AN IRISH PRIEST ABOARD AN INSPIRATION TO ALL
From Rev Fr J O'Donovan of St. Theresa's, Presbytery Eastwood, N.S.W. Australia, I have received a most interesting and historic report which will be received with joy by our many readers because it tells the story of an Irish priest who many years ago left his native land to become one of the sons of God in order to do justice to the remarkable achievements of Monsignor R. Collier, P.A. P.P. V.G. whose relatives live in Modelling Co. Waterford and are publishing a special feature taken from the Catholic Weekly Sydney with the permission of the Editor.

This feature will appear in serial form for the next few weeks and will, without doubt, be eagerly looked forward to by our readers wherever they may be.

"Monsignor Collier's Diamond Jubilee"

"His Life Has Been An Inspiration To All"

With His Eminence the Cardinal Archbishop of Sydney presiding, and in the presence of His Grace Archbishop O'Brien, four Bishops, 24 Monsignors, 180 Priests and a large congregation of the laity, a Solemn High Mass of Thanks-giving was offered in the Church of the Holy Cross, Woollahra last month to commemorate the diamond jubilee of the ordination of the Right Rev. Monsignor Richard Collier, P.A., P.P. V.G.

Doyen of the clergy of the Archdiocese and one of its most beloved priests, Monsignor Collier received congratulations from all over Australia and from other parts of the world notably from Ireland.

In the sanctuary for the Mass of Thanksgiving were their Lordships, Bishops Edmund Gleeson, C.S.S.R., D.D. (Bishop of Maitland), F. Norton, D.D. (Bishop of Bathurst), P. F. Lyons, D.D. (Auxiliary to His Eminence Cardinal Gilroy) and John Toohy (Coadjutor-Bishop of Maitland).

The Provincials of all religious Orders in Sydney were present. Celebrant of the Mass was the Right Rev. Monsignor John J. Nevin, P.P. D.D. D.C.L. and the other Sacred Ministers were Deacon, Rev. Father J. O'Donovan (a nephew of Monsignor Collier), sub-deacon, Rev. Father E. Walsh (Bexley) master of ceremonies, Rev. Father D. O'Keefe (Woollahra). The Ministers at the Throne were the Right Rev. Monsignor O'Keefe, P.P. and the Right Rev. Monsignor D. Conaghan, P.P. Rev. Father H. Kennedy was master of ceremonies at the Throne.

The occasional sermon an abridgement of which follows was preached by His Grace Archbishop O'Brien who offered the congratulations of the Cardinal, the clergy and the Catholic people of Sydney to the Jubilarian.

"Such an event as this," said His Grace, "occurs rarely in any diocese because few priests live so long a life actively."

"I give thanks to God," said His Grace, "for granting such a grace to a beloved priest of this Archdiocese and I pray that God may bless him abundantly and give him additional years."

"When Monsignor Collier was born in Ireland in 1855 then future Cardinal Moran was still secretary to the Archbishop of Dublin in Rome, Pope Pius IX was then in the middle of his reign and was actually con-voicing the Vatican Council which met in 1870 in Australia. Father Therry was only four years dead, the first St. Mary's Cathedral had been destroyed by fire only three years previously, and it was in 1868 that the foundation stone of our present St. Mary's Cathedral was laid by Archbishop Polding.

After outlining the principal events in Monsignor Collier's career, Archbishop O'Brien continued, "It would be wise to think to the full advantage of this rare occurrence of a diamond jubilee and this rare instance of so splendid a jubilarian to emphasize how this great festive gathering of the people, and the unity of purpose and the close relationship that exists between the Ordinary and his priests between the priests among themselves, and between the Catholic laity, linked with both."

"In all the pages of history which are mainly concerned with the uniting or disruptive relations of men in society there is nothing that can parallel the unity that has existed between the priests and people of the Catholic Church."

"This is a family which is compounded of various types of people, most of them ordinary, many of them good, some of them saints, some of them bad, some venal, like several of the Bishops and priests who de-

serted their posts in the reform-ation period some of them weak and harassed, like those poor priests who allegedly have compromised with the Soviet regime in the occupied countries of Europe, others of them martyrs in fact or in petto, such as a Minszenty or a Steplac or a Beran or hundreds of other priests and laymen who have made news headlines and are known only to God.

