Auction To Be Held On the application of Mr Clarke BL (instructed by Messrs Farrell and Morrissey solrs) for Patrick McCarthy Barrack St Cappoquin his Lordship granted permission for an auction of the lands of Touran auction of the lands of Tournaraheen Melleray held by the late Thomas Curran uncle of the applicant
The defendant in the action

a niece of Curran was representsaw him hitting Murray ed by Mr Caroll soir Fermoy, who raised no objection except that both parties be allowed to perform the but only through agents bid but only through agents Mr Williams solr, represented always friendly The match got John McCarthy Shakespeare very rough towards the end St North Shields an interested when Camphire were pulling up and looked like winning He hit Murray who rushed into the row after the match and also a man

#### Echo Of Tourin v Camphire Match

named Russell who called for the Guards His father was Denis Murray Tourin claimed 50 personal damage against away down the field in a second Patrick McGrath as a result of injuries sustained by him when row when Murray was struck assaulted by defendant after a Mr MacDonald—Isn't Murray a quiet feliow?—He threatened hurling match at Cappoquin on Harmgan who was playing on March 12th last

March 12th last

Mr McDonald BL (instructed by Messrs Farrell and Mornissey solrs) was for plaintiff and Mr D'Arcy BL (instructed by Mr Carroll solr) appearance of by Mr Carroll solr) appearance of the mand cut the legs off them and cut the legs off th ed for respondent

Denis Murray in evidence said There was a good brawl going that on March 12th last he was on then?—Yes and the family are known as on the family are known as right. And the family are known as right. Gardyall of the fine the family are known as right. Gardyall of the fine the family are known as right. Gardyall of the fine the family are known as row with the family are known as right. Gardyall of the fine popular fine popul on the Tourn hurling team. And the family are known as which played Camphire at Cappoquin. His position was right. Graths?—That name is because it He was pumping blood and that as there were hurleys all fainted for a time Later in the over the place and it was danevening he went to Dr White gerous and as a result of the injury he was unable to work for a month ber of the Camphire team said He was never involved in fistithe saw Murray run into one of cuffs but McGrath whom he the rows with a hurley

The row was on then 9—Yes And Murray went up to it 9-

so her brother could strike me Patrick McGrath respondent said he was a farmer and arriv- over her head ?-No the final whistle went he saw and say "get out of here we will Lismore said that he visited the Jamsie O'Donnell running on to have no more of this "2-He place and estimated a loss of the field and try to stick a hur-never said it ley down Ahearne's mouth. The latter was playing for Camphire

see Murray at all that day To Mr MacDonald BL—It was all the spectators who were fighting He saw the O'Donnells coming at him and just hit them

a little slap out of the way Mr MacDonald—You disposed very ag of them with a left and right ter?—Ye hook 2—Well I thought James Wm Peter was going to give me a dence

Mr MacDonald—Did you hit said he came home from Amer- an open moor

And you hit nobody else?—No on the 15th when they were out meadow There was no malice with the best. Both teams are in the yard he saw Coughlan in fact, and therefore, the application and are stick over her head eation must fall the went out and took the stick over her bead eation must fall the went out and took the stick over her head eation must fall the best. Both teams are interest. Both the best. Both teams are interest. Both the best. Both teams are interest. The best of the head eation must fall the best. Both teams are interest. Both the best was not make the best of the head eation must fall the best of the best of the head eation must fall the best of the head eation must fall the best of the head eation must fall the best of the best of the head eation must fall th

remarks A little is better than nothing and as the early warnings of the Board were not heedled they had to resort to restrictions. The charge for re-connection is unreasonable and I am in favour of that protest.

The Chairman referred to the Chairman referred to the Springs but could not be proved as to whether this was plant on the part of the care-land and working it Last (Mr Kinny) definded taker in connection with March he accused her of taking or interstices of the rock which supervision and general control at high level shewed a relation be a telephonic connection beautiful and and working it Last (Mr Kinny) definded mand and working it Last (Mr Kinny) definded mand working it Last (Mr Kinny) definded mand and working it Last (Mr Kinny) definded mand mand working it Last (Mr Kinny) definded mand and working it Last (Mr Kinny) definded mand working it Last (Mr Kinny) definded mand and working it Last (Mr Kinny) definded mand and working it Last (Mr Kinny) de unfairness of cutting of the lights in some parts of Keating

St and then restoring them shortly after and with a charge for reconnection The resolution was adopted Fountain At Thomas' Street moval of the public fountain at the corner of Thomas' St would mean a big hardship as this was

one of the handlest in town and supplied a big number of houses Mr Morrissey—I was trying to get in touch with the BS on that matter today I understand there are 25 houses depending on the fountain and now they can get no water Mr Ormond-That pump has

been repeatedly damaged Mr Morrissey-That is no way of dealing with the matter Mr Ormond-It will be replaced when an iron cap has been put on it Mr McCarthy-The pump was

not deliberately damaged and I think the intention was to leave the people without water Mr Ormond—That is incor-

