## SPOTLIGHT ON THE UNKNOWN

By THOMAS TOBIN

**CHEERFUL IRISH ORPHAN FINDS HOME IN U.S.A.**  
**CAPPOQUIN BOYS SMILE CHARMS AMERICAN HEARTS**  
 In the homey Cappoquin Orphanage County Waterford the many little boys are today asking for a missing comrade. They want to know where he is and when will he return but the Sisters in charge find it hard to tell them that their missing comrade has gone to a new life across the seas in America and will not be back to take the lead in their marching song "The Boys of Cappoquin".

Tommy kept looking back watching for Mummy and Daddy Nagle and Tess. He was consoled with the thought that they could not fit in the plane together and would follow and as they approached the aircraft Mr. de Revere and he were the last to climb the gangway. Once again little Tommy looked back the door closed and with a roar of engines the "Star of Kentucky" flew off into the bright darkness of midnight. Tommy was over the Chits of Moher and the broad Atlantic. To those on the airfield little Tommy was now a memory whose cheerful smile would always linger on the lips of those who saw him.

Cheerful little Tommy Croke is today playing with some new-found friends in Lakeside Drive East Weymouth Mass. U.S.A. where he has found a home with Mr. and Mrs. Ed Hanley who have adopted the cheerful six-year-old orphan.

Tommy was now a memory whose cheerful smile would always linger on the lips of those who saw him. In last week's DUNGARVAN LEADER there appeared a report on the affairs of the National Monument Advisory Committee, which made reference to the Famine Graveyard situated close by the railway station.

It was just two months ago that Mr. Hanley, a member of the Boston Herald Traveller staff told his old friend Mr. P. J. Nagle also working for the same newspaper that he would like to adopt a boy from the orphanage. Mr. Hanley's wish was to set Mr. Nagle writing a long letter to his brother Mr. J. Nagle proprietor of the DUNGARVAN LEADER who immediately set to work in his hands was left this all important task and when he was first introduced to little Tommy both he and Mrs. Nagle immediately took an interest in the young boy. Mr. Nagle was their choice and so commenced the many legal worries attached to an outside adoption.

Someone made a blunder. In last week's DUNGARVAN LEADER there appeared a report on the affairs of the National Monument Advisory Committee, which made reference to the Famine Graveyard situated close by the railway station. The report stated that no action had been taken by C.I.E. regarding the cutting of hedges around this graveyard it was decided that the Secretary write directly to the Secretary C.I.E. Dublin.

Wearing a neat-fitting green corduroy suit, the young emigrant orphan with his mother, Mrs. Nagle, drove to Shannon Airport last week. They were accompanied by Mr. M. C. Nagle, Editor DUNGARVAN LEADER and young John and Tommy. Tommy's hand was a tiny hurley while in his attaché case was a ball a Leprechaun and several other valued souvenirs of the land he was bidding farewell to.

During the week I noticed that the hedge surrounding the graveyard in the bog is growing wild and to a certain extent obstructing the view of the graveyard. I cannot see how this can be regarded as an affair of C.I.E. Could I be wrong if I suggested that the graveyard is in fact situated on the property of Dungarvan? If anyone is at fault it is the Council. And now maybe the members of the National Monument Advisory Committee will give the matter the attention it deserves.

At the Constellation which had landed was Mr. J. H. deRevere District Manager of TWA who had been on a European tour and who was to take care of little Tommy on his trip to America. The Wild Constellation and the Constellation which was to fly to California were to be met by a plane from Frankfurt to Fresno, California where he was being adopted by a rancher. There were no good-byes in the arms of Mr. deRevere, little Tommy made a dash for the lounge where he stood gazing out the huge glass frontage. He told Mr. Nagle he did not want to go on the big plane but wanted to go on the small little one like the twister he had earlier seen out on the field.

