WEIGHT - DRIVEN CLOCK (15th Century) The invention of the mech anical weight-driven clock came about the fourteenth century and during the next hundred years these clocks became quite common Illustrated is the construction of an Italian weight-driven clock. It s one hand—the hour hand—was fixed, and the time was registered by the revolving of the dial.

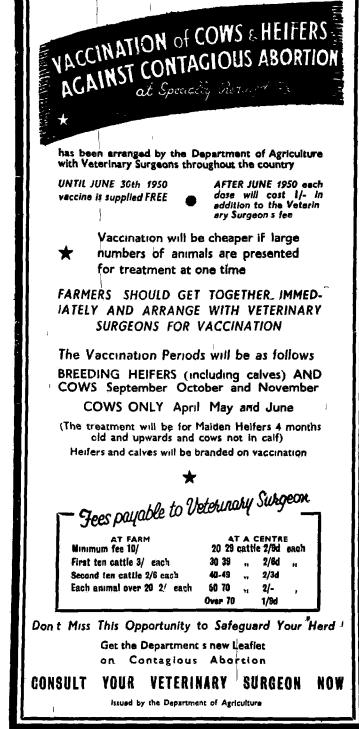

Not only since the early days of the clockmaking craft, but since the dawn of civilisationtime and its measurement has been of great importance to man. It is important to the maturing of good Whisky Sucha Whisky is PADDY, which is

The usual meeting of the Dungarvan Urban Council was held at the Town Hall on Friday night last Mr T McCarthy, chairman, presiding Also present were—Messrs T A. Kyne Clerk replied yes.

T.D. L. A. Veale, ML OLeary M Clancy, J. Good N Kelly Messrs J Ormonde Acting Borough Surveyor and E Deery, Town Clerk were also in attendance

Relief Schemes.

Arising out of the Manager's Orders Mr Veale asked if the building of the Handhall Alleys under a relief scheme had not been approved of by the Department Mr Ormonde Bs replied stating that the exact position was that a number of schemes had been submitted for the Christmas grant, and so far one of them had been approved of that did not mean that they were cast aside, they would hear further about that as something we want to mean that they were cast aside, they would hear further about Mr Kyne asked if they were she gadhered to, to which the sade of the theil the Clerk read them out Mr Kyne asked if they were the rents of rever too high but added that there were not high but added that there were not high but added that there were not high but added that there were too high and some of they was concerned.

The Clerk pointed out that as the swimming Club was concerned out of the fact that this club stating that the exact position was that a number of schemes had been submitted for the hall during the previous six months He put the matter in the hands of the Manager and Chairman—Why did he decide on the Swimming Club or how did he arrive at that decision? That is something we want to mean that they were cast aside, they would hear further about Mr Kyne asked if they were the rents there was nothing the they were the rents the stated as they were the rents the stated as they were the rents that the stated as they were the rents the for eyer too high are too high and some of the tenants who would not be able to afford high rents and rates only which were stated as follows—

The Clerk pointed out that at the hall during the previous six which were deal as follows—

The hall

cussion on the proposed handball alleys stated that as a result of past discussions on the building of the alleys the public of the town including the Handball Club had the idea that the Council was going to build them Mr Clancy stated that this was all wrong as the Club never asked them to build the alley, all they asked for was the site I ing a dance on Christmas night was of course understood that and he asked if the Council would build a small alley for inveniles and he now. The Chairman replied that saled that there was a fed in this matter

The Clerk stated that there was displayed that the crimination at any time of the now workman to pay more than 10/-a week and we all realizable that the residents of the houses in the area that were to be knocked be informed that they would have to move into the new houses, unless they could manage to get a swop Mr O'Leary—There is only one snag about that the landlord