Mr Butler-When will it be replaced?
Mr Ormond—Probably tomor-

Mr Butler-The consumers cannot be victimised because somebody else damaged the Manager—The people there should look after the fountain

Mr Ormond—It was only removed for repairs Manager-I hope when the new pump is put there and if it is damaged the residents will have sufficient civic spirit and

Strand At Quann's. Veale-Portion of the strand at Quann's is in a frightful condition and the people are complaining about it Ormond-All the tin cans rubbish and glass were removed

In reply to further questions Ormond said he would look SPRAY THREE TIMES into the matter again Grousing Mr Morrissey—As we are on grievances and grouses Chairman—I beg to differ with

you we are not grousing!
Mr Morrissey—I am grousing Chairman-Well refer to your own grouse so Mr Morrissey—The people are complaining that the sewer at Quay St. has been kept opened

are doing the job as fast as we found at points to be deficient there was bad work carried out can

Chairman—It was opened for two days and there was no man the filters, affording a good filpare a report for the Council?

working there

Mr Ormond-I am not a ware of that, but we will finish as soon as we can
Conference To Be held. The following report was re-ceived from Messrs Delap and

the Exploratory Waller on works at Deelish Dam -Dear Sir-We have to report on the exploratory and repair work at Deelish Dam and work on completion of the Filtration Plant. We summarise earlier detailed reports of 1942/43, and bring them up-to-date as follows +

holes were made in the tunnel floor between puddle core and ployers pay their men ione for tower exposing firm foundations expenditure both statutory holidays and for the upper half and moderecommended that the legal to springs downstream, but gave local authorities to have it cut negative results. The major cracks in the tunnel were marked out, and filled It was found that the reinforce his genlemen?

were poor, especially one in the town should be partially closed tract of day to say one—

In the tontal joints in the tontal a valve in the town should be partially closed tract town should be partially closed town During the course of the grout-During the course of the grout-ing at points adjacent to and just upstream the puddle core signs of grout appeared at the signs of grout appeared at the signs of grout appeared at the approximately equivalent to the horizontal crack in the tunnel draw between normal daytime Chairman—I think everybody horizontal crack in the tunner draw between normal dayting is agreeable to adopt that roof downstream the core and filter washings since we last met I have heard and in the western drain at toe of dam. In November 1942 a small dangan supply was disused the day of the last met I have heard on the last met I have heard met I have heard on the last met I have heard on the last met I have heard met I have since we last met i have head in November 1942 a small dangan supply was disused the who had been cut off and had to work and further points selected der with severe leakage the

that so much grouting around the tunnel was more than he had envisaged when agreeing to any being carried out in the first stage, but so much water even under a small head was found to come through the floor and to come through the floor and can be considered responsible walls that in our opinion it was and the time has come for a essential to render the tunnel conference to be arranged for a reasonably watertight before a settlement with the Contractors

springs also water was found to Office and the Caretaker's House enter the tunnel at a few places at Deelish

ters
The Contractors then agreed and to grout the above points in the with instructions also that the about it and we should be better tunnel which work was effected work of Mr Hassett the Clerk of informed in April 1943 and the reservoir Works has largely contributed. Manager—We could have a paresented by Messrs Farrell & refilled by May 5th, 1943 After to a successful tackling of the committee meeting with the BS Morrissey solrs) appealed at high level in the reservoir the of difficulties and has been very thrash it out. work was again inspected in helpful in bringing the works to November 1943 when the completion springs were found to be noticeably lower and weeps in the tun-nel to have considerably improve tractors account to date for That we the Dungarvan Ured It was therefore decided to work to 6/5/44 and is now sent ban District Council request the two others named Butler and complete the work on the tunnel forward to save further delay in Local Government Department Power the latter who had since by grouting the roof next the tunnel torward to save further delay in Local Government Department Power the latter who had since tower the east wall at a point an 'approx' total, as the parties concerned in connection a trade union dispute about half way between tower checked time and material with the exploratory works at and core wall and roof near sheets for the last account are Deelish Dam This conference to Lordship granted an order of £1 to be requested to find who is re- a month against Butter first the cost of the last account to be requested to find who is recore wall and there was still a not yet to hand be requested to find who is re- a month against numer make very slight weep at the hair we are informed that steps sponsible for the cost of this payment to be made within 14 crack in the roof downstream the have been taken to cut down the work viz £1 200 (approx mate- days after the service of order ly) Further that we request the £2 2s 0d costs were allowed puddle wall and exploratory ex- night draw as suggested hereup cavation was made in the crest and that the filters have been of the dam to search for any put into service again. fault in the puddle core near

where the "slip' had occurred Some cracks were discovered in and adjacent to the temporary repairs these petered out some 8 to 9 feet below the crest As the weeps appeared to be taking up the puddle wall, crest of dam and pitching were then made