THE POWER OF THE PROVINCIAL PRESS. Readers will have noted a report which appeared in last week's issue of this paper dealing with the Government's attitude towards advertising in the Provincial Press in connection with the Maximum Price Orders. The All-Ireland Conference of the Typographical Association called on the Government to reconsider the matter and the outcome is eagerly awaited by the Provincial Press. At the Conference the statements made were mild. It was pointed out that the influential Press was being underestimated by the Government and anyone with common sense will realise the foolishness of this conception.

**TOURIN DRYING STATION WISH TO ANNOUNCE** that they will be pleased to accept grass for processing into Grassmeal from anyone in the district. The grass will be turned into grassmeal while you wait. Should you have difficulty in picking up the short grass we would undertake everything from the cutting of the grass to delivery of Grassmeal back to your farm. Prior notice must be given. Advise and prices on application.

If you have any after grass for sale get in touch with us. We will pay top price for good quality grass. Write Tourin Drying Station, or phone Cappoquin 12.

**NO GENERAL ELECTION**  
**Minister's Statement At Fianna Fail-Convention**  
 "There is not going to be a general election. We of the Fianna Fail party will stay in power until we are driven out. We are the Government of the country and we are not interested in the people and not as has been the case with the previous Government, whose interests were in the pockets of the few." This was stated at the Court-house Dungarvan on Sunday last by Mr. T. Walsh Minister for Agriculture at the annual Fianna Fail party.

**DUNGARVAN LITERARY CLUB SHORT DANCE**  
 IN THE TOWN HALL, ON SUNDAY, 18th MAY, 1952. DANCING FROM 11.30 p.m. Music by BRIDEIDON SERENADERS. ADMISSION (inc tax) 2/6.

Mr. Lynch went on to say that borrowing to the extent as had been operated by the last Government was dangerous in many ways and if the nation was to survive as a nation there was no other way out other than that adopted by the Government. Mr. Lynch stated that the Government was in a position to deal with the crisis and that the people should have confidence in the Government.

Dealing with the criticisms of the Opposition he said that Fianna Fail in power acted as a catalyst in the country and the majority of the people behind them. They were working for the good of the country and for its advancement and they would continue to do so. He said that there was no more of that foolishness, either in the Press or from the public that we are at the end of the road. There will be no general election and we will continue in power.

Referring to the recent Budget the Minister stated that there was no question as to its necessity. It was inevitable because of the state of the country. The Inter-Party Government ran the country and they were faced with a situation which was serious beyond all description. He said that he was now taking the only course open to him to right the wrongs done. The Minister went on to say that they wanted more production, pointing out that on that depended the future of the country. He said that the Marshall Aid they had received had been spent on maize and on wheat when this should not have been done. They in Ireland could make their country self-sufficient and if they would grow an extra 500,000 acres they would provide a total of 146,200,000 cwt of foodstuffs to the value of £16,678,000.

Mr. Walsh said that their trade balance at the end of the year was £60 million and if the farmers would co-operate they in the agricultural world could meet more than three-quarters of the demand. Dealing with milk production and prices the Minister stated that the Dairying Industry Board set up would prove invaluable in the present circumstances. He said that the cost of the production of one gallon of milk was in a position to supply this great need, then the industry would grow and the position of being dependent on outside aid for existence would mean the loss of their economic and national freedom and regardless of the consequences Fianna Fail was not prepared to lose that freedom.

**G. A. A.—Dean Ryan Cup Final**  
**Dungarvan C.B.S. Boys Sparkle in Defeat**  
 Thurles C.B.S. 6-4  
 Dungarvan C.B.S. 6-2

The memory of the Dean Ryan Cup Final (Munster Colleges Junior Hurling) between Dungarvan C.B.S. and Thurles C.B.S. at Clonmel on Sunday last will remain for those who saw the game one of a thrilling spartan contest in which the Cork Waterford boys covered themselves with glory in a great effort to retain the trophy which they won for the first time from the same rivals last year.

