VIEWS OF OUR READERS

A. T. & G. W. UNION (DUNGARVAN BRANCH)

(To the Editor)

A Chara—In view of questions asked in An Dail by Deputy Denis Heskin (Waterford), and of the publication of a letter over the nom de-plume 'Hurier on the Ditch' in last weeks issue of the local press my committee desire me to again publish the following—

(1) The only point in dispute between the Union and the Dickens Leather Company is that the Union require a written agreement as regards the employment of Trade Union Labour in similar terms to that secured by the Branch at Portlaw from 'Irish Tanners'

(2) We are not striking to keep out any certain persons That is a matter for each person himself as to whether he becomes a Union man or not Our only point is that none but Trade Union Workers be employed at the Dickens Leather Company

(3) We do not require any one to collect our contributions, or we do not ask the right to decide who should be employed at the Tannery These points cover our views on the dispute We recognise and appreciate the efforts of Deputy Heskin to effect a settlement also the writer in last weeks paper but we must in fairness to all interested point out that just five weeks ago we stopped work to secure this agreement and we will continue to refuse to work with non-union workers until the agreement is secured The point in dispute is the first principle of Trade Unionism and we have not changed nor will we change our views on this Nothing but the signing of this agreement will settle the strike no matter who intervenes The committee desire to return their sincere thanks to all those individuals firms and well-wishers who contributed to our Strike Fund and attended our Strike Dances

Yours Fraternally

RECENT FAIRS—

The Dungarvan horse fair held on Friday, Nov 10th was well supported and there was keen bidding for horses of good quality

The usual monthly fair held on Wednesday last saw a slight improvement in prices over the previous fair Demand for heavy cattle was good but other departments were slack enough

garran against Margaret and Nellie Connors Mr L F Lanigan solr for plaintiff said defendants had paid the £5 compensation and he now applied for costs

The Justice then imposed a fine of 1/ on Margaret Connors and allowed 28/ costs

Co. Waterford Vocational Education Committee

ESTIMATE OF £8,612 FOR 1945/46 ADOPTED.

Very Rev T Canon O'Brien P.P. V.F. Chairman presided at the special annual meeting of the above committee on Monday last Messrs D Coghlan, M F Walsh M McGrath, Liam O Miodhachain S Morris Ml Harty and L A Veale, were also present

Mr Jas Lanigan, CEO attended

Estimates Adopted
Mr Lanigan CEO, presented the estimates for the working of the Committee during the financial year 1945/46 The chief items of the estimate were—Administration £1,042, Instruction (including teachers salaries etc) £6,373 Maintenance of Schools and Classes £1,667 Scholarships £380, Maintenance and Travelling Expenses of Teachers £50, Special Irish Courses at Ardmore and Tramore £100 making a total of £9,612

The estimated receipts were as follows Estimated balance on April 1st 1945, £1,500, Grants from Department £5,127, Amount from Rates £4,634 (representing a rate of 4d in the £) Tuition Fees £120 Sale of Books etc £45, Sale of Class Material £100, Bank Interest £15 Making a total of £11,541 The capital account amounted to £1,526

The CEO dealing with the question of the provision of further schools said that the only buildings owned by the Committee are at Dungarvan and Cappoquin but the rest of the county is as it was 40 years ago Classes have to be held in old barns and the position has not changed since 1911 when Mr John F Boyle his predecessor wrote a report pointing out the need for schools He hoped that when the war was over the committee will do its duty in those other parts of the county and that the position when put in comparison with other counties will not show so poorly

On Mr Veale's suggestion that a few scholarships for girls at Post Office employees be granted it was decided to have enquiries made for the next meeting

Mr Walsh then proposed and Liam O Miodhachain seconded the adoption of the estimates which were passed

Butter Not Exported From Eire—At Carrick-on-Suir Urban Council on Monday night, Mr Babinon read letters he had received from Dr Ryan Minister for Agriculture and Mr Sean Lemass Minister for Supplies, in which they stated that there is no foundation for the statements made at a recent meeting of Carrick-on-Suir UDC that butter is being exported from Eire The only butter that has left Eire for some time past is that supplied as ships stores for use of crews of Irish ships

Smart Sentence in Assault Case
Patrick Flynn 5 Fitzgerald's Terrace summoned James Costigan, Cathal Brugha Place for assaulting him at Mitchel St on Oct 28th

Plaintiff in evidence said he was going home that evening when Costigan met him and hit him and split his eye

Costigan said that Flynn shoved him and he then hit him

Plaintiff said he did not wish to press the case

Justice—Then why are you here?

