WEST POINT CADET ON HOLIDAYS
A young Abbeyside man who in 1950 made history in the United States by entering the world famous West Point Military Academy is at present on a short visit to his home in Abbeyside, Dungarvan. He is Cadet James Fraher son of Mr and Mrs James Fraher of Abbeyside.
Cadet Fraher now enters his third year at West Point. He told me that he is really happy there and looks forward to the future with every hope.
James Fraher was born in the USA in 1930 but five years later, his parents took him to their old home in Dungarvan where he was educated at the Christian Brothers School. When he finished school he gained his Leaving Certificate with honours. The son of a Brigade Adj. in the I.R.A. he went forward for a Cadetship in the Irish Army but failed to get it. He then failed to make the grade for the Irish Navy. Disappointed but still determined he went forward in life setting sail for the land of his birth. He arrived in the States in February and entered the Cooper University New York. In 1950 he sat for the entrance examination to West Point with 800 American entrants. He was successful and so for the American citizen citizen educated entirely in Ireland entered West Point Military Academy—a day when history was written in the annals of the famous Academy. Cadet Fraher is an American citizen to have won an All-Ireland medal for Munster Colleges Hurling which he won in 1947. He helped Cork win the All-Ireland senior hurling championships in New York playing a good game at centre-field.
He was a member of Dungarvan Brass and Reed Band and a first class clarinet player. He later helped form the Abbeyside Boy Scouts Pipe Band, of which he was a member up to the time of his departure to the States.

who go to great pains to make their job the success it has been proving Miss M. Scally and Miss K. Price of the Dublin School of Art, also have much to do in the administration of the courses and from all I could see during my visit each and every one connected with the programme appeared not only absorbed in it, but also happy and content.
Miss Scally looks after letter and poster work while Miss Price attends to embroidery. Miss O'Reilly Cavan, Mrs Gleeson Cork Miss Roche Waterford and Miss Connolly, Tipperary help in many ways generally to keep affairs moving smoothly. In charge of Irish dancing is Eileen in Cathalraigh. Other interests catered for are rushwork, patchwork, lampshade making and soft-toy-making.
The delegates undergoing the courses will return to their various areas throughout the country, pass on their cultural acquisitions. The delegates represent many branches of Irish womanhood whose lives at home are filled with their truly duties but who nevertheless make it a point to find time to attend this course for the sake of advancing the cause of Irish culture.
Among the delegates in Dungarvan District were Miss Eileen Haavic who is at present in Ireland on a course of folk-study. Miss Haavic will attend the University in Dublin shortly. She has already done very well in grasping the English language and expects to become a fluent speaker before she returns to her homeland within a few months.
Parties of the delegates have visited Ring College and the Gaelteacht area where they were shown about by An Fear Mór. They also visited Mollery and most other well-known Waterford places worth seeing.
Since their arrival in Dungarvan the delegates have been very interested in all local affairs. They consented to a debating contest with the well known Dungarvan Macra na Feirme team who have won many debates in the past. The contest in the County final. On this occasion they were defeated by the Irish Countrywomen's Association the subject being "For or against arranged marriages".
The session opened on Tuesday June 17th and will continue until July 28th. Each session lasts a fortnight during which the members do a comprehensive course in handicrafts.
Miss Alice Ryan of Emly Co. Limerick President of the Association acts as hostess. She is a very well known figure all over Ireland both in her own achievements and as a granddaughter of Bancon. In charge of operations educationally is Mrs Somerville-Large, Wicklow whose crisp friendly manner and easy authority assures good humour and efficiency. Looking after a busy office and the many problems of so many busy ladies is Miss Doreen Smith of Cavan. Looking after housekeeping affairs are Mrs. Tallil Sligo, Mrs. Raftery and Miss Frank. Their job need not be mentioned to all but by the comments of their care they are doing it well.
The members assemble for a varied range of craft classes under expert teachers who have roamed far and wide in their study of weaving in wool and willow, leather, lace, and in charge of these classes, and when I called in on them recently, I found her showing a keenly interested class, the technique of upholstery. In their dungarvan headquarters another group watched a basket taking form under the capable hands of Miss Kitty Coady, Cashel. Another well known lady in the movement, Miss Phyllis O'Connell, General Organiser was busy at several important executive matters when I called but just the same she had time to pay tribute to the efforts of the members attending the sessions.
Planners of social entertainment are Mrs. Hughes Fethard and Miss J. Nicholson Meath.