At the outset the Secretary Mr. D. Dowling read a letter from the Department of Local Government which stated that with reference to previous correspondence regarding the proposed construction of a new bridge over the Youghal river, the Cork County Council were being asked to furnish a preliminary report under the following headings—

**WATERFORD COUNTY COUNCIL**  
**Tributes To Late Mrs B. M. Redmond, T.D.**  
**Youghal Bridge Discussion**  
**Appointment Of Rate Collectors**

Mr. D. Leahy Chairman presided at the quarterly meeting of the Waterford County Council, held in Dungarvan on Monday last. Present were—Messrs R. Walsh, M. McGrath, R. Barron, M. Harty, T. Morrissey, J. Quirk, T. Power, L. Morrissey, P. Butler, T. A. Kynne, T. D. J. Campion, E. Power, J. Mansfield, J. Foley, N. Kelly, M. O'Malley, J. Kennedy, T. Kirwan, F. Roche, S. Ormonde, T. D. Hesklin, and Senator J. Butler.

At the outset the Secretary Mr. D. Dowling read a letter from the Department of Local Government which stated that with reference to previous correspondence regarding the proposed construction of a new bridge over the Youghal river, the Cork County Council were being asked to furnish a preliminary report under the following headings—

**Youghal Bridge**  
 The age-old problem of providing a new Youghal Bridge was again fully discussed. At the outset the Secretary Mr. D. Dowling read a letter from the Department of Local Government which stated that with reference to previous correspondence regarding the proposed construction of a new bridge over the Youghal river, the Cork County Council were being asked to furnish a preliminary report under the following headings—

**THE FEASIBILITY OF THE WORK**  
 1. The feasibility of the work of constructing the bridge.  
 2. The best situation for the bridge.  
 3. The provision to be made for river navigation past the bridge (a) by way of opening span (b) by clearance under fixed bridge.  
 4. The manner in which the work can best be executed.  
 5. The probable cost of the work and to state that the Cork County Council employed a Consulting Engineer to assist them in the preparation of the Preliminary Report. The Co. Manager has now reported submitting the document to the Consultant and adding the following comments—

THERE IS NOTHING SO REFRESHING AS A "POWER ORANGE" WHEN YOU'RE THIRSTY

**THE LABOUR PARTY (Dungarvan Branch)**  
 The members of the Dungarvan Branch of the Labour Party wish to thank very sincerely the people of Dungarvan and district who contributed so generously to their Annual Collection held at the Church Gates of the town on Sunday last.

When it came to the appointment of the rate collector for the Clonmel area, the Council agreed to decide the issue on an open vote. Patrick Purcell Johnstown Carrick-on-Suir was proposed on the proposition of Mr. Kennedy T. D. Roche. The voting was as follows: For Purcell—Messrs Kelly, Mansfield, McGrath, L. Morrissey, Fahey, T. D. Roche, Leary, Quirk, Kennedy, E. Power—(12).

For Roger Nugent Cashel Road Clonmel—Messrs P. Butler, Campion, Hesklin, Walsh, M. Morrissey and T. Power—(6). For Thomas Drohan Ballynevin, Carrick-on-Suir—Senator Butler Messrs Harty Barron—(3). For Thomas Skehan Rathgormack, Carrick-on-Suir—T. A. Kynne T.D.—(1).

Commenting on the above results Mr. Kynne stated that it was plain to be seen that Fianna Fail had a big majority. When the proposition to appoint Mr. Purcell was made Mr. Kynne stated that he wished to propose a direct negative which would not require a second round. On a vote (as given above) the proposal was carried.

Referring to the standing orders Mr. Kynne stated that they were out of date and when a heated discussion developed he said that if they were honed they would not have all this voting and formalities when all knew only too well that the four men had been decided on long ago. The whole matter was decided on a vote given at last Sunday's Fianna Fail Convention.

