Dublin Has Begun In A Big Way Waterford On A Limited Scale

In the article headed Let's Begin in a recent issue of Mine Host (a journal that contains hundreds of advertise Schools even on a limited scale to train boys as future chefs the case is wrongly stated certainly not in accordance with facts. There is St. Mary's Col. Brugha Street Dublin where a with even greater Course is planned to suit boys of 15 to 16 years of age who wish to become fully qualified chefs and It is conducted in co-operation from me as the with the Hotel and Restaurant representative I feel Keepers Association and has for the Department of Lands 55 that no milder expression can acres of Grazing to Dec 31st properly describe the situation twelve years. Through it many properly describe the situation twelve years. Through it many Miss Montayne has to her youths have been placed in percontrary she has corroborated them by pleading as regards the to secure the initial certificate. The building is designed and class rooms specially equipped for this purpose. There are among other features a theatre to seat two hundred and fifty students in which practical de pondent which leaves the position exactly as I had described it lects are given a restaurant fortnight ago so I have to kitchen serving and land receive and her for not having made practical training in catering and serving under hetch any attempt to impugn my cooking and serving under hotel

A start was made on a limited Domestic Instructress Brown informed the writer that it was one of the best classes fully qualified chefs GLOR NA nDEISE

Cork Army Week Amongst the Sections of the Exhibition which the Army Authorities are including in their programme in aid of the Army Benevolent Fund one of the

most fascinating will be that devoted to the Air Corps The Air Service is an essen tial part of present day armies Broadly it is divided into Strategic and Tactical branches The Strategic arm is concerned with the reduction of the nemy's war potential the tac tical is concerned with assisting the ground or sea forces in their engagement of the enemy

The tactical air arm consists
