YOUGHAL NEWS many problems will have to be faced including unemployment but the Government can now give their attention to the work that will have to be carried out for the country said Mr P J Little, Minister for Posts and Telegraphs speaking at a public meeting in Youghal Town Hall

The people to be congratulated on the election result Mr Little declared were all those who had put the Government back in such a strong position It showed that they realised to the full their responsibilities.

For some years past, it had taken two elections to get the people to give their decision. and he was afraid that this was due to proportional represen-tation which favours minorities Mr Little said that everything possible would be done to de-velop the fishing and tourist in-
