All Set For Sunday's Big Games

WATERFORD TEAMS FIT AND CONFIDENT

THE training is over, and the Waterford Senior and Minor hurlers to do duty in Sunday's All-Ireland Finals at Croke Park have declared fit and well. The enthusiasm and confidence which has been a special feature in the training camps is also widespread throughout the County and hopes of a double victory at high in the Decks.

The Senior team which has already defeated Clare, Cork and Galway, shows one change since its last outing with Mick Hickey (Portlaoigh) replacing J. Galvin (Clonca) in the right half-back position.

It is exactly ten years since we made the last trek to Croke Park following a home trip to the Final and just as then Dublin was the main obstacle to be surmounted before final victory is achieved and it is hoped that Sunday next will be remembered for all time by seniors, the names of Portlaoigh's strikers inscribed in the select band of All-Ireland victors.

We have a good team which has gone through a sound training and provided we get our share of the luck of the game we should win the laurels. Dublin will certainly prove a faster and more open combination than has so far been met and if our boys can hold their own in the opening stages and not allow themselves to be rattled or run off their feet then we should be set for a victory.

It is only one thing more certain than that we will win, we are practically a very man woman and child in Waterford City and County who can find the way and the means will be at Croke Park on Sunday so that our hurley will not lack the necessary moral and vocal support to win.

It is an accepted fact that Waterford cannot afford to play as they did in the semi-final against Galway, for if they even be able to relax as they did then one moment's relaxation might prove our downfall. What All Waterford wants is a repetition of the Munster Final form with an all out effort from beginning to end.

These are the only tactics that will pay dividends as the Dublin team will be a fully trained one and will have the advantage on us in years and speed. Oldest man on the Dublin team is 28-year-old E. Dunphy who plays in the right full back position and the youngest is 19-year-old Michael D. Donnelly. The other members of the Dublin team are K. Matthews (goal), D. Walsh (left back), S. Cronin (left back), A. O'Connell (centre), L. Murrell (right half-back), Butler (centre back) and P. Donnelly (left half). M. Hassett partners Donnelly at centre-forward. J. Kennedy (right wing forward), D. O'Connell (centre), S. O'Connell (left wing), M. Williams (right full), J. Prior (full) and F. Cummins (left).

The average age of the Waterford team is 28 and one-third years and of this year's fifteen Keaney, Moylan and Hickey figured in the 38 final.

I have had a few statistics which may prove of interest concerning the team.

Jim Ware (Erins Own) in goal age 38 years weight 13st 8 lbs height 6 ft 1

LISMORE ITEMS

Lismore Defeat Ballyduff
Sunday last seemed to be Lismore's day out when they beat Ballyduff at Lismore Gaelic Field. An unusual feature was the amount of points—no less than fifteen—scored by the winners. The standard of hurling was only moderate but what was lacking in science was made up for in spirit and enthusiasm by the opposing teams. Hard knocks were given and taken with great spirit which only added to the excitement of the hard fought game.

The ball was barely in play before it was sent over the bar by John Farrell to open the scoring for Lismore. A couple of seconds later he repeated his feat from a more difficult angle. Ballyduff now conceded a goal which was taken by Ronnie O'Donnell resulting in a point. Ballyduff launched an attack but were foiled by the timing and fast clearances of John O'Callaghan. Lismore's goal was being played in his first junior game and who justified the confidence in him by the selectors. Continuing the advance a goal was scored by Beacher was followed on by Roche to net Ballyduff's first score—a goal which brought them level with Lismore. Following a free by R. O'Donnell Lismore once again took the lead with a point by P. Moore. A strong attack by Ballyduff put O'Callaghan to the pin of his collar to prevent a score but with a mighty effort he managed to do it and the ball was cleared by M. Kelly. Another point was scored by P. Moore was replied to with a point by Becher. Yet again Moore raised the white flag and a long shot by Bransfield reached Mickie Whelan who was sooner got the ball in his hand than he promptly put it into the net for a goal. Just afterwards he was responsible for points in quick succession.