MOUNT STUART FIANNA FAIL FAIL CUMANN
Mr P J Burke, Organising Secretary addressing a special meeting of the above said that the results of the bye-elections were a clear vote of confidence in the Government and in the able leadership of Eamonn de Valera. The result had strengthened the Government's position to carry on its economic and national programmes for the coming four years. The Irish people have made it clear by their decision that they are not going to be misled now by the Coalition Parties, he said, no more than in the days of the Economic War, when the Fine Gael leaders opposed every national measure and every economic development for both the economic and international welfare of our nation. The people therefore cannot allow the Coalition Parties to destroy the economic life of our country. A vote of congratulation was proposed by Miss Maureen Meehan to Aid William Kenneally T.D., on his splendid victory in the Bye-Election. Proposing the vote Miss Meehan said that the true national spirit of the people of Waterford has once more shown their national determination by returning Mr Kenneally at the head of the poll in 1952. At the head of the poll when they elected Sean Ormond at the head of the poll. Miss Maureen O'Leary, Toor seconded the vote which was passed unanimously.

Voice Your Majesty The Prime Minister
Disraeli Your Majesty
Victoria My Disraeli I asked you to come here to discuss the Irish situation. It's just 26 years since we put down the Young Irish Disorders of 1848.
Disraeli I remember them well your Majesty I even remember the nine leaders. They were sentenced to death for felony treason?
Victoria Yes, I commuted their sentence so they might not become martyrs. They were sent to Australia where they were forgotten forever. Weren't they?
Disraeli Not quite your Majesty. As a matter of fact, I have followed the fate of those of the ring leaders was Charles Duffy. He is now Sir Charles Duffy and also Prime Minister of Australia!
Victoria Prime Minister of Australia!
Disraeli But there is more to come. Not all of your exiles cared for the Australian Climate. There was Thomas Francis Meagher, who went to the United States?
Victoria Yes, and Thomas Meagher is now Governor of the State of Montana!
Victoria Truly amazing the others?
Disraeli Terence McManus and Patrick Donahue are Brigadier-Generals in the United States Army. Number five! Richard O'Gorman he emigrated to Newfoundland and Nature he is Newfoundland's Governor General. Morris Lyne is Attorney General of Australia. And Michael Ireland, another of the rebels, will shortly succeed him in that important office.
Victoria My Lord I confess I am somewhat faint, but go on go on!
Disraeli John Mitchell is doing well in New York. It seems he's rather influential in politics there. (His grandson later John Purroy, Mayor of New York).
Disraeli The ninth rebel, your Majesty is Thomas D'Arcy McGee, member of Parliament from Montreal. Minister of Agriculture and President of the Council in the cabinet of the Dominion of Canada. Truly,

