hTurf Only Bags Of Dirt"

Deelish Dam-"Who Is Going To Pay For Its Numerous Repairs?"

Mr T McCarthy, Chairman, resided at the fortnightly leeting of the Dungaryan Urban strict Council held at the wn Hall on Friday night, Nov th Also present were Messrs . Morrissey TD, J McGrath, A Kyne, J Dahill and L A

Mr Michael O'Meara Acting own Clerk, attended Cheque For Children's Health Committee

Mr C J Murphy Secretary arish Council forwarded a heque to above of £26 17s 3d eing the Committee's share of he Carnival proceeds run jointby the Parish Council and
hildren's Health Committee
"Turf Only Bags Of Dirt"
Miss Mary Attridge Cathal
trugha St in the course of a

tter to the Council condemning the turi being issued to the recipients of free turi said that recently she got a bag of turf inder the scheme and there was about 14 stone of turf in the bag. the rest being dirt She made a complaint to the supplier and was told "to take it or dump it in the yard" She continued "what a the use of having the name of getting free turf if we get a bag of dirt fit only for the garden. I think it a charme garden arden I think its a shame hat someone responsible does ot inspect what the poer peo-e are getting and what is be-g paid for"

Mr Morrissey—Is there any

Morrissey-Is there any eck kept on the quality of the rf being issued to these peo-

Chairman—All I know is that ey get their tickets here and and collect the turf There no doubt but that an inspec-n should be made

Ir Morrissey—According to a tement made during the cek by the Minister for Suplies only the best quality turf lould be available for these people An inspection should be irried out and it is unfair that get other turf than the It is being paid for from blic monies and the merest and there is no reason why ey should not

Chairman-It is a shame the I they get is wet sods and it thrown to them like you d irow stuff to dogs. It is not tir as there are people who can be the good turf, but these unrtunates just get anything Mr Dahill—We all get the

me Chairman-We do not Mr thill, and I can prove it
Mr Dahill—The turf could ot be dried this year Chairman—They could and nould dry it

Mr Dahill-It was a very bad leason Mr Morrissey-I suggest that

Letter be sent to the Co Manager with a recommen-ation that periodic inspections Chairman-I am sure you will

ll agree with that?

This was agreed, Mr Kyne tating that the inspection hould be carried out by a perns sympathetic to the poor is opinion was that the scheme as all a loke up to this as all a joke up to this
The Prices Of Turf And

Potatoes
In reply to the Council's rent protest concerning the high rices charged for turf and statoes in Dungarvan the De-artment stated that these matrs are at present under conderation

Mr Kyne—That is something and they might do something ir us now The mistake was ir us now iat this was ever declared a

Repairs Applications for a number of pairs from Loughmore residits were referred to the BS The Deelish Dam And Its Numerous Repairs

Mr J Bowen, BS in a report on the Deelish Dam stated that on the beensh ball stated that he had discussed the various matters with Mr Maconchy. The position appears to be much improved and he is quite hopeful that the dam will soon be al right and watertight. He does not anticipate any serious difficulty following after the completion of the works outlined by the consulting engineers and he thought it best to reserve observations until these matters have been dealt with Messrs Delap and Waller, Con-

Messrs Delap and Waller, Con-siting Engineers, reported that they had again examined the dam and filter plant at Deelish the agreed period of 6 months from the time the water was raised in the reservoir behind the dam having expired. We find that the dam is hold-ing water well there being a

ing water well, there being a small but steady decrease in the warious springs downstream The interior of the tunnel was definitely in better condition than when inspected a couple of months ago, various weeps having taken up, and there are now only 3 points on which further observation appears to be required, these being The roof at the upstream end near its joint with the tower, the east wall half way down from the tower to the centre of the dam, and a slight wood of the dam, and a slight weep at what is known as haircrack F—immediately below the puddle core, this latter has decreased in volume, and the indications are that the slit deposit in reservoir is define good.