To be blessed with 60 years active work in Christ's priest-hood falls to the lot of very few men. But such a one is the Right Rev. Monsignor Richard Collier, P.A. Vicar General of the Archdiocese of Sydney and Parish Priest of Holy Cross Woollahra. 26 Monsignor Collier will celebrate the diamond jubilee of his ordination to the priesthood. On that day it will be exactly 60 years since the sacred marks of the priest fell upon a youthful Irishman desir-ous to become the doyen of the clergy of Sydney in our time and one of the most venerable and zealous priests to come to Australia from the land of Saints and Scholars.

There are many reasons why the name of Monsignor Richard Collier will always occupy an honoured place in the history of the Church in Australia. In October he has ministered in this country for 60 years. Through-out that time he has been a zealous, tireless energetic and constructive priest. Countless Catholics have benefited from his ministrations. Churches and schools stand as permanent monuments to his labours.

He rose to the responsible position of Vicar-General of the Archdiocese of Sydney. He has been honoured by the Holy Father. He has become an in-stitution in the diocese in which he has toiled for six decades.

He has been a responsible and honoured lieutenant of three successive Archbishops of Syd-ney—two of them Cardinals.

At once he has earned affection from his fellow-priests respect and loyalty from the masses of laity who have known him.

Modest, quietly spoken, eminently charitable, self-effacing, keenly if dryly humorous, scrupulously conscientious, profoundly energetic—these are some of the personal features of this grand priest, and prelate whom God has generously blessed with 60 years of fruitful and zealous priesthood.

Monsignor Collier was born in Modelling County, Wexford, Ireland on May 6, 1855. So that today he is in his 84th year.

He was educated first at the district National School and later at the famous Mount Muckno National School. Blessed with a vocation he undertook his ecclesiastical studies at All Hallows College, Dublin in 1877.

He was ordained on June 26, 1881, by Bishop McClelland of Duluth, U.S.A. in the Chapel of All Hallows College.

The young Irish priest im-mediate undertook to come to the Australian mission. He arrived in Sydney in October, 1881. His first appointment was to the famous old parish of St. Francis in the Haymarket. Dur-ing the month in which Father Collier arrived in Sydney over 30 priests and about 40 nuns and novitiates came to Aus-tralia from Ireland.

"The Freeman's Journal" on October 17, 1891, announced that Father Richard Collier had been appointed assistant priest at St. Benedict's. The St. Benedict's appoint-ment did not, however, eventuate, and on November 7, 1891, "The Freeman" reported that Father Carey who had ar-rived in Sydney with Collier, had gone to St. Benedict's, and Father Collier had been stationed at St. Francis'.

Two other priests who ar-rived with Fathers Collier and Carey were Father H. O'Gorman, who went to Cooma, and Father P. J. Walsh, who was also stationed at St. Francis'.

LOCAL SWIMMING CLUB MAKES HISTORY
Sunday next will be a big day in the history of Dungarvan Swimming Club, and indeed in the history of Munster swim-ming events. At Dungarvan Swimming Pool for the first time all Championship of Munster titles will be decided and it is expected that competition throughout will be keen, and all previous records broken. But behind all the glamour of the day's sport there is the story which makes the holding of this Gala of 1951, Dungarvan Swim-ming Club's most critical under-taking—the result of which may well make or break the club, and so on the weather and the attendance now depend their chance of survival. Lack of

funds and the means of raising them are but deprived of the Old Boro of its annual swimming gala this year, but trusting in the support of the public the "Show Will Go On" and today hopes are high.

On the programme are the fol-lowing events which should prove the highlights of the day—Men's 100 yards back-stroke championship Ladies Senior Squads Junior Squads Ladies 100 yards breast-stroke Men's 220 yards free-style and Ladies 100 yards free-style (All first day of the Mun-ster Centralised Swimming Championships)

Mary Hill will be defending her 100 yards freestyle title on Sun-day and spectators can be as-sured of a good race with a really thrilling finish as from information to hand I can stat-e that competitor Alma Gayer of Cork will be a tough match. In the Ladies 100 yards breast-stroke event Tess Nagle who has shown great promise over last season and right up to date is a fancied winner. Sunday will provide her with a stiff test but although a very young con-stant for Munster Honours, Tess has everything it takes to win.