WATERFORD COUNTY COUNCIL

Water Schemes Again Discussed

Court Decision On Demolition Order

Mr D Leahy, Chairman presided at a special meeting of the Waterford County Council held in Dungarvan on Monday last. Messrs T. Kyne T.D., W. Mansfield, N. Kelly, McGraith, N. Walsh, M. Harty, L. Morrissey, M. Morrissey D. Heskin S. Ormonde T.D. R. Barron J. Kirwan, T. Morrissey, F. Beck, J. Butler P. Butler T. Power E. Power, J. Campion and J. Fahy were present.
Messrs S. J. Moylman Co. Manager J. Ormonde Chief Assistant Engineer Dr M. O'Farrell, Co. M.O. D. S. Doyle Housing Engineer and J. G. Dowling Secretary were in attendance.
The proposal for water needs in the county provided much discussion and the ball was set rolling by Senator Butler when he proposed that the Council purchase an additional 1000 well-boring equipment pointing out that the need for wells and pumps throughout the county was very great and working with the one set of equipment it would take years to meet the needs of the people whereas with an additional set, they would complete the job in a short time.
Mr Heskin suggested that the Council should not have work for the plant it could be made available to farmers for their own use at a reasonable figure.
Mr Quirk suggested that as the Council had waited hundreds of years for a proper supply of water he did not think they would mind waiting a little longer for the existing equipment.
Mr Ormonde would not agree with this at all and said that he would be in favour of Senator Butler's suggestion.
Mr Kyne seconded the proposal that the new equipment be purchased.
The proposal was carried unanimously.
Mr Heskin went on to refer to the urgent need of a proper water supply in the area which the Cappoquin-Lismore area in Lismore the position was so serious that unless something was done soon they would have an epidemic on their hands. He suggested that they should put up some auxiliary water tanks in the convent area of the town to help meet the demand. He thought it a proper waste of money providing facilities in the new houses in the area which they did not have water to make the facilities worth while. He suggested that if all went to all they need not depend on the existing source of supply in the area. He suggested that pumps with special automatic cut-outs attached so as to switch off when the tanks were full. The position was so serious that the Council should seriously consider it today before tomorrow.
Mr Campion stated that he had taken members of the Council to see the position in the new houses in Lismore and they would verify his statement that the sewerage position was far worse than the water shortage.
Chairman—There is no doubt but it is absolutely disgraceful.
Mr Campion went on to state that during the past week, water was leaking through one of the valves in the street, with the result that water had wasted itself all over the street for nearly a week before it was attended to. Mr Campion strongly protested against this kind of thing and said that steps should be taken to see to it that it was not allowed to continue.
The Chairman suggested that they instruct the Architect to investigate the complaint on the housing scheme in Lismore and have it put right as soon as possible.
Mr Quirk suggested that they should lay the pipes and connect them for the time being to the existing source and when the new scheme is ready connect them to the new source.
Mr Campion stated that he was of the opinion that the water was in Lismore but the pipes there were not able to take it.
Mr Harty supported this. The Manager stated that he would not agree that the supply there was adequate.
Mr Ormonde (Asst Co. Engineer) said that he had received a letter from the Architect in connection with the scheme and it guaranteed that the necessary alterations required by the Department before approval of the scheme would be carried out before August the 4th next.
Mr Kyne stated that he had asked a question in the House for this week in connection with the position with regard to the Cappoquin-Lismore scheme and requesting him to expedite it as quickly as possible.
Public Conveniences—The following areas were approved—Clonlea, Kilmacthomas, Cappoquin, Tallow, Portlaoise and Bal-