posit in reservoir is doing good work in sealing the dam. From records of the water levels, it appears that the leak-age through the crack F only occurs when the water is within 4—8 feet of high level, and, when the crest of the dam which was affected by the slip, is being repaired, the Contrac-tor may be able to discover and seal the point at which the

water must be getting through.
We have drawn up a complete
list of works for the completion of the contract, both for what is required at the dam and at the required at the dam and at the filter plant, where two points of leakage were discovered, and we have asked the Contractor to put the work of the filter plant in hand at earliest. The machanical part of the plant was not completed by the makers at the time de they required. ers at the time as they required the reservoir to be full, and unfortunately they are engaged on war work other than water-works and have had to close down the department concerned with the latter so that they cannot now send over an expert to complete the plant We have therefore listed out what is required for Messrs Fitzpatrick to put in hand in cluding the cleaning of existing and supply of fresh, sand so that when the various items have been completvarious items have been completed we will be able to start dosing of the water in order to afford the town a clear supply we have been promised full detail instructions with regard to this by the makers of the plant. this by the makers of the plant, but even if these do not arrive we expect to be able to set it going ourselves

With regard to the repairs to the crest of the dam we think it would be unwise to have the work done in bad weather, the chance might be seized of undertaking it should a definite spell of fine weather appear to set in or otherwise it should be postponed until after next spring Such postponement will not interfere with the completion of the work at the filters and it will in fact give a further period for observation of the weeps in the tunnel the im-provement of which may con-tinue to deevlop

We have sent a full list of the works to be completed to the Borough Surveyor for his in-

formation
The following is a list of the works to be completed -

ARE WE INTERESTED IN OUR BAND?

Some time ago we asked where the Dungarvan Brass and Reed Band once the pride of the Old Boro', had disappeared to. On Sunday last that question was answered when we were the guest of the Committee at the Bandroom, Cross Bridge Street, where we attended a very en-thusiastic practice by the newly-formed band

Amongst those present were Mr Michael Clancy, UDC who is the worthy President of the Committee Rev P Farrell, CC, the Vice-President who has CC, the Vice-President who has done such great work in the reorganising the band, Mr James Dunne veteran member of the Committee Mr James Patterson, Mr P J Walsh, and Mr, M J McHugh, Bandmaster, who has rendered such sterling services to the band for a long vices to the band for a long number of years It gave us great pleasure to see so many older members of the band, and so many new young members present.

In a short address to the members Mr. Clancy said that there was no reason why Dungarvan should not boast of a band as good if not better than those of other centres in Ire-land There was plenty of talent in the town and a great tradi-tion behind the band which had won the coveted Gilburne Silver Cup for Brass Bands some years ago He appealed to the members to attend their practices regularly and to become as

proficient as possible

Rev Fr Farrell in his address
said that his time was aimost
fully occupied in other activities but still he found time to look after the band and if he was able to do this he saw no reason why the members should not be able to find the time to attend their practices. They had re-organised the band and had two classes going for younger members some of whom were almost ready to take their places in the He said that the radio band He said that the radio and Cinema had proved to be and Cinema and proved to be adverse elements in the organising of local bands. Years ago towns took a particular pride in their brass bands, but that did not seem to be the case now which was to be regretted. He made a strong appeal to the which was to be regretted. He made a strong appeal to the members to come along as often as possible to practice and to help the committee when the committee and to help the committee when the committee help the committee which were doing so much to bring the band before the public as good as it was in the old days if not bet-

In a few words we referred to celebrating its Golden Jubilee in a few years time and appealed to the older and younger band members to help the Committee who were doing so much in pro-viding such a fine musical edu-cation to be had for the taking Some of the present committee celebrating its Golden Jubilee in were veteran members who were were veteran members who were present when the band was started nearly fifty years ago and it said a lot for their enthusiasm and their loyalty to the cause of music that they had interested themselves throughout all these years. We also said that it was a pity that our people were not more musically-minded, but it was up to the band to do this by providing good recitals in our providing good recitals in our Park and Town Hall It was a pleasure to see so many youngsters interesting themselves and we concluded by saying that we hoped that in a short time the young boys of the town would flock in such numbers to join the band and avail them-selves of a fine free musical education that a waiting list would have to be opened Other items which we learned

about during our visit were the thorough training imparted by Bandmaster McHugh to his young proteges, the very high cost entailed in repairing and maintaining instruments, and the necessity for full and regular attendances at practices We also learned that the Committee hopes to have the band ready for a series of recitals during next summer