Plaintiff—I want to get my expenses

Justice—What are they?

Plaintiff—Sixteen shillings for summonses

Costigan—I won't pay any expenses

Justice—Then it's worse for yourself

A fine of 1 - and 16/- expenses was imposed

Immediately after Flynn the plaintiff in the previous case was charged at the suit of Supt P O Mahony, with assaulting James Power, Fair Lane on Oct 26th and also with being drunk on the same date

The Superintendent said that the assault took place at a dance at the Town Hall James Power was employed as doorman by the committee to keep order and to keep out undesirable

At 11.35 pm defendant came along and he was fairly drunk He wanted to get into the dance to go to the bar but Power refused to allow him in

He asked for some members of the committee but they also refused him and he was ejected as far as the door when he turned around took a bottle out of his pocket and struck the doorman

James Power in evidence said that the Superintendent's statement was correct He got the blow on the left side of the head

Defendant (from the body of the Court)—I can't remember throwing the bottle at him When I met him next day I apologised

Justice—What for I thought you said you knew nothing about it?

Defendant—I heard it

Justice—This kind of thing can't be allowed continue We have had enough of it already in Dungarvan

Sergt Teahan said that he was called and found defendant drunk and took him into custody

Superintendent—It is essential that dance committees have doormen in order to keep order and they cannot do that unless they are supported here It is becoming a common thing in these assaults to take a bottle at the slightest provocation and hit a person

Justice—Yes that must be stopped

A sentence of two months with hard labour was imposed in the assault case and the other case was marked proved and dealt with

Catholic Scout Notes

4th WATERFORD TROOP C.B.S.I. (St Joseph's Abbeyside)

Parade There was a good attendance at the Parade to first Mass on Sunday and less late-comers than usual This was probably due to the fact that the bugler was bugling at 7.30 a.m. We hope that some time a neighbour with a good aim won't change Revellie into Lights Out for the bugler!

Troop Meeting This week only five seconds were allowed as the interval between "Fall-in orders" and "Alert" The first item was a game in the form of a relay race as a "warmer upper" Two teams lined up facing chairs on which were pieces of timber At the go signal numbers 1 grabbed the sticks ran round the end of the team round the chair and passed the sticks to numbers 2 who did likewise The last Scout to run put the stick back on the chair and stood at "Alert" A scout from each patrol competed in a semaphore contest The idea was to see who would send "The Quick brown fox jumped over the lazy dog" in the shortest time with the least number of mistakes APL Harry Tindles Shine was the winner by long odds The sentence by the way contains all the letters of the alphabet The Wolf Patrol could not settle an argument as to who was to have the honour of representing the Patrol so they were left out of the test

It is strange how modest chaps can be! The next game was a kind of obstacle race in which scouts had to make a reef knot 2, crawl under a bench with hands behind the back 3, turn 'head-over heels' 4, make fisherman's knot, 5, jump a chasm (marked on floor) 6, sit at a point C with a broken leg and 7, make a bowline round body with rope thrown and be hauled to safety When number one scout finished he ran back to send off number two and if any chap could not jump the chasm he had to go out the back door and round by the front to do the next item The performer of the rope throwing act was Stephen of the Knight Novices The last item was a run through a number of sea-shanties at which the Panther Patrol did not figure prominently

General One of our PL's is on the sick list and flowers etc will be gratefully received by the Patrol on his behalf The back yard was mysteriously cleaned up during the week, so we say thank you to the cleaner even though the Panther Patrol on duty got no credit for the job The meeting next week will be at 8.10 p.m. because of the Novena There will be soon seen a new kind of Star up Home-Rule Street when P.L. James receives the badge of Star Scout from H.Q. and makes history in the Troop as it will be the first of such awards to the 4th Waterford "KEN" has come back to the column at last having found a blade to "top" the pencil

PANTHER

KE NOTES Our monthly, Confraternity Parade was fairly well attended by the KE's the only absentees being

chronic cases who are short of things The long-threatened Clan meeting was held at 11.30 a.m. on Sunday and although some of the boys were expecting fireworks it went off fairly quietly Questions on 'slacks or shorts' attendance at meetings etc were discussed and settled —I hope Weekly Patrol Meetings to be held each Tuesday night and a Clan Meeting on the Tuesday after Parade Sunday "Active Participation and not Benevolent patronage" is what we expect from all members Take a note of that you members of the St Augustine's Patrol Our Meeting on Tuesday night was one of the best we have had so far and although we were not in uniform we did two tests each and at this rate we should have the KEN's ready for initiation by December 8th We ended with the Scout Prayer when the SM got tired of examining and then we retired to the C Room where Christy started playing "poor man" though it did him little good

