720,000 TONS OF FODDER AVAILABLE

Actual test weighings show that there is as present growing on Irish beet fields not less than 720,000 tons of highly nutritious fodder in the form of beet tops (crowns and leaves)

BEE T GROWERS! are you going to make the best use of them in this year of fodder scarcity? Have you planned to feed them green before they are damaged by frost? If you do not require them for Autumn feeding have you planned to protect them from frost and decay by converting them into silage in a simple pit for Spring feeding? If you have not already received a leaflet describing how such silage is made let us know and we shall forward one immediately. The job is simple. Ask a man who has tried it. If you are not yet a beet grower you may not know that an average acre produces as much fodder as an average acre of turnips in addition to beetroots valued at £50

CROW BEET TO BEAT THE WEATHER

Dungarvan U.D.C. Town Hall Improvements Discussed

Suggested Parking Regulations And Speed Limit

Mr T Lannen, chairman presided at a special meeting of the Dungarvan Urban District Council held at Mr Mackey's, South Terrace on last Friday night. Also present were Messrs P A Keane, J Keane, T McCarthy, Senator Butler, P O'Dwyer, T Kyne, T D Lee and N Kelly. Messrs E Deery, Town Clerk, Supt P O'Mahony and Sgt Liddan were in attendance.

The meeting started at 8.15 p.m. and lasted almost three hours and although there were only four points on the agenda, so be dealt with a number of other items were allowed to come up.

The Case of the Town Hall
The Town Clerk reported that the deputation from the Council with their Architect met the Superintendent and the Co Medical Officer at the Town Hall on the previous Saturday and discussed the position with Mr Joe Foley tenant of the ground floor portion of the hall. Mr Foley had in some way over promised to take over the hall and he would have to discuss it with his solicitor but as the latter had only just returned from London he would require a few days to go into it and promised that he would place his position in writing before the Council for this meeting.

The Clerk concluded by saying that he had not heard from Mr Foley since.

Mr Butler—Did you discuss the matter of the license with the Superintendent and Co Medical Officer?

Chairman—Yes but the Superintendent stated that he would oppose the license until the necessary improvements were carried out.

Mr Butler—Will those alterations interfere with Mr Foley?

Chairman—As regards the requirements of Mr O'Farrell they will.

Mr Butler—It would be more satisfactory for the Council if there was something that he would place his position in writing before the Council for this meeting.

Chairman—No all he was concerned with was the requirements of the decision on the last meeting was to discuss the possibility of his leaving the premises or shifting to a portion nearer to Mr Keane's premises with Mr Foley.

Mr Keane—What I'd like to know is were there certain members of the Council appointed or was it open to every member to go on the deputation?

Mr McCarthy—Certain members were appointed.

Mr Keane—Who was to go or who was appointed?

Mr Casey—Any member of the Council who could be to attend.

Mr McCarthy—Yes but three members were named.

Mr Keane—Actually there were four the Chairman myself Mr McCarthy and Mr Keane.

Mr Keane—Only three members turned up.

Mr Casey—And it was significant that they were all members of the Ratepayers Association.

Mr Butler—There was no one else mentioned.

Mr Casey—I issued an open invitation, gentlemen.

Mr McCarthy—You have no power to do that.

Mr Casey—It was endorsed by the Chairman.

In reply to Mr Keane the Clerk stated that four members had been named but it was left open to all members if they could attend.

Mr McCarthy—If they wanted to but I said I would be busy.

Mr Casey—I was busy that morning too and had to be phoned for.

Chairman—This won't get us anywhere.

In reply to Mr McCarthy, Mr Casey said that Mr Foley had told the deputation that there was a big matter for him and he would have to see his solicitor, but he promised he would have words for this meeting.

Mr McCarthy—Did Mr Foley say if he got suitable accommodation and compensation that he would be prepared to move?

Chairman—Not while I was there.

Mr McCarthy—Did he say it in anyone else's presence?

Mr Casey—Actually, gentlemen, there were two interviews with Mr Foley, and Mr Lannen was not at the second one.

Mr McCarthy—Foley's?

