Agricultural Workers Holidays Bill

Speaking in Dail Eireann on Tuesday March 7th Deputy The Whist Drive to be in this Bill has been introduced the need of procuring suitable in an honest manner by the Min certified seed potatoes Many ister. It is time that the State should step in and this gives the people plenty fix the minimum in wages and of time to post letters and par This Bill deals with cels olidays and fixes a minimum

I suggest to the Minister that should secure a copy Bill becomes an Act he should accept an amendment booklet issued by the Anti-Partiwhich will make it compu sory upon the farmer to give holidays that every exile should be sent whether the worker agrees or not. That is not to save the woman at home and across the workers from themselves but seas who does not wish to see rather to save a worker from being intimidated into agreeing to accept wages or a promise of the season worker from the season a United Ireland It is a very being intimidated into agreeing interesting booklet and should be to accept wages or a promise of the season work workers. wages more likely instead of holidays It would be very easy for a farmer to suggest to his man and very difficult for his man to refuse that the man should accept holidays Unless that the stead of holidays Unless that the stead of holidays Unless that the skies of foreign man is well organised he will read by all

Keep Smiling Through -The Bill a section that would give compulsory to farm workers as well as six days annual holidays and any other recognised holi days a 50 hour week I welcome the Bill because I feel that it is a positive start to bring the status of farm workers somewhat nearer to that of their colleagues in the industrial field balance of 15 - The assistant in parcelled the shoes for him After the purchaser had gone away with the shoes the boss, approached the assistant and reprimanded him for giving the shoes to a man he didn't know. ADVICE TO POULTRY

YOU WILL GET THE GREATEST NUMBER OF EGGS FROM YOUR HENS IF YOU GIVE THEM A BALANCED DIET

On many farms there is a shortage of PROTEIN in the diet of Laying Hens Separated milk, skim milk and buttermilk are the best of all PROTEIN Foods and should be given to poultry instead of drinking water and used in preparing wet mash. Fresh grass also provides PROTEIN for poultry, so let your Hens out

BE SURE THAT YOUR HENS GET PLENTY OF SKIM, SEPARATED, OR BUTTERMILK AND GRASS

When the game resumed Old but De La Salle gradually gained the upper hand and goals from score and with the game be-Sullivan and Breen and a minor cases of rheumatism down Kill missed a score when the home-side ended the scorthey attacked again as their for- ing wards were faulty In the closing period of this half O d Parish went all out for a score and with the goal at their mercy the rush was so quick that the ball was driven over the bar by Johnny O Connor to level the scores Following the kick-out a free to Kill sent them attack ing and the ball was just clear ed from the goal line in the nick of time With Old Parish going into the attack from a sideline ball which was cleared the half-time whistle sounded leaving it level pegging at one point each

On resuming play Old Parish started off in great style and an early free sent them attacking and M Landers handling a nice pass put Old Parish ahead with a point Old Parish were now front and Kill were fighting back every inch of the ground It was now Old Parish's turn for they kept up a constant barrage around the Kill backline and forced two fifties in succession but without result The Kill goalman was called on at least three occasions to save and he certainly did his work well Kill once more forced play to the Old Parish end but a free to Old Parish relieved pressure and sent them attacking when they scored another point Old Parish were now definitely on top, but when Kill returned for a very quick goal to put them a point ahead the Old Parish team and supporters were somewhat per plexed Nothing daunted the Old Parish lads set about their work well and they soon had the Kil backs under pressure Forcing a fifty, the free was well placed and was driven over for a poir to again level the scores Parish were attacking again fo lowing the kick-out, and the Kill backs and goalman were severely After some further at tacks M Landers fisted the ball