linagoul
Mr M. Morrissey referred to the need for a new public convenience in Tramore and asked what was the hold-up there. The Co. Manager replied that the provision of this had been approved but there was some difficulty over the site.
Mr Morrissey said that it was necessary he proposed that they take over the portion of the site required by compulsory acquisition from the Tourist Board.
The County Secretary said that he had received a letter from the Tourist Board stating that he could expect an early decision in the matter.
Mr Power said that twelve months ago the Tourist Board offered the Town Commissioners the site and since then they had heard nothing of it.
Mr Kyne said he had been given to understand that the ladies lavatories in Tramore were closed on a Sunday, mainly and he did not see any point in having them there if this was going to be the case.
Mr Power pointed out that the County Council held control over them and not the Town Commissioners.
Rural Cottage Survey
Dealing with the 1951 Rural Cottage Survey Mr Kyne made a proposal that a committee be set up to select areas from each of the electoral areas they should have a sites committee for the purpose of selecting sites.
On a vote this was defeated 8 for and 10 against.
On the question of acquiring the sites, Mr Kyne held that to do so under C.P.O. (Compulsory Acquisition Order) was the better method being the most efficient.
Mr E. Keyes Housing Officer agreed as did the County Manager. The matter was adjourned to a later date to await further information from the applicants for the cottages.
Court Decision On Demolition Order
A most interesting discussion took place when the County Medical Officer Dr M. O'Farrell referred to a recent decision made by the Court of Law in Waterford concerning a demolition order issued by the Waterford County Council.
The matter arose when the following letter from Dr O'Farrell was placed before the members for their consideration—
It appears that the engineer's report that the water for a piped supply for the Ballygunner Housing Scheme is not available. It might however be possible to supply water for sanitary purposes from a stream nearby and this would certainly be worth investigating if it is found to be available. With regard to the housing in Ballygunner I desire to draw attention to the fact that it was initiated as a result of the condemnation of all the houses in Ballygunner Waterford, and being a scheme for human habitation. Presumably the intention is to rehouse all the tenants of the existing condemned houses, but sometime ago when the tenants were and the condemned houses obtained the tenancy of a County Council cottage a demolition order was served on the landlord in respect of the vacated house. The landlord took the case to Court and the Judge refused to authorise the enforcement of the order. Therefore, if the Ballygunner scheme proceeds there is no reason to suppose that the demolition order issued in respect of the condemned houses in Ballygunner will be sustainable. For this reason I am of the opinion that it would be wiser for the Council to defer the demolition order until the Ballygunner scheme is at least until the new houses are occupied in Ballinakil. I understand that it is the intention to rehouse some of the Ballygunner tenants here and there the position all round I think it would be desirable to postpone a final decision on the Ballygunner scheme.
Mr Kenneally said that these houses had been condemned for many years.
Mr Kyne said that he was never in favour of demolishing houses that could be put into good repair and he was glad to see a Judge standing up for this.
Mr Roche said that any man's opinion was as good as that of a Judge.
Mr T. Morrissey made a proposal that they accept the Co. Medical Officer's statement.
Mr Kenneally stated that the Judge made an order that money be spent in doing up the house but that was not done. The houses in question were about 200 years old.
Mr Kyne pointed out that if the houses were in need of repair and could be repaired and if they ordered that repairs be carried out and this was not done then the Council could take over the houses.
Speaking on a point of explanation the Co. Medical Officer stated that 17 houses were involved in this matter and each of them was unfit for human habitation. He did not think that they could be made fit for this purpose at any reasonable expense and he came to the decision years ago. Since then the condition of the houses had become much worse. Referring to the recent Court case he stated that the Judge gave a decision against the Co. Council and as a result the demolition order was not sustained. He agreed that there were

