Same Roads Estimate

I have pleasure in submitting the Provisional Road Works Scheme for the year ending 31st March March 1946 together with estimate of costs of works proposed to be done in the year

The total expenditure proposed

is as follows —
Main Roads £24 290 County
Roads £66 453 10s 0d Urban
Roads £1 000 Gross total
£91 743 10s 0d

The provision for main roads includes a sum of £9 396 to be obtained as maintenance grant £500 for contingencies and £14 094 for maintenance works Except for a sum of £300 proposed for improvement to Tickincor Bridge there is no provision for improvement

The importance of the main roads cannot be over estimated

Many of the county roads are of very great importance and of very great importance and main roads apply equally For several years past the amounts Reactaire got worled in case from nomination for positions available for maintenance of the place would be torn down on Western Road continue to available for maintenance of county roads have been entirely inadequate and the result is general deterioration

A number of vaccination and the result is general deterioration and the result is general deterioration. general deterioration A number of very important roads are included for steam rolling All tnese have reached the stage where ordinary repair is of little where ordinary repair is of little use I draw your special attention to three in particular—Ballydnuff Station Road, Cappoquin Bridge to Tourin, Coolnagour Road I would strongly recommend that the estimate for these roads should be passed but in order to accomplish this it will mean a substantial increase in the amount passed last crease in the amount passed last year for county roads Co Manager—I cannot antici-

pate this years rate, but the Council would be well advised to pass the same amount as last year although it is a matter for yourselves The estimate is a

Mr McGrath—What was last

A GOOD BEGINNING

- "A good beginning is half the work." is a proverb as true of wheat sowing as of anything else
- Unfortunately the weather in Autumn and early Winter was so unfavourable that a good beginning with this year's wheat programme just wasn't possible
- It is all the more important, therefore that every opportunity should be taken to sow as much Winter wheat as possible before the middle of February
- Good supplies of Queen Wilhelmina Paiblerg and Squarehead's Master have been assembled

Death of Mr T O'Donoghue—With much regret we record the death of Mr Thomas O Donoghue which sad event took place at his residence in Chapel St. on Thursday Jan 11th after a very brief illness, to the great regret of his wife family and innumerable friends. A great sportsman, he was a keen supporter of all GAA games himself having won fame and glory on the playing fields as a member of the renowned "Lismore Ramblers team one of the greatest football teams in Ire-A genial land at that time generous and unassuming dis-position are only a few of the many admirable traits of character which had won for him hosts of friends and companions

The esteem in which deceased was held was reflected in the large and representative cortege which accompanied the remains which accompanied the remains to St Carthage's Church on Friday evening Holy Mass was offered up on Saturday morning for the eternal repose of his soul after which the interment took place in the County Council cemetery in the presence of a huge concourse of mourners and sympathisers—RIP
