Today in Power's Brewery . . Hygiene .

People generally are becoming more hygienically minded And in Power's Brewery today every available equipment is being installed to achieve absolute hygiene in the finished bottled drinks. The bottles are sterilised in a very strong and very hot detergent solution BEFORE passing into the new washing machines where they are very thoroughly brushed inside and out, drained and given a final ruise with pure fresh water and are finally examined as they pass on to the filling machines through a very Powerful Inspection Lens recently designed by a leading American Firm and which shows up clearly the INSIDE of all bottles dark and white The hygienic maintenance of all machinery and equipment is also being provided for and a new sterilizing tank is being installed into which after each day's bottling will go all taps couplings and piping through which the beer passes from Cask to machine From first to last the bottle is untouched by hand

HADDENS FOR **FASHIONS**

Said Mary Mary Still contrary But a maiden in her prime For fashionable styles To win glances and smiles Try Hadden's every time"

Mary is not so contrary that she does not realise the value of the models she was admiring when she was in to buy her Easter ensemble on Saturday last i.e. One of the Hegar tailored suits with smart pencil skirt in the new moon blue shade. An Ascot afternoon frock in jersey cloth that looked wonderfully smart A " Two Owls coat in an off white shade that was very becoming She also liked the new Brendella skirt range as well as the fine selection of Highland Twin Sets

The secret of Mary's popularity (especially with men) is her knack of always being dressed in good taste but she makes ro secret of the fact that she