General "But nobody cares for the Well somebody must because we don't see much of him at the Den at least not on meeting nights That duet "Juanita" has become very popular lately KM MC has not put in an appearance since last week when his "BB factory" was bombed That's all for now You're on next Kett KEN

Departure Of The Military From Cappoquin

The 7th Cyclist Squadron which had been stationed in Belmont, Cappoquin, for the past three years, took their departure on last Monday amidst scenes which should long be remembered in Cappoquin.

The news of the impending departure of their husbands and sweethearts, respectively, had cast a deep gloom over them for the previous week, but it was not until the actual moment of their departure arrived on Monday morning that they gave full vent to their pent-up feelings of anguish and sorrow.

Groups of people congregated about the Square, and other points in Upper Main Street, and as the soldiers arrived from Belmont they were simply "mobbed" by their waiting and weeping sweethearts.

Not until the last of the soldiers had disappeared from view did the crowd begin to disperse from around the "Cornerstone," but there was little work performed by them for the remainder of the day.

On several nights last week, the Officers of the Squadron were hospitably entertained in the private houses of several of the leading townspeople, and on Saturday night a special Reception was held for them in Conway's Hotel, Cappoquin, their generous hosts being the Officers and Staff of the L.D.F. and the L.S.F.

The Officers of the Squadron present were Captain R. Kinsella, Lieut. D. Daly, Lieut. O'Brien and Lieut. Murray, while Capt. J. Boyle was also one of the honoured guests. A grand social time was spent by all, interspersed with songs, recitations and appropriate farewell speeches, to which Capt. Kinsella on behalf of the Squadron, feelingly replied, and said they could never forget the great kindness and hospitality which they had experienced from the people of Cappoquin during the past three years, and it was with a feeling of deep regret they were now leaving the town where they had spent so many happy and enjoyable years (applause).

On the same night the N.C.O.'s and men of the Squadron were hospitably entertained in another way by Mr. and Mrs. T. Uniacke, publicans Lower Main Street, who treated them with the greatest kindness and generosity, just as they had done to the members of the Cappoquin hurling team on the night after they had won the junior county championship, so that Mr. Uniacke, although not a Cappoquin born man, is proving to be one of the most generous and sporting traders in the town of his adoption at present.

To mark the end of their stay in Cappoquin, a grand Military Church Parade was organised by Capt. Kinsella and the other Officers for last Mass in St. Mary's Catholic Church on last Sunday, in which large detachments of the L.D.F. and the L.S.F. also took part.

Headed by the L.D.F. Pipers Band playing lively martial airs the parade marched from Belmont through the Main Street, and proved a most imposing and spectacular sight, with all the Officers and men of the L.D.F. and L.S.F. in full uniform, while the men of the former all carried rifles.

Special accommodation had been reserved for them in the Church, where there was an unusually large civilian congregation, and at the Elevation of the Host by the Rev. T. Dunphy, C.C. celebrant of the Mass, the Grand Salute was sounded by a Military Bugler, while six L.D.F. members, with fixed bayonets, presented arms and the National Flag was held aloft by Mr. Thomas Conway, the Servers at the Mass being Joseph Conway, Junr., and Thos. Lonergan.

This was a most solemn and inspiring scene, which made a deep impression on all, and at the conclusion of Mass Benediction of the Blessed Sacrament was given by the Rev. Stephen Biennan, which proved a fitting finale to one of the grandest religious ceremonies witnessed in Cappoquin for years.

More About The Gate At Western Terrace

Family Living In Hovel Overrun By Rats.

Mr. T. McCarthy, Chairman, presided at the usual fortnightly meeting of the Dungarvan Urban Council held at the Council Chambers Town Hall on last Friday night. Messrs. T. A. Kyne and L. A. Veale, were also present.

Mr. M. O'Meara, Acting Town Clerk, attended.

Response To Children's Health Committee Meetings.

Referring to the fact that the proposed meeting of the Children's Health Committee to be held the previous Friday had fallen through due to lack of a quorum, Mr. Kyne, said it showed all the more reason why the fund should be drawn from the rates and the voluntary system done away with. On that night there were only two members of the Council present and at this meeting there were only three. He thought the other members of the Council should attend such meetings.

