WATERFORD COUNTY COUNCIL

Manager's Orders Debated

Scheme To Deal With T.B. In County

Deputation Concerning Road At Inchindriela

Tributes To Late J. H. O'Sullivan

Mr Denis Heskin T.D. Chairman presided at a quarterly meeting of the Waterford County Council held at Dungarvan on Monday last. Messrs M O Ryan, T A Keane, Mr Duggan, Mr O'Mahony, Mr Morrissey, Mr Mansfield, Mr Walsh, Mr Hartly, Mr Butler, Mr McGrath, Mr Norris, Mr Morrissey, Mr Burke, Mr Barron, Mr Roche, Mr Dowling, Mr Barron, Mr Kirwan were present.

Messrs S J Moynihan County Manager, J O'Rourke Acting County Surveyor, F Boyle County Accountant, D O'Connell G H Jephson D S Doyle and M Hasset Assistant County Surveyors, Dr M O Farrell County M.O.H. and Dr J Dennehy County T.B. Officer and Mr J G Dowling County Secretary were in attendance.

Tributes to late J. H. O'Sullivan. Mr O Ryan said that before the business of the meeting was taken it was his sad duty to propose a vote of sympathy. Since the last meeting a great loss had been sustained by the death of Mr J H O'Sullivan who had been Secretary to the County Council since 1917. The old members of the Council Mr O Ryan said knew Mr O'Sullivan as a courteous and kind gentleman who had the best interests of the county and of the ratepayers at heart. He was the hub of the county and always ready to help and when he retired from the County Council many years ago he was still a young man. Mr O Ryan concluded by stating that the Council should place on record an expression of deep sympathy to his widow and family.

Mr Hartly—I wish to second the vote Mr J. H. O'Sullivan was an ornament as a public official and the experience of every one was that they always received from him as much kindness and courtesy as they could receive and I am terribly sorry at his death.

The County Manager on behalf of the officials and staff and on his own behalf associated himself with the vote and said that since he came to the County Council always found the late Mr O'Sullivan very helpful and his death came as a great shock.

Mr Heskin—As Chairman was also wish to be associated with this vote and I am glad that always found Mr O'Sullivan ready to give advice. He was a courteous and excellent official and administrator of the affairs of the county to the satisfaction of all and I am very sorry this occasion has arisen.

The vote of sympathy was then passed in silence.

Late Cardinal MacRory. Mr O Ryan also proposed a vote of sympathy on the death of His Eminence Cardinal MacRory who was a great Churchman a great patriot and a great patriot. Mr O Ryan said that the Cardinal was always outspoken on Ireland's side and the Partition of the country was known throughout the world by his word.

Mr Walsh seconded the resolution and Mr Dowling County Secretary on behalf of the staff and Mr Heskin associated themselves with the vote which was passed in silence.

T.B. Scheme—Report Read In Rush Says Senator Butler. The Chairman asked the Council if they would be prepared to take item 15 on the agenda first in order to allow the medical men interested to get away early. It was agreed to do so.

The County Manager in accordance with the resolution passed concerning T.B. Units in County Institutions, I had consultations with the County M.O.H. and the County T.B. Officer and as a result a scheme has been drawn up which the Secretary will read for you.

The Secretary then read the following report:

Proposed Scheme For The Better Treatment Accommodation and Nursing Of Advanced Cases Of Tuberculosis In County Institutions.

The system in operation at the present time is that Tuberculosis Patients are housed in wards in Hospitals under the management of the Board of Public Assistance and the County Council pay for their maintenance (food only). The County Council bear no costs for nursing overhead charges, laundry, etc.

The National Tuberculosis Grant defrays 50% of all treatment costs of Tuberculosis in any County.

The most desirable method of management of Tuberculosis Patients within and outside of Hospital would be a system by which the Public Health Section of the County Council should manage the County Hospitalisation, Medical Attendance, Nursing, Feeding and general control. This can best be carried out by the provision of a completely separate Hospital suitably equipped and staffed for Hospitalisation and other work in connection with Tuberculosis Patients.

If this method is not considered feasible at the present time, it is considered that the next best arrangement would be the renting from the Board of Public Assistance at a nominal figure of part of the buildings in the County Home Dungarvan and the County Hospital Waterford which could be remodelled and made reasonably suitable for the observation diagnosis hospitalisation and treatment of patients.

The following Scheme is accordingly proposed—

1. New accommodation for approximately 16 patients be provided and equipped in the County Home together with necessary Nursing Staff and Attendants.
2. Suitable accommodation for cooking to be provided in the Unit.
3. Better X-Ray facilities be provided in the existing building in the District Hospital is not sufficiently strong for Tuberculosis work.
4. Two Tuberculosis-trained Nurses and Cook and two Attendants be appointed.
5. The Unit be under the administrative control of the County Tuberculosis Officer and the patients be in the medical charge of the County Home Medical Officer to whom suitable remuneration be paid who will work in consultation with the County Tuberculosis Officer Waterford.

1. Separate self-contained Unit as for Dungarvan with accommodation for approximately 24 patients.

2. Since there are no X-Ray facilities in the County Hospital this work might for the time being be carried out in the County and City Infirmary but it is suggested that a Public Health Section be installed in the Unit.

3. Staff—Same as for Dungarvan.

4. Control—Same as for Dungarvan.

Under this arrangement adequate accommodation would be available for city patients and it is suggested that the Public Health Section of the Waterford Corporation will pay for the treatment of city patients in this Unit as they do in Sanatoria elsewhere.

Estimated Costs

Dungarvan—1 Non-Recurrent—Buildings £800 X-Ray £1,000 Equipment (Beds etc) £2,000 Total £3,800

2 Recurrent Annual—Upkeep of sixteen beds at £160 each (payment of staff food drugs replacements clothing laundry electrical assistance Medical Attention etc) £2,560

Total Cost First Year £4,510

Waterford—1 Non-Recurrent—Buildings £1,000 X-Ray Screen £400 Equipment £200

2 Recurrent Annual—Upkeep of twenty-four beds at £160—£3,840

Total Cost First Year—£5,440

Mr J Butler—This Scheme I think is in connection with the treatment of advanced T.B. cases?

Dr Dennehy—It doesn't limit it but it will deal with them.

Mr J Butler—I don't think many of the members know what is in the scheme and springing a thing like this is unreasonable. I for one don't know all of what it is and I don't want to see the same I did not hear all he said and I don't understand it. I don't know when he got this report.

Secretary—I got it on Saturday last.

Mr J Butler—And it is read here on Monday.

Mr O Ryan—What title would he have?

Mr J Butler—The report could have been circulated but the Co Secretary did not get a chance to do that. It has been done in a most unsatisfactory manner. I am pleased and delighted that something is being done as those particular people have been neglected too long and I am sure the County Council will get any expense to better the lot, but the figures have been read out in so hasty a manner that I could not catch them.

Manager—There was no direction as to a resolution to have the report circulated.

Mr O Ryan—Perhaps the Co M.O.H. did not know when this meeting was to be held and this is the natural way to deal with the matter. I have grasped the contents of the report but what I want to know is will this become part of the National Scheme which will come later or will this money be lost then? We should find this out and the report could be circulated and dealt with at a special meeting. The rates are limited but we should do all we can to relieve these people.