A number of other points were attended to by the Contractor to complete the whole of the works including the Filter Plant, as fol lows -

Dam-Steps to bridge tower bridge beam supports and handrails supports made good. Brackets fixed to valve spindles in tower.

and a reasonably good job was and roses etc reconnected at valve tower intakes

> (no deflection recorded) Eroded floor of channel downstream tunnel pitched in concrete and site tidied up Fitters—Sources of explored and staunched Plates taken out and cleaned in a conference metal work painted

Sand renewed Mechanical parts, including Clerk—£809 13s dosing apparatus, overhauled actually been paid and set to levels, etc.
In the course of the work the specified reinforcement was

trate, but, either due to overdosing or, and the exceptionally large night flow as compared to day flow, the filter sand rapidly choked overnight to such an extent it became unwashable automatically, and had to be again removed and cleaned Unfortun-

Dam—The exploratory work that either (a) the night draw sirable for a number of reasons (b) should be an unnecessary

With regard to (a) the night

ment in the tunnel was not in temporary measure and in order this genlemen? ment in the tunifier was now in temporary measure and in the filters going automored there is no question about the some of the hori-atically over the night hour and there is no question about the some of the hori-atically over the night hour tion and that some of the hori-zontal joints in the concrete that a valve in the 6" main the were poor, especially one in the quarter or one-third of day rate

poor people are fleeced enough these days without charging them 10/- for something they are not guilty of the full applied which snewed some me has not been done, who sup-further points as requiring at ply reaches the upper area by tention. Of such points those day and there appears to be no nearest the heait of the dam excuse for a high demand only were regrouted at the time other than waste and leakage as the Contractor pointed out We believe that there are a large

higher head was put on other-wise the upstream fill might have been damaged again. Ow- Engineer We have therefore innow and although it is drastically reduced we have to pay the same rental same rental same rental scheme is a fine scheme and the Government can do nothing about the scarcity of electricity and payout the end of April last ing therefore finished on Dector the count in respect of the daughter Hunnah Merrigan fundant and dismissed the claim exploratory and repair work at payout the scarcity of electricity and payout the end of April last ing therefore finished on Dector the count in respect of the daughter Hunnah Merrigan and her husband John Merbush and her husband Joh

Mr Morrissey—I am in complete agreement with Mr Kyne's remarks A little is better than nothing and as the early warn—frequency of the water shewed as to whether this was plant on the part of the care—land and working it—Last the first as slander action against Misses with new to be taken in while and came back in 1937 OBrien watching the dam and in regulation of the reservoir and filter prevented her from letting the secuted and Mr D Arcy B L

not previously grouted. It was Before closing our report we discovered that the springs near wish to state that the Contraction of Mr. Wilder plant and at Road tors. Messrs Fitzpatrick with answer that but you know he is half of Mr. Keane soir Youg-Bridge might partly emanate Mr Heaphy their Engineering disclaiming all responsibility for hal payment of £25 4s 11d to from leaks which were in the filters.

Mr Heaphy their Engineering disclaiming all responsibility for hal payment of £25 4s 11d to William Power Knocknageragh ters.

Mr Butler—If we get no report Summerhill was granted

Yours faithfully

J K MACONCHY DELAP & WALLER Clerk-You all got copies of

Mr Kyne-Indeed we did and it was heavy going imagine we had lots of water but instead we are worse off than ever

Mr Morrissey-I think the re-

the report?

had hoped for as we felt at the time that this was going to be a white elephant We here to-night cannot blame anybody and I suggest that we ask the De partment to have a conference of the parties concerned to see Weir on river at entry to reser- who was originally at fault and voir staunched who is to bear the costs It Temporary supply from pipes would be dangerous for us to in bed of reservoir disconnected pre-judge anyone and give it publicity as we don't know where this will end

Strutting in tunnel removed Mr. Dahill—I agree and in after insertion of deflectometers view of that I would not like to discuss it further Manager-Delap & Waller sug gest that a preliminary inspection by a Department engineer be held and that would be only right if they were to take part

> Mr Butler-Has all the money been paid? Mr Butler-It should be easy to say who was at fault Mr Veale-It is evident that