Chairman—There is a lot in what you say, Mr. Kyne. If the Council do not wish to bother about it, no one else will, but nothing can be done about the rates now. Those members who are here every night do their best and it is a pity all do not come especially when it is for such a good object. The meetings are called time after time but there is very little response.

Mr. Veale—Is there any credit balance in the fund?

Clerk—There is a balance of £41 and even with the expected grants there will be £100 short.

Mr. Veale—I think the fairest way is to put it on the rates?

Mr. Kyne—The only way to do that now is for the Manager to bring in a supplementary rate.

Chairman—I again repeat that all the members should be here as nothing can be decided until we have a full meeting.

A Hovel—Overrun by Rats.

Mr. Kyne dealing with the method used in letting Council houses said that he had knowledge of a house at Abbeyside which could only be called a hovel. It contained one room, twelve feet square and one foot below ground level. It had no sanitation and only one window and the place was infested with rats and in this there lived a man, his wife and five children, the eldest of whom was a boy of 14 years and the youngest was only 1 1/2 years. The man had applied for two Council houses and one Agricultural Labourers' Cottage, but had been turned down. He thought there could be no more needy a case. Two of the children have contracted TB and he believed it was unchristian and immoral to leave people living under such conditions. It was all wrong and the Manager should make an order that people like these should get first preference.

Clerk—In the case of houses becoming vacant all applications are referred to the M.O.H. and the lettings are made on his approval.

Mr. Kyne—Then my complaint is with the M.O.H. and not the Manager, and if the M.O.H. can convince me that there is a more needy case, then I will be satisfied, but I know what I am talking about as I and my colleagues here know of the general housing conditions more than any as our work takes us into the people's houses.

Chairman—I think it would be better to send a letter to the Manager about it even though Dr. Casey seems to be responsible.

Mr. Kyne—The matter demands urgent attention if not for the parents' sake, then for the children.

It was decided to have the letter sent to the Co. Manager Wolfe Tone Road.

The Clerk at the request of the Manager said that the Council to avoid confusion might

sent the business people of the town, later accompanied the Parade back to Belmont, where the N.C.O.'s and men of the Squadron were hospitably entertained to refreshments, etc., on behalf of the townspeople, for which Capt. Kinsella, on behalf of the men suitably returned thanks in a brief but graceful speech.

Thus ended the celebrations on the part of the townspeople as a tribute of respect and appreciation towards the Officers and men of the 7th Motor Squadron, whose departure is now sincerely regretted by all, but who have carried with them the prayers and best wishes of the people of Cappoquin for their future happiness and prosperity in their new station.

agree to call Fair Lane some other name. There was already a Wolfe Tone Street, and if the street was named to commemorate some of the 1916, such as Pearse it might be better.

Mr. Kyne said that the suggestion was put forward by the Old Comrades I.R.A. and as far as he saw it should stand as Wolfe Tone was a man of Irish ideals when most of his religious persuasion held different views.

It was decided to request the Manager to have the place renamed Wolfe Tone Road.

The Western Terrace Gate. Mr. D. Attridge, 14 Keating St., wrote as follows—

"I see by the 'Leader' that you are thinking of putting up a gate at Western Terrace, but nothing was said about Keating St., although it is a right of way for there too. I am just going to tell you that no gate is wanted there as no one applied for it. It was the chairman brought it on himself. He also said that clothes were stolen there which is a lie and he also said there was bad conduct there which I have never seen. I am writing on behalf of those who do not want the gate and if the Council have any money to spare they ought to do something about the doors of the houses."

The writer also stated that if the gate was placed there they would be within their own rights in breaking the lock.

Chairman—The night I brought this question up I did not do it for fun. I know what I am talking about and I repeat that clothes were stolen there and also that bad conduct is going on.

Mr. Kyne—What was the result of the census which was to be taken?

Clerk—Fifteen for and two against.

Mr. Kyne—Well, I suppose majority rules.

Chairman—I can not mention the name of the person from whom the clothes were stolen, but if I get permission I will mention it at the next meeting. The bad conduct is still going on there and I have been told of this by several. Only for the red herring which was drawn across the path at what I said the gate would be up today.

Mr. Kyne—As the majority want the gate we recommend the erection of the gate. If the gate is to be smashed it won't be our business.

A Kennels For The Dungarvan Blazers.

The Chairman said that he objected to signing the letting agreement of the old manure depot at the Youghal Road to the Dungarvan Blazers Hunt Club for a kennels as it was too near the town. He said it would not be fair to have these dogs howling there all night and disturbing the people living in the locality. He also objected because he understood that the carcasses of dead horses would be brought there to feed the hounds.