Mr M Morrissey—I am glad to see the report before the meeting but there is no doubt that it should be circulated. I wish to support Mr O Ryan's point and I think we should have a special meeting to deal with the matter. Are we going to expend £10,000 before finding out how it will fit in with the National Scheme envisaged by the Department?

Mr Kyne—I wish to support Senator Butler's point. I missed some of the figures but from those I got I find the most costly cost will be £287 per case which I think is enormous. I think a central unit would be better than two as suggested because then 50 or 60 beds could be provided at a very little more cost. I agree with Mr Butler that we should have a chance of examining the scheme before doing anything and not rush heading into

You'll Soon Be Saying
'I'll Meet You At The
NEW SUPER CINEMA
CAPPOQUIN

the thing right away.

Manager—I have no objection to a special meeting and to the circulation of the report but as it was read to this meeting it was read to the public. Mr Hartly proposed that the report be circulated.

Mr R Barron—I second that the circular was Dutch to me when I heard and as it is an important matter it should be circulated.

Mr J Butler—There are 18 items on the agenda and we went to number 15 first. There must be some terrible urgency that they get all the knowledge they require. The estimate of £600 is I think fantastic as there is an efficient staff in the County Council who could do it on a gestetner.

Mr Norris—I second Mr O Ryan's amendment as otherwise we will be here all day.

Mr J Butler—There is no need for an amendment as that is what was always done.

The Chairman then put the Amendment which was carried by 13 votes to 5.

Mr J Butler—There is no need for an amendment as that is what was always done.

Roads Works Meeting. It was decided to hold the Provisional Road Works Scheme meeting on January 14th 1946.

Power To Issue Stock. Arising out of the reading of a memorandum from the County Council to the Provisional Road Works Scheme meeting on January 14th 1946.

Secretary—£394 361 10s 9d

After discussion in the matter Mr O Ryan proposed that in the Local Government Act now before the Dail provision be made to enable Public Bodies to borrow money by the issue of stock or otherwise at lower rates of interest should the opportunity present itself to pay off outstanding loans at a higher rate of interest.

Mr Kyne seconded the resolution which was passed.

Resignation. The resignation of Mr L. Money General Secretary National Monuments Advisory Committee was accepted and the appointment of a new Hon. Secretary was referred to the local committee.

Increase Of Aid In Grant. A request from the County Committee of Agriculture for an increased rate of aid in the £2 was next dealt with and Mr O Ryan proposing that it be granted said that the County Committee went into it and found that the request was reasonable.

Mr Norris—I wish to second the proposal as this committee is dealing with important matters and the money is going to a good cause.

Mr Hartly proposed adjourning the matter to the estimates meeting.

Chairman—That would put the committee in an awkward position.

To Mr Morrissey it was stated that the rate was already 3d in the £.

It was agreed to grant the increase.

Old Age Pensions Sub-Committee. Mr Jack McGrath was appointed to the Dunmore East sub-committee and on the proposal of Mr Dower seconded by Mr McGrath was decided to request the Department of Finance to increase the rate of payment to the secretaries of Pensions Committees.

Road Workers' Wages. The suggestion of weekly payments to Co Council road workers (continued on last quarter)

The Manager's Orders—Not To Be Read.

The adjourned matter to arrange for the inspection of the Manager's Orders was next debated.

Mr Butler—This matter is before the Council since its election and I would like to know if anything has been done?

Chairman—It is to be considered now.

Mr J Butler—Are they going to be read?

Chairman—That is for the Council to decide.

Mr J Butler—I propose that they be read out.

Manager—It might be better if a small sub-committee was formed to inspect them as there are a lot of them and they would take a long time to read.

Mr O Ryan—The orders are there for anyone to look at them.

Mr J Butler—If a small committee inspects them only a small number will know them and the Press will not be present and they won't be made public. But if they are read out all will know them and I make that proposition.

Mr P Barron—I second that Mr O Ryan—I propose an amendment that the orders be left there for the inspection of members. If they are read out they won't all be published in the Press.

Mr J Butler—If there is any discussion on them they will be made public. Mr Morrissey—Is it possible to circulate them?

Mr T Morrissey—This is only humbug.

Chairman—Circulation of the orders would be costly.

Mr J Butler—It would cost about £600 a year, they can be made available to the Press.

Mr O Ryan—How many orders

DUNGARVAN TOWN HALL DISTRICT COURT

General Exemption For Ring Fishermen

Messrs Farrell & Morrissey solrs on behalf of Mr Murray Publican Ring applied for a general exemption between the hours of 10.30 p.m. and 1 a.m. 2 a.m. and 3 a.m. and 8 a.m. and 10.30 a.m. from November 13th 1945 to February 28th 1946.

Supt P O Mahony said that he was not against the application but the house is opened all the week and from what he knew the exemption was not needed for Saturdays as there was no fishing done on that day.

Mr Morrissey solr said that when the herrings come in that the men fish every night.

Justice—When do these come along?

Mr Morrissey—There is no fixed time as they are liable to come anytime in December or January.

Superintendent—I'd like a small check put on the hours to keep the men from staying there all day and I don't think there is any need for the 8 a.m. to 10.30 a.m. period.

Mr Morrissey suggested 8 a.m. to 9 a.m. as a curtailment.

Justice—Do you agree Supt?

Supt—Yes I suppose that will do alright.

The application was granted the morning opening to be from 8 a.m. to 9 a.m.

The case was conducted in Irish.

DUNGARVAN TOWN HALL DISTRICT COURT

DANCE LICENSE APPEAL

Evidence At Circuit Court

In last week's issue we gave the full judgment of His Lordship Judge Sealy on the above case which was heard at the Dungarvan Circuit Court sitting on Thursday Nov 8th.

Readers will already be familiar with the facts of the case as they came up at the Annexe evening Sessions of the Dungarvan District Court when Mr Troy DJ made an order prohibiting amplification at dances in the hall and cancelling the dances to 1 a.m. and ordering cars to be parked on the Quay.

The appeal was made by Mr Michael O'Meara Acting Town Clerk for whom Mr Darcy B.L. (instructed by Mr Williams solr) appeared.

Mr McKenna B.L. (instructed by Mr Kenny solr) appeared for a number of dance committees supporting the decision and Messrs Farrell & Morrissey Solrs were for a number of objectors.

Mr Darcy outlined the case and said the license had been objected to in the District Court by the Friars Mr Moloney and a number of residents in the vicinity but they had now come before His Lordship to determine the case.

Judge—I would want to go and sleep at the Friary to see if Mr McKenna B.L.—I represent 12 clubs and Associations in town who represent the dance public and they say that amplification is needed in the hall.

Judge—Why not get a referendum of the people of Dungarvan and then they decide for themselves?

Mr McKenna—If we did we would carry the day.

Mr O'Meara in evidence said that dancing has been carried on at the Town Hall for over 20 years and he thought there was a demand for 3 dances each week.

Judge—You must get great revenue from these?

Mr A Arcey—it helps to keep down the rates.

Mr O'Meara continued. In past years the usual music was provided by dance bands with amplification and apart from the Augustinians and Mr Moloney no objection was raised and there was a restriction about the parking of cars. The Quay parking would be unsafe.

Mr McKenna—This is the only dance hall in use in the Town?

Yes.

And there has been amplification for the past 7 or 8 years?

Yes.

There was no formal objection ever made to you in your capacity as Town Clerk?—No only in private conversation.