Mr. Ormonde—Cut that out altogether. Mr. Kynne—Oh no Mr. Ormonde that's my job to expose the Fianna Fail ramp as much as I possible can and you know it only too well. At this stage Mr. Kelly stood up and proposed in the most respectful manner, pointing the table and demanding a withdrawal of the statements made.

Mr. Kynne—My party or any of its associates did not resort to Gesapo methods at any time the likes of which we have seen here today. Dealing with the Kilmacthomas area there was a close contest for the appointment which eventually went to Mr. James Campion, New Street Lismore. Three votes were taken as follows:—Michael Kent Kilmacthomas—Messrs Kelly, Mansfield, Fahey, T. Morrissey, Ormonde, Roche, Leary, Quirk, Kennedy, Kirwan and E. Power—(11). For P. Murphy Clonea, Carrick-on-Suir—Messrs L. Morrissey, F. Butler, Walsh, Barron and T. Power—(6). For Campion—Senator Butler, Messrs Kynne, McGrath, Campion, Hesklin—(3). For Edward Norris Shanakill, Kilmacthomas—M. Morrissey—(1). Mr. Norris was eliminated. In the second vote results were as follows:—For Kent—Same as in first votes—(11). For Murphy—Harty, L. Morrissey, P. Butler, Walsh and Barron—(5). For Campion—Senator Butler, Messrs Kynne, McGrath, Campion, Hesklin, M. Morrissey and T. Power—(7). Mr. Murphy was eliminated. In the third vote the result was as follows:—For Kent—Same as in first and second votes—(11). For Campion—Same as in second vote—(7). (Continued on Page Three)

(Continued from Page One)

During a passage around the Dungarvan goal the goalie followed out in an effort to clear but Darmody secured an drive into the open goal to stretch the Thuries lead once again. Nagle, Kennelly, Conroy and Curran were again prominent in initiating a further Dungarvan raid which was turned to effect with goal Hayes was shining for Dungarvan at this stage and sent to Clancy who passed to Curran and the latter taking the ball on his hurley side-stepped three Thuries backs and finished with a beautiful flick to the net to put the home team a point ahead but this lead was short-lived as Wall struck the equaliser two minutes later. In the twenty-third minute of this half Thuries took the lead once more with a goal per McLoughlin. Dungarvan then threw all their remaining energy into the game with time running out and a clear-in was sent in by Kennelly but it resulted in Conroy centred the free which was cleared short and Kennelly receiving was just off the mark. Dungarvan kept up the pressure but were wide before Kennelly drove in and the ball just went over the cross-bar for a point. Despite a storming finish the Thuries defence stood up well and the Dungarvan boys failed to score again.

**HONOURS SHARED IN LISMORE**

J H—Limerick, 10-5
Waterford, 5-2
J F—Waterford, 1-7
Limerick, 1-6

Waterford and Limerick divided the honours in the opening rounds of the Munster Junior Championships at Lismore on Sunday last. Limerick winning the hurling tie comfortably while Waterford had a narrow last-minute win in the football game.

**Hurling Game**

There was never any doubt of the superiority of the Limerick hurlers. In the first quarter Waterford shaped well and looked like making a game of it, for midway through the first half they held a lead of 3-1 to Limerick's 1-2. Limerick however began to settle down and by the interval they were ahead by a goal. The second half saw Limerick score almost at will and though some Waterford raids produced goals, Limerick always enjoyed a big lead and were never in any danger of losing it.

Both in defence and attack the Limerick men were fast and strong and clever. Their striking was crisp and snapper and they played with a better sense of positional play. Limerick opened the scoring with a point from W Dooley. E Carew replied with a goal for Waterford, and then added a point. Limerick fought back and T Clifford notched a goal. W Ryan put Waterford ahead again with two quick goals. N O'Dea reduced the arrears to a point and a melee in the Waterford goalmouth saw the Limerick forwards scramble the ball into the net. Limerick were now pressing and Dooley put them a point ahead with a long-distance goal from the wing. J Barry stretched Limerick's lead with another goal before J Egan pointed for Waterford to leave Limerick ahead by 4-2 to 3-1.