Mr. Kyne—That is common sense. The farther away such a kennels are placed the better as they should not be near any human habitation.

Chairman—I saw the kennels erected there a fortnight ago and never knew anything about it until then. It is a terrible state of affairs when the chairman of the Council doesn't know what is on Council property.

Mr. Kyne—In view of the general opinion of the meeting, I do not think you could sign this agreement. I have no objection to them keeping their dogs somewhere else, but they should be kept away from people's houses.

A Fair Green.

Mr. Kyne said that a fair green was badly needed in the town as it was a terrible danger moving through the town on fair days. From a sanitary point of view it was also needed and as there were hundreds of pounds spent in cleaning the streets as the result of the fairs there should be no objection to buying a place quite convenient to the town.

Chairman—I do not agree as many people especially publicans, depend on the fairs for their business.

Mr. Kyne—I doubt if it will interfere in any way with the volume of business done. What I object to is the slush and muck which is all over the place after a fair. As I said it is not sanitary as this filth is brought in to every home by people walking through the streets. I was thinking that Williams' Marsh when it is ready would be an ideal place which is quite adjacent to the town and near the railway.

Mr. Veale agreed with Mr. Kyne's remarks but the matter was allowed drop.

G.A.A.—STRADBALLY'S EASY WIN. Stradbally, 5-9; Dungarvan, 0-2.

Stradbally senior footballers had an easy win over Dungarvan in their Co. Championship game at the Gaelic field, Dungarvan, on Sunday last on the above scores. This game gives Stradbally their fifth Co. Championship in succession and they are to be heartily congratulated by all Gaels on this magnificent achievement. The game was very one-sided and fouls were frequent due to close and robust tackling. All through the hour Stradbally had the game well in hands and led at the interval by 1 goal 5 points.

Dungarvan failed to register a score in the first half. The second moiety was all in favour of Stradbally and they kept piling up score after score to romp home easy winners on the above scores, Dungarvan being only able to get through for 2 points.

Transport On Fair Day

THE monthly fair day at Dungarvan attracts a big number of farmers from a large radius about the town. Many of these drive stock to the fair and have to start walking in the very early hours of the morning. If they are lucky to sell they rely on the buses to take them home. The farmers from the Youghal and Kilmacthomas areas are well served by a pretty good service but the Clonmel service rarely can cope with the number of passengers on these occasions.

There was almost a riot as the last bus for Clonmel was preparing to leave the Square Dungarvan on last Wednesday evening. The driver and conductor had to call the help of a Guard in order to regulate matters and although the bus was loaded to the doors when it finally pulled out many were left behind.

As the presence of this section of the farming community means a great deal to the business interests of the town we suggest that the Dungarvan Urban District Council pass a resolution requesting the Great Southern Railways Omnibus Co to run a double bus on fair day evenings to Clonmel to facilitate those who attend the fairs.

Kilmacthomas And District News

Child Attacked by Grayhounds—When Miss Mary Brazil daughter of Mr and Mrs William Brazil Ashtown, Kilmacthomas, was returning to her home after school at about 3 p.m. on Friday evening of last week she was attacked by seven grayhounds owned by Mr Rodger Shanahan, Ashtown Kilmacthomas. The child, who is aged seven years was alone when attacked, and after being dragged about 25 yards by the animals she became helpless and was unable to protect herself. She received severe injuries to her neck and left arm, and also her face and legs before Mr Joseph Walsh, Jockey Ash town came on the scene, and were it not for the speedy action of Mr Walsh in beating off the dogs the consequences would most likely have proved fatal. The child was immediately removed to her home where she received medical attention from Dr P J Dooley Kilmacthomas. The condition of the child has now improved and we hope it will continue so.

Death in Clonea—Mrs Mary Anne Kennedy, whose death occurred at her residence in Knockalafalla, Rathgormac on Tuesday last, was a member of a well-known Co. Waterford farming family. Mrs Kennedy who had reached a very advanced age was a devoted Catholic and enjoyed the respect of a very wide circle of friends. There was a very large attendance at her funeral to Clonea Parish Church on Wednesday last, and her remains were received by Rev T O'Byrne C.C. Clonea Requiem Office and High Mass was celebrated for the repose of her soul on Wednesday morning after which the interment took place in the adjoining cemetery at Clonea. We join with all in extending to her relatives our deepest and sincere sympathy.

