ROADS ESTIMATE ADOPTED **PROVISIONALLY**

RATES MAY BE 21/11 IN £

"RATEPAYERS MAY DROP WITH HEART-DISEASE"

At a special meeting of the Waterford County Council held in Dungarvan on Monday last, Mi D Heskin, Chairman, presiding, it was decided after a lengthy discussion to provisionally adopt the County Surveyor's estimate for County and Main Roads, totalling - £143,169 which represents an increase of 3d in the £ for this item over last year.

With increases from the subsidiary bodies it was stated that the probable total rate for the County in 1948, 49 would be about 21 11 in the £

The matter will be finally reviewed at the general estimates meeting to be held on March 8th

Grants On Same Basis increase of 4 - in Kilkenny and this court The Secretary read a notification from the Local Government I think it would be foolish not Europe Department intimating that the to avail of the grants offered road maintenance grants for Mr Norris—The Department

For main road—£17 420 from don't do what the County Surshould be continued rates which was an increase of veyor suggests we will lose £18000 For County roads—£18000 in grant 234 470 from rates which was an increase of £2.250 Chairman—Will there be men available for all road works this

He pointed out that on these year ?
figures a grant of £50 000 would Coun for main roads and £30 100 for county roads said that the increases in wages alone as already recommended would cost £11 000 a year and on the increase of £3 191 on the rates over last year the in-

creased grant would amount to Mr Noiris-What increase in the £ on the rates does that represent County Surveyor-About 23d

Chairman-If we accept those figures what would the general rate increase be?
Manager—There are increases

of 1.8 from Public Assistance and 7d from the Mental Hospital and the General Purposes rate has not yet been estimated but it will probably be up by

culties of the emergency we continued to keep the roads well always and still we only get the same grants as other counties for Public Assistance will be rethat did not do so I maintain that roads should be a patient. Chairman—Despite the diffithat roads should be a national charge as why should we have to maintain roads for national

transport like beet lorries they had to use the railways before Mr Kyne—CIE lost a million year but it is gone on to the grants offered now as they may roads and why should we have not be available again to pay for the roads from which they get their increased profit Chairman—They lost on the

rail section as the traffic was diverted to the roads Mr Kyne—A bye-law should be passed limiting 1 weights on roads to 5 tons lorry Mr Norris—My opinion is that the only return that the ratethese grants are coming as a bribe every year to have local taxation increased but the ratepayers cannot be burthened any further Local and national taxation has gone out of all bounds and we should not ask the ratepayers to pay any fur-ther increase If we go any fur-

Chairman—Taking the increases from the other bodies into consideration by what amount should the road estimate be reduced to have the rate the same as last year?

Moragon Therman—The count of the county of the increases to the workers I feel it is my duty to propose the acceptance of the County Surveyor sestimate

Huge Tenders For Abbeyside **Housing Scheme**

WOULD COST .£1,539 EACH

MANAGER "COULDN'T RECOMMEND ACCEPTANCE OF SUCH TENDERS"

AT last Friday night's special meeting of the Dungarvan Urban District Council (Mr T McCarthy, Chairman, presiding), the members of the Council saw an end to any rosy dreams of having the Abbeyside Housing Scheme of 74 houses, mostly 4-roomed, proceeded with, when tenders for the scheme were

The lowest tender was for £113,902 or £1,539 per house (excluding cost of site or administrative expenses) and it was deduced that to let these houses at even a rent of 11/3 per week an additional rate of 4/in the £ would have to be struck to subsidise them

The Council adjourned consideration of the ten-