houses throughout the country which are unfit for human habitation and which could be put into good condition. He was also aware as were the members of the Council that there were many more which could not be repaired and they had now reached the stage where some standard would have to be recognised by someone in determining whether or not a house was fit for reconstruction in the eyes of the law.
In the Waterford city case concerning the Ballygunner house the Council engineers and other officials including a doctor gave evidence that this house was not in their opinion fit for habitation but the Judge held that this was not the case at all even though he had not even seen the house.
Mr Kyne assumed that you thought a house was fit for reconstruction at reasonable expense or that the Court so decided can we not compel the owner to put that house in the required state? If he does not do so what then? Council take over the house?
Dr O'Farrell—What Mr Kyne states is quite correct. The point is that the Judge stated that the house was fit while we think otherwise.
Mr Kyne here went on to suggest that the Medical Officer had on one occasion stated that a house was in good condition and fit for human habitation and it had since been proved that the same house was not and this could be proved. He said that he was referring to a house in Abbeyside, Dungarvan.
When a suggestion was made that the houses in question be demolished Mr Kyne stated that he would not be a party to such an order.
Fully after further discussion it was agreed to adjourn the matter for one month.
Unfinished Houses
With reference to questions raised at the last meeting in connection with the unfinished Cappoquin housing scheme when members sought information as to why it was held up the Co. Secretary Mr J. G. Dowling stated that the position at present was that an Insurance Company was getting a contractor to finish the job.
Mr M. Morrissey asked who was responsible for the hold-up of the scheme and was told that the contractor was the company which went into liquidation.
Mr J. Kirwan pointed out that the same position existed in Bonmahon and the same contractor was involved. He said that one member of the company had since received the job of building other houses for the Council. He wanted to know when the houses in Bonmahon would be finished if ever.
Mr Doyle (Housing Engineer) replied that there were a few small jobs to be attended to and these were being carried out by direct labour. He wanted to know when the houses in Bonmahon would be finished if ever.
Mr Morrissey stated that he felt that the Insurance Company concerned was being put in the melting pot as far as this matter was concerned, adding that he could not see how it was that the men concerned in the case were being allowed to get away.
Mr Kyne said that he had two questions he would like to ask. (1) Was the retention money sufficient to finish the jobs and (2) who gave the authority to have the Bonmahon job finished off by a member of the company concerned in the liquidation case.
Mr Doyle said that with regard to question number one he could not answer it and in connection with number two he understood that an arrangement was made with this man to finish the job.
Mr Kyne said that at the liquidation meeting an offer was made to take contracts for the finishing off of the work. He would like to know what authority had the Architect to appoint a man and if necessary said Mr Kyne, I would like to have a sworn inquiry into the whole matter and for the record an official of this Council is one of those concerned in the case.
The Co. Manager pointed out that he was not a member of the staff when this matter arose.
Senator Butler asked if the Council would be at a financial loss as a result of the matter and was told that they would be covered by the Insurance Co. writing to the Secretary Mount Mellery Abbey, Cappoquin.

sure of the position as no definite answer was given as to whether the Council would be at a loss or not.
Mr Kyne went on to say that a sworn inquiry should be held to clear up the case and he proposed that they recommend to the Department that this be held.
Mr J. Kirwan seconded this proposal.
Mr E. Power stated when it was suggested that the Architect be brought before the next meeting of the Council that he should have been present at all meetings as there were many matters to which only he could give the necessary answers.
Mr Quirk suggested that the Cappoquin houses could be finished by direct labour and was told that the matter was under one for the Insurance Company to decide.
Finally a suggestion was made that the matter be adjourned until the Architect Mr Morrissey be heard at a meeting and this position was discussed. This suggestion was moved as a proposal.
On a vote six voted for calling for the inquiry and 7 voted to hold over the matter pending the Architect's attendance at the next meeting and if necessary they agreed to then vote for the inquiry.
Call For Full Recompensation
On the proposition of Senator Butler seconded by Mr M. McGrath the following proposition was unanimously passed—
That as the expenditure of many local authorities on Health Services has now reached the point where only the excess thereof over Standard year expenditure will be recouped from the Health Services Grant and as Waterford Co. Council is rapidly approaching this position the members of Waterford Co. Council strongly recommend to the Minister for Health that he should review the position in regard to recompensation to local authorities in connection with expenditure on Tuberculosis services.
We feel that as TB is a national scourge and as increasingly heavy obligations are being undertaken by local authorities in co-operation with the Government's campaign to eradicate this disease and as the present Mass Radiography programme is bringing to light a number of cases of patients requiring treatment we feel that the expenditure incurred by local authorities should be recouped in full from State or Hospitals Trust funds, and in accordance with the Minister's urging on the subject of Health that he should amend the existing regulations for the administration of the Health Services grant so as to relieve local authorities of the heavy additional expense necessarily incurred in excess of Standard year outlay in carrying out the present campaign against Tuberculosis. And we rely on the Minister to give this request his most favourable and sympathetic consideration.
Sub Regional Sanatorium Ardkeen
Mr Kyne referred to the appointment of staff at the Sub Regional Sanatorium Ardkeen, Waterford, and stated that he knew of a girl who had applied for a position and despite the fact that she had every qualification she was not even called for interview. He wanted to know why this was the case.
The Co. Secretary stated that a certain number was selected for interview from the very large number of applicants. They were selected on their qualifications, experience etc. The Secretary stated that he understood it would have been a very big undertaking to call up all applicants.