Waterford Circuit Court—Miss Bridget Butler, Munsboro Clonea, was at Waterford Circuit Court, on Tuesday last, sentenced to 12 months imprisonment in Mount Joy jail. She pleaded guilty to the larceny of £50 and one hatching hen the property of Mr Patrick Hunt Ashtown Kilmacthomas. Defendant was charged at the August Kilmacthomas District Court and remanded to Waterford. She had to be forcibly removed from the court to a waiting motor car. She wept bitterly when Judge Sealy pronounced the sentence.

Wedding—The marriage was solemnised at Newtown Parish Church on Saturday, Nov 11th of Mr John O'Dowd son of Mr J and Mrs O'Dowd, Riverstown Co. Sligo, and Moira, daughter of Mr and Mrs Patrick Lee, Glasnevin Dublin. The bride who looked charming in a powder blue ensemble with navy accessories wore a bouquet of chrysanthemums, and was attended by Miss Cait McGrath who looked equally charming in an Air Force Blue frock with maroon accessories.

C.Q.M.S John Fennelly D.A.O., Kilmacthomas was best man. Both parties are very well known in these parts. The groom who has been resident here for about two years is a gentleman of many fine qualities and is highly respected and deservedly popular for his

courteous and upright disposition. He acted in the capacity of Army Instructor to the L.D.F. in this district for two years and during his time amongst us he proved himself to be one of the best. His bride who is equally well known is possessed of a most charming personality and a most cheerful and pleasing disposition for which she is deservedly respected. She is also well-known in Dungarvan where she occupied a responsible and remunerative position for a number of years before she came to Kilmacthomas where she was employed as shorthand typist at Flahavan's Milling Merchants.

After the ceremony a reception was held at the residence of Mrs John Denney Millbrook Terrace, Kilmacthomas and the present home of the bride. A most enjoyable time was spent by a large number of guests for several hours after which the happy couple left on their honeymoon. To both we wish a long and happy life of health and prosperity.

Stradbally Items—Miss K O'Neill Domestic Economy Instructress is at present giving a course of Domestic Economy at Stradbally. The classes we are informed are being well attended, and it is expected that the course will meet the same success as it did in Kilmacthomas during the earlier months of this year.

Stradbally's Great Win—The Stradbally senior footballers are very jubilant over their success at Dungarvan on Sunday last, and are now completing arrangements for a victory dance at Bonmahon on Nov 26th at which the Co. Championship medals will be presented. By their great win on Sunday last these worthy footballers succeeded in bringing the honours for the fifth year in succession to their village and they deserve the highest praise of all for such a wonderful achievement.

Entertainment—The celebrated Bailey Co had a very successful three nights run here on Monday, Tuesday and Wednesday.

GAELIC NOTES

SENIOR CLUBS

(By "TAOBHLIN")

Congratulations to Stradbally Senior Footballers who on Sunday last at the Gaelic field completely outclassed Dungarvan in the Senior Football Co. Championship. By defeating the Blues on Sunday last Stradbally have won their fifth successive County Title and now share honour with Clashmore and Dungarvan who were the only other clubs in the County to hold five County Championships in a row. Clashmore first set up this record in the years 1903-4-5-6-7. Then Dungarvan came along in 1926-27-28-29-30 to be followed by Stradbally who are now holders since 1940. This is certainly a unique feat but on Sunday's display the champions look like breaking all records in 1945. Fielding at full strength Stradbally gave a great display in which they proved themselves worthy title holders. At no stage of the game did the 'Old Boro' men look like winning and all their efforts to score proved fruitless against a Stradbally back-line which proved well nigh impregnable. The listless display of the Blues on Sunday last came as a big surprise to optimistic supporters, and candidly I was very disappointed myself. A feature of the game was the great around display given by Willie Hoesey the Carlow All-Ireland player. He was here there and everywhere and was about the only Dungarvan player to shine out. I discussed his play with some well-known football personalities and one and all were of the opinion that he is a footballer superb in a class of his own.

Next Sunday will finish the senior football competition when the Army and Kilrossanty field out at Leamybrien in the concluding round. This game should prove a capital attraction in the Comeragh stronghold and followers are assured of a good hour's football. The game is timed to start at 3.30 (S.T.) and will be refereed by the Co. Secretary. The Waterford Senior Hurling Selection Committee meet this week-end to select the team to do duty against Tipperary in the Four County Hurling League match at Dungarvan on Dec 3rd. It would not surprise me to see 'Catchy' Healy get a try out in an important position and I expect the name of Willie Galvin of Portlaoise will be seen amongst the forwards when the selection is made known. Another young player likely to gain recognition is the Camphire player Paddy Ahearne. Representing Waterford at the extraordinary meeting of the Central Council this week-end

DUNGARVAN CIRCUIT COURT

The Dungarvan Circuit Court, which opened before Judge Sealy at Dungarvan on last Tuesday week ended after a long sitting on Thursday, Nov 9th.

