TALLOW LONG AGO

(To An Old Friend in Exile) My heart is weary thinking of the happy bygone days When we bareheaded roamed the giens the woodlands and the braes

And sat beside a rippling stream to watch the Bride's swift flow rom a bright cascade down a verdant glade near Tallow long ago

How pleasant were our socials then when daily toils were o er Or a crossroads dance on a Sunday eve at Owbeg near Lismore Where our festive seasons came

and went like twilights fading glow. And our hearts were bright with pure delight in Tallow long

Now lones the change mong strangers cold foreign shore dreams you see fair Tallow Hill and the road to sweet 'teens a slient tear may flow

and a colleen's smile beside a stile in Tallow long ago fond farewell my dear old friend your memory lives for ave hough watery miles divide us

now for thee Ill always the homes of your own be-loved Tallow, And entorch the right that

shed its light oer the old town long ago JOHN PARKER, Ballymote Tallow

Co. Waterford Committee of Agriculture

Mr P R Power Chairman presided at the usual meeting of County Waterford Committee of Agricultural held in the Court-Agricultural field in the Godal house Dungarvan on Saturday Present were Messrs N Walsh, Ml McGrath W Dower M Harty R Barron D Heskin J Fahey D Leahy. T Morrissey J Quirke Mr P Conroy CAO was in

attendance as well as the various instructors Protest Against Sale of

of complaints from farmers all the pros and cons of such a over his area in connection with Glasnevin Rosa seed. One farmer showed him the seed as it was in the ground and on realisting what was wrong Mr Conroy told him to plough it up again as he would not get a crop out of it From Ardmore he received a complaint from a man with 80 at complaint from a man with 80 acres and in this case the chase the refractometer.

Volved in an accident Over and ask the local County Council at inquests and in the prosent tives and our TD's cilletc etc (cousins).

Mr Heskin held that in view of the serious food situation of the serious food situation of the present time, they should be effect that the accident to take the matter up with a court cases is the evidence not to take the matter up with a court cases is the evidence not to take the matter up with a distinguished Irishman on a visit to the States visited a New years of driving once and remove this "black" to the boy in an accident over again at inquests and in the lact out by the County Council at visit to the States visited a New years of driving once and remove this "black" to the boy in an accident over again at inquests and in the accident of the effect that the accident out by the County Council at in which the driver or drivers once and remove this "black" to the States visited a New years of driving once and for all would tell him—"Who in his weather with the past week has worked wonders on the farm and the backward crops are all the provide over again at inquests and in the take the matter up with a distinguished Irishman on a visit to the States visited a New years of the provide every possible facility to once and remove this "black" to the States visited a New years of driving. The fact is weather with the past week has worked wonders on the farm and the backward crops are all the provide in the provide every possible facility to the state of the lack of the provide countries. The provide countries are all the provide countries and in the provide countries. a complaint from a man with 80 across and in this case the trouble was the same. In the same area and not far from the affected man sland he witnessed man sland he witnessed a very good crop. Mr. Control with the same area and not far from the affected man sland he witnessed in question.

In this case the refractometer take chances the experienced driver will not as a rule worked wonders on the larm who ever lived. Many names take chances the experienced driver through confidence born of familiarity is inclined to do so. A further fact is that commaking great progress, while satisfied and seeing a small paratively few accidents take place at dangerous or difficult large acreage is progressing class repeated the distribution on the larm who ever lived. Many names where driver through confidence born of familiarity is inclined to do so. A further fact is that commaking great progress, while satisfied and seeing a small paratively few accidents take place at dangerous or difficult large acreage is progressing class repeated the distribution on the main roads with the easy very favourably. Since the adherence is obvious the acreage of manyolds and delighted and awarded the progressing take chances the experienced driver will not as a rule worked wonders on the backward crops are all were forthcoming—Al Joison driver through confidence born wheat oats and barley are all were forthcoming—Al Joison driver through confidence born wheat oats and barley are all were forthcoming—Al Joison driver through confidence born wheat oats and barley are all were forthcoming—Al Joison driver through confidence born wheat oats and barley are all were forthcoming—Al Joison driver through confidence born wheat oats and barley are all were forthcoming—Al Joison driver through confidence born of familiarity is inclined to do making great progress, while satisfied and several were forthcoming—Al Joison driver through confidence born of familiarity is inclined to do making great progress, while satisfied and the backward crops are all wer was originally bred in Glasnevin an age of science and mechanand was a very fine variety ism and no matter how they This particular stock did not tried there was no continuous however come from Glasnevin | from the fact It was grown as a crop at Portraine Mental Hospital Farm and

would get some satisfaction In reply to a question the from England owing to the pre-CAO stated that the question sent foot and mouth disease of soil fertility did not in any scare way account for the failure of been supplied under a guarantee of 974 per cent germination Heskin said that it could

be that the wheat had been effected by heating and the fact that it germinated at 83 per nection will have cent was no argument and hearted support should not be held against far- Mr Morrissey