Mr Farrell—Didn't Mr Moloney object 5 or 6 years ago about the parking of cars?—I am not aware of that.

Isn't the main window on the street side of the hall?—Yes.

And they are usually open?—Yes.

Wouldn't there be ample space for safe parking outside the Old Cinema?—Yes but that is far away from the hall.

Mr J O'Rourke Acting B.S. said the Friary was 120 ft from the hall and the School 172 ft. Friary Street was 30 ft wide and always quite suitable for car parking. It would be unsafe to park cars on the Quay as the night is so accidentous.

Mr Farrell—How far is Mr Moloney's house from the hall?—80 ft.

Judge—Have you a Town Council here?—Yes.

And have they any say in the matter?—In a kind of a way.

Judge Sealy—But they can be put out if their decisions are not liked.

Mr McKenna—Did they pass

October 17th

Coal Cases Dismissed. Cases against two local men arising out of the disappearance of 13½ cwt of coal the property of the Dungarvan Co-Op were dismissed due to lack of evidence by the prosecution.

Abusive And Threatening Language. Patrick Ryan Mitchell Street Dungarvan summoned Garrett Moylan Cathal Brugha Place for using threatening and abusive language towards him on October 11th.

Messrs Farrell and Morrissey solrs appeared for plaintiff who said in evidence that on that day he was waiting at the Square to see some friends off in the bus when Moylan came up to him and demanded £6 in an aggressive manner which he refused. Defendant followed him round the Square and said "What about leaving the horses in the land tonight."

I had to leave the Square said witness and go to the Guards about him as he persisted in using language which was not very choice.

The Justice bound the defendant to be of good behaviour for 2 years in a personal bond of £10 with 2 sureties of £5 each or in default 2 months in jail.

Costs were allowed.

Area Exemption For Sunday. On the application of Supt O'Mahony an area exemption order for Dungarvan between 1 and 3 p.m. and 5.30 p.m. and 7.30 p.m. for Sunday next was granted.

Two Months Suspensory Sentence. Mrs Mary Moylan 16 Cathal Brugha Place Dungarvan was summoned by Guard Giblin for being drunk and disorderly on September 15th.

Guard Burke had a summons against the same defendant for a similar offence on September 17th and Guard Deasy had a summons against her for being drunk and disorderly on October 17th.

Mr Morrissey solr for defendant said that she had gone from the district and that a suspensory sentence might meet the case.

Guard Giblin in evidence said that he understood that she was in the County Home in Dungarvan.

The Justice imposed a suspensory sentence of 2 months with hard labour warrant not to issue if defendant keeps out of the area.

Begging. Joseph Hegarty an old age pensioner c/o P Keohan Bardsfield Street Abbeyside, had a suspensory sentence of 1 month imposed on him not to be enforced unless he is convicted within 12 months when charged by Guard Deasy with begging on

a resolution recommending amplification?—Yes.

Amplification Intolerable. Mr John F Moloney said he was one of the objectors and he objected to the use of amplification which was intolerable and to the length of the hours of dancing.

Judge—Why did you not go up for the Council and put them out?

Mr McKenna—If the inhabitants of the town want to dance you will agree it should be allowed?—Yes.

And you will agree that music and customs have changed?—Yes.

You say that amplification is intolerable?—Yes after 12 o'clock.

This amplification has gone on for 8 years?—I don't agree.

Did you try to get Mr Keane to come and object with you?—No.

Did you get any one to approach him?—No.

Pretext Evidence. Rev Fr Magee said that he was Rector of St Augustine School and the pupils suffer interference from the hall at their study and sleeping hours. He said he would have no objection if dances were properly carried out. The amplification in the hall increased the annoyance and the parking of cars in Friary Street and down outside the College caused a lot of noise when the cars started up in the stillness of the night.

Mr McKenna—When did you first find this nuisance?—Always but I did not like to make a move until a combined move was made.

Mr McKenna—Let's hear about the move which originated it?—Mr Moloney came to me.

And he put the case in your mind?—He asked me if we suffered from this nuisance?—I have past 7 or 8 years under these conditions and you never dropped a hint to the Town Clerk during that time to reduce the nuisance?—I made no move and was prepared to make a sacrifice.

Would you be satisfied if the amplifier was toned down by a competent person in charge?—Can an amplifier be toned down?—You would not object to moderate noise?—No.

Mr Darcy—As long as they are not a nuisance to you and the community you don't mind how long or often dances are run?—As a resident no.

Mr Darcy then said that people around the locality keep all the time and I don't think 10.30 O.T. which is a bit early to stop short dances.

Judge Sealy—I think 11.30 is a good time for stopping.

Mr Curtis Priest O.S.A. said he represented St Augustine's and the noises caused by singing and stamping in the hall disturbed them very much. After dances the revving of cars and the shouting and shouting for companions also caused great disturbance while the use of an amplifier was a terrible annoyance. As a resident he had no objection to any dance which was not an annoyance.

Mr McKenna B.L.—You realise Father that it would be impossible to get away with all noises?—It's the exaggerated noises that irritate.

Would you agree that it would be alright if the amplification was modulated and controlled?—I think that would be alright.

Would you agree as long as there was no disturbance?

To Mr Darcy Father Curtis said he had no objection to the dances themselves.

Superintendent P O Mahony said he had experience of two Guards Dances which were run until 3 a.m. at which bands from Fallow and Middleton played and no amplifier was used and there was no complaint from the big crowd of dancers who attended both dances. He said that when passing the hall it is quite easy to hear the stamping as there is more jack-acting than dancing.

Mr McKenna—Would you agree that Mr Delahunty's is a leading band in the south?—I would not.

The Superintendent said that for parking he thought the Square was the best place.

Mr McKenna then stated his case for the band and said that without it any of the good bands will not come to Dungarvan. He said there was bound to be some noise at dances but no one bothered about it until Mr Moloney got going. It was unfortunate he said that there was a school in the vicinity.

Mr D O'Sullivan in evidence said that he was the Hon. Secretary of the National and Commercial Club and they ran a dance last year to raise funds. Mick Delahunty played for them and they had a fine evening. He draws big crowds. A good band is the most important thing in a dance. Witness said that he went to nearly all the dances held at the Town Hall for the past 8 or 9 years and an amplifier was always used. He was at one dance without an amplifier and the result was that there was no music heard at the end of the hall. He said that an amplifier does not make music louder but only helps to distribute it evenly. He said Mr Delahunty booked for another dance for his club but he had cancelled the engagement due to the ban on amplification.

Mr Darcy—Do you go to Ceilidh's?—Yes.

Is there a demand for dances to 1 a.m.?—There is.

Why do you think you do not bring Mr Delahunty down

We have a lovely selection of the latest designs and styles in all the newest colours and materials. The Afternoon Frock above is by Milne Models.

HADDENS

W & G HADDEN LTD., DUNGARVAN

To give evidence? I was only asked to give evidence myself. There is a lot of noise at these dances?—That's caused by it.

Do you know that 17 amplifiers makes sound 5 times stronger?—It's like a waltz it can be made a nuisance or toned to a whisper.

Mrs P Ryan in evidence said she conducted the Rhythm Band and said there was a need for amplification in the Town Hall. She also stated that there is a demand for dances to 1 a.m.

Mr J J Glavin, Hon. Sec. of the Dungarvan Literary Club said he had knowledge of running dances for the club for the past few years and that Mick Delahunty's band the books is a good band was the thing at a dance. They would not dream of running a dance without Delahunty's band as it would probably be a financial loss.

