Mr J Butler—Is that increase

Mr J Butler—What are the apportionate amounts ? Manager—One fifth to the city and four-fifths to the County I would mention that we tried to get an overdraft from the De-partment but they refused. salaries for nurses are the probationers included ? Secretary-No

Mr J Butler-I think they are entitled to an increase more than anyone Due to the miserers are entering our hosptials. I thought under the agreement with the Nurses' Association and the Department that they were to get an increase also Manager-We have adopted

the full scheme sent on by the Department Mr J Butler—It is an omission that should be rectified In the County Hospital I believe they get nothing the first year and about £15 per annum other years In other hospitals they start at £20 and go up to £50 Mr O'Connor—I would like to bear out the case made by Mr

Unfavourable weather kept field work at a standstill during recent months' Very little winter, wheat has been sown, a fact which is particularly unfortunate at a time when an increased wheat acreage is more vital than ever

Every effort should now be made to get winter wheat sown as soon as conditions permit The end of compulsory tillage is not in sight and faimers must not hesitate to break new land where necessary

The quota is only a minimum and the best land is needed for wheat. Sow every acre you can manage and put your wheat on lea or on manured ground
