Western Board
(2) That John Paddy James and Thomas Fives who played with Avonmore on Nov 14th were illegal having played with Tourn against Tallow on Aug 8th contrary to Rule 15 Page 47 OG 1943 and

(3) That J Kelliher who playd with Avonmore was illegal having automatically suspended himself of Oct 31st when he played with Avonmore against Dungarvan as his transfer from Galway had not been sanctioned by the Central Council until Nov Times and he played with Central Council until Nov Times and he played with matches

An endorsement on the objection by the Secretary read Received 140 pm 21 11, 48

The Chairman said that he did not care to follow the example of the Chairman of the Munster membered an objection in Lis-Council He explained that he more in which a statement was was the honorary chairman of made that a player played in the Avonmore club and was in-Kilkenny and it was ruled out as strumental in calling a meeting there was no proof to reorganise the club early this Chairman—That to reorganise the club early this Chairman—That is not going year and he felt very proud that to occur in this case I am not he did so and that his action had going to do the ostrich and stick met with such success He said my head in the sand that it was only with reluctance Mr J Byrne—I know Moloney that he presided at that meeting bid good bye to people on Easter and the interest he had in the Sunday and said he was going to England Dungarvan are not Objection Ruled Out

Mr Byrne on a point of order said that the objection was only handed in at 140 pm on Nov 21st and the match was played Moloney did not play with them simply because he was not in on November 14th He held that Ireland the objection was out of order as the should have been handed in waterford knows that Moloney within seven days of the match Mr O Dea said that on the previous to the match Is there basis that every day has 24 hours anyone here who will deny that? they were in order Mr O Dea—It is unnecessary

rule or bye-law which meets with been proved your interpretation?

It is 7 days from the hour at which the match started

member that such a point was made to me I believe the point of order is correct as the 8th day could not be within 7 days Sunday is the 8th day from the match as the day ends at midnight and the 7th day from Sunday ends at midnight on Saturday and that is my interpretation and I uphold the point of order and rule out the objection stated that Kiely played in the game Mr O Dea—There is no proof that the John Kiely whose name is on that list is one and the same person as the John Kiely who played against Avonmore from Mick Regan Lismore, at present in London to John F O'Donnell which stated that the point of order and rule out the Kiely who played with Dungarvan played here in London.

Mr O Dea said that he wanted it made clear that his case was that the 7 days did not end until 230 pm on the Sunday following the match and that was his interpretation of the rule Chairman—You mean it is your contention A chairman has power to interpret the rules but an advocate can only con-

The Chairman then read the objection by the Dungarvan club to Avoninore being awarded the handlesself and went back to London the following morning Mr O Dea—That is only a to Avonmore being awarded the hampionship match played at statement we are waiting for
