The National Mass-Radio-graphy Association, are making arrangements for a Mobile X-Ray Unit to visit Dungarvan for the purpose of holding public sessions in the town. Every person over 14 years of age is invited to attend Our representative interviewed Mr R Whyte Secretary of the Association, and Dr O Farrell, Co MOH, on the matter recently the matter recently
Our representative learned

that modern mass-radiography was first introduced into Brazil in 1936 by a man named D Abru In the years immediately pre-ceding World War II great headway in this field was made in Denmark Germany and the USA Its introduction to Britain came in 1943, and much more recently mass X-Ray was given its first trial in Dublin under the aegis of the Corporation who adopted the first mit which cannot be moved from centre to centre throughout the country

The official of the Association told our representative that the mobile unit which will be visiting Dungarvan from 8th to 11th in Denmark Germany and the

ing Dungarvan from 8th to 11th October is of the very latest pattern Of Swedish manufacture the pattern was adopted by the Association on the re-CLANCY—Honours in commendation of Department of Irish English French Latin Health officials who visited History Geography Drawing Sweden last year and were Pass in Maths highly impressed by its perfor-Pass in Maths

The Purple Monster Strikes

Claims Of Lismore

Mr A Carroll Solicitor Fer-afford moy represented the Lismore Estates Company Submitting his evidence Mr Submitting his evidence Mr Kyne stated that on the 19th January last they served a demand on the Company for an increase of wages The demand When the recent increase from When the recent increase from Jose O Sullivan and family Paddy and Anna and family O Keeffe family your old was —Anyone in receipt of less than 70/- per week to be brought up to 70/- per week to be brought up to 70/- per week and those in receipt of 70/- or week and those in receipt of 70/- or week and those in receipt of 70/- per week to be davanced by 10/- per over to be advanced by 10/- per week or over to be advanced by 10/- pe week The workers are divided into roughly four classes—Farm Labourers Forestry Workers Gardeners and Sawyers Following a good deal of correspondence, a conference took place on the 30th March, 1951 This resulted in no achievement because Col Silcock, Secretary and Agent of the Lismone Feature and Agent of the Lismone Feature and Sawyers Following a good deal of correspondence, a conference took place by the Department in the Lismone area were £3 18s 0d, as against £3 10s 0d and that an the case of the gardeners these and Agent of the Lismone Feature and should be screened The stars in this and Agent of the Lismone Feature and should be screened The stars in this and Agent of the Lismone Feature and should be screened The stars in this

resulted in no achievement because Col Silcock, Secretary and Agent of the Lismore Estate Co took his stand as follows. The vast majority of his employees were agricultural workers whose wages were fixed by the Government and he had no intention of setting a lead in the district. In vain their responsed to the balance sheet presentative pointed out to him that the wage fixed by the Agricultural Workers a minimum wage. He replied that the gardeners these men were stamping a card at the rate of a 1 4 National Health stamp every week which clearly indicated that they were not Agricultural Workers. The Chairman of the Court questioned Mr Carroll on the figures from the balance sheet showing a loss of £1 200 on the presentative pointed out to him that the wage fixed by the Agricultural Wages Board was only a minimum wage. He replied that if this Board raises the men were stamping a card at the rate of a 1 4 National Health stamp every week which clearly indicated that they were not Agricultural Workers. The Chairman of the Court questioned Mr Carroll on the figures from the balance sheet club once again in Cappoquin under the auspices of the Cappoquin Rowing Club. ELECTRICITY RATION INCREASED of supply due to overloading will be avoided

The Electricity Supply Board has announced increases in the electricity rationing to come in-to operation on Monday next 1st October

general domestic pur poses including heating householders may use up to tenths of the amount under this heading on their lation cards The allowance for domestic water heating is increased from half to three-fourths the amount on the ration card
For lighting which
separately metered the full amount on the ration card

may be used There is no restriction on the use of electricity for night storige heating and night water heating controlled by a switch between II pm and 8 am

Shop window lighting display lighting and outside signs are permitted from 7 pm In the case of motive power industrial process heating and public lighting the restrictions do not apply but the utmost economy is urged New connections for space

heating water heating cooking and process heating are sus pended for the time being

A statement issued by the ESB says that the purpose of the revised restrictions is to mum supply of electricity while ensuring that the load does not exceed the capacity of the plant to supply.

It is hoped that part of the

plant in the new Stations at Allenwood and on the Ernc (Cathleen's Fall) will be in commission by the close of the rear but until then no addi tional supply will be available Meanwhile, the demand for electricity continues at such a high level that rationing is essential to ensure the necessary economy in use and some reasonable spread of available

The Board hopes that with this easement of restrictions consumption will remain within with the goodwill and co-opera-