The ball went to net in an all out attack which was only averted by the close marking and splendid craft displayed by Kelleher Bransfield and Callaghan but a 21 yards free by Becher carried all work in vain as he sent the sliotar flying to the net. Before the half-time whistle was blown points were added by W. Lineen and R. O'Donnell to leave the score—Lismore 1—10 Ballyduff 0—7.

After the interval the scoring was opened by M. Whelan with a point for Lismore. But a free by Becher which resulted in a goal encouraged the Ballyduff men to resume their heroic attack with the result that Lismore had to concede a further point. A brilliant piece of tactical hurling now enabled Lineen to send the ball to Farrell who casually placed it in the net to send Ballyduff hopes reeling. For the next few minutes there seemed to be a stalemate. Neither side could break through and several successive frees by O'Donnell and Moore failed to change the situation. Then like a bolt from the blue the dashing Charlie Daly burst through carrying all before him to send the ball through the goalmouth. Lismore replied with a lovely point by Bransfield and a goal by Noel Foley following a hard close penalty by Becher looked dangerous but was cleared by W. Hogan. Once again Whelan came to the fore with a point which was followed by another from Bransfield. Just before the final whistle a centre by Moore added a last point per Bransfield to the Lismore score.

The final score was—
Lismore 3—15 Ballyduff 0—7
Daly (Waterford's All-Ireland full-forward) was an impartial referee.

Dance—A grand cinderella dance held in the Happydrome on Sunday night attracted a very large crowd. Spot prizes were competed for and the lucky winners got a hearty clap from the rest. Music was supplied by the Marino Dance Band who provided one of the best programmes enjoyed this year and one and all voted the night to be a smashing success.

All-Ireland Special—We have just heard on reliable authority that the special "All-Ireland" train for Dublin will leave Lismore station at 5.18 a.m. and

Appointment of Poultry Inspector

Mr. P. R. Power, Chairman presided at the monthly meeting of the above held on Saturday last, August 28th. Messrs. M. O'Ryan, M. F. Walsh, M. Hart, and T. Morrissey were also present.

Mr. P. Conroy, C.A.O. and the other instructors were in attendance.

Chairman Thanks Members
The Chairman thanked the members for re-electing him in his absence at the last meeting.

Irish, A Necessary
A letter from the Local Appointments Commissioners concerning the filling of the permanent post of Instructor in Poultry Keeping and Buttery-making asked if a competent knowledge of Irish would be an essential qualification.

Mr. O'Ryan said that he did not think that it would be absolutely necessary but that preference should be given to the candidate with Irish.

The Chairman said that in the case of past appointments a knowledge of Irish was necessary but those candidates who were very well up were given a chance to improve it.

Mr. Hart said that he thought that anyone appointed should have a good knowledge of Irish. Finally it was agreed to inform the Local Appointments Commissioners that a knowledge of Irish would be an essential qualification.

A letter was read from Miss Mary Mullins part-time Poultry Inspector resigning her position as from October 1st next.

Mr. Conroy said that he understood Miss Mullins was taking up a permanent post under the County Kildare Committee.

Mr. O'Ryan said that the notice given was very short and Mr. Conroy said that he had been in communication with the Department on the matter and they had stated that if the Committee passed a resolution a further temporary appointment could be made until such time as the permanent post was filled.

and that this information could be circulated to the Managers of Co-Operative Creameries if they were further interested. The Committee could arrange if desired to meet the Minister on the occasion of his visit to Waterford Show on September 16th.

Mr. O'Ryan when asked if he would go on the deputation to meet the Minister (Mr. Dillon) stated that the deputation would come back from Waterford with their finger in their mouths. He said that what he wanted was limestone and not bluff.

Oat Crop
Arising out of a letter dealing with the prices of feeding stuffs Mr. Morrissey said that no price had been fixed yet for oats of this year's crop. He said that there were thousands of barrels in this county and there was no market as no price had been stipulated and rumours were going round that the oats won't be taken this year.

Mr. Hart said that he had been told in Cork that all the stores there were filled up since last year and he said that some export market for the crop should be got.

Finally it was agreed to request the Minister to fix a minimum price of 30/- per barrel for oats of this year's crop.