Mr Casey—Because he was busy the same as you were.

Mr McCarthy—But I declared at the last meeting that I would be busy and would not be able to go.

Mr O'Dwyer—The position is Mr Chairman that if Mr Foley doesn't give up his place the authorities won't grant the license.

Mr Keane—Mr Foley called on me during the week and said that he was waiting an offer from the Urban Council of alternative accommodation, plus compensation.

Mr O'Dwyer—This should not be discussed until we have something definite before us, all we have here is only word of mouth.

Mr McCarthy—I hold we can make the hall all right without acquiring Mr Foley's, that should not hamper us.

Mr O'Dwyer—Why are we talking then about putting Mr Foley out?

Mr McCarthy—The hall can be made all right without moving him.

Mr Casey—The Co Medical Officer says different.

Mr McCarthy—I don't agree with him.

Mr Casey—He's the boss.

Mr McCarthy—He's not the boss.

Mr Casey—I agree with you Mr Kelly—I'd be thoroughly against shifting Mr Foley.

Mr Kyne—Can we agree with the requirements of the authorities and not put out Mr Foley?

Chairman—The Co Medical Officer says no.

Mr O'Dwyer—There's no one in favour of shifting Mr Foley it wouldn't be just or fair.

Mr Casey—It's a pity the Co Medical Officer is not here to-night.

Mr Kyne asked the Chairman if the Superintendent would be prepared to make a statement.

Asked by the Chairman the Superintendent said that as one result of his visit to the hall he was afraid that with the other things he would have to point out to the District Justice that the floor was in a dangerous condition and that he would also have to be attended to. He also stated "If the District Justice hears that your dance hall is also a hen house it is most unlikely that he will grant the license."

Mr Kyne here stated that if an individual's rights interfered with the rights of the people of the town the individual would have to go by the board and they would have to take it over and he proposed that.

Chairman—Any seconder for Mr Kyne's proposal?

Mr McCarthy—Then I propose a direct negative that we don't take it over.

Mr O'Dwyer—I second that.

Mr Keane—Before we take a vote we should discuss it and see what we are prepared to do.

Mr Kyne—Mr Foley can get his rights and he has the courts to protect him.

Mr McCarthy—If you add to your proposal Mr Kyne that Mr Foley gets another place I would agree with you. He's not the only merchant there as there are two others in that building too.

Mr Kyne—If you wish that we make any Urban Council site we have available to him I will agree but I think more of the young girls and boys of the town who were to dance than any Mr Foley.

Mr O'Dwyer—There have been dances there for years and what I'd like to know is why all this sudden opposition now when we have a site available to him? If dances are stopped at the hall we won't know when the young girls and boys are going out the country. Why should it be shifted now?

The Superintendent said that this objection had not been raised since the present Urban Council came into office. He had brought it up six months ago and only wanted standards in keeping with safety and decency.

Mr McCarthy—How can "a hen-house" interfere with dancing?

Mr Kyne—It is unfair to the Superintendent to questioning him like that.

Mr O'Dwyer—Isn't this the first time that has raised the matter?

The Superintendent said that he was not prepared to answer any questions asked about Mr Foley.

Mr McCarthy and Mr O'Dwyer continued to press for an answer to the matter.

I'm afraid I only asked the Superintendent for a statement.

Mr Keane—If the Town Hall is closed the money spent on it already is a waste.

Mr Casey—I have reasonable minds about this and I think the ratepayers would be ready to spend a further sum provided it was reasonable to make it adaptable for dancing.

Mr Butler—Were the reports of the Superintendent and Co Medical Officer before the Architect and did he say the improvements required could be done without interfering with Mr Foley?

Town Clerk—Last Saturday he said that it would not be a satisfactory job. He said he would go into the matter further.

Mr Butler—If they can be done that way there could be no use in getting Mr Foley out.

The Superintendent said that the requirements could be met if Mr Foley were shifted up towards Mr Keane's premises.

Mr Butler—It is essential for the Council to have the Architect's views first before doing anything else.

Superintendent—As far as I know, Saturday was the first time the Co Medical Officer inspected the fowl store and he said that it was a nuisance and that he would have to take official cognisance of the fact.