His Lordship then gave his judgment as published last week granting amplification for the next two months in the provision that the Town Council place a competent man in charge of it. He allowed the 2 1/2 night dances to 4 a.m. to stand and permit a 3 short dances each week to 1.30 p.m. and of these he allowed 10 to be Ceilidh to 1 a.m. He also ordered that cars be parked on the Square on the nights of dances and the street leading to the hall on those nights to be closed to traffic.

Jail For Cattle Dealer

CHARGED WITH RECEIVING BULLOCKS

At Waterford Circuit Court Judge Sealy sentenced Patrick O'Shea cattle dealer and insurance agent of Faha KilmacThomas to 12 months imprisonment with hard labour. He was found guilty of receiving two policy bullocks the property of Pierce Casey Garreminnill Co Waterford knowing same to have been stolen.

Judge Sealy said that was a type of offence which would be punished fairly severely. A certificate for leave to appeal was refused.

Dungarvan U.D.C.

CALL FOR REPEAL OF CO. MANAGEMENT ACT

Playing of National Anthem At Cinema

Mr T McCarthy, chairman, presided at the usual fortnightly meeting of the Dungarvan Urban District Council held at the Town Hall, Dungarvan, on last Friday night.

Road At Quay Street—Deputation Of Factory Workers.

A deputation consisting of Messrs McGrath Power and Lyons representing the employees of the Dickens Leather Company factory was introduced by Mr Kyne.

Chairman—I'm sure every member of the Council will help you out

Mr Butler—Some effort should certainly be made to put the place in repair.

The Clerk then read a report on the matter which was made as a result of a letter for the Management of the factory and submitted estimates of £375 for resurfacing the road with reinforced concrete and £600 for laying a new piped sewer to low water.

Mr Kyne—From the footnote on the report it looks that if we recommend it it can be done.

Mr O'Meara said that there was a probability of getting a grant to do the road but not for the laying of the sewer.

Mr Kyne—Would it meet the case if the lane was done up to Barry's big gate?

Mr Power (deputation)—Oh yes, that would suit. We have seen from the Press where the Council have raised this matter before but we also saw where no provision was made for the work in the estimates and we thought that we would be left in the lurch.

Mr O'Meara—That would be a County Council matter.

Finally on Mr Kyne's suggestion it was agreed to have the matter raised at the Co Council meeting on Monday.

Mr O'Meara—That would be a County Council matter.

Mr O'Meara—That would be a County Council matter.

Mr O'Meara—That would be a County Council matter.

Mr O'Meara—That would be a County Council matter.

Mr O'Meara—That would be a County Council matter.

Mr O'Meara—That would be a County Council matter.

Mr O'Meara—That would be a County Council matter.

Mr O'Meara—That would be a County Council matter.

Mr O'Meara—That would be a County Council matter.

Mr O'Meara—That would be a County Council matter.

that the new footpaths provided do not make any difference to the situation as they are laid at the same level as the old ones.

Mr Clancy—There are many of these can't be remedied as the floor level of the houses is below the crown of the road.

Chairman—That is right. Mr Clancy—The report of the B.S. is misleading and wrong.

Mr Butler—I do not think it is wrong.

After further discussion it was decided to adjourn the matter to the next meeting.

Housing Scheme—Dilly-Dallying. Mr J Ormond, Acting B.S., reported "with reference to recent proposal at a meeting of the U.D.C to proceed with a scheme of houses for Dungarvan in addition to Abbeyside, I think it would be advisable to have a Town Planning Scheme prepared for the Urban area before submitting any scheme."

"A Town Planning Consultant (Mr. Hogan) has already been appointed for the county. I strongly recommend that he be also appointed to prepare a scheme for the Urban area."

The Manager made an order on the report that he had written to Mr Hogan as to his fee.

Mr Clancy—I hope this won't take long as there is every chance that timber will be available next summer and we should start at once.

At the moment there is only dilly-dallying with nothing being done by the officials.

Mr Veale—Has an arbitrator been appointed to deal with the Abbeyside scheme?

Mr O'Meara—No.

Mr Veale—This is taking very long and there is nothing but red tape.

Mr O'Meara—There are some documents to be signed concerning that at next meeting.

Chairman—Mr Nugent met me and asked me if the land to be taken from him for the scheme could be used by him to sow wheat if the Council were not prepared to go on with the work within the year.

Mr Kyne—Could we have information from the Manager why the Abbeyside scheme has been held up all this time and how long does he presume it will be before anything is done?

We can't do anything until we know that.

Chairman—That's a reasonable request.

Mr Clancy—When is the Inquiry to be held?

Mr O'Meara—There will be documents concerning it before the next meeting, the matter must then be published in the Press at least once and then 21 days allowed to appeal.

Mr Kyne suggested a special meeting during the week to deal with the matter and sign the documents in order to speed up the matter.

Wednesday was agreed on as a suitable night for the meeting.

Call For Repeal Of County Management Act. Mr O'Meara then read the following letter.

Association of Municipal Authorities of Ireland, Town Hall, Bray, October 1945

A Chara. At Annual Conference of the Association held in Ballina, on the 19th and 20th September, 1945, a letter was received from the Department of Local Government in connection with the County Management Act, giving an extract from a previous letter of the Department received in August 1944, inviting the Association to examine the position and prepare a statement showing the divergence in practice amongst several local authorities.

(a) As regards the attendance of officers at meetings of the Council.

(b) The selection of relief works.

(c) The acceptance of tenders.

(d) The practice followed when important letters are received from the Department of Local Government and Public Health.

(e) The extent of the contact maintained by the Manager with the Chairman of the Council.

(f) Any other relevant matters.

And intimating "that the Minister would be prepared to consider any representations which the Association desire to submit to him, on condition that, as a basis for discussion the principles of the County Management Act are accepted."

After a long discussion the following resolution was carried.

"That the Association submit the representations referred to by the Minister in his letter of the 15/9/1945."

Kindly bring this matter before your Council at its next meeting and let me have a statement in connection with the

matters set out above, so that I may forward them on to the Minister of the Association to be held next month.

Your prompt attention this matter will be esteemed.

Mise le meas S MacCUTHEMHAOIL Runaidhe Onorach.

Chairman—Well, gentlemen, what have you to say to this?

Mr. Kyne—All I have to say is about the first point. The practice in Dungarvan is that with the exception of the Clerk no other officials attend the ordinary meetings of the Council and I feel that we could do with any officials available, especially the Acting B.S. whose presence would be very helpful.

The Manager might not always be available but if he could it would be preferable.

Mr. Veale—I agree that the B.S. should attend every meeting as he is always needed to give his opinion.

Mr Kyne—What was the old practice?

Chairman—Mr McGrath was at every meeting to answer any question to be put to him.

Mr Kyne—And the SSO?

Chairman—Yes, he was always available too.

It was then stated that when the late Mr Bowen was appointed Borough Surveyor the Council agreed to the condition of the appointment that he attend quarterly meetings only and that condition still held.

Mr McGrath—When the appointment of a Borough Surveyor comes up you could recommend that it be made a condition that he attend all meetings.

Mr Butler—The letter says that the Minister will only consider representation on the matter "on condition that as a basis for discussion the principles of the County Management Act are accepted."

