A Day At The Races—The residents of Tallow and Moorehill utilised all means of transport to get to Lismore Races on Wed-nesday week Horses and traps bikes donkey cars and the old reliable shanks mare The glori-ous weather prevailing made young and old travel, and at 1 30 young and old travel, and at 1 30 pm Tallow looked like Goldsmith's 'Deserted Village' 'all all were gone Lovers of the sport of kings lost heavily in the light-weight event when the much-backed 'John d'Or was beaten by 'Castle Tavern' But the half-empty pockets were soon replenished when the old relights Tallow horse. Spring. reliable Tallow horse Springfield Boy passed the post four lengths ahead of Cottage Ben It was a very popular victory and owner and jockey received a big ovation Springfield Boy has always proudly upheld the honour of his native town for his popular owner Mr P Curley and when asked to do it again on race day at Lismore he readily obliged Local owners again plunged heavily on the Moorehill horse Major E P Maxwell's Squirrell III for the Maiden Plate and safely piloted by Mr Sean Hyde he duly obliged Major E P Maxwell was the recipient of numerous congratulations on his horse's first victory which all hope will be only the forerunner of many more The Open Farmers Race saw five horses face

Having quoted from a speech delivered by An t-Athair Peadar on that occasion the lecturer went on to describe Youghal and its immediate surroundings from Gaelic scenic and historical view-points. He then dealt in detail with the famous Bardic School Cuirt na m-Burdun founded in the parish of Ballymacoda in 1744

Mr O Nuatain concluded by giving sketches from the lives of An t-Athair Peadar O Neill mises

The outrage was not discovered until late that evening and the matter having been reported to the Cappoquin Guards Sergt J Browne and Guard M Moloney cycled out to the scene early on Thursday and as a result of their inquiries they set out in search of a young girl and a young boy whom they suspected of being the culprits They soon got on the trail of the suspected pair but the latter realising that they had no chance of escaping from the cycling Guards if they kept to the main road very quickly took the main road very quickly took to the fields and started a hasty trek across country where they knew that no cyclists could fol-

Finding themselves thus out witted for the moment the Guards then left their bicycles O Brien a native of Ightermur-ragh and one of the Manchester by the roadside and started on a cross-country chase of the fugi-tives but the latter displayed lare speed and ingenuity by zigmidleton Water Supply—That the Council would eventually have to face an expenditure up to £4000 or £5000 to trace the source of the shortage of public water in the urban district was the view expressed by the Manager (Mr D C Murphy) at a special meeting of the Midleton UDC were eventually captured after

Reading from the Engineer's report the Manager stated that the output from the reservoir was approximately 7000 gallons per hour or about 40 gallons per head per day of the population. The Engineer's opinion was that the entire fault of the shortage was due to leaks and waste. A report from a water inspector was also read disclosing the discovery of a number of leakages and waste in the area ages and waste in the area the Manager added that dras the steps would be taken against were eventually captured after a tiresome chase which had fully tested the stamina of such well-trained athletes as Sergt Browne and Guard Moloney. It was then found that the fugitives were a young girl named Bridie Connors aged 17½ years and her younger brother Daniel Connors aged between 15 and 16 years both natives of Dungarvan but the Guards were rewarded for their perseverance when they recovered all the missing booty from the prisontic steps would be taken against those who were responsible for waste Thursday evening from where

they were remanded in custody to Youghal District Court the next day when Mr G P Far-rell DJ gave the girl the option of going into a home for two years or going to jail for 3 months but as she refused to go into a home she was then sen-tenced to three months imprisonment and was conveyed