With the wind to their backs, Limerick dominated the second half. B Mullane first notched a point and then added a goal. J Kearney added another goal and a point before a Waterford breakaway saw Carew shoot a goal. Limerick came back and J Barry and T. Clifford, each had a goal. Egan reduced the arrears for Waterford with a goal but Limerick's forwards continued to score. O'Dea adding a point and J Fitzgerald, who came on for J Kearney two goals.

**Waterford**—M White J Hallahan P Halpin D Drummy E Costen, M Morrissey, J Curran, J O'Brien, R Power J Duggan, E Carew J Allen W Daniels, B. Ryan J Egan

**Football Game**

The first half was fairly even, the teams turning over level at four points each at the interval. Throughout the second half Limerick did most of the attacking, and play centred around the Waterford goalmouth. For most of the time the Waterford backs however were very strong and their close marking proved too much for the Limerick forwards. Waterford had a definite pull at midfield where O'Connell proved a match winner. O'Connell, who lined out as full-forward dropped back to centre-field when F Ahearne went off.

Tenor's Brilliant Performance—Tallow's golden-voiced tenor Mr Frank Ryan added further laurels to his already long list of successes by his brilliant performance with Fermoy Choral and Musical Society in their current season's production of "Lilac Time" which brought packed houses to the Palace Hall Fermoy for ten nights. This delightful musical based on the life of Franz Schubert is a beautiful and many glorious melodies gave full scope to Mr Ryan's lovely tenor voice. Playing the leading role of the great composer (Schubert), Mr Ryan thrilled his audience. He was not so slow to show their appreciation. From all over Munster crowds thronged to Fermoy for the production and this excellent Society are to be heartily congratulated on the perfection of this year's musical which would have done full justice to professionals.

To each and everyone of the large cast congratulations while they rested under the treat in itself. It was a programme that will be long remembered and the performance of our own Frank added in no small part to the great success. Further further justice to the name of Tallow's tenor and to the Brideside town.

**Death of Mrs M O'Mahony**—It is with very deep regret we record the death of Mrs Mary O'Mahony. Ballygally, a member of the community which occurred at her residence following a rather brief illness fortified by the rites of the Holy Catholic Church which she was a most exemplary member. Deceased was a member of an old and respected family and was held in the highest esteem by all classes of the community. Her passing is regretted by all who had the pleasure of her acquaintance. Of a retiring and kindly and genial disposition she made many friends and all regret her passing and join in sympathy to her bereaved sons, daughters and other relatives.

On Tuesday evening the remains were removed to the Church of the Immaculate Conception where they were received by Rev. Canon Flynn P.P. assisted by Rev. M. Condon C.C. who blessed the coffin and recited the prayers for the dead. The accompanying Requiem Masses were very representative and bore ample testimony to the respect and esteem in which deceased and her relatives are held.

On Wednesday morning Requiem Masses were offered up for the soul of her son, who died at the interment took place that afternoon in the adjoining cemetery in the presence of a large cortege and amidst very deep regret. The interment was officiated by Rev. Canon Flynn P.P. assisted by Rev. M. Condon C.C. officiated.

Chief mourners were—James Nicholas William, Daniel and Michael O'Mahony (sons) Mrs. H. B. Nolan T. Lonergan P. Hassett M. Hallahan F. Ahearne T. Power J. Kiely T. Power C. Cunningham J. O'Connell J. Walsh Sub L. Veale.

Referee—S. Hayes Tipperary

**EASY WIN FOR MOUNT SION**

Mount Sion 5-11, St. Moleran's 0-5.