Mr Walsh said that he would like to have the full support of the Committee in calling for action in the matter pointing Redmond on the proposition of out that it was a disgraceful Mr Barron supported by state of affairs at the present members

The Chairman suggested that it might be better if all of those affected came together and took whatever action they saw fit Mr Heskin—It is the duty of this Committee to strongy protest and I move that we do so I might add that this kind of think is worse for us than the midge and I don't see why the Department should not send down their Inspectors to inves-tigate the whole case Why should people be allowed sell wheat that is not fit for sale Whatever about the midge the farmers managed to get something out of that At least they were able to harvest some of their wheat but in this case all they could do was plough up what had been planted more seed plant it and hope for the best I think the farmers affected have every right to

strongly protest and if we not stand up now and do so we can be sold anything — any

Finally on the proposal of Mr Heskin seconded by Mr Walsh was handled through the Irish it was agreed to puchase the

committee should do all in their request the Minister to bring power to see to it that they into force the most stringent regulations possible in traffic

Mr L Morrissey—There is no the crops He also pointed out need to do that as the Minister that the seed in question had is already doing what you sug-

Mr Leahy proposed that they convey to the Minister that whatever action he may deem necessary to take in this connection will have their whole-Mr Morrissey seconded the

proposal Sympathy was passed with the relatives of the late Mrs

(Continued from Page One)

Chairman-I know but we must remember the Secretary is tied by regulations He had to wait for the second quotation before he can make a move Mr Kyne stated that his point was that even if the price did fluctuate the Department would stating that he had never not blame them and there such an advertisement would be no question of sur-charge May I point out ne ad-ded that this wireless would be a great comfort to those people to the people we seem to be so concerned about and I suggest we give it to them without any further delay

Mr Morrissey proposed that out that if they get one cheaper or the same as that accepted by the Department then they accept
Mr Cullen seconded the pro-

recent Glass Exhibition held in If this is a case where it is let written in a lithe City Hall proved a great suction one side only then I consider tive manner cess Two hundred specimens it very unfair I might also of oid Waterford Cut-glass (loan- add continued Mr Morrissey ed by Mr Robert Holland, Dub- that I am entitled to put a prolin) were viewed by a large position before the meeting number of citizens Several pro- which I did and which was not doors of the new glass factory tentertained. I do not see why I ducts of the new glass factory entertained I do not see why I Johnstown were displayed and should walk to the Secretary's attracted great interest parti-cularly the artistic ash-tray ter which should be disclosed at (engraved with the Waterford the great of Arms) which was pre-concerned the whole thing is a

sponsible for organising the pro-letter originally seeking quota-tions was he said sent to radio dealers not only in Dungarvan but in Waterford and other parts of the country as well and all were given every opportunity to quote

Mr Morrissey—I'm going to get a reply to my question be-fore I leave here today and I am not going to walk down to your office for it Following this outburst, there was a long pause of dead stience which was interrupted by the Chairman stating that there was nothing further he could do in the matter as it was Managerial function Managerial function

Mr Morrissey added that he still maintained that he had been wrongly ruled out of order. He had made a proposal which was seconded and accepted—yet

ignored The question put by Mr Morrissey was not answered during meeting and the matter

was adjourned New Dispensaries

the Department on the provision of Dispensaries it was unanimously passed that the Board go on with the erection of 13 new dispensaries and that the engineer report on the sites and

costs etc
Fish Supplies

When Mr Kyne asked a question on the supply of fish for the Board's institutions he was ed for through the Press On stating that he had never seen Secretary informed him that tenders were always advertised for and if he would care to see the file he could do so at the

office
Mr Kine said that his reason for asking the question was that it had been suggested to him that no such advertisement they put an advertisement in had appeared for sometime and the local papers this week-end having looked out for it over the past twelve months he himself had not seen it