Decree in Collision Case—Mr Jack Lynch South Tce Carrier claimed £17 14s 10d damages from the G.S.R. Mr Maguire B.L. (Messrs Farrell & Morrissey Solrs) w for applicant and Mr J D Arcy B.L. (Mr Kenny, Solr) de fended.

Mr Maguire said that the action arose as a result of a collision when a G.S.R. beet lorry struck applicants lorry at the corner of Mary St and O'Connell St on Nov 16th 1943. At the time Mr Lynch's lorry was bringing casks of tanning liquid from the Dickens Leather Factory to a store at O'Connell St. The damage to the casks amounted to £8 4s 10d, the repairs to the lorry cost £2 and further repairs to the chassis not yet done will cost £7 10s.

Mr M Hassett, B.E. proved maps of the scene of the accident. John Kiely the driver of Mr Lynch's lorry in evidence stated that on the date of the accident he was bringing the casks from Dickens Leather Company to their store at about 4 p.m. when he was coming from Main St to the Square he was doing about 10 m.p.h. Before coming to the junction he blew the hooter and was almost across when the other lorry came down Mary Street at a fast rate. He swerved away to the right but the G.S.R. lorry's front right wheel hit his left front wheel. Three or four of the casks were knocked off and one was badly damaged. The steering of the lorry was damaged in the accident.

Mr D'Arcy—At the time of the accident you were only driving 6 or 8 m.p.h.—Yes. How old are you?—24 years. Why hadn't you the barrels roped?—They were heavy and would keep in position. Wasn't your lorry only hanging together?—No. Guard D Regan Kilkenny, said I was seated in a motor car facing Main Street about 30 ft on the O'Connell St side of the junction. I saw a lorry coming up Main Street at about 10 m.p.h. and 8 ft from the left kerb. I also heard a lorry coming down Mary St fairly fast and Lynch's lorry was almost across the junction when the G.S.R. lorry came diagonally across and hit it. The G.S.R. lorry pushed the other one tilted it up and the casks fell off. I would say the G.S.R. lorry which was loaded with beet was travelling twice as fast as the other one.

Mr D'Arcy cross-examined witness on the speed of the G.S.R. lorry. Guard Giblin gave evidence of coming on the scene of the accident. He later made tests in both lorries.

William O'Sullivan Mitchel St and John Cotter Ballymacbray other eye-witnesses also gave evidence and said that the G.S.R. was travelling faster than Lynch's lorry. Mr Patrick O'Brien Motor Mechanic at Crotty's Garage Mr Bud Sargent Lismore and Mr Jack Lynch owner of the lorry gave evidence of the repairs and damage.

John Fleming the driver of the G.S.R. lorry said that he was driving for 12 years and never had an accident. He was coming from Ardmore with 44 tons of beet. The cab of his lorry was halfway out on the junction when he saw Lynch's lorry and both swerved and there was only a slight impact. The speed of his lorry at the time was 10 m.p.h.

Bernard Dalton Mary St Vincent Dalton The Square and Sean Murphy, Abbeyside also gave evidence for the defence stating they saw the approach of the beet lorry at about 10 m.p.h. His Lordship giving judgment said that this crossing was very dangerous and although he would decide against the driver of the beet lorry only 2s. would

be able to avoid an accident of this type. The law states that Fleming should have given away to the vehicle on his right so that he is responsible. A decree for £13 10s with costs and expenses was given.

Turbary Rights On Deelish Mountain. Mrs Alice Connors Fahafeela sought damages for trespass and an injunction restraining defendant from further trespass against Michael Quarry Kilmarehan.

Mr Clarke B.L. (Mr Kenny) for applicant said that the issue really was a matter of title as to whether defendant has or not the right to take turf off applicants land. Mr McDonald B.L. (Mr Williams Solr) defended. Alice Connors said that as committee for her husband she was owner of the lands at Deelish Mountain and defendant has no right to cut turf there. In 1940 Robert Quarry, brother of defendant came and said that her husband allowed him to cut turf as his sheep trespassed on Quarry's holding. He then asked for her permission to continue taking it and she gave it as long as her sheep trespassed. In 1942 she had no sheep on the mountain and she instructed her caretaker Mr Patrick Guiry The Pike not to allow the Quarrys to cut the turf unless they paid for it. She had given no permission since and she claimed £15 damages.