Chairman—The best thing is to get the Architect's views and see if we can carry out the improvements.

Mr Lee—Aren't they a fine shed alongside Mr Keane's?

Mr McCarthy—That's not Council property.

Mr Casey suggested that a small committee be appointed to discuss the matter privately and not publicly.

Mr McCarthy—The public should know what's going on.

During further discussion Mr Kyne held that over the past eight years the hall made a profit of £200 per annum. He did not agree with the Town Clerk's figures on the hall which he said were all wrong.

Mr Casey did not agree with Mr Kyne's figures and said that the Urban Council would have to find £1,500 to meet the expenses of the hall and the optimum income from it would be £1,000 and he did not think that the Council should subsidise dancing to the extent of £10 a week.

Mr Kyne—The morals of the young people are better than any £400 or £500.

Mr Casey—The money would be better spent on houses.

Mr Kyne—I'd put dancing before houses any time even before the Gallowhill scheme.

Mr Casey—Why put young people into class like that it is only spreading T.B.

Mr Kyne—It will not and I know what I am saying. Mr Casey's view is only that of a layman.

Mr Casey—You must be an expert so.

Mr Kyne—Yes I am a fairly good expert on that and I was the only one who went to Lismore last year and went against the doctors and everything and the result of it is that I got the highest number of votes from the people of the county.

Mr Casey—A good bit of propaganda that Deputy but if you think you're an expert on T.B. then I'm an expert on finance.

Mr Kyne—Maybe, but do you know what Joxer said in June and the Paycock the thing is in the state of classis?

The Superintendent said that if he would have to oppose the license it would be unwillingly he would do so.

It was agreed that the Architect's views as to whether the improvements could be done without shifting Mr Foley be got and that the solicitor be instructed to make a case to the District Justice at the next court to have the matter adjourned for a month.

Mr McCarthy went on to raise further points when the Chairman called the next business.

The Town Clerk stated that a speed limit through the town of 25 m.p.h. had been suggested some time ago.

Mr Kyne said that he would welcome the views of the Garda on this matter so as to have the town a safe one for children and he said that although it was he who proposed 25 m.p.h. he felt that it might be to fast. He said that the bus that passed through the town went through Abbeyside at 40 m.p.h. and said that a dog of his had been knocked and hurt. This he said could easily have been a child and that traffic would slow up the traffic until it got outside the built up area.

Mr McCarthy—Motorists don't care at what limit they drive through the town.

Mr Keane—I like to know did this suggestion of a speed limit come from the Garda or the Council?

Mr Casey—It came from me.

Mr Keane—We are all anxious to safeguard life.

Supt O'Mahony asked for his observations said that this matter had been going on for two years. The fixing of a speed limit was one for the Minister of Local Government and would be subject to an inquiry. He said that Bray was the only other town in Ireland where a speed limit had been enforced and an inquiry had been held there.

Mr McCarthy—How can "a hen-house" interfere with dancing?

Mr Kyne—It is unfair to the Superintendent to questioning him like that.

Mr O'Dwyer—Isn't this the first time that has raised the matter?

The Superintendent said that he was not prepared to answer any questions asked about Mr Foley.

Mr McCarthy and Mr O'Dwyer continued to press for an answer to the matter.

I'm afraid I only asked the Superintendent for a statement.

Mr Keane—If the Town Hall is closed the money spent on it already is a waste.

Mr Casey—I have reasonable minds about this and I think the ratepayers would be ready to spend a further sum provided it was reasonable to make it adaptable for dancing.

Mr Butler—Were the reports of the Superintendent and Co Medical Officer before the Architect and did he say the improvements required could be done without interfering with Mr Foley?

Town Clerk—Last Saturday he said that it would not be a satisfactory job. He said he would go into the matter further.

Mr Butler—If they can be done that way there could be no use in getting Mr Foley out.

The Superintendent said that the requirements could be met if Mr Foley were shifted up towards Mr Keane's premises.

Mr Butler—It is essential for the Council to have the Architect's views first before doing anything else.

