St Augustine's Rovers Win Through To Minor Final

At the Gaelic Field, Dungarvan on last Sunday Old Paris's last years junior champions failed to take the County Senior were a number of matters not up (holders) in a poor game which to requirements. They made various suggestions for alterations and recommended that and left the very large crowd and left the very large crowd and left the elements to with After son e discussion on the matter the alterations as set out by the Department were approved that braved the elements to witness the game in a very sober state throughout. There were no thrills no good football to en-thuse over and no excitement to keep those present from fully realising the inclemency of the weather

Undoubtedly the conditions suited the heavier Kilrossanty side but had the Old Parish forwards showed more penetration in attack during the first half

Once again we have to say that the stewarding at the pitch was absolutely hopeless, and during the some periods of the game the players had to follow each other in and out through the crowds that had eneroached over the side-line as if they were playing hide and-go-seek in search of the ball Instead of cleaning the space in front of the Press table a large crowd, who could only stand up were put in in front of it and the Pressmen present to find to stand up on the table in the capture of the date of the pressed of the pressed again but were showers and wind reaching gale force at times made playing a four to gate the series of the pressed of the pressmen present to gate the capture of the pressmen present to stand up on the table in the pressmen present held up until a foul saw force at times made playing