Maddy Arrigan who is tipped to win the Irish Backstroke Championship at Blackrock over the August week-end, will be seen in action in Dungarvan too and it will be worth watch-ing the usually gallant efforts of the team in a recent Cur-ragh Command Gala when his side competed against an Ox-ford University Touring team who were one second under the Leinster record.

Records of Dungarvan who was runner-up in last year's Munster Diving Championship will again have a go this year and he is hoping to succeed on this occasion and go as far as the final in the National Championships.

A good junior squad (boys) from the Old Boro will be com-peting on Sunday and should give a good account of them-selves in the Don Croty hold-ers of the Schools Diving Cham-pionship, will this year be seen in action in the Men's open event.

In general the programme should be thrilling all through, but from all that has been heard, seen and noted around the pool during the past week it seems that Mary Hill's bid to re-tain her title will be the high-light of the day's sport. With her record at 74 sec. for the 100 yards freestyle it will be per-haps the greatest race of the day.

All preparations for the big events are now completed, and the sun and sunny weather will be in favour of the Swimming Pool on Sunday will get a real treat.

LISMORE IS HOPING
Lismore—one of Ireland's most historic and picturesque towns and with its castle and quaint build-ings and set on the banks of the Blackwater has been for many years a sad victim of the "Passing Parade".

Local industries that kept the townfolk earning faded out with the passing of the ages and the cer-tainty of idleness set in bringing with it the many piercing pains of emigration.

Slowly the gay-life of a one-time prosperous little town faded away and the life of the emigrant in spirit took the "Emigrant Ship" for those left behind the future held little hope.

And so for many years past Lismore has existed—surround-ed by memories of an age gone by and hoping for an industry and the return of the "Wild Geese".

Today there is joy in the hearts of many in Lismore be-cause there are hopes for the re-birth of the area's industrial life. About to be started is a drying station where specially treated grass will be dried and made into grass meal to meet the needs of the greater part of Munster. Also expected is a

Waterford Board Of Public Assistance Travelling Expenses For Nurses And Midwives Report On Provision Of New Dispensaries

Mr T. A. Kynne, T.D. Chairman presided at the monthly meet-ing of the above held in Dun-garvan, on Monday last. Messrs P. Browne, W. Kenneally, F. Roche, T. Gallagher, and D. Hes-kerd were present.

Messrs S. J. Moynihan Co. Manager and J. K. O'Hare, Secretary were in attendance.

Maternity Units
A letter from the Department of Health referring to the let-ter of Messrs McDonald and Dixon Architects concerning the unit at the Co. Hospital, Waterford asked that the Board should urgently ask the quantity surveyor for an estimate for the reconstruction of the eastern block as outlined in previous correspondence. The letter also asked whether the Architects in submitting an estimate for a new unit had in mind a site for the building.

The Secretary said that the Department had been informed that the site visualised was that one near the Convent.

With regard to the maternity unit at the District Hospital, Dungarvan the Secretary said that he had nothing fresh to re-port.

New Dispensaries
Further to the resolution at the last meeting the Secretary said that the Engineer had re-ported in the cases of the pro-posed Dispensaries for Dun-garvan and Loskeran (Old Parish) but not yet on that for Water-ford.

With reference to the proposal to erect a dispensary on the site at the corner of Wolfe Tone Road and Mitchell Street Dun-garvan, the report stated that the site was not yet secured as it had been purchased for the erection of a house and added that as the alternative site at Bohernatra was not suitable that an advertisement be issued for a site.

With regard to Loskeran the report stated that the site of the present dispensary would be altogether too small for a new building, and a site at a more central part of the dispensary area.

The Chairman said that the site of the present dispensary was very central and the Co. Manager said that it might be better to get some ground be-side the present site to enlarge it enough for a new dispensary.

It was agreed to advertise for a site in Dungarvan, and also at Loskeran if additional ground beside the present site could not be got.