THE WATERFORD HURLERS "ROCKY ROAD" TO DUBLIN

THE DEISE GAVE A LEAD TO GAELIC IRELAND IN CARRYING OUT DR DOUGLAS HYDE'S ADVICE

INTERESTING HISTORICAL FACTS

The culmination of the Waterford hurlers' efforts without any hurling tradition at the beginning of this century in reaching the All-Ireland Hurling Championship Final 1948 for the second time, is one of the most remarkable happenings in the history of the G.A.A. and has created nation-wide interest.

THE SHOW—Mr. J. M. W. ATTEND

Minister for Agriculture and other prominent personalities will be amongst the visitors at the Show in Kesh Agricultural Park on Sunday next 13th September 1948. The Secretary has received notification from other prominent personalities in the Agricultural and Sporting life of the country regarding their intention to be present at the Show.

WHERE THE GAELIC HURLERS PLAYED THE GAME

Those who know the Topography of the Liberties of Waterford, will understand that the townland of Knockhouse was the site of the townland of Knockhouse used for hurling over 40 years ago in the townland of Knockhouse in the Parish of Moonocogue, South Kilkenny and the picturesque Mount Congreve on the southern bend of the river.

THE SUPPORT GIVEN BY THE BISHOPS OF THE DEISE

The main factor which has contributed to the success of the National Pastime in the Deise is the patronage accorded to the successive Catholic Bishops of the Diocese of Waterford and Lismore who not alone contributed generously to the funds and presented valuable trophies for competition. They have given invaluable moral support by reason of the prestige of their high office.

The late Mr. James M. Pappaloni, a member of the County Waterford Hurling Club, died on Monday, 27th September 1948, at his residence, 15, St. Mary's Road, Waterford. He was 65 years of age.

A Chas. I noted with interest the article by Tomas in your issue concerning the history of hurling in County Waterford and have in my possession a photograph of one of the first hurling teams in County Waterford. Your correspondent refers to this photograph of the team which started in Ballyduff in the year 1897 in preparation for the celebrations for the Irish invasion of 1898 which fell through owing to the outbreak of the Spanish American War.

Training Funds

The Chairman said that a fund had been opened in Waterford by a group of interested citizens. Unfortunately the fund had been opened under the name of the G.A.A. and certain wild statements had appeared in the Waterford Press in connection with it. He said that the name of the Association was sending a letter (which he read) to the Press. T. Pinkert, W. Keane and M. P. McKernon, both members of the Committee in charge of the fund, explained what had happened to date in connection with it and said that it had been decided to invite the Chairman and Secretary of the County Board to a meeting of the County Council Committee and to decide what way the money would be spent.

Abbeyside Housing Scheme

Site For Public Lavatory

Mr T. McCarthy (Chairman) presided at the usual meeting of the Dungarvan U.D.C. held on last Friday night Aug 27th. Messrs T. A. Kynne, T. D. M. Clancy and N. Kelly were present.

Mr E. Deery Town Clerk attended.

Cleaning Urban Roads

Arising out of the minutes Mr Clancy questioned the item concerning the contribution of £50 per annum to be paid by the County Council to the Urban Council for the purpose of cleaning urban roads and stated that in his opinion this was the due right of the Urban Council. He said that the Council workers are nearly always cleaning the main roads and the cleaning department was very costly. He said that this item was now to be paid in respect of the last 3 years but he held that it should have been paid in years back. He was glad in the same time to see that the Manager had brought it up.

After putting a few questions to the Clerk on the matter Mr Clancy said that he would defer the matter until the next meeting when he might have further information on it.

Tenant Complaints

Patrick White, Cooagh Road, Abbeyside appeared before the Council and stated that the rent had been recently increased by the landlord and there were many things to be done to the house.

The Council told Mr. Whelan that they would do all they could in his case.

More Like A Communion

The Chairman said that Old Wolfe Tones were given at the back of Fitzgerald Terrace must not have been cleaned for a long time and was in a scandalous condition. He said that there was a small patch of ground in the same locality which was being made a public convenience and the whole place was more like a communion than anything else. He said that Mr. Clancy had agreed with the Chairman's remarks and it was decided to draw the Manager's attention to the place.