Mount Sion defeated St. Moleran's (Carrickbeg) in the first round of the Waterford Senior Hurling Championship at Portlaw on Sunday last. St. Moleran's lacked the staying power of the city fifteen and concentrated on defensive play. Mount Sion led at half time by 4 goals to 4 points.

The second half showed no change in the trend of the play and Mount Sion continued to pile up the score until the final whistle left the score Mount Sion 5 goals 11 points, St. Moleran's 0 points.

In a minor hurling championship game Mount Sion defeated St. Munas (Portlaw) by a wide margin.

**Adopts Estimate of 33/11 In & At Adjourned Meeting**

**Increased Of 3/11 Over Last Year**

The rates estimate meeting of Dungarvan Urban Council adjourned on Friday May 2nd under Section 24 of the Co. Management Act, when a proposal by Mr Casey to adopt an estimate of 33/11 in the 2 was carried by the casting vote of the Chairman was resumed last Friday night.

Present were Messrs T. Lannen, Chairman, K. Kelly, T.D., Senator Butler, M. J. Keane, P. Casey, T. Lee, T. McCarthy and N. Kelly.

Messrs S. J. Moynihan Co. Manager and E. O. Deery Town Clerk were in attendance.

Opening the discussion on the Estimates Senator Butler said that he was unavoidably absent last night but asked in view of what had taken place at that meeting what was the position now. What procedure was to be adopted and what exactly could the Council consider.

Manager—The amendment to reduce the estimate to 32/3 and nothing else.

Senator Butler—And no amendment to that amendment.

Manager—There could be modifications to it. I know the Manager is a reasonable man and there could be modifications made which would be acceptable to him.

Manager—Certainly I'm in the middle of the Urban Council Re-Examination of Figures.

The Clerk then read out the figures in Mr Casey's amendment which had caused the adjournment of the previous meeting. The figures of the estimate would have the effect of reducing the estimate of 34/6 presented by the Manager to 32/3.

The Council then proceeded to agree to the figures of the estimate embodied in Mr Casey's amendment.

Dealing with the Town Hall the Town Clerk informed Mr Casey that if the repairs were carried out the loan charges in this scheme for next year would increase to roughly £900.

Senator Butler—What would be the estimated income from the hall when in full use?

Manager—£1,000.

Senator Butler—Would the position be better next year than it is this year?

In reply to Mr Casey the Clerk said that the best year the hall had so far was in 1948 when the income was £1,000. A thing it has not done before.

The Co. Manager pointed out that the Council had already decided to go ahead with the improvements and there was not much use discussing the matter now.

Deputy Mayor asked what point Mr Casey was trying to make.

Mr Casey—I want to cut out some of the items in the scheme do a reasonable job without the chromium plated fittings and reduce the loan charges.

Clerk—The intention to reduce the loan charges by £200 would mean a cut in the rate of 1/6.

Deputy Mayor—Your intention is to cut out the bar and counter from the scheme altogether.

Mr Casey—There's an existing bar there. There's not unless you call a few old planks a bar for anyone.

Manager—But not for the District Council.

Mr Casey—He's only to deal with sanitary and safety matters.

Mr Kelly—Well I'd like to say in this capacity that the Architect has written here for the Council but the meeting was held and that was a big waste of money.

Chairman—The Council does not have to wait for officials they must wait on the Council. There is a lot of other things going on where there is a waste of money and you could turn your eyes on that.

A discussion on the need for a bar and counter in the Town Hall then followed.

Mr McCarthy held that the discussion was out of order as it had already been approved by the Council.

Mr Keane said that no town should be without a dance hall and there should be one in Dungarvan. He said that he would like to see the scheme for the trade of the town but he thought they might be able to cut some of the items this year and do them next year.

Replying to Mr McCarthy's point the Chairman said that the discussion was not out of order as the cost of the scheme (£5,500) was put in the estimate by the Manager and it could be discussed again.

The Manager moved in an estimate of what it will cost to run the services of the Council and to include in it work which the Council wants carried out.