CAPPOQUIN NEWS

A BRILLIANT BADMINTON CLUB DANCE—

The fifth annual dance of the Cappoquin Badminton Club was held in the Boathouse Hall on last Sunday night and proved in every respect what we promised last week it would be

The weather, fortunately held fine for the occasion so that to cappoquin and travel they did in strong force which proved their loyalty to the Badminton Club, and, incidentally helped to provide one of the finest at-tendances seen at any dance in the Boathouse Hall for some

We were particularly glad to see so many popular patrons present from Dungarvan Youghal, Lismore, Tallow and other distant parts, because the officers and Committee of the Badminton Club had spared neither pains nor expense in ensuring that this would be an outstand-ing dance in every detail so that they fully deserved the generous measure of support accorded them on the occasion

The Hall was tastefully decorated and the floor in excellent condition for dancing while the Brideside Serenaders' Band Tallow excelled itself in the high-class programme of dance music provided during the

A bright breezy and joyous atmosphere prevailed on all sides and despite the large at-tendance the best or order and good humour were the outstanding features of the event

Splendid arrangements for the comfort of all were made by Mrs F Anderson Miss Mary Ahearne Miss M Heaphy and other lady members of the Committee while the "Financial Department" was carefully looked after by Mr Sean Bell and Mr John Regan, Senr, in their usually courteous and efficient manner

From every point of view, the dance was a pronounced social and financial success and fully in keeping with the high standard attained at the four pre-vious dances held by the Badminton Club, all the officers and members of which deserve to be warmly congratulated on the refined orderly and brilliant night's enjoyment which they had provided for all GRAND LDF DANCE IN

AGLISH-

As briefly announced last week the Villierstown Group LDF will hold a grand all-night dance in Aglish on next Wednesday night, Dec 8th, but owing to the large attendance expected the event will be held in Aglish Schoolhouse through the kind permission of Rev J Gleeson PP Aglish

Elaborate arrangements are being made by the promoters to make this event a wonderful success and with this end in view the Schoolroom will be a blaze of colour with artistic and seasonable decorations, and the floor will be carefully polished so as to ensure the greatest comfort and fullest enjoyment for

the dancers
A splendid supper will be served by the members of the Aglish Countrywomen's Associa-tion so that the catering arrangements will be a special feature and the best and bright est of dance music will be provided by the "Starlight Dance Band" Lismore, including Mr W Hogan Mr James Glasse and the other accomplished musicians who have won such high name for this popular

XMAS FESTIVITIES IN

CAPPOQUIN— A most varied and attractive Entertainment will be held in the Boathouse Hall on Sunday night Dec 19th, in aid of the Soldiers' Welfare Fund and also in aid of a Xmas Fund for the poor in Cappoquin

The Sunday night before Xmas has been chosen for years past for some form of entertainment in ald of the poor of the town but a new departure in the form of the entertainment is to be made this year, and while all the details have not yet been worked out, we can promise the

public that apart from its de-serving nature it will be an event which will appeal to all Mr M J Sargent PC is in

SENIOR HURLING MATCH

ABANDONED-The Senior Hurling League Final between Dungarvan and Tallow, which had been advertised to be played in the Sports-field here on last Sunday fell through as it was stated that Dungarvan had phoned Tallow that morning stating that they were unable to travel due to the inclement weather conditions Mr M V O'Donoghue, Lismore, Chairman of the Co Board, who was to have acted as referee travelled to Cappoquin and he did not learn that the match was off until he arrived here

