SENIOR CLUBS

(By TAOBHLINE)

The senior hurling and foot ball championships will advance a further stage on Sunday next and there are two important features down for decision

Chief interest however lies in the meeting of Mount Sion and Erms Own at the City venue and local enthusiasts are eagerly looking forward to Sundays great clash which result may mean another three corner contest before the final is reach-

Mount Sion and Erins Own are two of our leading senior clubs and the rivalry which ex-ists between the two is bound to attract a good attendance Erin's Own were in earnest mood when they created a first-

class surprise by dethrowning the reigning champions Army in the first round and their sup porters claim they will have a similar victory over Mount Sion on Sunday next

Mount Sion were not impressive against De La Salle and their two points victory is not reliable form to go on They ex-pect to be at full strength on

main stay of the team make no secret of the fact that they will represent the city area final Erms Own will have all the old veterans whose names are fireside talk in the history of Decie hurling and it is expected that Charlie and Jim Ware J Fanning Fad Browne F Pinkert Mick and Sonny Wyse will constitute the bulk of

agreed on to referee and he will start the ball rolling at 3 30 pm

The work is in the capable hands of Mr Battle Casey Kill supervisor and when the road is complete it will certainly be a grand job of work The people of this district feel

grateful to Mr J Ormonde Acting Co Surveyor for the great interest he has displayed in getting this work done as soon as possible as the road will only be fully appreciated by all when the bad winter days set in

The question now put is Can

It is not very easy to answer not the Founder offhand The first thing to do is The Plan w offhand The first thing to do is The Plan was designed to to examine every hird carefully cope against exorbitant rents noting (1) if there are any pin and proposed (a) that tenants feathers which would show the should combine together to offer bird is moulting and (2) if the a fair rent to their landlords pelvic bones are close together (b) that all should stand toget-showing egg organs are not her in the offer and not negotiactive. If both (1) and (2) are ate separately with landlord or found it may be taken the laying agent and (c) that in the event period has come to an end and of a refusal to accept a fair rent that failing something seriously the money was to be ffunded for wrong with feeding or manage- the purpose of continuing the For the Fun of the Thing ment the pullets do not possess agitation
