of a very esteemed and respected Waterfordman Mr Pierce Arnold, a well-known farmer and horse dealer. The deceased belonged to an old Ballybricken family. He was a prominent and popular follower of the Waterford Hounds. The late Mr Arnold had many friends in the "Old Borough". The funeral to

Ballyduff on Sunday Oct 24th, was very largely attended. I tender my sincere sympathy to his relatives

The Annual Convention of Ailtiri na h-Aiseirghe is being held in Dublin on Saturday the 30th and delegates are attending from all parts of the Country. This is the first convention held by the organisation and after one short year there will certainly be plenty of results to show. From a series of isolated groups scattered here and there Aiseirghe has now grown into a National Movement and is gathering weight and impetus like the proverbial snowball

I suppose it is only natural to expect that when a movement is successful more people flock to it more than ever before but we must be careful to examine the credentials of those who come forward from now on. We must be careful to keep out the opportunist and the twister who tries to ride the crest of every wave. Such people have sabotaged every movement and every organisation which has ever tried to revive the failing fortunes of our country, but by the grace of God they will not get that opportunity where Aiseirghe is concerned

We now look forward to another year of high endeavour and of great achievement

**£100 Guineas For Greyhound**—Mr Dermot O'Connor, Carrickbeg Carrick-on-Suir sold his greyhound Umiddag for 100 guineas this week at Sexton's Saleyard Limerick
