A QUIET ELECTION—SO
FAR—
Although the date of polling for the County Council Election is Thursday June 14th less than a forthight from post there has fortnight from now there has been a strange silence so far the part of the prospective candidates as no public meeting has yet been held here by any Party and there is an entire of that pre-Election activity which had been so noticable several weeks in advance in the case of all previous elections in West Waterford Perhaps after the various can-

Owing to the confusing numa list of the names or number of candidates who will be in the for the five vacancles for the Lismore Electoral Division duff Lismore Cappoquin etc but we can name one at least with absolute certainty this being Mr M F Walsh PC auctioneer and valuer Cappoquin who headed the poll as an Independent at the last election who s going forward under the same banner on this occasion It was no surprise to his numerous supporters in Cappoquin to find that he had headed the poll three years ago as a more energetic faithful and regular public representative it would be difficult to find anywhere

Elected as an Independent candidate he was untrammeled by Party ties or obligations and was therefore free to devote all his attention to the needs of the rate payers who had elected him. He has been personally responsible for the carrying out of several important works in Cappoquin the latest of which was the laying down of the present splendid footpaths while he is now on the point of getting a very necessary work a public lavatory erected in the town and also getting the Rock Road between the town and St Cemetery Dromroe steam-rolled a necessary work which we have been agitating

for over a long period When the electors have an able and fearless representative like this to look after their interests at all times they should feel under a moral obligation to again warmly support him and we hope they will loyally do so on the Polling Day on Thursday AN OUTSTANDING DRAMATIC

While the audience on each night was fairly large it was not like what such a superior Company merited but it has always been difficult to get a crowded audience into an enclosed hall in Cappoquin during the long bright evenings we are experiencing at present. The almost laughter and the colleens continuous rounds of applause which greeted the various artistes each night proved the great appreciation of the audience and this brilliant Company should certainly be generously supported in the Happidrome Lamore where they are playing from Thurday to next Sunday night
