Secretary's Report

I submit herewith my report of the working of the Board for 1948 As the delegates are aware I have been forced due to my election to Dail Eireann in Feb ruary of last year to appoint a deputy Secretary to act during the year Because of this I am sunday 13th February not in a position to give as full and detailed report as I have done in other years From what I have learned from the examination of the accounts I find amination of the accounts I find this meeting at Dungarvan, on Sunday 13th February Subsequent to the Convention as Secretary He added that he would however, remain a member of the committee and would at all times give of his best to the Dungarvan Handball deputy Secretary to act during that the propagation of our Gaelic games has continued and prospered The financial position of the Board continues to be uncertain and this is chiefly due to the drain imposed because of the percentages required to be paid to clubs I would stress this fact and once again ask that this motion be rescinded if the Board is to remain solvent and continue its work for the promotion of Gaelid games and motion of Gaelid games and dance in the Town Hall. Dungarmotion of Gaelic games and ideals There is a small drop in the number of clubs and teams as compared to last year but the consolidation of clubs was some for the running of these consolidation of clubs was some for the running of these consolidation of clubs was some for the running of these consolidation of clubs was some for the running of these consolidation of clubs was some for the running of these consolidation of clubs was some for the running of these consolidation of clubs was some for the running of these consolidation of clubs was some for the club and they would now miss his very valuable services all members associated them-selves with the Chairman's remarks.

All members associated them-selves with the Chairman's remarks about which has one of urgency and about which there should be no delay, and in acordance with that he had summoned the lime stone would not suit the last reat.

Don't forget to come early and spirit of sportmanship and s

complete if I omitted mention of our wonderful minor and senior hurlers who won the All-Ireland the weekly meet-championships in 1948. The line at the Barracks on Thursday is the scheme which stated that the latter who was co-opted on to the Committee would be recouped in reply to Mr Heskin the defendant in this case was the Committee which stated that the latter who was co-opted on to the actual net expenditure on CAO stated that only about the scheme exclusive of administrative costs in excess of £400 been availed of last year.

Mr Morrissey—Mr Kenny adour wonderful minor and senior hurlers who won the All-Ireland secs., or attend the weekly meet-championships in 1948 The West Division can feel justly proud of its representatives on both teams Our junior foot ballers also deserve honourable mention for their great display mention for the distribution of lime and then limestone great for the distribution of lime and then limestone great for the distribution of lime and then limestone great for the distribution of lime and then limestone great for the distribution of lime and then limes won by Cappoquin, junior hurling Sarsfields minor hurling and minor football Our junior football competition remains infinished for the first time in 10 years Three teams remain to play off the final This latter state should serve as a warning against unnecessary postponements during the coming season P Ryan, Acting Secretary of the Board in 1948 has left us to take up employment in England He was a former Chairman of the Division for a number of years The service he has given the Board was of the highest order and his presentation by the Board was well deserved. I desire to thank him for his services during the year and also Declan O Sullivan who has taken over since Paddy Ryan has gone. The sympathy of the Board goes to our Chairman, Charles Curran, who buried his father some