We cannot say that the cancellation of the match caused much local disappointment be cause after the constant rain and fog on Saturday and Saturday night the field must have been like a quagmire and it was lucky for both teams that they had not to play under such wretched conditions

Whether the people in the country-knew the circumstances or not we are not in a position to say but at all events there were only very few visitors in town so that the gate re-ceipts would have gone flop, had the match been played Only very hardy GAA enthusiasts are willing to stand in a wet and sodden field for nearly 2 hours under wintry conditions even for the most important match but as the "privilege' of doing so would have cost a shilling each on Sunday we were not surprised that there was so little outside enthusiasm displayed and we also despair for the financial success of any further matches held here during the

The replay between Camphire and McDermotts junior hurling teams will be played here on Sunday next Dec 5th in the Green Cross Hurling Tourna-ment and Tourin and Cappoment and Tourin and Cappo-quin have been announced to play their game in the same Tournament on Sunday Dec 19th but as already stated we fear the gate receipts for the Green Cross Fund will not be very substantial, and we consider it would be far wiser if all those games were postponed until early in the New Year, when they could be played in probably better weather and before the Co Championships matches are started in March!

Evidence of the offences having been given by Guards O'Leary, Thorne and Bolger, Cappoquin, fines varying from 1/- to 5/- were imposed, with 2/- costs in each case

Licensing Prosecutions
Supt P J Doyle, Lismore,
summoned Mrs Annie Kenny
Publican, Cappoquin, for a
breach of the Licensing Act at 150 am on the morning of Oct 15th.

Guard Bolger, stated that at the hour named he was approaching the defend-ant's premises when he saw the hall door open, but it was im-mediately shut before he got to the house He knocked, and was admitted in about two minutes, but while waiting outside the door he heard what he took to be footsteps of some persons leaving by the back door When he was admitted, he found no unauthorised persons on the premises, but he found five glasses on a table in the kitchen, all containing a quantity of stout and ale, which he described in

In further reply to the Supt he said there was a big open space leading up to a garden at also struck severely on the left the rere of the premises which arm, apparently with a stick, as he searched at the time, but he his arm was all black and blue

found nobody there
Mrs A Kenny, defendant, was
then sworn, and stated that
there was nobody on the premises at the time except herself and her two sons
The previous day (Sunday)
had been a very busy day with
them, as there was an Exemption Order in force owing to two

tion Order in force owing to two important G A A matches in the Sportsfield, and she had left the soiled glasses on the kitchen table, and also a large number of soiled glasses in the Bar as she kept no maid, and intended to wash them when she had not

water the next morning
Asked by the Supt to explain
the sound of the footsteps which Guard Bolger had heard going out towards the yard she said the only footsteps he could have heard were her own, as she had occasion to go out to the yard before the Guard was admitted

Further cross-examined by the Supt, she said it was not unusual for customers to leave portion of their drinks behind

them in the glasses when they were leaving the premises Michael Kenny son of the de-fendant, having fully corroborated his mother's evidence, the Justice said he wouldn't feel justified in convicting, in face of the sworn evidence of Mrs Kenny and her son, more parti-cularly as nobody had been found on the premises so he felt bound to give her the bene-fit of the doubt, and dismiss the

Another Licensing Case "Washed Out" Supt Doyle, summoned Mr

Aidan Walsh, Springfield as Administrator of "Walsh's Hotel 'Cappoquin for a breach of the Licensing Act at 12 20 am on Monday morning Sept

Mr T C, Williams solr Dungarvan appeared for the de-fendant and having explained the circumstances under which three men and two girls were found there on the night of the LSF Sports the Supt said he regarded the case as trivial, and was not pressing for a convic-

Justice-Suppose I adjourned the case for six months, would

that suit you?