Manager's Orders

Among a number of orders made by the Manager were the following—

(1) Public Lavatory refer to Solicitor for opinion as to whether site on north west corner of Square can be acquired compulsorily.

(2) Fitzgerald's house, Buttry Street sewer is 100 feet from house which is condemned and will eventually be knocked down to clear the whole site.

(3) Clerk of Works Cleaning Watermains. Mr A. Spears BE to be appointed.

Abbeyside Housing Scheme

Referring to the employment of labour at the housing scheme the Chairman asked if any new men had been taken on lately and if so had they been employed through the Labour Exchange.

Clerk—I don't think they all have been employed through the Labour Exchange.

Chairman—That's my point tonight. We are raising this point to understand here before the scheme started that the men would be employed through the exchange and now some men have come to me and complained that they can't get a job.

Mr Clancy II. I rather think the way the whole matter is being handled. There's nothing to be done there. I want to refer to and that is the consideration of the report of the Borough Surveyor at the last meeting. That matter was not on the agenda and I think its consideration was irregular. It has always been interested in housing and I would have liked to be present when that report was discussed. It is intended to build the whole 74 houses in Abbeyside.

Chairman's View

Mr Clancy. Well I object to that. A smaller number should be built there and some are wanted in the parish of Dungarvan. If people are to wait for houses until the whole scheme is finished they will be waiting for years. By doing a smaller number they will be ready quicker and people can go into them. Then again we would like to know what the cost of the development of the place will be or what the rents are likely to be. We have no information at all on the matter. It reminds me of the water scheme and I am very dissatisfied.

Chairman—I agree with Mr Clancy that the matter should have been put on the agenda.

After further discussion on the matter it was agreed to adjourn it to the next meeting when all the necessary information will be available and the officials concerned will be present.

Local Government Superannuation Act, 1948

Notice of motion to cover the

adoption of the above at the next meeting was handed in

Site For Public Lavatory

Messrs J. F. Williams & Son, Solicitors to the Lavatory stating that in their opinion the Council had power as the Sanitary Authority to acquire a site for a public lavatory. They stated Messrs M. Moloney & Co who owned the site proposed to be compulsorily acquired should be written to and so informed.

Mr Kynne the only place for a public lavatory out in the square. By putting it away in a hole you will have the same monstrosity as you have on the Quay now.

Mr Clancy said that as far as he knew it was never decided by the Council to acquire this site. He said that the Square has the main road running through it and it could not be put there so that it would have to be put on either one side or the other and it would not be a nice thing to have near houses. He said that in any town where there are public lavatories it is on the streets they are sited and not in the middle of the town. He disagreed with Mr Kynne that it should be built on the Square. The Chairman said that there was no point in discussing the matter as the only place for a public lavatory was the square and the matter was adjourned to a later date.

Town Hall Lettings

In the regulations covering the above it was decided to treat long dances and hops on a different basis and that a month in advance be the longest period for which a hop can be booked.

Do Not Want New Houses

A letter from Messrs M. Leahy P. Whelan and W. Whelan and another letter from Mr. David Foley of Cooagh Road, Abbeyside intimated to the Council that they had no desire to go into new houses and wished to retain their own dwellings.

The Acting Borough Surveyor was instructed to inspect the houses to see if they could be economically rendered fit.

Sympathy

Tributes were paid to the late Mr. Matt Clancy, a former member of the Council and a vote of sympathy with the bereaved relatives was passed.

HANDBALL NOTES

By "Sir Ron"

12th September. The Tourneena Medal Tournament will be continued on Sunday September 12th. I am informed that first round matches will be a big make take. The tournament is running on too long as it is and if first rounds are accepted for Sunday week it will not be finished until the 19th of the month. I would advise the committee in charge to stop taking entries and to finish the tournament on the 12th Sept.