ARDMORE GOSSIP

Popular PP on Holidays—During the past week many of us had the privilege of meeting our late popular Parish Priest Very Rev. Michael Canon Byrne who was transferred at the end of last year to Carrick-on-Suir

Ardmore Minus the Necessaries of Modern Life—Practically every town and village, seaside or otherwise is provided with privileges which are bestowed on it in the way of the amenities of modern necessities but here in Ardmore a prominent feature is the lack of obvious necessities are lacking

—one is the great and urgent need for a modern sewerage system and the other, electric light. We must admit that the village and area possess a most up-to-date water system but a sewerage scheme is surely an essential element especially in the holiday season when the Guest Houses and for that matter when all homes are catering for additional people. The erection of two public lavatories is a step in advance but until the installation of an up-to-date and modern sewerage system in the village, Ardmore will be the loser of many hundreds of tourists during the holiday season

MACRA NA FEIRME

Dear Sir—It has been brought to the notice of the National Council of Macra na Feirme that an article has appeared in a Provincial Newspaper to the effect that the formation of a new political party called "The Macra na Feirme Party" was being contemplated by members of the Macra na Feirme Organisation

The Council views this statement with alarm not by virtue of the fact that it credits the insinuations made but by virtue of the audacity of the reporter or contributor in question in quoting as reliable information a statement which not only bears a direct relation to, but emphatically contradicts the accepted policy of Macra na Feirme

While Macra na Feirme honours the various political affiliations of its individual members irrespective of what that affiliation may be, the Organisation as a body, under its Constitution with each member, on affiliation, agrees to abide strictly non-political

The Organisation wishes to make it clear that it does not intend to deviate from this policy and will remain non-political in the columns of your paper, to the fact that any reference to Macra na Feirme with regard to politics, other than that it is and will remain non-political is unfounded. It is to be attributed to political propaganda based on ulterior motives on the part of contributors who assume the honourable position of being objective and safe in the knowledge of their own anonymity, seek to disrupt not only the subject of their reference but also the faith of the general public in something which has been a respect—Free Enterprise for the Press" Yours faithfully SEAN HEALY, Secretary

Eire Oge (Dungarvan) had a surprise win over Avonmore in the opening stages of the County senior hurling championship played at Dungarvan on Sunday last on the score of 4 goals two points to 2 goals three points.

In the opening stages of the game Eire Oge went straight into an offensive which they succeeded in maintaining right through to the end. Avonmore playing with the wind in the first half played well but due to a strong defence put up by their opponents their score touched two points only scored by M. Power and W. McGrath which left Eire Oge with a lead of one point at half-time on the score of one goal per E. Power to two points.

On resuming Eire Oge added three goals and two points to their score during a really determined effort. Scorers were M. J. Ryan, E. Power and W. Monaghan (a goal each) with points by J. Duggan and Monaghan.

Avonmore notched two goals and a point after a gallant effort and up to the final whistle they were fighting back every inch of the way. S. Whelan and M. Power registered the major scores while M. Quirk was responsible for the minor taken from a 21 yards free. O. Meara, McGrath, Power and Whelan did exceptionally well for the losers. Ryan, Duggan, O'Brien, Power, Bros. and Whelan were best for the winners. J. Foley the Eire Oge goalkeeper won further honours for himself during the game which though never of a very high standard was nevertheless, enjoyable all through.

