TEXANS WRITE FROM COLORADO
From my friend Cowboy Slim and his Texan friends came a long letter (in fact a very long one measuring approximately 18" x 5") all about the wonders of Colorado.

On local Post Office which does not have even a one-horse power vehicle for postal deliveries as postman John Hayes will tell you over a pint of Guinness in one of our Irish or your Western saloons had to send that letter to our office by a walking postman.

As I write this item here in the Chambers of Dungarvan Urban Council (I've given the Urban Council the proceedings—they're too boring) Roche Brothers Band is just below me in the Town Hall straining out that haunting tune—'Oh Clear Water' coincident with it.

MUSIC WHILE THEY WORKED
While our local Civic Fathers in Dungarvan discussed ways and means of keeping down the rates at their meeting in the Town Hall, on Friday night last, Portlaoise musical Roche Brothers and their highly entertaining band provided a most enjoyable session for the benefit of the many dancers in the ballroom beneath the Council Chambers. Needless to mention the programme especially the many soothing melodies featuring the electric guitar.

£750,000 SUB-REGIONAL SANATORIUM AT ARDKEEN
MINISTER OPENS PART OF THE SCHEME
The newly-erected buildings at Ardkeen within a couple of miles of Waterford City were opened on Monday last when the Minister of Health, Dr J. Ryan, attended to open part of the £750,000 Sub-Regional Sanatorium being completed there by Waterford County Council.

MY LOVE IS LIKE A RED RED ROSE
O my love is like a red, red rose
That's newly sprung in June,
O my love is like a melody
That's sweetly played in tune.
As far as thou art bonnie lass,
So deep in love am I,
And I will love thee still my dear
Till a the seas gang dry,
Till a the seas gang dry my dear,
The rocks melt with the sun,
O I will love thee still my dear
While the sands o' life shall run,
But fare thee well awhile,
And I will come again, my love,
Thou' two're ten thousand mile,
My love!

Co. Waterford Committee of Agriculture
Wool And Hide Prices
Alleged Failure Of Seed Wheat
Mr M. McGrath Vice-Chairman, presided at the monthly meeting of Waterford Co. Committee of Agriculture held in Dungarvan, on Saturday last. Present—Messrs N. Walsh R. Barron, T. Morrissey J. Meade T. Power J. Quirk P. Butler, D. Heskin, M. Harty J. Mansfield, J. Fahy and D. Leahy.
Mr P. Conroy, C.A.O. was in attendance as were the various Instructors.

Wool Prices
Further to the resolution requesting the Department of Industry and Commerce to refer the matter of fixing a minimum price for wool to the Prices Advisory Body the Department writes to state in effect that such a matter was not the responsibility of that Department. Commenting on the Department's attitude, Mr Heskin stated that no matter what the price of wool the responsibility of the Department of Industry and Commerce had been in the past when they exercised control over all such matters and he would suggest that they should refer the matter back to them for submission to the Prices Advisory Body.

Wheat
Mr N. Walsh spoke in support of the resolution and said that the price of wool to the producers should be at least on a par with that being paid on the markets.
Mr J. Mansfield said that as far as he was aware not more than 25 per cent of any production of wool was used in this country and the balance was imported. He suggested that they request the Department to ask the manufacturers in Ireland to make greater use of Irish wool. He would suggest that they at least use 50 per cent.

Never Before So Many Rabbits
A request that cheaper cartridges be made available to the farmers for the purpose of warrening was made by Mr J. Quirk at the meeting.
Mr J. Quirk raised the matter when he stated that there were so many rabbits in the area that they had been told by a farmer went out on his land the scene that met his eyes would remind him of that when one opens the door of a large hen-house in the mornings and sees the floor covered with so many rabbits in so many places they were everywhere and were doing wholesale destruction. They had now reached the stage where they would have to arrange a concerted fight to get them out. He suggested that they request the Government to make available cheaper cartridges for the purpose.

