Estimates Adjourned To Special Meeting

Of Council Departments

Waterford County Council was ance is up by £4078 but an inheld in Dungarvan on Monday crease in the estimated receipts Those present were Messrs

The Co Manager Mr S Co Engineer Mr Accountant Mr T B Boyle, were

in attendance Consideration of Estimates Adjourned

Presenting his estimates for the coming year the County £13 617 in the gross ordinary ex-Manager reported — penditure The Estimate provides

The Estimate provides for a Generally speaking the intotal expenditure of £777 268 excluding Separate Charges on the recognised health services will be met from the Consolidated Health receipts estimated as £446 412 Grant and the increase of £2 009 and Sundry Credit Balances in the amount to be levied is totalling £6 000 and a Debit mainly attributed to the existence of £3 059 and allowing for a sum of £9 330 chargeable of the Dungarvan Urban District of the Dungarvan Urban

Pound so that the increase amounts to £25 536 the increase in the Rate being 1/9815d

A net sum of £3 558 is required for Separate Charges and £91 11s 0d is raised for Malicious Injury in Dunhill Electoral Division requiring a rate in that area

The following are particulars of the principal factors contributing to the increases and herepses as accepted with

950/'51 — / Roads—The net increase of £14 239 represents in the main (a) a sum of £12 000 approved by the County Council as addi-tional expenditure to meet in-

creases in road workers' wages

and (b) a sum of £2 000 provided to meet the proportion of such increase applicable to 1950/'51 and which must now be raised to provide the necessary monies Credit has been taken for Road Grants which will be on Reference To Overstaffing The net effect is an increase of 12515d. in the Pound for Road Services

Generally speaking the in-

Inturies

In 1950 51 the net amount leviable off the County Health of the amount to be levied District was £292 163, the rate to a Rate of 1 797d in the Pound to a Rate of 1 797d in the Pound

Salaries show an increase of about £700 costs of rent collection are up by about £300 (due to new cottages tenanted) and General Loan Charges are increased by about £600. There is also provided this year a sum of £940 for Loan for Lasehold Rent Redemption.

In regard to Cottage Repairs the Loan Charges include £3 271 to service a loan for Cottage Repairs.

Salaries show an increase of possibly reduce the Manager s figure.

At this stage a proposal was made by Mr Kyne and was seconded by Mr Ormond that they accept the estimate as subthis room that will contradict my statement.

A considerable amount of discussion followed and the Chairman suggested that they adjourned to see how the Minister was adjourned to see how the Minister would find ways (Continued on Page Two)

Compared with £145 315 in 1951/52 a reduction of £5 328 The amount includes a sum of £63,000 for schemes under the Local Authorities (Works) Act 1949 and full recoupment will be made for all approved schemes Credit for such recoupment is taken in the Estimate

After crediting receipts and the six voice to continue of the fact that another meeting for this purpose will cost the ratepayers an extra £20, and we have spent long enough discussing the matter as M. J. CASEY & CO.,

After crediting receipts and amounts made available in previous years for expenditure not yet incurred (Helvick Dredging and Youghal Bridge) the amount to be levied after deducting the Urban Council Share is £65 407 being an increase of £8 496 over last year

last year

General Remarks — Provision
has been made in the Estimates
for such increase in staff salaries as may be approved during
the year by the Minister conthe year by the Ministers con-

I have given the estimates the most careful scrutiny in conjunction with the Accountant and Secretary with a view to keeping the Rates at as low a figure as possible consistent with the maintenance of the County Services

The Council will appreciate from a perusal of the daily Press that Local Authorities generally have found it necessary to make substantial increases in the rates and in comparison with some other counties it will be agreed that the parison with some other counties it will be agreed that the Rates in County Waterford are being kept at a very reasonable level having regard to present conditions generally—The Estimates have been prepared by the County Accountant and County Secretary and their staffs and the greatest credit is due to them for the manner in which they have been prepared Having examined them in detail I cannot see that any reduction

It cannot see that any reduction in them can be effected I accordingly recommend the Estimates to the Council for adoption. The Chairman stated that the Manager and the staff were to be congratulated on the very fine manner in which the estimates had been submitted but mates had been submitted but the members of the Council should now consider whether they could stand up to this in-

crease The Secretary pointed out that Separate Charges amounting to £3 558 were not included in the £3 558 were not included in the estimates and were not being spread over the county-at-large Mr Walsh expressed the view that they should go through the estimate carefully and if they could reduce it even by a ½d they should do so

The Chairman stated that personally he thought that 1/9 increase was rather high He said

crease was rather high He said that all along they had availed of all grants, but it would ap-pear that the further they were going in this matter the greater their liabilities were becoming and now they were faced with an unbearable rate which was applicable to one and all—rich and poor, and they could not FOR YOUR .....

Farmers are earnestly requested to consider the

The whole livestock industry depends on the supply of feeding stuffs, and the only certain source of supply

is our own land The continued expansion of the livestock industry

If the farmers want to do their part, they can per fectly easily do it If they don't do their part, either our livestock

(cattle, sheep, pigs and fowl) must be cut down in numbers or the whole system of letting farmers run their own business be ended

interference with the freedom of farmers were abolished by your Government

The Government depends on farmers to do in their own interest all that is necssary, without compulsion or penalties.

To produce feed for our own livestock we require this spring AT LEAST the following -

Ymer Barley Oats Potatoes

800,000 ,,

THE PERSON NAMED IN COLUMN TO THE PE

Preparation for these crops must be undertaken NOW, in addition to such other crops as farmers may intend to sow, such as wheat, industrial barley, beet

Unless each farmer produces on his own land all the animal feed he requires, he cannot hope to maintain

It is for the farmers to decide whether freedom or compulsion is the better policy In a statement early in 1950, the Minister for Agriculture directed the attention of farmers to the

becoming scarce and dear. The prospect of supplies of feeding grain from abroad is worse since the Korean war and this makes it all the more necessary that we should produce all the oats, barley, potatoes and silage that our land can be made to yield in 1951, over and above such other crops as

farmers have planned to grow issued by the Department of Agriculture 🚃

Farmers Being Exploited For Benefit Of Urban Population "

**Meeting Of Creamery** Milk Suppliers Association

Farmers representing almost every district in the County met at Dungarvan Town Hall on Saturday last on the invitation of the Irish Creamery Milk Suppliers Association for the purpose of forming a branch of the Association in Co Waterford
In his opening address Mr J
McConville Chairman outlined
the many objects of the Association and stated that the time had come when the farmers of the country should join together to fight for a fair price for their produce He said that 1/2 a gallon for milk was a fantastic price and could never pay them It was completely madequate he added and would be laugh able but for the fact that it was so tragic as far as they were concerned The Minister for Agriculture

refused to hear a deputation of milk suppliers he said but maybe we should remind him that he is our servant and we are not his and we will not tolerate his dictatorial attitude towards us Mr Roger Kiely a foundation member of the Mitchelstown Creamery and one of the Vice-Presidents of the Association stated that Dungarvan and County Waterford had shown their very keen interest in the will be held in KILGOBINET at work of the I C M S A by their 3 pm on EASTER SUNDAY very fine attendance He stated Last Mass in the Friary on that on two different occasions that date will be celebrated for Mr de Valera and the Taoiseach