Travelling Expenses For Nurses And Midwives
The Secretary stated with re-ference to the above raised by Mr. Heskin at the last meeting that the matter was the subject of a lot of correspondence with the Department and last year the Manager had made an order in respect of the nurse at Bally-duff that vouched travelling ex-penses for a nurse to see a patient. Last January the De-partment had replied that the Minister was not prepared to sanction this pointing out that the nurse was allowed £14 per year.

Mr. Heskin asked how the De-partment had arrived at this figure, and the Secretary said that the nurse's salary was divided by the number of cases she had attended in the year.

Mr. Heskin said that this was no argument at all in the mat-ter and he considered that it was only fair that some provi-sion should be made for a nurse who has to travel long distances and set on the difficult cir-cumstances and he said that if a reasonable allocation was made the midwife would be able to keep a car.

Mr. Kynne said that he had raised the matter in the same way and the Minister had stated that travelling expenses might be provided for midwives under the new Health Act but this was like live horse and you'll get grass as it might be some time before this Act was fully im-plemented.

Mr. Heskin suggested that the Board might approve of a fixed contribution rather than a pay-ment on a mileage basis as the latter could easily lead to abuses. He pointed out that Jubilee Nurses were allowed trav-elling expenses by the Govern-ment.

Mr. Gallagher agreed that it was necessary for a midwife in a country area to have some mode of conveyance and some help should be given towards the maintenance of a car.

Mr. Heskin then proposed that a contribution of £50 a year be made which could be used by the midwife to either maintain a car or to hire one as the case might be.

Mr. Gallagher seconded the proposal which was passed un-animously.

Memorial At Rellig an tSleibhe
The Chairman said that a local Committee proposed launching a campaign to collect money to erect a memorial cross at Rellig an tSleibhe in the family graveyard on the Sweep outside Dungarvan, to show its signifi-cance and he had been asked to find out if the Board would give them the right to erect the memorial there and later op-

operate with them by either making a contribution or mak-ing the services of the engineer-ing staff available.

The Co. Manager said that he did not think the Board could make any contribution, but that the Co. Council might do so, and added that every co-operation as far as advice by the engineering department would certainly be given.

The Chairman said that the Committee aimed at raising £1,000 and if any money was left after the erection of the cross the idea was to have a Mass celebrated annually for the repose of the souls of all those famine victims buried there.

Overdraft
Provision of an overdraft of £20,000 to carry out certain capital projects such as fire escapes, etc., was approved.

The Co. Manager informed the Chairman that there was a Davis fire escape at the County Council building but that it had been neglected and agreed there should be an outside lad-der.

The Chairman said that it would be terrible if anything happened to any of their buildings due to lack of such facilities.

The Manager said that he would have a report from the Engineer on the matter for the next meeting.

Appointments
The Manager informed Mr. Kynne that the appointment of the Surgeon at the District Hos-pital, Dungarvan, was of a tempo-rary nature, while that for the Dispensary was a permanent one.

Co. Waterford Vocational Education Committee Appointment Of Two Domestic Economy Instructresses Demountable School—New Idea

There was a full muster of members at the monthly meet-ing of the above held on Monday evening last at Scoll na gCeard, Dungarvan.

Very Rev. T. Cahon O'Brien, P.P., V.P. Chairman presided. Also present were Messrs An-drew Mor, T. Phelan, M. O'Hara, M. Morrissey, Very Rev. Fr. Com-munis, O.S.A., D. Leahy, M. Creagh, N. Walsh, M. Mans-ford, S. Ormond, T.D., N. Kelly, M. Harvy and T. McCloskey, Mr. D. Cullinane, C.E.O., was in attendance.

Approvals
Approvals from the Depart-ment were read in connection with the Household Manage-ment Scholarship awarded, and Irish Scholarships the Home Garden Prize Scheme, the special allowance to the teacher-in-charge of Cappoquin school, and the proposal to appoint two domestic economy instruc-tresses.

Appointments
In connection with the pro-posal to appoint two new domes-tic economy instructresses eight applications were received. Mr. Morrissey said that prefer-ence should be given to the applicants from Co. Waterford and he proposed a resolution to this effect, which Mr. Leahy se-conded, and which was passed.