Minister's Speech
The Minister, who was presented with a gold key on behalf of the Architects said that at last there were signs that the great plague of tuberculosis and secrecy were on the way to being defeated. Under the impact of a propaganda campaign, people were beginning to realise that tuberculosis was not an incurable disease. Consequently there was a far greater inclination for people to admit to themselves when they began to feel run down that the cause of their condition might be tuberculosis. They should do something about it.
The change in the public attitude, the Minister said and the introduction of the maintenance allowances coupled with the life-prolonged effects of advanced therapy in the treatment of disease had produced a new working list problem and one result of his interview was to suggest to the Waterford County Council that they should build a 250-bed institution.

THERE IS NOTHING SO REFRESHING AS A
"POWER ORANGE"
WHEN YOU'RE THIRSTY

There is nothing so refreshing as a "Power Orange" when you're thirsty. This is a case of quality over quantity. During a discussion on the qualities of Glasnevin Ross the wheat concerned the C.A.O. stated that it was regarded as the outstanding wheat in Ireland giving the heaviest yield at times up to 42 lb to the acre. It required a little extra treatment than others and was a little more vulnerable to damage. He added that following the complaints received in connection with the failure of the crop this year he suggested that it should be allowed to grow for the purpose of seeing what would happen. It was given much extra care and came on remarkably well. The crop should not compare with what it had done amazingly well. Mr Conroy stated that the problems involved were not easy to discuss.

Mr Walsh brought the matter to a conclusion by stating that they were not looking for the protection of the law without reason—the reason was very important as it meant the protection of the farmer against any kind of treatment. Never Before So Many Rabbits. A request that cheaper cartridges be made available to the farmers for the purpose of warrening was made by Mr J. Quirk at the meeting.

Mr J. G. A. A. SENIOR HURLING AND JUNIOR FOOTBALL MATCHES AT DUNGARVAN

S H—Clonea, 7-3 Abbeyside, 2-2 J F—Geraldines, 0-11 Rocky Rovers, 0-3

At the Gaelic field Dungarvan on Sunday last Clonea met Abbeyside in their senior hurling championship tie and after a hard fast and robust game Clonea emerged victors on the above score.

The senior football tie between Dungarvan and Old Parish was not played and this was the cause of great disappointment to all present.

The junior football game between Geraldines and Rocky Rovers proved a one-sided affair as Geraldines were too good for the Rovers and ran out easy winners on the scores given above.

The day was close and heavy with overcast skies. The pitch was very hard due to the long dry spell we are experiencing. The crowd was fairly good and all enjoyed a good evening's sport.

Junior Football. Geraldines and Rocky Rovers took the field first for their junior football game and the play was fairly even in the opening period.

In the second half play opening with exchanges even but it was not long until Geraldines got going and D Barry scored two points in quick time.

The game was refereed by Mr Tommy Parsons Dungarvan. Geraldines—J Hallahan, M Hallahan, W Hallahan, R Riordan, J Osborne, E Scanlan, R Whelan, M Keating, D Barry, P Ronayne, T O'Connell, P Landers, P Kenneally, W Ronayne, T Ryan.

Andy Coughlan got going it was hard to stop them. Abbeyside then attacked but the stone-walled defence of John Cusack P Kelly M Connolly, and Phil Cusack proved too good and no score resulted.

Clonea forced the play again and as the result of a nice passing movement Willie Power was on the mark for their third goal.

Following some midfield play Clonea were inches wide off a free. Clonea were pressing hard at this stage of the game and were soon again on the mark when Andy Coughlan scored their fourth goal up to this the Abbeyside forwards failed to break through due to the very strong defence line of Clonea.

Entering the closing period of this half Abbeyside seemed to get new life and in a spirited attack had hard luck for a goal. Clonea pressed once more and following a free scored the point to leave the scores 4-1 to nil for Abbeyside.

In the closing stages Abbeyside scored their only point of this half when P Whelan drove over off a free to which Clonea replied with a similar score. To leave the half-time scores—Clonea 4-2 Abbeyside, 0-1.

Even play marked the opening of the second half. Abbeyside were showing up much better and seemed to be getting a grip on the game but the Clonea men were still fighting hard and it was really in the back lines that the Abbeyside men were completely mastered.