Supt—I would prefer to have it dismissed, rather than adjourned for six months

Justice—In that event will

you agree to have the case withdrawn? Supt —Certainly, sir

The case was then marked "Withdrawn"

Another Licensing Case Supt Doyle, summoned Mrs Annie Wall, Publican Cappoquin, for a breach of the Licensing Act on Sunday night, Oct 7th and ten young men from local country districts were also summoned for being on the pre mises

Guard Bolger, Cappoquin having given evidence of the offence

Mr T C Williams, solr Dungarvan who appeared for the publican pleaded guilty, but ex-plained that the Waterford Farmers' Association was holding a big dance in the local Boathouse Hall on that night from 10 o clock, and the young men found on the premises were waiting to attend the dance, and as the night was very wet, Mrs Wall didn't wish to turn them out in the rain, as her nephew was Hon Sec of the Farmers' Association He added that Mrs Wall had a clear record for 22 years, and he asked that only a small fine be imposed as they were meeting the case very fairly

The Supt did not press for a heavy penalty under the circumstances and the Justice then imposed a fine of 10/- on the Publican while the men found on the premises were fined 2/8

Serious Assault By A Soldier Daniel O'Rourke, Turbeha, Cappoquin, summoned a member of the Defence Force named Private Patrick McCormack, stationed locally, for assaulting him on Thursday Nov 4th Mr T C Williams, solr, Dungarvan, appeared for complainant the defendant not being

ant, the defendant not being professionally represented Complainant, in reply to Mr

Williams, stated that he had paid £12 for the exclusive right to trap and snare rabbits on portion of the Cappoquin Estate Company, and when he visited the land on Thursday, Nov 4th he found the defendant present with another soldier, whom he could not identify Defendant had two rabbits which complainant demanded back as his property but he was then struck a violent blow on the mouth by McCormack, as a result of which two of his teeth were broken, and he later had to get them extracted by a dentist He was him great pain He added that defendant had caused him trouble on two previous occasions

Defendant did not cross ex-

husband returned home that
day he was dazed and stupid,
and hardly able to walk while
his clothes were all covered with
blood, and he didn't properly recover until about 7 o'clock that cover until about 7 o'clock that night

Defendant was then sworn, and said he was a native of Kilkenny When O'Rourke arrived that day he became very abusive and violent and added the defendant "he scuffled me a bit and I scuffled him" He denied having struck O Rourke on the mouth and said he did not know that he was on preserved land at the time or that O'Rourke had any claim to the

rabbits Cross-examined by Mr Williams defendant admitted that he was a trained boxer and agreed that he had taken part in a boxing contest at the Cur-iagh only a short time pre-

wiously
Mr Williams pressed for a severe penalty, as his unfortunate client who was a quiet and industrious man had received a back heating from this trained bad beating from this trained boxer on the occasion

The Justice said he took a serious view of this case as it was a serious thing for a trained boxer to assault an untrained man in this manner, and he was

considering whether he should send defendant to jail for the

Defendant was eventually fined 10/- and ordered to pay 21/costs and was further bound to the peace for 12 months but was allowed three months for the payment of the fine and

G.A.A.WATERFORD V. **TIPPERARY**

At Carrick-on-Suir on Sunday November 21st, Tipperary gave Waterford a beating beating gave Waterford a beating that will not be forgotten for a long time The match was one of the fourfour-Waterwas one of the four-county league games Water-ford were short several of their championship team but never-theless they never made a genuine effort to win They were beaten from the start and they did not seem to have any heart to win.

John Keane was ill Andy Fleming was engaged otherwise. Mick Hickey has gone away and Jim Ware was attending to a very important job of work We had several declared play-

for what reason we do not know The Co Board must not consider the expenses so seriously if Waterford is to get anywhere next year There is now a grand op- had to respond with a well-portunity afforded to put the merited encore Mr F O Brien best fifteen on the field for each followed with the "Irish Emiof these matches and not to be making the public loose confidence and the enthusiastic players disgusted

The Waterford forwards have

a grand chance of learning to combine in these matches and so get used to each other s play but sad to relate that in Carrick on Sunday last only one or two of the regular forwards were playing