This Act came into force in 1942 and I remember at the first meeting of the County Council under it stating that it be given a trial. Three years have now gone and my honest impression is that administration here, or anywhere else, has not improved due to it. I would prefer to see it repealed than amended and therefore I am not prepared to make any suggestion.

Chairman—The old way was the best and we were a very happy family here and everything was carried out well with no dilly-dallying. There are delays now and the Council are blamed as you could see from the report of a meeting of a certain body in town. We have done everything possible to have houses built but the delay is not our fault.

Mr Veale—I don't suppose anything we say will change their opinion on the Managerial Act and anything we can do to improve it might be helpful.

When the Chairman asked after a few minutes silence for further views.

Mr Kyne said—We should discuss the Act and make proposals. I do not agree with it in toto but we have to put up with it until some other Government alters it.

Chairman—You are all very silent on the matter?

Mr Butler—I have nothing to say. If I made any proposals I would be accepting the principles of the Act and after 3 years I am not prepared to do that.

Chairman—The Act is there and we must abide by it, even though it is there against the will of some of us.

Mr Kyne—I propose we discuss it?

Mr Clancy—I have to agree with Mr Butler. The old Council was just as good and efficient and not as costly as at present. The attendance of officials at meetings would be very helpful as a lot of time is wasted due to their absence.

Mr Kyne—We should discuss the Act and try to ease the most obnoxious parts. If Mr Butler puts in an amendment to have the Act repealed I will be prepared to withdraw my proposal.

Mr Butler—Very well, I'll do that.

Mr Butler then proposed the following resolution:—"I propose that the Association of Municipal Authorities be informed that the Dungarvan Urban Council is of opinion that the Co. Management Act 1940 is incapable of amendment and further that the Association be asked to request the Minister to repeal the Act."

Mr Clancy—I second that for the reasons that there is no improvement in the administration. I will ask the Town Clerk the amount of the pay sheet now as compared with the old. There is nothing but red tape with nothing being done. The cost of services are out of all proportion with what they were and there is no improvement.

Mr O'Meara—The average cost now is £28 per week and in 1939/40 it was £21.

The Chairman then put the

The Combined Cover Policy

This new Policy issued by The Irish Assurance Company provides in one contract for the two major contingencies against which a young married man will wish to assure

- (1) Maximum protection for his family in the event of his death. (2) A pension for himself on his retirement.

Particulars can be obtained from our Representatives in every district, or direct from

Chief Office Hahnman Buildings, Upper O Connell Street, Dublin, C 8. D G. NOLAN (Supt.), 32, PARNELL STREET, CLONMEL

resolution

Mr Kelly—I'm against that, but I agree with Mr Kyne's suggestion that the Act be discussed and amendments recommended.

The Act has been working well in some places and our own Manager—

Chairman—We're not saying one word against the Manager, we're not talking about the Manager but about the Act. We were very lucky when we had to have a Manager that we got who we did.

Mr Kelly then proposed an amendment that the Act be approved, but he got no seconder and the chairman on a show of hands declared the proposal to request the repeal of the Act carried by 6 votes.

Lights At New Line.

Mr Kelly said that a light was needed opposite Mr Miller's house at the New Line as it was totally dark at night. He said that in view of the E.S.B. reply in connection with the light at the Park that nothing could be done for the present, but a note could be taken of it for future references.

National Anthem.

Mr Kelly drew attention to the playing of the National Anthem at the local Cinema a point drawn up by the Chairman two years ago. At that time two verses of the Anthem were played but the people wouldn't wait and then it was reduced to two lines but they won't even wait for that! He thought that it was a terrible thing that such disrespect is shown to the National Anthem.

Chairman—I did not miss a picture for the past 6 months and I can hear out what Mr. Kelly has said. It is a disgrace that only the last 3 lines of the National Anthem are played and then some other record is put on while the people are going out of the hall. Surely there should be more respect for the Anthem. I was told that in England if anyone did not stand up or turned while "God Save the King" was being played they wouldn't do it again! The people upstairs at the Cinema are as guilty as those underneath and it is not good enough to see them all rushing out. I think we should send a letter to the proprietors of the Cinema requesting that all the National Anthem be played.

Mr Clancy—There seems to be a hopeless disregard for the National Anthem and I don't know the reason. Maybe it is

cause it is not ever played right—only a few bars—while a verse and chorus is proper.

Chairman—They are always anxious to run away.

Mr Clancy—The National anthem should not be disregarded.

Mr Kyne—Is "National" a misnomer, I wonder, as I think it is not our National Anthem as the Government have never adopted it? I believe we should advocate the adoption of the National Anthem first and then that steps be taken to see that it is properly respected. In this light I really can't say that any disrespect has been shown to the "National" Anthem as it is not our National Anthem not having been adopted by the Government!

Mr Clancy—But it is recognised by the people as the National Anthem.

Mr Butler—The full playing of the National Anthem at the Cinema as it was should never have been discontinued.

The following resolutions proposed by Mr. Kelly and seconded by Mr. McCarthy, were then passed.

"That we the members of this Council request the Minister for Education to ensure that in all schools in Eire instructions be given to pupils with regard to the history and respect of our National Anthem and National Flag. Copies to be sent to all public bodies.

"That we the members of this Council request the proprietors of the Local Cinema to play at least a verse and chorus of the National Anthem after each performance."

Supervision Of Children Leaving School.

Mr. McGrath said that with the return of private motor cars it would be well that people in charge of schools would control children leaving school by the erection of a barrier at the gates which would check the usual exuberance and excitement of pupils who follow the dangerous habit of rushing out to the centre of the road and then stopping there. He said they could be knocked down and injured and said that the corner at Foughal Road was particularly dangerous, but there was never an accident there before. He then said one of the children in the school was bringing the people in the street. He said that it was not always possible for one of the Brothers to be present and a barrier at the gates would be

(Continued on Page Four)

Tallow & Moorehill Notes

Sunday Night.—All roads lead to the Temperance Hall, Tallow, on Sunday night next for the Annual 45 Drive under the auspices of the Temperance Hall Committee and all indications point to a record attendance...

Young Ladies Injured.—While cycling down a rather steep incline in the Lismore-Tallow road on last Sunday evening, two local young ladies Miss M Tobin, and Miss T McCarthy, West Street, were involved in a rather serious accident...

Snooker and Billiard Tournament.—Seeing that the recent snooker and Billiard Tournament proved so popular, it has been decided to hold another one in the near future...

Wedding Bells.—A very pretty wedding was solemnized at St. Michael's Church, Glendine, when members of two well-known families were united in the holy bonds of Matrimony...

Tonight.—The weekly Whist Drive will be held at the Gaelic League Rooms tonight (Friday) at 8 p.m., and players

are requested to note that owing to the 45 Drive at the Temperance Hall on next Sunday, there will be no Whist Drive on that night...

Visitors.—Presently enjoying a well-earned holiday in his native town is Mr Cornelius Curley, popularly known to his friends as "Con."...

Forthcoming Events.—The grand dramatic and variety concert which is being presented by the Tallow Choir Society, in aid of the Propagation of the Faith at the Regal Cinema, in the near future is being eagerly looked forward to...

Tuesday Next.—As can be seen from an advertisement in this week's issue an auction of high-class farm machinery and implements will take place at Sapperton farmyard Moorehill, on Tuesday next...

