Late Mr John Dahill, Mary St., Dungarvan

It is with deep regret that we record the death of one of Dungarvan's most sterling inhabitants in the person of Mr John Dahill which occurred at his residence in Mary Street late on Thursday night January 10th at the fine age of 77 years

John Dahill who was a native

of Colligan came to Dungarvan as a young man and figured prominently in the public life of the town all during his long life He was a member of the Urban District Council for many years trict Council for many years where he always put the interests of the ratepayers above all day that the Rey Celsus O Concussions on the numerous mat nell was elected Lord Abbot of other considerations In all dis ters dealt with by the Council during his time his utterances were marked with sincerity and straightforwardness and if any scheme justified criticism he did not fail to point out faults and how they could be rectified He acted on the Council until failing health forced him not to

seek re-election An honest and upright man in business and a true-hearted Irishman he was adverse to any compromising policies

He was father of Rev John Dahill Morisset New South Wales to whom as well as to the other members of the family

and the remarks above relating to main roads apply equally to them For many years past the amounts available for maintenance of County Roads have been entirely madequate and the result is deterioration in many sections I would recommend that an increased allowance be made for Couny Roads this year in order to carry out some essential improvement works in addition to the maintenance

Mr T Morrissey—An estimate of £103 670 is about £2 000 a week but a big lot of the roads in the County have deteriorated in the last few years If we reduce this figure well have deputations from all over asking us for God's sake to do something to the roads and for that reason I propose you adopt the estimate

Mr O Ryan—What was the amount last year?

Chairman—Why not let this go to the Estimates meeting and the Co Surveyor could submit what an increase would come to Manager—1/- per week would mean £1 000 a year I went into this with Mr Ormond and last month I submitted a proposal to the Department dor an increase of 2 - but have got no reply yet After further discussion the matter was deferred to the Estimates meeting and the Co Surveyor stated that the building of a 4 ft protection wall at the Causeway Abbeyside had been recommended by the Urban Council A report from the Acting Co Surveyor stated that the cost of erecting a wall would be £450 but the matter was not one for the County Council

somewhere A sum of £6,907 has been estimated for these Mr Ormond—The total of £64 000 passed last year will only meet maintenance work and that amount will be short this year and no special works can be done Mr J Butler—Will there be any windfall from the Land Commission? In the first line of defence Mr T Morrissey—I think the order to prosecute should not be enforced at present Mr Norris — Whose responsibility is it?

Manager—The Guards Mr Quirke—The Guards are forced by the County Council Mr Ormond—Knife-edge cleats cause great damage to the roads

be done
Mr J Butler—Will there be any
windfall from the Land Com-

The following resolution was then passed Proposed by Mr O Ryan and seconded by Mr P Butler
That last year s Estimate for

Main Roads be adopted that sible to have some of the oblast year's Estimate for County Roads plus an increase of £2 000 ed? be adopted and that a sum of £1 000 (representing an increase of £300) be provided for Dungarvan Urban Roads making a gross total of £66 658 to be re-commended to the Estimates

Loan For Road Repairs Suggested

in the roads and he advised the it was a matter for the Committogive a ten years loan to put the roads in good condition. the roads in good condition Mr O Ryan—I agree with that and I suggested it last year but somehow nothing was done We are paying 4½ or 5 per cent on a control of the cont existing loans and we should liquidate these and get a loan to

wipe them out
Mr Harty—The British Government gave Public Boards money at five-eighths per cent last year and I propose that we request the County Manager to consider the advisability of liquidating all loans by the floatation of a new county stock to be issued at favourable terms Mr J Butler seconded the proposal and the County Manager said he would have information concerning the matter for the Estimates Meeting on March

Wages Of Council Workers Mr Kyne moving the following motion— That the County Manager be asked to make pro-vision in his Estimates for an increased bonus of 10/- per week for Council Workers This Council is of the opinion that such bonus is urgently needed by the workers in order to live and we feel it our duty to press for the payment of same said that in 1942 the Government limited the increase of wages but now a bonus of 15/-was allowed The Minister for Industry and Commerce had stated that wages had increased by 11% but the cost of living had increased by 75% In Waterford the bonus was restricted to 5/due to the Agricultural Workers rate but now this rate had been improved and if a bonus of 10/-were given to the Council workers he thought that it would not violate any order un-der the Act He said that Mr Dunne and Mr Ormond admitted that the workers cannot live on the existing wage and prefer

to do agricultural work and if this is so then the roads will go

WATERFORD to hell The Council should act their part and give the workers a living wage He said an increase was more badly needed by workers resident in towns

reason I propose you adopt the estimate
Mr O Ryan—What was the amount last year?
Chairman—£55 672
Mr P Butler—We ll have a norate campaign again I m afraid
Mr O Ryan—If we pass this estimate we will have a storm in the county and I wonder if you could collect the rate!

Tractor Owners Should Not Be Prosecuted
Arising out of a resolution from the Waterford Co Committee of Agriculture calling on the Manager to suspend the Order to Feb 1st dealing with the county and I wonder if you could collect the rate! could collect the rate damage to roads by spade lugs and cleats Mr Heskin said that crease of £20 000 on county it was unfair that these proseroads I don't think the Council cutions had taken place should pass that without serious through thought
Mr Ormond—It will be less
£14740 which will be recovered their job well and the County
Council should not have forced through a lot of hardship during

by maintenance grant

Mr Quirke—Last year we increased the estimate by £2 000 and if we did the same this year! I wouldn't agree to an increase of 3 - in the rates

Council snowing not have to these prosecutions

Mr ORyan—The Department of Agriculture should have come to the assistance of men who were compelled to till the land arow crops. year I I wouldn't agree to an increase of 3,- in the rates
In reply to Mr J Butler the Manager said that the estimates of the Board of Assistance would be considerably up the Mental Hospital would be about the same and there was a malicious injury claim of £2 600
Mr O Ryan—The rates have been steadily on the increase for a number of years
Mr Norris—If we could reduce some of the roads proposed by the Councillors we might get somewhere A sum of £6,907 has been estimated for these

any communication about the

reconstruction of the Bridge?
Manager—There have been no Mr Harty—Would it be possible to have some of the ob-

Mr Ormond-It would not be advisable to have any of these removed

Mr Norris referred to the application made by Mr J O Hara to the Co Committee of Agriculture for a substantial increase in

wages
The Manager said that he was In reply to Mr J Butler the County Manager said that there can deal of deterioration The Manager said that there care taking the County Council for Caretaking the Counthouse but

RESOLVED!

Resolutions every farmer should make now:

1.—To till more in 1946

The need for home production is as great as ever

2.—To sow a record wheat acreage

The target for 1946 is 700,000 Last year's acreage was 662,000

3.—To order requirements of 30% Superphosphate at once

By doing this he will help his local merchant to cater for his needs, relieve congestion on the railways and avoid disappointment through delay in delivery