Forcing play Abbeyside were awarded a seventy and after a great onslaught Clonea had to concede a second seventy. The free was cleared and with play in the Abbeyside territory Joe Power scored Clonea's fifth goal from the puck-out.

Abbeyside attacked and the Clonea defences were under severe pressure. Abbeyside were in hard luck for a major score at this stage the Clonea goalman saving twice in succession.

Abbeyside missed another score off a 21 yards free and with play returned to the other end Clonea scored a very fast goal following a free. Power drove to the net. The ball was scarcely in play again when Clonea attacked and Willie Power drove over the bar to make their tally 6-3 to 0-1 for Abbeyside.

Abbeyside drew to the net. The game in the final stages and as the result of a 21 yards free Maurice McHugh scored a great goal. Clonea were again seen to advantage when M Prendergast drove well down to the net but the score was disallowed due to an infringement.

Rents of Gallowhill Housing Scheme How Can They Be Reduced

Four Reports On Duckpond And Two Ducks

Mr T Lannen, Chairman, presided at the usual meeting of the Dungarvan Urban District Council held on last Friday night.

Mr M O'Meara, Acting Town Clerk was in attendance. Mr Lee referring to the removal of the "spring stone" from the spring by the County Council stated that this stone had been used as a seat for a couple of hundred years and it was untidy to the public that it should have been taken away.

Mr Lee said that the well at Father Twomey's was in a state with briars and the cross there was broken. This was a blessed well he said and it was scandalous that it should be left in this condition.

The Clerk was instructed to get in touch with the County Council about both matters. Harbour Improvements Scheme. Mr Casey referred to the following order made by the Co-Manager.

Minutes of meeting of the 27th June 1952, that Consulting Engineer be employed to make a short survey of Harbour and report on same to the Council, that such Consultant would be got for a fee of £50-£100.

Report of Chief Assistant Engineer of the 5th July 1952 that the employment of a Consulting Engineer was essential but that he was not satisfied that it would be covered by a fee of £50-£100 that fees would be depend on the magnitude of the scheme and the estimated cost and would be charged in accordance with scale laid down by the Institution of Civil Engineers of Ireland.

Order—That Prof Walsh, University College, Cork be asked to state what his fee would be for making a survey and preliminary report on the Harbour Improvements Scheme.

Mr Casey went on to say that when he last visited Dungarvan the Minister for Agriculture had promised a deputation from the Council that he would make a copy of the report of the Dutch Engineers available. He said that the Minister should write to and remind of this promise.

The Clerk said that a reply had been received from Professor Walsh in which he stated that his fees would be in accordance with the recognised rates viz 1% of the contract price together with travelling and subsistence allowance.

Mr R Walsh here read an extract of a press report which stated that the Minister had refused to supply the report of the Dutch Engineers on Tramore Strand to the Tramore Town Commissioners and presumably he would do the same in the case of Dungarvan.

Mr Casey—Mr Tom Walsh promised to make a copy of the report available to this Council and all we can do now is to remind him of that promise and see what happens.

The matter was referred to the Manager. Outdoor Staff. Mr Casey referred to a complaint which he said had been made to him by a prominent citizen concerning the outdoor staff as a result of which he was now making a request that the weekly pay sheet be available at all meetings in future so that it could be examined.

Increased Rent. Mr McCarthy protested against the raising of the rent by 1/3 per week on a tenant in Thomas' Terrace. This tenant said he had lived in the house all her life. The original tenants were her father and mother. If it had been the case of a new tenant coming in he said it would have been different.

The matter was referred to the Manager. Extension of Water Mains. When the matter of extending the water mains to the new houses of Mr J Foley and Mr McCarthy, Friar's Walk, Abbeyside, (estimated to cost £100) Mr Kyne moved that the work be done and Mr Lee seconded.

Mr Casey said that he objected to this as there was no provision in the rates for it. Senator Butler said that the plans for these houses had been approved by the Council but in future the Town Planning Consultant should be requested not to approve any plans unless water was reasonably near the sites.

however, an inquiry would have to be held.

