Catholic Scout Notes 4th WATERFORD TROOP CBSI (St Joseph & Abbeyside)

In Circulation Again-After a long time a few of the missing Scoutsbooks have come to light including one of the three American Handbooks Others have yet to turn up so Scouts and KEs too have been asked to keep (or begin) searching the book shelves lofts and behind the Radio

Troop Meeting—Two members of the Tiger Patrol each with a hand in a sling acted as spectators during Drill and I hope they were fully satisfied with what they saw We are progressing with commands in Irish now After Drill Scouts gathered round the greenboard (Pingpong Table on its end!) and were shown a simple method of learning Morse Code which even candidates could follow It only entails the earning of thirteen short phrases which provide cues A new Ball game was introduced in which the usual ball and two staves were used Two teams lined up facing each other at one end was the ball and at the other two chairs on which were staves. A number was called and the two Scouts forward graphed forward grabbed a stave and tried to knock the ball through the other teams goal The business end of the stave could not be raised above the knee as a precaution against broken noses

Song Practises—We had a fairly good practise last Sunday night and will have another next Sunday at 730 pm We hope the flu or forgetfulness will not cause gaps in the ranks

Parades—We give the usual
reminder in print that next Sun-

day will be our Confraternity Parade day and we are all due at the Den before 745 a m (730 am for buglers!) If all Scouts and KEs get to the top benches in the Church for the meeting on Friday night they won't forget about Sunday

Adieu-During the week Denis Young a member of the Knight Clan who figured from time to time in the Notes left for a land across the seas Our best wishes went with Denis and we hope he won't forget us whereever he

KE Clan—The KE's hold their Meetings on Sunday mornings and I understand that from now on one meeting at least in the month will be held with all in full Uniform The Clan recently took in a new recruit and there is talk of two more joining up soon. An Reactaire is said to be anxious to have an inspection of KEs in Uniform on Sunday

next after second Mass General—A 1946 Reg Stamp has been stuck on the Registration Cards already handed in and some Scouts ought to wake up before 1947 to get their caids stamped We learned with regret that an Leas-Reactaire has had to go on indefinite leave from active service and remembering Martin's great interest and work for the Den and Troop for many years we hope it will not be too long before he is free to lend his valuable aid again We don't seem to be doing much First Aid lately but as far as memory goes the books don t thomas on his recent success pains Much to his surprise at Rectaire received a letter during the week from Jack Blunt (the chip with writes furning the week from Jack Blunt (the chip with writes furning the week from Jack Blunt (the chip with writes furning the week from Jack Blunt (the chip with writes furning the week from Jack Blunt (the chip with writes furning the with the chip with writes furning the week from Jack Blunt (the chip with writes furning the write furning the with the chip with the was the first of the Klimachtonas postal starf of the klimach give any quick cure for growing in having won a prize in a Sun-pains Much to his surprise an day newspaper Xword Mr Reactaire received a letter dur. OUR PRIMARY NEEDS

WHEAT

- I. Wheat growing is still compulsory because the need exists for the maximum production at
- Winter wheat should be sown at every opportunity. It is most inadvisable to rely entirely on Spring sowings Seed of Winter varieties is plentiful.

POTATOES

- Potatoes are most important after wheat. Higher yields can be obtained if the potato seed is sprouted before planting
- Any farmer who has not already put tubers to sprout should do so at once Sprouted seed should be carefully protected from frost