Senator Butler—That is so.

Senator Butler—The Council has already decided to do this work but they must now provide the money and if they cut it out the Manager is helpless.

Mr Keane said that in trying to cut down the scheme Mr Casey and Mr Keane were living in a world of their own.

Mr McCarthy said that he still held the discussion was out of order. He said that Mr Keane had voted for the scheme originally but he was now voting against it.

Mr Kelly—Sure Mr Keane was the "keenest" man about the Town Hall one time (laughter).

Mr Kelly went on to say that

**CUREX**

**THE CURE FOR SCOUR, STRETCHING NECK, STAGGERING IN CALVES AND WOOLBALL IN LAMBS**

From Chemists and Stores 5/- & 2/6 or Post 1/1 extra from Bell's of Waterford

from the ratepayers point of view and he was a big ratepayer, the hall would be an asset to the town as it would bring additional trade to many shops.

Mr Keane then intimated that he would vote for the scheme as it stood as he didn't understand the position at the previous meeting.

Mr Kelly—Now we have it. Mr Keane—An man can make a mistake but I course you're a smart man Mr Kelly. Mr McCarthy—Are we going to discuss this matter all night. Mr Kelly said that to bring the matter to a head he would propose that the scheme as it stood would be done.

Mr Lee seconded.

On a vote Messrs Kelly Lee, Keane, Butler and McCarthy voted for the full scheme done and Messrs Lannen and Casey voted to reduce it.

**SPOTLIGHT ON THE UNKNOWN**

(Continued from Page One)

This applies not only to the Government advertising columns but also to the reading matter with the exception of the news stories.

What of the Provincial Press? With the exception of a minority it is read from front page to back page to the last line of the last column.

In the country districts in particular the local paper is referred to throughout the week. It is read by every member of the family. It is in most cases later sent off to an exile somewhere. There is no need to question this.

If the Government is really concerned with the interests of the citizens it should avail of the greatest medium of communication each citizen individually and this can be done only through the medium of the Provincial Press.

As far as the production of the Provincial Press is concerned the Government's attitude is very serious. It may well be taken for granted that their action in cutting out this particular type of advertisement in the morning is just the edge of the wedge. Such action can be detrimental to the production of the local newspapers and pressure must be brought to bear on our Government leaders for the Provincial Press has progressed from the days of favour with fervour—and in the case of the small man he is entitled to the same opportunity as that afforded to the Magnate. Any abolition of the Provincial Press will uphold no matter what the threats are.

**AROUND THE GLOBE**

Sometime ago my story on the "Practical Sea" was published in this column was again published with illustration in a well-known monthly Magazine on ships and sea adventures entitled "Sea Breezes" published in Liverpool.

Obviously the story found its way into many far-away quarters interested in the history of the Old Boro.

The captain of one of our crockery boats, the "Boro", had meeting a Dungarvan lady passenger went to his cabin and brought the story to her to get her views on it.

Capt. Wm Kelly who is Senior Member of the "Boro" Club, has gross tons on the Bolton Steam Shipping Co. London (who was incidentally featured in another article in the same issue of "Sea Breezes" also read the story and sent him a message of congratulations.

Now from Finland comes the most unusual sequel of all Mr Allan Gronblom on reading the story took note of Mr Miller's name and address which appeared therein. He wrote to Mr Miller as follows:

Bjorneberg Finland  
1st May 1952

Mr Wm Miller  
Dungarvan  
England

Dear Sir—I have just read an article about the tragic end of the ship Moresby in the April of 1951. I am a member of the crew and owing to the information I have got from the article I take the liberty to write to you.

Could you be kind enough to procure for me a good photo of the ship in a 4 plate size (or a size about 2 postcards) to be sent to me in due course (well wrapped to prevent breakage). I will of course send you my name and address as soon as I have got your news. I have got your news I must tell you that I have been a great collector of sailing ship photographs but during the war I began more and more to collect for war victims and ships having had a disastrous end. Good photographs I like to have framed.