Visitors Galore—The holiday season has already attracted a large number of cross-Channel visitors and many more are expected during the remainder of the month. All are loud in their praise of the abundance of supplies in the old land which is in direct contrast to across-Channel while all are of the opinion that conditions and employment are not as rosy or as promising as they were twelve months ago. Here, wishing our many holiday-makers and returned exiles a very happy and pleasant stay in our midst.

Fall—Cappoquin—The Rovers defeated the local football fifteen in the initial round of the minor football championship at Lismore on Sunday last. The game was not as close as the final score would indicate and feeling that they had to field without a number of regulars they put up a good display. Congratulations Cappoquin on your victory and better luck next time Tallow.

In Athletic Circles—At a meeting of the Tallow A.C. sincere thanks was passed to

all who helped to make the inter-school sports such a success, which was due in no small measure to the excellent co-operation of the teachers. A special vote of thanks was passed to Mr J. B. Tuckey Tallow for placing tractor and machine at the disposal of the club to prepare the field and to all who helped on sports day, the club is very grateful.

It was decided to hold no novice or open sports meeting this season (and when all expenses in connection with the school sports have been paid) the remainder of the funds in the hands of the Athletic Club will be handed over to the New School Building Fund.

The Rocky Road to Croke Park—Both All-Ireland holders Tipperary and Mayo, topped on Sunday last at the hands of Cork and Roscommon hence 1952 will see new champions in both grades. Many Gaelic enthusiasts from Tallow and Round About travelled to the Treaty City all expecting a very keenly and closely contested game but very few expected to see the champions bite the dust following their classic display against Waterford but the men from the Lee thought (or perhaps hoped) otherwise and while most class games have been seen, it was a struggle from beginning to end and while we have seen and heard of many brilliant hurlers for consistency, opportunism and back control, we say hats off to the one and only Christy Ring who although battered, bruised and torn from many a hectic encounter on Sunday paved the way to victory.

Tipperary like true champions fought back, but the Rebel County with victory in sight kept them at bay and as the final whistle sounded cheer after cheer rent the air. Cork had triumphed and it looks as if the All-Ireland Blue Riband is heading back to the Banks Of My Own Lovely Lee after an absence of five years.

The Story of a "Good" Story—The story is told of a Bridesider (rather advanced in years) who was travelling one day last winter on the Fermoy to Dungarvan bus. He was sitting on one of the seats over the rear wheels. On the other end was a bright young lady of fashion from East Cork. She noticed him staring at her in puzzlement. At length he said "Excuse me old man Miss for being so inquisitive but do you not wear stockings at this cold period of the year?" She assured him immediately and haughtily that she was indeed wearing stockings. A very good and kind hearted young man, that "Well if that isn't a bit of a shock," he muttered shaking his head. They're the best substitute for nothing at all. Local news.

Local news—Everything (even the colleen) comes to him who waits and one couldn't help admiring and singing—My Je-le Of The Nut Brown Hair at the "Sh-woot" club.

A Ri-le is as good an excuse as any but wasn't it strange how the Bridesider "w-ve" got all upset—round the Sweep.

Alas for the plans of mice and men they all go awry and didn't "the dogs" calculations for "V-driver" on Sunday night—eh, colleen!

Another glides through the air with the greatest ease—much nicer than being on the "ocean wave"—eh Sa-y!

Things We Heard—That old (ies die hard) East Cork way (and whisper) time only makes her more charming—co-eh—eh Sea—us.

That a Bridesider seems very interested down Cnoc an our way—but will he succeed where others failed to stay—wonder.

That the n-w road is the longest way round—but safer perhaps—or is it?

That there is no doubt but the shoe way is useful at times.

That a sweet little colleen is very keen on Bally-ga-lane—but has a mysterious way of disappearing—eh J-e.

And that E-ly Mavouneen was making hay while the sun shone.