Superintendent—As far as I know, Saturday was the first time the Co Medical Officer inspected the fowl store and he said that it was a nuisance and that he would have to take official cognisance of the fact.

Chairman—The best thing is to get the Architect's views and see if we can carry out the improvements.

Mr Lee—Aren't they a fine shed alongside Mr Keane's?

Mr McCarthy—That's not Council property.

Mr Casey suggested that a small committee be appointed to discuss the matter privately and not publicly.

Mr McCarthy—The public should know what's going on.

During further discussion Mr Kyne held that over the past eight years the hall made a profit of £200 per annum. He did not agree with the Town Clerk's figures on the hall which he said were all wrong.

Mr Casey did not agree with Mr Kyne's figures and said that the Urban Council would have to find £1,500 to meet the expenses of the hall and the optimum income from it would be £1,000 and he did not think that the Council should subsidise dancing to the extent of £10 a week.

Mr Kyne—The morals of the young people are better than any £400 or £500.

Mr Kyne—I always make a point of parking on the Square but others leave their cars out in the middle of it just to flout the Guards and I know what the Superintendent and his Garda have been called!

The Clerk here read the reports of the Superintendent and the Town Planning Consultant on parking.

Both Mr Casey and the Chairman said that there was no need to spend £10 or £15 on the Planner's report.

Mr McCarthy—Didn't the Superintendent ask for it?

Clerk—Yes.

Mr Butler—Who said that it cost £15?

Clerk—It has not been paid for yet, I don't know what it will cost but it had to be got to make the regulations.

Mr Casey—In other words we had to get something we didn't want.

Chairman—I don't think we should have any parking problems as we have one of the nicest towns in Ireland.

Mr Casey—I think that money was spent very foolishly.

Mr McCarthy—That is a crack about the Council.

Chairman—I think that is an unfair remark Mr McCarthy.

Mr Kyne—I think he's right.

Mr Casey—I make no bones about it.

Mr Kyne—Now he admits it.

During further discussion the Chairman called for order and then the Council decided to go through the Consultant's report and the Council had been given a Mitchell's Street—Parking on both sides no time limit but only on one side from Youghal Road corner to Mary Street corner.

Farnell Street—One side only alternate days, 30 minutes limit.

O'Connell Street—One side only alternate days 30 minutes limit (no parking between Chapel Lane corner and Claxton's).

Mary Street—One side only alternate days 30 minutes limit.

Meagher Street—One side only alternate days no limit.

St. John's Street—One side only no limit.

Old Chapel Lane—One side only no limit.

Friary Street—No parking in narrow portion, no regulations for lower portion.

O'Connell Street—During pictures one side only between 7.30 p.m. until after pictures.

No parking within a 30 feet radius of the weigh-house on Square.

Car parks to be at Square Davitt's Quay, Fair Lane and Church Street.

Unless where otherwise stated these regulations to be enforced between 9 a.m. and 6 p.m.

The Superintendent said he would submit the suggestions to the Garda Commissioner who would change them into legal phraseology and submit them to the Council for final approval before making the bye-laws.

On the suggestion of Mr Kyne the Superintendent said that he would attend to the matter of sending a Garda to the local schools to advise on road traffic.

Early Closing Hours
All members objected to the new rule of early closing hours for the small shops of the town after short discussion it was agreed that a deputation see the Superintendent to find out why these regulations are only now being enforced although the Act is 9 or 10 years old.

Street Cleaning
Mr Casey was informed that in November December and January the street lights remain on all night on the eve of fairs.

The Approximate Expenditure
of over £16,000 on the development works of the above were deferred to next meeting on the suggestion of the Chairman.

Purchasing of Gas
Mr Casey reported that the Chairman and himself had purchased the five houses at Scrammins Lane for £30 each which was a cheaper price than the price asked and £15 cheaper than the price recommended by the Engineer.

The Council agreed that this was a good saving.

DUNGARVAN DISTRICT COURT

Town Hall Dance Licence

Breach Of Licensing Laws

At the Dungarvan District Court held at the Courthouse on Wednesday morning before Mr E O Flynn, D.J. the application for a renewal of the dance licence for the Town Hall by the Urban District Council was adjourned for the second time.

