Apple Marketing
Arlsing out of a letter dealing
with the apple marketing
scheme Mr P O Shea Horticul

Mr Quirke said that whatever the cause was many shopkeepers prefer to handle foreign apples in preference to the Irish apples even though the former cannot

most cases the wheat sown this year was a dead loss and in places tilled by himself he didn t expect to get even the seed back knew that this would be so he said when he was sowing it as conditions were so bad but he had to do it He said that far-mers should be asked to till only what they could handle properly

Many other members agreed with Mr Norriss remarks and Mr Quirke said that what was needed more than anything else was fresh imported seed wheat
Mr Mansfield—The amount of the quota should be reduced and this were done there would be better husbandry If we are to

continue as we are we won t even get a barrel to the acre Mr Dower—In some cases this year it would be just as well to throw the seed out in the street

or give it to the birds Mr Mansfield—In most cases this year as far as I can see farmers did it only to comply with

Mr Leahy—The point is that if we reduce the acreage under tillage at home it would look bad in the counties where we are trying to purchase wheat Mr O'Ryan asked if any reply had been received from the De partment concerning the Committee's resolution asking for a

special bread ration for thresh-The Secretary said that no reply had been received and after a discussion on the subject the following resolution pro-posed by Mr O'Ryan and seconded by Mr Leahy was passed -Having learned that the De-

partment of Industry and Com-merce have treated with con-tempt the resolution of this Committee passed at its last meeting requesting that an allowance of bread be made available for threshing operations we hereby wish to remind them that hotels etc catering for foreign visitors and tourists can get bread in unlimited quantities and that further it is a poor contribution towards the

Fuel Rationing

NOTICE TO DOMESTIC CONSUMERS OUTSIDE THE SCHEDULED TURF AREA

A new system of fuel rationing in the non-turf area will come into operation from 1st October, 1947 which is designed to secure more equitable distribution than in the past. The boundaries of the turf area and the non-turf area. are now well known and there is no change in this respect.

The salient features of the revised system are set out.

PURCHASES AND COUPONS 2 From 1st October 1947 onwards it will not be legal—except under permit—to purchase coal or turf in the non-turf area or coal turf or firewood in the firewood area without surrendering coupons 3 A Fuel Ration Book consisting of 5 sheets of coupons lettered AA to EE has already been issued to the head of

every household in the non-turf area RATION PERIOD The next Ration Period for domestic fuel will be from 1st October 1947 to 30th November 1947
AMOUNT OF RATION AND APPROPRIATE COUPONS

The ration for the October November period will be (a) In the area in which firewood is rationed (i.e. the County Boroughs of Cork (and certain areas in the immediate vicinity of Cork) Dublin and Waterford the Boroughs of Dun Laoghaire Drogheda Kilkenny and Wextord the Urban District of Arklow Bray Dun-dalk Dungarvan Enniscorthy, New Ross and Wicklow one-quarter of a ton of coal together with one-half of a ton of turf or firewood or one-half of a ton of turf and fire wood combined

(b) In the remainder of the non-turf area one-quarter of ton of coal and one-half of a ton of turf The coupons to be used in the October November Ration Period will be -

. Coupons lettered AA

Coal Turf and or Firewood HOW TO USE COUPONS

7 Each coupon lettered AA will be exchangeable for 2 stones of coal the full sheet of 20 AA coupons being exchangeable for one-quarter of a ton of coal

8 In the firewood area each coupon lettered BB will be exchangeable for 4 stones of turf or firewood or 4 stones of turf and firewood combined the full page of 20 BB coupons being exchangeable for one-half of a ton of turf or firewood or one-half of a ton of turf and firewood combined. In the remainder of the non-turf area these coupons will be exchangeable for turf only as firewood is not rationed outside

the firewood area No coupons other than those lettered AA and BB may be used in the October November ration period The remaining coupons will be required for use in subsequent ration periods and should not in any circumstances be removed from the Fuel Ration Book until further notice A householder who disregards this warning may be unable to obtain Fuel in a subsequent period

As from 1st October 1947 it will not be necessary for a householder to be registered with any particular mer-

11 Before purchasing fuel, the head of the household must write his name and address clearly on the front of the Fuel Ration Book The book must be handed to the licensed fuel merchant at the time of purchase he will cut out the correct number of coupons and return the book

12 It is illegal to buy or sell fuel coupons to give or take presents of coupons or to use loose coupons

13 Nothing in the new fuel rationing system alters the existing position that where a ration is not actually delivered within the relevant ration period it cannot be carried forward to a subsequent period. The reason for non-delivery is immaterial and in particular it is not sufficient that the coupons should have been surrendered to the fuel merchant

within the ration period to which they relate

14 Domestic consumers who have produced their own fuel supplies are requested in the national interest not to draw their ration unless they really need the additional fuel They have already performed a national service and will not wish to detract from its value Persons who do not propose to use the October- November coupons should detach the relative pages from the licence and return them to the Department of Industry and Commerce
15 The maximum retail prices of domestic fuel from

1st October 1947 are -140/- per ton

Turf 54/Firewood (blocks not exceeding 10 x 10 —In the County Boroughs of Dublin and Dunlaognaire 80 - per ton

In the County Boroughs of Cork, Limerick and Waterford County Dublin Brav and

Counties Wicklow and Cork 6d per stone 60/- per ton In the remainder of the State

NOTICE TO LICENSED FUEL MERCHANTS
From 1st October 1947 16 From 1st October 1947 onwards coal or turf may not be sold in the non-turf area for domestic use, nor may firewood be sold in the firewood area otherwise than in exchange for fuel coupons or on foot of a permit or other authority issued by the Minister for Industry and Commerce The coupons must be valid in respect of the type of fuel concerned and for the ration period in which the fuel

is actually delivered 17 Traders may not supply coal turf or firewood to other traders after 1st October 1947 without obtaining the appropriate number of valid coupons unless so authorised the Minister for Industry and Commerce by permit or otherwise

Coupons marked 'AA' and 'BB must not be accepted from householders after 30th November 1947 These coupons should not be taken unless there is a reasonable probability that the fuel will be delivered on or before 30th November It will be illegal to deliver fuel after 30th November in respect of coupons which are valid only for the ration period then ending