Opinion in my Notes

Recently I stated that the local GAA members were in doubt as to whether they could join the Dungarvan Handball Club. I thought I would have an answer to some GAA Officials but I was told a long wait. I do not think it is illegal to join the local Handball Club. Handball is a national pastime and the aims and objects of the GAA are to promote Ireland's National Games and Pastimes. If any GAA official thinks this wrong I would ask him to write and let me know his opinion.

How You are at the General Meeting of the Dungarvan Handball Club

The members present fixed the following membership fees for the coming year—Members under 16 6d per annum. Members over 16 6d per month. Intending members should give their names to the Hon Sec Mr J. Norris together with entry fee.

In the "Pink" I was glad to see my old friend Joe Daniels looking fit and well. As he says— he is in the pink. I have not seen him at the Barracks yet though.

Another popular return is Mr John Joe Morrissey the Treasurer of the Dungarvan Club. The esteem in which John Joe is held was proved at the first general meeting of the club when high tributes were paid to him by all the officials present.

John Joe has successfully undertaken a serious operation in Cork and I was delighted to see him looking so fit and well again.

We all welcome him back and wish him the best of health in the years ahead.

Goodbye to the Dungarvan

Sunday when nearly the whole population are travelling to the Capital to cheer Waterford senior and hurlers to victory. If wishes could win matches for them there wouldn't be any need for them to play as they certainly deserve to win. I hope they will bring the double of 5000 lbs to you boys—

Local Tenor At '98 Commemoration

A Tenor who was a Commemoration held in Youghal in honour of the memory of Charles O'Brien Charles Gallagher and Patrick McCarthy who gave their lives for Irish Freedom in the early days of the struggle being changed to the Clock Gate Youghal on the 12th July 1928 while the letter was cruelly flogged to death on the same date. On August 22nd a Commemoration was held and memorials in the shape of a plaque unveiled over each grave while afterwards a procession formed up outside North Abbey cemetery and was accompanied by the R.F.A. F.C. Clergy Youghal Public Bodies G.A.A. Gaelic League Bands relatives and the general public.

The Parade Moved On

The parade moved on to the Green Park where Mr Frank Ryan opened the proceedings by singing 'Who Fears To Speak Of '98'. Professor D. Corry then delivered an oration. He was followed by Seniors and Gorman T.D. Youghal then addressed the gathering and thanked all who had participated on behalf of the relatives. The proceedings ended with the singing of 'The Bold Fenian Men' by Mr Frank Ryan and the National Anthem.

A Band Of Renown

From time to time we write of many clubs and organisations that have brought honour and renown to the picturesque Brideside town but one very worthy of praise and so often overlooked is that grand band of music known as the 'Wide as the Brideside Serenaders'. The dance band that during the past few years has earned for itself a reputation second to none and today ranks with the best in Munster. Only a few short years ago this band was practically unknown but hard work, patience and practice by those talented young men has gradually brought them to the top of the ladder. From all over the country engagements are every day forthcoming and they are not just reward to the band but of musicians who have spared neither time trouble nor expense to bring their band to the top. All who are planning a dance in the future and who wish to ensure its success should be well advised to get in touch with the Secretary immediately.

The Circus Comes To Town

On Sunday last James Duffy & Sons Circus visited Tallow and was rewarded with a most enthusiastic audience. Despite the passage of time and the many new forms of entertainment the circus has lost none of its old time popularity and despite the fact that time marches on the circus holds its own.

Regal Programmes

A very large audience was present at the Regal cinema on Sunday night and thoroughly enjoyed every moment of 'Kit Carson' which is known as the greatest Western picture of all times. On Monday and Tuesday nights 'Boys Town' proved a very attractive picture. This is the film that won Academy Awards for Spencer Tracy and Mickey Rooney and capacity houses were the order on both nights.

Next Sunday night the management have pleasure in presenting 'Crime Of The Century'

This is a film which should appeal to all and provides grand entertainment. Other coming attractions include 'The Show Off', 'New Adventures Of Tarzan', 'My Trigger' and 'The Big Game'. These are all excellent pictures and should please even the most critical of audiences. For full particulars see advt columns of our next issue.