Lecture.—A lecture on fruit tree and shelter belt planting, will be given at Kilwatermoy School tonight (Friday) by Mr P O'Shea Horticultural Instructor...

Back To The Road.—On Monday last thousands of private car owners all over Eire, were behind the wheel for the first time in three and a half years...

Winter Comes.—The last season of the year is with us again with its ever shortening days and long nights. Already we can detect winter's approach by the tang of frost in the morning air...

what is winter but a brief passing phase in the scheme of things that is the year. In less than six weeks we will be celebrating the great Festival of Christmas, and the coming of the New Year will mark the final stage of winter's regime...

Hurling Tournament Final.—The chief topic in local Gaelic circles is the meeting of Inch and St Patrick's in the final of the St. Patrick's Silver Medal Tournament which takes place on Sunday next...

The Raven's Rock venue should prove very popular as it is more or less a neutral one being situated midway between both teams. All that is now required is favourable weather...

The Rabbit Season.—Once again the rabbit season is in full swing, and young and old are busily engaged in this profitable undertaking. In this area rabbits are reported fairly plentiful...

Pheasant Shooting.—The pheasant season has opened and in the Moorehill district sportsmen report that pheasants are everywhere and easy targets...

Wedding Bells.—Mount Melle-ray Abbey, Cappoquin, was the scene of a very pretty wedding recently when Mr Patrick McCarthy Parkdolia, Tallow, and Miss Kitty Ahearn, Glensagart, Lismore, were united in the holy bonds of Matrimony...

The groom is also very popular and high-esteemed in these parts. After the ceremony the wedding party returned from Melle-ray and a reception was held at Mrs. Navan's, Chapel Street, (aunt of the bridegroom)...

Local Tit-Bits.—The boys of Rebel Cork are getting very interested in Moorehill. Why, we wonder, is it our picturesque scenery, but a little bird whispers—Perhaps it is our charming golfers!

One of our Brideside boys is very lonely looking this week. Cheer up old boy, sure things will come right again!

We hear one of the Brideside fellows is getting very fond of solitary walks. As the saying is, "The Spier two is for company."

LISMORE ITEMS

Death of Mrs. M. Cuffe.—On Wednesday, 7th November, one of the oldest residents in the district passed to her eternal reward, in the person of Mrs M Cuffe Bishoptown, Lismore...

A large and representative cortege accompanied the removal of the remains to St. Carthage's Church on Thursday. On Friday morning Requiem Mass was offered up for the eternal repose of her soul...

Chief mourners were—Ma W Cuffe (son), Mrs J Harty (daughter), Miss Mary Shivaun, Miss Christina Cuffe, Miss Kathleen Cuffe, Sister Ambrose Harty, Capetown, the Misses Emily Maureen Gabriel Phylomena and Betty Harty, Gerald Thos William, Paul and Robert Harty, (grand-children) Mrs K. Cuffe (daughter-in-law), Mr T Harty, (son-in-law), etc., etc.

Death of Mrs. M O'Donnell.—With deep regret we announce the death of Mrs Margaret O'Donnell which sad event took place at her residence in New Street, Lismore, on Friday 9th November, after a prolonged illness...

Of an upright industrious and truly honourable disposition, and possessing many other commendable traits of character, she enjoyed the esteem and respect of innumerable friends amongst whom her passing is now deeply mourned.

A large and representative cortege accompanied the removal of the remains to St. Carthage's Church, on Saturday evening. On Sunday morning second Mass was offered up for the eternal repose of her soul...

Chief mourners—Mrs M J Tierney and Mrs A O'Donnell (daughters), Patrick and Frank Tierney, Seamus O'Donnell, Tess and Ann Tierney and Margaret O'Donnell (grand-children) Pk in-law Mrs N Cahill Affane, Tierney and Jas Tierney (sons), Misses A. and M. Noonan, Camp-hire, etc., etc., (relatives).

Mass cards were received from the following—Her loving daughter Mary Joe and Paddy, Her loving daughter Ann and Jim, her loving-grandson Pad. Frank Tess and Babe, Seamus and Margaret, Mrs. Cahill and family, Walsh family Mrs Behegan and family Mrs Flynn and family, Nurse Nolan, S.C.M. Jim and Norah Ormond Margaret Beston Hannah Tobin, Ow-beg E. and J O'Donnell, Kate O'Regan, South Mall. Floral tributes were received from—Mrs O'Regan, and Mrs. Lincen.

Dungarvan U.D.C.

(Continued From Page Three)

ways cause the children to pause. Mr Kelly suggested painting white lines on the roads as safe lanes for pedestrians.

Mr Veale said that representations should be made to give the Council power to control the speed of cars passing through the urban area to 12 m.p.h. He said he often saw cars at Yougal Road doing 40 m.p.h.

Mr Kyne—We could petition the Minister for Justice for such power to control the speed of light vehicles at 20 m.p.h.

Chairman—That's a bit fast. Mr Kyne—I think any car travelling at 20 m.p.h. is under control.

Mr Butler—It would be well to give notice of that and put the matter on the agenda.

Mr Clancy—I think parents are also responsible as infants are allowed to play on the roads and parents should realise the dangers in this. Lectures should also be given in schools and other places to keep children off the roads.

Mr Kyne—The Superintendent G.S. is already giving such lectures in the schools, I believe.

Mr Clancy—That's good. Jack Doyle and The Town Hall.

Mr Jack Doyle's Manager, wrote requesting a refund of £5 rent of Town Hall paid owing to the fact that his variety company did not visit the town as arranged.

The application having been referred to Council's solicitors they stated that in their opinion Mr Doyle was not entitled to a refund as the hall was reserved on the date specified. The Council carried out their side of the contract and the fact that Mr Doyle did not use the hall does not affect the position and they are entitled to retain the £5.

The Manager ordered that the Company be informed accordingly.

Chairman—Is he the boxer? Clerk—Yes.

Light On Eves of Fairs and Xmas Eve.

The Manager made an order to have arrangements made for all-night lighting in town on the eves of the November, December and January fairs, and also on Xmas Eve.

Vote of Sympathy. Sympathy was voted to the family of the late James O'Leary, Friary Street, Dungarvan, to the widow and family of the late J H O'Sullivan, South Terrace, Dungarvan and to the relatives of the late Father Stokes, O.S.A.

Sight-Testing

MR. G. P. DUGGAN, F.S.M.C. (London) Ophthalmic Optician. Will again attend at the following towns—

LISMORE—Commercial Hotel, Friday, 23rd November 12 to 4.30 p.m. (S.T.)

DUNGARVAN—Mrs O'Flynn, (Newsagency) The Square, Saturday, 24th November 11 to 4.30 p.m. (S.T.)

Fellow of the Worshipful Company of Spectacle Makers. Trained in London, Liverpool and Glasgow.

ABBESIDE H & F CLUB - The general meeting of the above club was held at the Social Club on Sunday last before the biggest attendance for years past. It was decided to enter minor football and hurling team for the 1946 season.

WATERFORD COUNTY COUNCIL

(Continued From Page One)

terly meeting was again considered and Mr. Kyne suggested that as we were before centres could be established from which men could make weekly cash payments to the workers and this would avoid the great expenditure of sending out 500 paying orders which bear 2d stamps in envelopes with 2d postage stamps. He said that the need for weekly payments among the workers was very great.