In our county we had a number of plots fenced in and if the Department had been up and doing we would have had more houses built. That would have been an encouragement to rural workers to remain on the land It is rural workers—county coun-cil workers and agricultural workers—and those only who the Minister will attend to these occasion should get those houses when matters immediately so that Mr Farrell Solr those who have occasion to com Civil Bill was only sons are getting these rural cot-plain will be satisfied for Kilkenny for above scheme houses are condemned by the houses are condemned by the houses are condemned by the for Local Government and Publish medical officer of health. There lie Health if he will consider the Pa should be some other means of providing houses for such peo-All the cottages in rural

would be an encouragement to boys in the rural areas to marry and settle down if they had the cage for the bird If the Minis ter's Department have plans ready for rural housing when the emergency ends they will have done a very good service That would also help to provide employment which may be required when the war is over In portions of County Cork—

County Cork Deputy here Will deal with the matter forcibly - the cottage-holders nave only half-acre plots That is the case in that portion of County Cork area which is in my constituency Under an old scneme in County Waterford that was also the case but, with very few exceptions an extra half acre was added in recent years In all such schemes an made by Mr Heskin, TD, to the Department the latter wrote stating that the sheep dipping is to be carried out at the same time as heretofore

Mr Heskin said that he had asked to have the prevised adverse. who are in direct touch with rural production will till their plots. There may be people the farmers and Veterinary will not till their plots out any worker with an acre plot whether committee pass a resolution and again put it up to the De-will till his plot because he will till their plots out any worker with an acre plot whether her he will till their plots out any worker with an acre plot whether her he be an agricultural worker will have a country council worker with an acre plot whether her he be an agricultural worker will have a country council worker with an acre plot whether her he be an agricultural worker will have a country council worker will have a country worker will partment
Mr Walsh then proposed and get the horses and the facilities to enable him to do so due to the co-operation between himself and the other members of the rural community I think that it is very desirable to encourage and extend that co-

operation As regard turf production, nobody can grumble at present The weather has tended to en- of disposal.

#### **CAPPOQUIN** DISTRICT COURT

(Before Mr G P Farrell B.L.) Exemption Order For Cappoquin
At the opening of the Court
Supt P J Doyle Lismore applied for an Exemption Order pument to him at present for Cappoquin on Sunday, July Mr Williams said they The Justice granted the Order

Dance Licences Special Dance Licences were granted to Mr John Sca Proprietor Happydrome John Scanlan more and also to Mr Joseph Connery NT, in respect of dances to be held on July 9th

Neighbouring Farmers At Law John Sheehan farmer Knock garron Modeligo summoned Edmond Walsh, farmer Kilcannon Cappagh for having used abusive and threatening language towards him and applied to have defendant bound to the peace

Mr E Carroll solr Fermov appeared for complainant and Mr T C Williams, Solr Dun-

garvan defended Mr Sheehan stated that whil he was in his field looking after language complained of his cattle on May 27th the defendant who was accompanied by his workman Cooney crossed a bridge and came into his field where they had no authority to ne was a trespasser and had no right to be on his land Walsh assumed a threatening attitude and said the bridge would be there after him (complainant) Valsh then put his fist up against complainants face and said "go home now or Ill break you up and continued to keep up a hostile and threatening attitude
In further reply to Mr Car-

"oll Mr Sheehan said there was from trespassing on hi

wr Williams in cross-examination asked the complainant Walsh had not been friendly terms with him years, and had he not assisted

As regards the main roads I quate housing in rural areas is of the road in such a way that very abusive and threatening public which proved a nitting and waved a big stick over her the Government have done a great deal in the matter of house-building in recent years but I think that they were some the traffic and in many what slow before the emergency what slow before the emergency areas requests have come to Mr Kenny—Did your brother graveside areas requests have come to Mr Kenny—Did your brother graveside county councillors that such a seriously assault this poor man The did mourners included margin as I suggest should be on the occasion?

provided I suggest that the Complainant—No sir he simminister make an Order directed ply pushed him out and he fell to all county councils that such Mr Kenny then mentioned

Ireland should be reserved for Ireland and the County Counthe people working there It cals General Council which are two nominating bodies the same of £5 and costs right to elect seven members each to the Senate Electoral College as in the case of County Councils and County Borough

Councils The Minister replied that each County and county borough council has the right to elect seven members to the Seanad Publican explained that there Electorate A county council is representative of the whole of the county including urban districts in the county There is no cahir in order to take part in the reason therefore why the Associated one of them was a lation of Municipal Authorities and the reason therefore why the Associated one of them was a lation of Municipal Authorities. seven members to the Seanad lation of Municipal Authorities bugler, and he was, naturally and the County Councils General Council should have special representation. I would point out that each of these bodies is a nominating body and entitled to nominate two members to the administrative panel under the Seanad Electoral (Panel Members) Act 1937

buggler, and he was, naturally very thirsty after so much blow-ling.—

The Justice—So he thought he should blow" in another way (laughter)