Down The Croke Park—Up and down the County

Of interest and concern at the moment is getting to Croke Park on Sunday and all available transport will be taxed to the limit. The one thing is certain the largest Decees following ever will invade the Capital on Sunday all with one idea to cheer their county representative and to see if they can beat the old team. The Nore and Liffey side fitters are going to be a tough battle for honours as the Leinster men are all out to uphold the honour of their native county, and they are determined to defeat the must for the Decees. The path and the coveted All-Ireland Crown is this time coming to the Urbs Intacta next Sunday. All down the years Decees have been men to have always come back. Brideside and Moorehill followers will recall our last visit to Croke Park in 1938 and its many tributes have been and what a coincidence that the Decees should again be Dublin Who was it that said Revenge is sweet? It is the wearers of the White and Blue had to wait ten years for their revenge. They are pleased to see that defeat and please God we are going to do it on Sunday.

From the veteran Jim Ware at one end to the elusive Ned Daly at the other end

the Waterford team are as perfect as training can make possible and are imbued with but one ambition—victory for the Decees. But remember lads it will be a hard fought struggle, and you must give your best from the first to the final whistle and also remember no matter how the score board reads a team is never beaten until the final whistle.

Although not figuring as prominent as other Munster Counties in the Munster Championship winning list

the men from the Decees have played their part and played it well. What memories conjure round the name of Dan Fraher and his famous field where many an All-Ireland football was played where the Decees have played their part and played it well. The Noremen were their first All-Ireland Long before Cusack and his comrade were in the contest in motion that now claims over 100,000 playing members hurling and football were played in Waterford. There were songs and stories in plenty to tell of the great games between the neighbouring counties of Kilkenny, Tipperary and Cork.

There are still plenty of stories to tell of the great hurling game in March 1868

beside Knock House, between teams of twenty-

and that there are no facilities for getting there except the reliable shanks mare. Of course it would be possible that a car might be at the station with or for passengers but the destination they have vowed to never again by Tallow Road. Now could not some arrangement be made by which travelling facilities would be or could be made available at all times for passengers. In the old days we grumbled and grumbled and said wait until we take over ourselves but alas! for our hopes while the C.I.E. complain they are losing money every year keeping the services going—but why wouldn't they when they make no effort to keep things (if not up to pre-war standards) at least as comfortable and convenient as possible. Surely it would be possible to have a daily delivery service it will cost a little more no doubt but it will pay in the end as many clubs and organisations while today alternative means are employed in order that supplies will arrive 'on time' but many more would travel by rail if it could conveniently get to the town.

The C.I.E. is a National concern

and if goods are delivered as quickly as they should be and passengers for long journeys are given proper accommodation at the station then we are sure that the yearly returns will be much better than they are today. One thing must be realised that the public must be assured that the railway will be a failure and a losing concern—What about it? C.I.E. don't you think that the Tallow people are entitled to some consideration?

Former Chairman Congratulated

At recent meeting of the Cogh Old Age Pensions Committee, presided over by Mr D. Casey U.D.C. a letter was read from Rev. Father O'Connor congratulating him on his resignation of the parish and his position as Chairman of the Committee following his appointment as Parish Priest of Conna.

In the course of his letter Rev. Father O'Connor stated that he took that opportunity of expressing his appreciation of the good work done by the members and of the many happy contacts he had had with the members of the parish during his tenure of office. In conclusion Father O'Connor wished the members every success in the great work they are doing in the aged people.

Mr Hanlon that their congratulations are extended to Rev. Father O'Connor

on his promotion to Conna. He said that he was a sincere friend of the old age pensioners and he deeply regretted that he was leaving the parish. He said that he was proud to have been associated with them and that he wished them every success in their work.

Grand All Night Dance

Reports to hand we hear that a Grand All-Night Dance will be held at the Regal Ballroom on Wednesday night Sept 15th and should attract a very large number of guests. The music will be supplied by the Brideside Serenaders Orchestra. For full particulars see advt columns of our next issue.

A very successful Sports Meeting was held at the Regal Ballroom on Sunday last. The meeting was held in the afternoon and was attended by a large number of spectators. The races were well contested and the winners were as follows:—