Manager—That system was in operation in other counties alright but it had to be dropped as some gangers and overseers got into serious trouble. It is a great temptation to a man earning small wages to have a big lot of money under his control and I think that the reason the present system is better.

Mr. Kyne—Could not some system be devised to pay casual workers weekly? Mr. Ormond—County Surveyor—I don't know how casuals could be despatched from permanent as there are very few workers employed all the year round.

Mr. Kyne—I agree that temptation might be there but the present system is not foolproof either as has been proved lately. Chairman—A casual worker is hard hit alright. Mr. Kyne—A ganger could issue a voucher to the worker stating that he has earned so much wages and this could be used as a credit in the shops until he is paid.

Manager—That is a good suggestion but the Council could not accept any liability on the matter which would rest between the shopkeeper and the worker. It was agreed to issue such vouchers to casual workers. Nuisance At Stradhall. A report by Mr. Dunne on the above brought up by Mr. Kyne stated that a proper drainage scheme was necessary to rectify the matter but in the meantime a temporary measure to extend the pipe to abate the nuisance in the village proper at a cost of £15 was recommended.

Mr. Kyne—Has the temporary work been done? Mr. Ormond—Yes. "Appeal To The Devil With The Court In Hell". Another adjourned matter dealing with the representations by officers to public representatives was again dealt with and Mr. Kyne said that the matter had been adjourned to give members a chance to consider. His mind was made up as was that of the last meeting. The order which was the same all over the country was most undemocratic and the matter had got a good deal of publicity in the press.

Mr. O'Ryan—I agree with that suggestion. Manager—Such a scheme is under consideration. A resolution on the matter was passed. Mr. Kyne also said that due to the scarcity of bicycle tyres it was difficult for Council workers to get to their work. He suggested a quota be got from the Government for their use.

Mr. O'Ryan suggested allowing 20 minutes to workers in the morning to get to their work. Mr. Kyne—Yes, walking time should be allowed. The Acting County Surveyor said he would look into the matter. A point raised by Mr. Kyne concerning a further increase in the bonus to workers was adjourned to the next meeting.

Housing Problems. Mr. James Ormond asked the Manager if any scheme was being done about a housing scheme for Lismore. Manager—Sites have been secured for the building of 20 or 25 cottages as now as materials become available. Mr. Ormond alluding to the fair field site said that houses were very badly needed in Lismore.

Mr. Quirk—What about Ballyduff they are also very badly off. Manager—I can't tell you off hand. Mr. Quirk—The position is so bad there that married men have to live with their people. Manager—Building is a very great problem and when 417 cottages which are proposed for the county have been built it will be a costly job.

WATERFORD COUNTY COUNCIL

(Continued From Page One)

ditional release of all republican prisoners in Eire Northern Ireland and England. The resolution was adopted proposed by Mr. J. Kavanagh seconded by Mr. P. Barron. An order that copies of a letter from the Department of Education concerning grants in the case of five National Schools for provision of water supply sent to all the school managers was made.

At this point Mr. P. Butler asked if anything had been done about the Fourmilewater scheme. Mr. Doyle said that nothing could be done at present but it was not being forgotten. It was decided to send the proposal concerning the Residential Qualification for University Scholarships to the Co. Councils' General Council.

The resolution from Arklow U.D.C. asking the Government to implement the Social Security Plans of Dr. Dignan was adopted. Road Repairs and other matters. Mr. Doyle asked that something be done about the bill from the Cleonea Road to Dallingan bridge.

Mr. Walsh asked about the water supplies for Bewley and Sluggers. The Acting Co. Surveyor said that these will be put in the estimates to be done for the tenth time the extension of the road at Helvick Head.

Mr. Ormond said that before anything was done a notice of motion should be handed in. Workers' Grievances. Referring to the system of giving workers Church holidays Mr. Ormond said that before the Conditions of Employment Act 1936 which was supposed to better the lot of workers had only worsened it. He thought they were better off before.

Mr. Kyne—The system was only a slight change but the Local Government Department had refused to sanction any alteration in the present system. Mr. Kyne—I don't think that is right. Manager—Well they left it to the Manager to interpret the matter himself according to the Act.

Mr. Kyne—Yes but without any stretch of the imagination I think there is ample reason for a change. It is being done in every county in Ireland. The Manager said he would inquire into the matter. Mr. Kyne pointed out that clerks in the office get Church and State holidays with pay and said there should be uniformity among all workers.

Mr. Kyne also suggested that the Local Government Department should be asked to recognize Road Stewards and Overseers as permanent officials with pension rights as they were just as entitled to pensions after 30 or 40 years of faithful service as any other official. Mr. O'Ryan—I agree with that suggestion.

Manager—Such a scheme is under consideration. A resolution on the matter was passed. Mr. Kyne also said that due to the scarcity of bicycle tyres it was difficult for Council workers to get to their work. He suggested a quota be got from the Government for their use.

Mr. O'Ryan suggested allowing 20 minutes to workers in the morning to get to their work. Mr. Kyne—Yes, walking time should be allowed. The Acting County Surveyor said he would look into the matter. A point raised by Mr. Kyne concerning a further increase in the bonus to workers was adjourned to the next meeting.

CAPPOQUIN NEWS

DISAPPOINTING FINISH TO HURLING MATCH

The challenge hurling match between the Army (21st Bait, Youghal) and Cappoquin senior hurlers which was played at the Sportsfield here on last Sunday, attracted a very good attendance and the weather was excellent and the sod was in dry condition for a fast hurling game.

As stated last week the Army team is still engaged in the East Cork Championship so that they are keeping in constant training for the final of the event and they were fully trained to the ounce when they lined up on Sunday.

In direct contrast to this the Cappoquin players were completely out of training as few of them had handled either a hurley or ball since they had played their championship match against Dungarvan some month previously.

Despite this serious handicap they still revealed much of their old form in the opening half of Sunday's game, when they proved the equals of the Army men in every stage of the game and turned over at half-time on level terms. The Army men played the Army 2-1 after a very fast and brilliant half-hour play.

It was only in the second half that their lack of training and staying powers proved fatal to them for although they added 1 goal and 1 point against a stone-wall defence the better training which sustained the Army men enabled them to add 3 goals and 6 points so that the end of what had at first promised to be a very even and exciting game found the Army team rather easy winners on the score 2-5.

The Cappoquin men deserve great credit for being able to play their better-trained opponents to a standstill in the first half-hour and if a match had taken place between them when Cappoquin were fully trained might well have been far different. However we must congratulate the Army men on their brilliant and well-balanced play on Sunday and the team that beats them in the final must indeed be a wonderful combination of hurlers.

Mr. W. Fitzgerald Cappagh refereed the match in a very able and impartial manner. GREAT 45 DRIVE FOR CAPPOQUIN H.C. A great 45 Drive under the auspices and in aid of the funds of the Cappoquin Hurling Club will be held in the C.Y.M.S. Hall, Mill Street on Sunday night, Dec 2nd when the substantial sum of £10 will be given in prizes allocated as follows: 1st winning party, £5 for 100 numbers up £1 each together with the usual householder's prize of £1.

The first rounds can be played anywhere but the final will be played in the C.Y.M.S. Hall on the above date entrance fees of 1/ each to be previously paid to Mr. F. Cunningham, Treasurer and Hon. Secretary. We feel sure that it is hardly necessary to impress on the Gaels of West Waterford the moral and sporting claims which the Cappoquin hurling club has for their support and general help for no other reason than that this club has shed such lustre on the Western Division by winning the junior county Championship for 1944 so that their defeat on last Sunday should not dim their past glories in the smallest degree but on the contrary should only act as an incentive to the attainment even greater heights of success in the county championships of 1946.