Mr Williams, Solr for the applicants, reminded the Justice that when they made the original application at the last Court it was objected to on the grounds that the Co Medical Officer and the Superintendent wanted certain repairs carried out to put the hall in the condition it should be for dancing. The case was adjourned to give the Council a chance of discussing it and this had been done. He (Mr Williams) had attended the meeting and had explained the legal position very thoroughly. The Council was, however, at present in a very difficult situation as the ground floor of the hall which is required for the necessary alterations is let to a local poultry dealer. A deputation went along to see the hall to determine if they could carry out the repairs without taking over the dealer's portion. They also discussed the matter with Mr Foley, the dealer. Following last Friday's meeting of the Council the matter was referred to the Architect to find out if the repairs could be carried out without upsetting Mr Foley and now a reply had been received back which states that this could not be done. This said Mr Williams has now come before the Council yet and in view of the circumstances he asked for a further adjournment of two weeks.

He assured the Justice that by then he would be fully prepared to give the Council's decision in the matter. It is a member of the Dungarvan Club was charged with aiding and abetting in the breach.

Mr Morrissey Solr defending said that his client felt that he had been victimised enough having been picked out of the lot. He doubted if he was even gully as he was a member of the Club Justice—He is charged with aiding and abetting. Was he drinking at the time he was caught?

Supt—The point is can he be charged with aiding and abetting himself. The club is charged as a corporate.

Mr Kenny said that a member of a club in this case was actually charged with aiding and abetting himself.

The Superintendent stated that he would like to have this point carefully considered and clarified.

Mr Williams—What if the member that falls going up the stairs and then sees the club, is he then suing the members including himself?

Justice—This is the kind of case that will raise all kinds of interesting law.

Supt O'Mahony said that he could ask to have the matter referred to the Attorney General.

The case was adjourned for one month.

Alleged Assault and Abusive Language

There were three charges by Mrs J Power and her daughter 51 Loughmore and Mary Mooney Loughmore for unlawful assault and abusive language.

Mr Morrissey, Solr, was for the complainants and the defendant was not represented.

In fairness to the defendant Mr Morrissey stated that she called on him and handed him the summonses stating that she was living in Loughmore but in Cathal Brugha. He asked to have the summonses amended as he identified her as the defendant.

Miss C Power gave evidence of being attacked on her way to work and admitted that she was afraid of such future attacks.

James Power gave evidence of abusive language showered on them at their own home and stated that he wanted to ensure that while he was at night work his wife and family would not be subject to such in the future.

Mr Power also gave evidence of being attacked on the street and stated that she had to get a Guard to escort her home on one occasion.

Guard Farrell gave evidence as to James Power's exemplary character and stated he could not say the same for the other party.

Defendant was fined £2, plus costs and was bound to the peace in recognisances of £10 and £10 surety to be of good behaviour for 12 months to be entered into within seven days or in default one month in jail.

THERE'S A PRESTCOLD FOR Your Kitchen

One to suit every size of kitchen and pocket.

MODEL S772 (top) is the Prestcold with the big storage capacity (over 7 cu ft) Prestador™ the hinged compartment for extra storage vegetable storage bins and all the famous Prestcold features £90

THAT GALLANT "FIFTEEN" FROM TOURIN

(Air "The Men of the West")

While we honour in song and in story Those who have donned the blue and white And in Deise hurling made history Let's praise our heroes tonight

Chorus
So here's to our great Dublin champions Those conquerors of the Gaelic field They've thrilled us with craft and judgment This gallant Fifteen from Tourin

They started their season in old Lismore Beat the Old Boro in the fray Then by piling up score score Troughed St Mollerans and Clonsa

Chorus
Then they marched on the o'd U'bs intacta We'll lick them easily said Keane But their grand clean display did attract Big cheers for the victors Tourin

Chorus
Some weeks passed by and jealous critics said They'd fall when those teams clashed again Tourin kept it up and ne'er lost the lead, In the re-play in Cappoquin Chorus By an "Old Timer"