The selectors tell us they are looking for new blood We say that there is not so much new blood needed if they keep the team that played in Cork together and let them play every match of this four-county league together Then we will be a

force to reckon with in 1944

The score on Sunday was Tip perary 7-7 and Waterford only one solitary point which was scored by Willie Barron Mick Curley in goal saved several times but his puck from goals was faulty at times Con Curley at full back was not up to his usual form, even though he had a tough handful in Bill O'Donnell Paddy Dowling was only fair, but we must excuse him as he was completely off form on Sunday but turned out gamely Matty Creed, and Paddy Wade were the best of the backs— Matty played one of his best games on Sunday

Waterford were completely outclassed at mid-field where Wall (Tipp) could not be stopped Christy Moylan put in some hard work but did not get

much assistance were the only forwards to impress Brian Doyle, with a few more matches should improve at full forward, but the two cor-ner forwards (Galvin and

ner forwards (Galvin and Power) were weak

The display given by Waterford on Sunday was the most dead-and alive affair we witnessed for many a year They had no go in them at all They simply waited to get the ball if it obliged by coming their way Displays of this kind are not good for the prestige or morale of the County and if we are ever to get to Croke Park are ever to get to Croke Park again this is certainly not the road

We are informed that an all-Eastern selection with the exception of Barron and Moylan have-been selected to play the next league match against Wex-ford in New Ross on Sunday 5th Dec It would be much better if the full Co team fielded out but it is whispered that

finance is the bogey!

All his friends in GAA circles will be glad to hear that Mick Regan Lismore will be soon amongst us again so he will be a welcome addition to our inter county team next

year
It is worthy of recording that Paddy Wade cycled 14 miles to play last Sunday's game at Carrick This was, we think too much to expect of a man who was to tuin out for a haid hours game and should not be allowed again!

recover from this staggering blow and that such an rence will not be repeated by fielding out a make-shift team

This league was supposed to improve hurling but we can not see such results achieved if the rest of the games in the league are going to be anything like last Sunday's as far as Wa terford are concerned at any

If we can't do any better let us withdraw altogether as we believe more harm than good can be done to hurling in this county if our inter-county team can be beaten by 14 scores to

Tallow & Moorehill **Notes**

Successful Concert-On Sunday night last a grand dramatic and variety concert was held at Moorehill Hall, and was a great sucess Long before starting time the hall was filled to its utmost capacity and judging by the rounds of applause each item received the programme was much appreciated by the large attendance by the large attendance The concert opened with a one act Irish Comedy and created roars of laughter throughout it was really a treat in itself The members taking part were—Miss K Dunne, Sean Murray, Thomas Roche Michael Murray and James Morrison all of and James Morrison all of whom played their parts in a high-class fashlon and when We had several declared play-ers who were not selected and loud applause The second part of the pro-

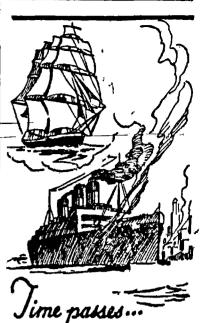

gramme opened with a song from Miss J Condon, "United We Will Be At Last" and she rant" and as an encore sang One Of The Old Reserve" for grant" which he received rounds and rounds of applause A song "The Girl From Donegal" was sung in high-class fashion by Mr M Galvin Then came Mr J Power, the very popular comedian singing "The Kiss Behind The Door" for which he was loudly applauded and the second part of the propert classes. second part of the concert closed with a recitation "Páid O'Donoghue," by Miss K Dunne " Páid for which she received a great ovation. The third part of the programme opened with a sidesplitting Farce, with Miss K
Dunne as Mrs Jenkins ruler of
the house and Mr M Murray
as her meek and hen-pecked
husband with Mr T Roche, as
the new maid, who caused all the trouble

The last part of the programme included a song "Teddy O Neill by Miss Condon A number of amusing songs and community singing by Frank O Brien a jig by Miss Condon "The Pose of Monnoin" by "The Rose of Mooncoin,' by Mr J Ryan, "Galway Bay,' sung by Mr J Morrisson "A Bunch of Jolly Cowboys" was sung in a very charming way which delighted the audience by Master Jim McGrath and his sister Miss M McGrath Mr J Power followed and a Parody on 'Galway Bay" by Frank O'Brien, brought the programme to an end Each of the above-mentioned artists being loudly applauded