The hall will be splendidly prepared for the finals as it was for a similar event last year and with the most perfect arrangements for the comfort of all carried out by Mr. Paddy Cunningham and all the other officials of the hurling club. This is bound to prove a night of rare enjoyment for all present. "ARE YOU COMING TO THE PICTURES?"

We shall not have long to wait now until we hear the above familiar greeting resounding throughout Cappoquin as our New Cinema, as "Willie McCarthy's Cinema" as it is locally called will be formally opened in a short time to the delight of all classes of the townspeople who are anxiously awaiting the auspicious moment of the opening of the first Cinema of our own ever known in Cappoquin. A preliminary announcement of the event appears in our advt. columns this week when we also hope to give a fully-detailed description of this splendid new picture palace which will be of great interest to many of the public residing far out side the confines of Cappoquin.

SURVEY OF WATER RESOURCES

Dail Discussion

Mr. Heskin in supporting the motion said I agree that everything possible should be done to provide an adequate water supply for our community and I am glad to see that the Parliamentary Secretary as well as the Deputy in the House will agree that an adequate water supply is very necessary not alone from the point of view of household needs but from the point of view of the health of our people and from the viewpoint of our people's health. Every effort should be made by the Department of Local Government and Public Health to see that an adequate water supply is provided.

In the parish area where I live I lived up to a few months ago we enjoyed a public water supply and it was only when I left that area that I realised the extent of the problem. I had to counter in order to provide a sufficient supply of water for their households and for production generally on the land in the parish area where I am at the moment, Deerpark Lismore. I know of cases where people have to travel over two miles to get a supply of water and the poor in that locality such as far labourers have to depend on the farmers generally to cart the water from one place to another for ordinary household uses. In cases of that kind I would suggest to the Parliamentary Secretary that a general survey should be made by each county. I am sure that the County Councils would be too much in view of the fact that you have an engineering staff attached to each board of health and these officials could make the survey.

I think it would be the duty of the Minister in cases where supplies of water are not available to make every effort to provide a supply of water. We who are members of local boards have deputations coming before us from time to time, seeking for a water supply and we make every effort to make recommendations but at the present moment nothing can be done particularly in view of the scarcity of adequate material for the conveyance of water and so on. We would suggest that the County Councils should give such schemes prior consideration after the emergency but the question of the cost of financing such schemes may arise. I would suggest that in such cases where local authorities are prepared to undertake schemes of that kind, the Minister should make a substantial contribution and also that the local authorities should be prepared to pay any amount of money in order to get an adequate water supply but if loans are to be made then as I have said they should be at a very low rate of interest.

At the present moment you have public health authorities trying to cope with tuberculosis and in that connection an adequate supply of water is very essential. We know that very many diseases are due to bad water supplies and also know that applications have been made to the local authorities to sink even small wells in country districts where cattle and horses have access to such places. It is very injurious to the public health generally. I think that the local Government Department should take steps to provide proper protection for such water supplies to ensure that the water is kept pure for human consumption.

It would also help towards the provision of adequate water supplies for farmers if the Minister for Agriculture were to agree that the erection of pumps could be included in farm improvement schemes. I discussed this matter with the Minister some time ago and he told me that the difficulty of the matter was certain costings in regard to the sinking of pumps. The provision of adequate water supplies is most essential to all forms of agriculture and the production of milk and dairy produce and the rearing of live stock generally. It would be a great asset to the agricultural community if adequate supplies of water for animal and human consumption were provided throughout the length and breadth of the country. I suggest therefore that a survey should be made of the country for this purpose and that an honest attempt would be made to cope with the situation. If such attempts were made it would meet the demand put forward in this motion and would eventually lead to the provision of adequate water supplies throughout the whole rural Ireland.

that my article "was founded on hearsay and was not official in any way". If a document emanating from the Secretary of a Council is not "official," I fail to understand the meaning of the word, but it is easy to understand the confusion of thought caused by the embarrassment produced by Sir John Keane's letter which must have proved a veritable bombshell to the Hon. Sec. as well as opening the eyes of the members of the Council at the same time. Most of us here knew that Sir John Keane's letter which must have proved a veritable bombshell to the Hon. Sec. as well as opening the eyes of the members of the Council at the same time.

ARDMORE AND DISTRICT NOTES

New District Midwife—Nurse Cooney

New District Midwife—Nurse Cooney our esteemed Jubilee Nurse for some time past has been appointed as District Midwife in the Ardmore area. Some few weeks ago we congratulated her on her new appointment. A courteous and obliging official she possesses a thorough knowledge of all branches of the nursing profession and she has shown outstanding ability in dealing with all cases that come under her care. The best wishes of the entire community is extended to Nurse Cooney whom we hope will spend many happy years in the town of St. Declan.

Wedding of Local Interest—We offer our best wishes and congratulations to Mr. James O'Neill Ballinamona and Miss Julia O'Neill Ballinamona on their marriage which was solemnized at Ardmore Parish Church on Saturday morning November 10th. The ceremony was performed by Rev. M. Byrne P.P.

Both bride and bridegroom are very popular in the area and all are wishing them the very best of good luck and every happiness in the years that lie ahead of them. The Threshing Season—The threshing season is now drawing to a close in this area and many of the farmers have their corn threshed and the grain sold. It is reported that the yield was well up to average in these parts.

Safety First—Now that the motor cars are coming back on the roads and traffic is bound to become more numerous we join with the many appeals already made to parents of children and grown-ups to exercise great care on the roads. Motorists are also expected to show consideration and if all co-operate we are sure that no matter how heavy the traffic may become accidents will be few and far between.

Tourist Board's Hotels and Ardmore—We are glad to see that the Tourist Board are showing some interest in Ardmore. The long list Mr. O'Brien Secretary of the Board stated recently that Ardmore is a place where suitable development work could be carried out. Everybody will agree that Ardmore is one of the loveliest seaside resorts in the country and if the Tourist Board will expend some money in developing its amenities we can assure them that it will be money well invested. Some time ago the Board purchased Monea House Ardmore a beautiful residence close to the strand and on the main route and if this building is properly looked after together with some more improvements Ardmore may well become a famous seaside resort in a very short time.

£1,350 AWARDED TO CYCLIST. A jury having found for Nicholas Walsh farmer, Aghlish Carrigeen Waterford in his running-down action against John Hurley hackney car owner, New Street, Carrick-on-Shannon, assessed damages at £650 the President of the High Court gave judgment accordingly with costs. Mr. Walsh stated that his car collided with him when he was cycling on the Mooncoin-Waterford road on November 14th 1942 and that he fell on his head.

SEED WHEAT PRICES FOR 1945 '46. The Minister for Agriculture deals with reminding growers and seed merchants that prices for ordinary seed wheat sold during the 1945-46 scale season should not exceed the maximum prices fixed by the Emergency Powers (Cereals) Order 1945. The higher prices authorised by the Minister for pedigree seed wheat produced by Pedigree Seed Growers should apply only to such seed which is sold in sacks bearing the brand and name of the Company. All seed wheat prices include carriage to the buyer's nearest station.
