The Circus Comes To Town-On Friday last a huge crowd enoyed a wonderful night's entertainment on the occasion of Recos Circus being in town From an early hour throngs of pleasure seekers were waiting for the doors to open and even before the show started the most popular priced seats were sold

The most spectacular feature of the show was the series of acts performed by the strange With Henry Hull Leslie Fenton Madame Koringa for whom the razor edges of broken glass and gleaming swords bore no terror Her act was brought to a wierd climax when she allowed herself to be buried alive in a sand filled coffin for five full minutes and when the time was up reappeared as fresh and smiling as ever despite the anxiety of the huge audience to the contrary

The act which was unani-mously voted to be the best was the wonderful display of physical fitness and agility shown by the trapeze quartette Time and again these amazing artistes in their death defying leaps and somersaults from one bar to New with unfounded fears of what seemed to be a certain mishap But steely muscles and perfect training made little of all these dangers and when the act finished those present showed their appreciation by giving the per ormers a mighty round of ap-