Patrick Guiry in evidence said I live at the Pike about a mile from Deelish Mountain and I know the place well as I have lived there since 1914. The place was first owned by Mr Nugent Humble and the small holders there had a right to cut turf there then and in return they did work and gave machinery to Mr Humble. Mrs Connors bought the place about 11 years ago but I heard of no arrangement between Mr Connors and defendant about the turf. I saw the Quarrys cutting and reported it to Mrs Connors and she told me to stop them. I told them and they said that her sheep were trespassing on their land.

Mrs Mary Carroll Lacken, said that in 1928 or 1929 she got the ownership of the property under the Nugent Humble will jointly with her brother. About 3 or 4 years after she sold it to Mr Connors. The farms used cut the turf but paid her for it and there was no other claim or right to the mountain by anyone. Mr Patrick Ryan, Mitchel St Dungarvan said that he auctioned the mountain in question. It was all fee simple and Mr Connors bought it for about £40. John Dalton stated that he was 82 years of age and knows Deelish mountain well since 1895 when he was game-keeping for Lord Dartry's Agent Mr Roberts. He knew Mr Nugent Humble who lived at Cloncosk-raine and he also knew the land held by John Keane now in the possession of Ml Quarry which was at the bottom of the mountain over which a herd of two or three hundred sheep which Mr Humble brought from Scotland with a Scots herder used to graze. He often saw Quarry's predecessor Keane cutting turf on the mountain and Mr Humble knew about it. Other tenants also cut turf there a id from heresay he knew there was an agreement that they cut the turf in lieu of the trespass by the sheep on their land. Michael Quarry in evidence said that he bought his holding from John Keane for £20 in 1931. Previously he worked for Keane and often cut turf for him on Deelish mountain and took it himself for 13 years un-

til June this year when Guiry and young Connors came along as he was cutting turf and the latter said "don't take any more turf as you're not paying for it".

James Walsh and Maurice Dunford also gave evidence for the defence.

His Lordship giving judgment said At present the turf rights up there are more important than ever and it is difficult ascertain as there is no agreement in writing. Mrs Connors has proved ownership to the land and the onus is on Quarry to prove his right to cut turf without paying for it. There was no right ever attached to Quarry's holding and there is no mention of such on the folio and if there was he should have had it reduced to writing when buying it. There is strong evidence which I accept about the arrangement in Mr Humble's time but it doesn't go far enough. Mrs Connors is within her rights in claiming that she only has the right to the property and the title set up by Quarry is a bad one and I give a decree for £5 and an injunction to restrain defendant from further trespass.

35/- expenses were also allowed.

Western Divisional G.A.A. Notes

(By AN RUNAIDHE)

Kilgobinet Club Get Going—A general meeting of all members and intending members of Kilgobinet G.A.A. Club will be held on Sunday next 19th inst. immediately after last Mass at Kilgobinet Church. It is intended to enter a junior and a minor team in the 1945 championships. The one and only "Bobby" is leading this re-organising drive. Best of luck boys.

Medal Found—A Co. Championship medal has been found. It is for Senior Hurling 1941, won by Dungarvan. It was found on the Cappoquin-Dungarvan road. Owner can be put in touch with finder by sending his name and address to me c/o this paper.

Eire Oge Tournament—At Lismore on Sunday next Lismore meet Cappoquin in the Eire Oge hurling medal tournament. This game, according to Lismore officials will be in the nature of a come back for Lismore. The black and amber boys are not at all satisfied that the championship game was a correct result of their hurling form. With Cappoquin (Co. Champions) fielding at full strength this game should be worth seeing. The last meeting certainly provided first class hurling and this game gives promise of even better.

Stradbally Had A Soft Game—Stradbally senior footballers had such a soft win over Dungarvan that it was almost a walk over. We had heard great things of how Dungarvan expected to defeat the champs but the result showed that it was all talk. I can see no hope of Dungarvan getting anywhere in senior football without a complete change in their attitude to training. You can not win a county championship without training. Congratulations Stradbally.

Ballycoe Have A Social—Ballycoe Club held a social on last evening at the Club Headquarters. A splendid tea followed by refreshments and speeches made a very enjoyable evening. Other clubs please copy it would help your organisation.