I hope you will kindly answer to this letter and awaiting your reply, I remain,

Yours sincerely  
ALLAN GRONBLOM

Mr Miller called on me and I presented him with two enlarged photographs which have since been forwarded to our new found friends way out in Finland.

The Clerk then made up the reductions made and announced that it would mean a reduction of 7d in the estimate.

Mr Kelly—I wonder would the Council agree to allowing that 7d in to provide funds for the band.

Chairman—It has not been included in the estimate and cannot be considered now.

Mr Kelly—Well, maybe next year.

The Council then adopted an estimate of 23/11d in the 2 on the proposal of Mr Kelly, seconded by Mr Lee which was a reduction of 7d on the estimate of 34/6 as presented by the Manager. Messrs Kelly, Butler, McCarthy and Keane, voted for it and Messrs Lannen and Casey, voted against it.

Mr J. Rutledge, T.D. At the outset of the meeting,

Be it only at the closing of my days  
To see again the moon rise over Cloddagh  
And to watch the sun go down in Galway Bay

To see again the ripple on the trout stream  
The women in the meadows making hay  
To sit beside the turf fire in a cabin  
And to watch the barefoot gossamers at their play

The winds that blows across the sea from Ireland  
Are perturbed by the heather as they blow

The women in the uplands digging tatties  
Speak a language that the English do not know

The English came and tried to teach us their way  
They blame us for just being what we are  
But they might as well go try to catch a Moonbeam  
Or to light a penny candle from a star

And if there is going to be a life hereafter  
For somehow I know there's going to be  
I will ask my God to let me make my heaven  
In that little land across the Irish sea

**F.C.A. NOTES**

**DUNGARVAN BATTALION**

**Miniature Shooting Competition**

The Miniature Shooting Competition has ended and the results were very keen. It was divided into two phases—one for the members with long service and the other for the recruits. The standard of marksmanship was very high and it brought to the fore the best of the Battalion. The winners in the trained men section were—1st, Sgt P. Noonan 2nd Pte J. Murphy 3rd Pte J. Foley in the recruits section the winners were—1st, Pte S. Egan 2nd Pte M. Maher 3rd Pte M. Young. The Battalion Staff wishes to congratulate the winners and all members who took part in this competition.

**Training at Youghal Camp**

Training at Youghal Camp begins on the 7th of next month and the first period will be from June 7th till June 20th. The next period will be from 21st June till 4th July. Any members desirous of doing their annual or Basic training during this period should inform Battalion HQs as soon as possible. This will be the ideal period for doing training as the weather will not be so great as later in the summer and members will receive excellent training. Every NCO and man in the Battalion should make a special effort this year to attend the annual training at Youghal Camp.

**Platoon Competition**

As in former years the annual Platoon Competition will take place in Youghal Camp during the last week in July. The Dungarvan Centre which is parading splendidly at the moment should be in a position to provide the backbone of the Platoon this year. The Staff has no doubt that the Platoon will do very well this year and there is no apparent reason why the Dungarvan men cannot shoot as well as those of other Units. In order to overcome this obstacle special attention should be devoted to rifle marksmanship and every member will require to complete his range practices before-hand.

**Area 303 Shooting Competition**

On Sunday night at Kilworth Camp the Annual Area Shooting Competition will take place in preparation for the Command Shoot on the following Sunday. Each Battalion will provide an "A" and a "B" team. From these will be selected the team to represent the Battalion at the big test on the 25th Teams from Fermoy, Mallow and Kantull will also take part and it is hoped that at least one team from the area will win its way to the All Army Competition at the Curragh in July. There are some very good marksmen in the Battalion but from experience it has been discovered that they are inclined to suffer from stage-fright on a big occasion. On Sunday however it is hoped that competitors will overcome this and give a good account of themselves.