Damage to Public Property—During the week-end there would appear to have been an epidemic of damage to public property on the Strand some of the seats provided by the Council for the use of visitors were deliberately thrown over the seawall and damaged. Lifebuoys also provided by the Council were wantonly broken one on the Strand and one on the Upper Quays. A slot weigh machine was broken and seats were spread across the road in the vicinity of the Memorial Park. It is difficult to appreciate this sort of conduct particularly the breaking of lifebuoys as such action could be the means of losing a life or lives. The placing in the early hours of the morning of seats across the road could have very serious consequences for motorists or cyclists.

Another incident which bears recording is the stealing of a gold watch. It appears that a young Youghal man just home on a holiday from South Africa went out swimming on the Strand and on his clothes a habit which he developed abroad, and on his return from the swim he discovered that his watch had disappeared. The Gardai are making inquiries into all these depredations and it is sincerely hoped that those responsible will be brought to justice.

EAST CORK COMMENTS

Lisgoold Hurling Club—The Lisgoold Hurling Club were the victors of the Rathcoombe Tournament recently by defeating Watergrasshill in the final game by 4 goals 1 point to 2 goals and 3 points.

At a special meeting of the members of the victorious club held last week in the Gaelic Hall Ballincurrig the winners were presented with the cup and set of medals.

Mr Jeremiah Twomey, Reisk raking the presentation congratulated the club on their great victory, and said that he hoped the club would go a long way in winning the County Championship next year.

Mr C. Smart also spoke in similar terms.

It is interesting to note that Mr Twomey is one of the oldest members of the club and acted as Hon Secretary for twenty years. He is over forty years a member including his various manhood. He competed in various athletic sports, metings throughout the South of Ireland and was one of the first to take part in the formation of a Sinn Fein Club in Lisgoold. He was an active member of the I.R.A. during the Carnival which was an engagement with Crown Forces he was wounded.

Ballincurrig Carnival—The leading residents of Ballincurrig held a special meeting on the 11th inst. at which Mr C. Smart presided. It was unanimously decided to hold a Carnival to commence about the second week in August. Look out for full particulars of this Carnival which will appear in later issues of the *Dungarvan Leader*.

Dungourney Y.F.C.—At a special meeting of the Dungourney Young Farmers Club, Mr J. Hartnett presiding a vote of sympathy was passed to the relatives of the late Mr Maurice Moore Glenbeg whose death which occurred recently caused widespread regret in all parts of East Cork.

Home Coming—The many old friends of Mr Frank Murphy formerly of Donnickmore Dungourney will be pleased to know that he is to arrive in his native parish towards the end of August from New York where he is a resident for over 30 years. Mr Murphy is a brother of Mr James Murphy, of Donnickmore. We referred to the Murphy family in our columns some weeks ago and we stated that they were owners of extensive lands in the Barony of Imokilly for close on four centuries, and belonged to the Lubhac O'Murphy Clan of Muskerry where their extensive lands were forfeited to the Crown after the Battle of Kinsale and were provided with landed property in the Geraldine Estates in the Barony of Imokilly records of which are given in O'Hair's Irish Pedigrees 1887.

Conference in Cork—A large number of Young Farmers Clubs from many centres throughout Ireland were represented at a Conference in the U.C.C. which commenced on the 11th inst. All the Clubs from the various parts of East Cork attended including Dungourney Shannagarry Lisgoold Watergrasshill etc.

The Lisgoold Club was represented by Messrs P. Sarsfield, John O'Driscoll and Wm Moore. Dungourney Club by Messrs J. Hartne, James Fitzgerald, Kilrush, M. Healy, Couragh, C. Aherne, do and Sean Hennessy.

At a Conference to be held in Kilkenny early next month Messrs John McCarthy, son of Mr James McCarthy, Ballincurrig P. Sarsfield, Reisk, and James Fitzgerald, Kilrush, Dungourney, will attend.