Mr. Harvy then proposed that in accordance with the foregoing that the Committee appoint Miss Margaret Veale, Tramore, and Miss Josie Murphy, Carrick-on-Suir the two local applicants to this effect, which was approved unanimously.

The C.E.O. said that the teachers were required to fill the vacancies at Cappoquin and an itinerant post, and he proposed, to give each teacher six months leave of absence, which would be best suited for the position and the Committee unanimously agreed with this suggestion.

It was also agreed, on the pro-posal of Mr. Harvy, that in the case of either of the two appointed applicants not being able to take up the positions, that Miss Mary Sheehy, Courtmacsherry, Co. Cork, Insurance Arrears.

A discussion followed a de-mand from the Department of Social Welfare for the payment of £153 5s 5d arrears of insur-ance contributions in respect of part-time teachers employed by the Committee during which it was pointed out that no benefits could be claimed by these teachers in respect of such con-tributions. Members termed the demand unfair, unjust and a penal tax.

The C.E.O. said that he had already paid up in this respect.

Finally the Committee decid-ed to ask the present Minister to reconsider the matter, and Mr. Ormond, T.D., was requested to ask on the Department to have the matter changed.

Other Items
A number of R.D.S. Extension Lectures for session 1951/52 were chosen. Permission was granted to Mr. D. O'Connell to teach on the Irish Courses at Ring Re-appoint-ment of teacher-in-charge (Cappoquin), temporary whole-time and part-time teachers for the coming year, were approved. The existing travel scholar-ship scheme which the C.E.O. reported as working very satis-factorily in the current session, was adopted for the coming

KEEP COOL AND ENJOY POWER ORANGE

The C.E.O. reported that 63% of the tuition fees due for 1950-'51 (£223 16s 6d out of £351 14s 8d) had been collected as com-pared with 94% last year. The C.E.O. reported on the above stated that the delivery of the building had been expected in June but when it had not turned up, he first wrote and then wired the manufacturers in Wales but both had been ignored. Following this, and on the advice of a Department In-spector with whom he discussed the matter, he cancelled the order.

The C.E.O. went on to say that he saw a demountable building erected by a contractor building a local housing scheme. This hut was a wooden structure and he was of opinion that it would suit their requirements, and he had asked the contractor for a tender for a similar hut measur-ing 36 feet by 18 feet. The con-tractor had submitted a tender of £345.

A good deal of discussion fol-lowed as to the stability and durability of a wooden hut and the C.E.O. stated that the roof could be coated with a rubberoid preparation to make it com-pletely watertight for £150 and he thought that the whole thing would be well worth £500.

Finally it was decided to ap-prove of the tender subject to the sanction of the Department.

Today's proverb—When con-temment arrives all progress ceases.

Train In The Open Air
Whenever possible athletes should do their training in the open air while this fine weather is holding. The stately at-mosphere of the gym should be abandoned—Don't forget that if you go train outdoors not to let yourselves get a chill as very cold breezes spring up in the late evenings. Keep going and have a good run down when finished dressing immediately.

In Bret—Line Social Physical Culture Club will hold a short dance at the Town Hall on Sun-day night next. With that popu-lar M.C. W. Lyons, in charge of the dancing arrangements a very enjoyable night is assured. Dungarvan's Physical Cul-turists your support by attend-ing.

It is doubtful whether the local club will put on a P.C. display during the Fests na nDeise as lunos would not be found enough to get a costume out-let for the gymnastic team. This is a great pity because I happened to see them in action lately and I think they are better than ever.

Youthful Johnny Bransfield has mastered a good handsping and a magnificent back somer-sault from the club instructor's hands.

Michael Sandford has also mastered a good handsping while the balancers have made wonderful progress.

TALLOW AND ROUND ABOUT

Inter-School Sports Prove Wonderful Success. Ideal weather favoured the Inter-School Sports held at Tallow Sportsfield on Sunday last under the auspices of the Athletic Club, and proved a wonderful success from every point of view.

While all the competitors for this event were very good special mention must be made of the winner Seamus Ryan who finished with an ease and a grace that would have done justice to a professional and in an exhibition jump afterwards showed that he was capable of beating his winning margin.