Before the final curtain the C Mr J Dunne thanked the audience for their kind attendance also the various artists, and all who helped in any way to make the evening a sucess and he said that in the near future another variety pro-gramme with new plays, etc would be presented During the interval a choice selection of music was rendered by Mr D Geary and the playing and sing-ing of the National Anthem brought a very successful and enjoyable night to a close

Not Impossible

SOME years ago if you were to tell our farmers that this country would soon be producing almost 700 000 acres of wheat half that amount of potatoes 200 000 acres of barley and 938 000 acres of oats, they would tell you that you were having a flight of fancy as no such thing could be done it was pronounced an impossibility then but present results show us that this has been achieved with alms for larger yields in potatoes oats and barley for 1944

Farmers have undoubtedly performed a magnificent service to the Nation and their efforts cannot be too highly appreciatcannot be too highly appreciated by the metropolitan and urban dweller. But farmers now as vever love to have their grouse as practically every other branch of trade and in dustry does. Allowing for this there is no gain-saying that the majority of them have done their bit and we are sure will continue to stand by the country. continue to stand by the country and its needs until the emergency passes

The necessity for being selfsufficient as far as food requirements go cannot be too strongly or too often reiterated What-ever available shipping space there is for imports from out-side countries is very badly needed to bring in raw materials to keep our industries going and as can be seen from past events there is no surety that a ship leaving a foreign port with a cargo for this country will ever

Therefore no chances can be taken if we are to keep the spectre of want and hunger which unfortunately stalks ram-pant in other countries—from hovering in our midsts Prob-lems and difficulties of produc-tions can be surmounted and the required amount produced and it is far better to make the sacrifices now no matter how great, than to be sorry after-wards when it is too late!

Ceannasaidhe) IMPORTANT LECTURES AT KILMACTHOMAS AND CLASHMORE-

A very interesting and infor-mative lecture for farmers was delivered by Professor M J Gorman B Sc A R C Sc I, of the Royal Dublin Society, at Kilmacthomas and Clashmore on Monday and Tuesday evenings last The subject was 'The Making and Management of Pastures"

This is the beginning of a

series of six lectures arranged by the County Waterford Voca-tional Education Committee in conjunction with the Royal Dublin Society's Extension Lecture Scheme to be given throughout the County during the present Session

The lecture which was illustrated by lantern slides, dealt in a straightforward and non-technical manner with the various types of modern seed mixtures for new and improved strains of grasses and clovers the effects on yields and quality of pasture of soil and manuring management including grazing resting mowing, cultivation, etc

At the conclusion of the lec-ture the Professor answered questions put by his audience on the interesting points he had It was interesting to note how

anxiously those with individual problems discussed ways and means with the Professor after the lecture
The next lecture in this series

will be given by Dr McKay

Late Mr. Thomas Hally, "Woodhouse," Aglish

Deep regret has been caused throughout West Waterford by the death of Mr Thomas Hally, which took place at a good age at his residence 'Woodhouse," Aglish, on Saturday night last Nov 27th He was an extensive farmer who was well liked and most popular with all his neighbours Ever ready to give advice or lend a helping hand his loss will be keenly felt A man with a great national outlook he took a prominent part in all Irish Ireland movements After a long full life he passed to his eternal reward on Saturday night having received the blessings and fortifications of the Holy Church of which he was such an exemplary member dur-

ing his life Marks of respect were paid to the deceased by the Aglish hunt who met on Sunday and immediately adjourned and who also postponed the dance in the Aglish Hall that night

The funeral to Aglish Church on Sunday evening was excep-tionally large which was a strik-ing tribute to the deceased and his family Rev Fr Gleeson
PP and Rev Fr Power CC
met and blessed the remains
Requiem Masses for the repose of his soul were celebrated on Monday morning by Fr Gleeson