Mr Kyne said that his intention was that this money be raised by way of a loan. Mr Casey said that some of the tenants there were earning £10 and £12 a week, and asked if it was proposed to reduce the rents for these too.

Mr Casey—If this money is raised by loan this year it will mean that the rates will go up by 2% next year. Mr Casey said that it will have to be continued for 50 years.

Mr Lee—A rent of 17/10d a week is too high for a man earning only £4 10s a week. Mr Casey said that he had recognised that between 18 per cent and 21 per cent of a man's income was what he could pay in rent.

Mr Kyne disagreed and said that it was only 10 per cent, and he pointed out that the County Medical Officer had fixed the figure at one-eighth of a man's wages. Mr Kyne went on to say that 20 or 25 people had been investigated and in houses until this question of the rents was definitely fixed.

Mr Casey suggested using the surplus left from the amount struck for the supplementary grants towards reducing the rents. In reply to Senator Butler, the Clerk said that 42 of the tenants appointed had taken the key.

The Chairman said that he knew one man who was on the "blue book" who had taken a key. In further reply to Senator Butler the Clerk said that with regard to the housing grant only 15 of the original 30 had qualified. A sum of £941 had been struck in the rates.

Mr Casey said that in accordance with the latest amendment in the recent housing act each of the original thirty, whether they had started building or not was entitled to a grant. The Clerk read a letter from the Department on the matter which stated that only those who had commenced building before April 29th last would qualify, and provided there had been a scheme duly adopted by the Council.

The Chairman said that the Council's scheme only operated up to March 30th last. Senator Butler—Fear that anyone who has not started before April 29th won't qualify. Mr Kyne—I don't agree. I have it on good authority that all that approved in the original scheme will qualify, and anyone who has a grievance can appeal to the Minister.

Senator Butler—Then if the 15 who haven't started building don't qualify, how much will be saved? Chairman—From memory I'd say roughly £550. Senator Butler—Could it not be ascertained clearly whether those who hadn't commenced building before April 29th qualify or not?

Mr Kelly held that all those who had originally applied should get grants and then went on to say that while he did not want to bring in politics he thought that the Minister should be brought down to open the new houses and then they could discuss all these things with him.

Mr Kelly was going on when the Chairman said that he was out of order. Mr Kelly—I am not. Chairman—I allow everyone here a great deal of freedom in what they have to say, but you are out of order. Mr Kelly—This you're out of order and not me.

Mr Casey (to Mr Lee)—What are you laughing at? Mr Kyne said that he would agree to the suggestion provided enough money was found to pay grants to all those who had started building before April 29th.

Chairman—It would be better to get legal opinion about the matter. Senator Butler—It would be just as well to pass the motion as it's only a recommendation to the Manager, and I don't believe he will act on it as he has already stated definitely that he did not propose to revise the scheme.

Mr Casey—Well I object to subsidising the rent of houses for a man earning £10 to £12 a week. Mr Keane—This scheme was too costly from the start and that was the mistake but it's too late to be talking about that now.

Mr McCarthy said that they were discussing the matter for almost an hour now and it would be as well to put the motion. Mr Casey said that any money raised by way of supplementary grants be used for reducing the rents of the Gallowhill houses.

A vote was then taken and the amendment was defeated by three votes to three. Messrs Kelly, Walsh and McCarthy, voting against and Messrs Lannen, Casey and Keane for.

ment again.

Mr Casey claimed that standing orders would have to be suspended before the motion could be legally put. Mr Kyne said that the vote was legal and the Chairman ruled that the matter was in order and declared the amendment defeated and the motion carried.

Pigs At Main Street. Reports from the Health Authorities concerning the keeping of pigs by the Repps M A Phelan at Lower Main Street stated that there were no offenders and no cause for complaint.

Two Ducks In A Duckpond. Arising out of a complaint that a tenant at Loughmore had a duckpond in his yard in which he kept two ducks, reports on the matter were read from the Clerk—the Engineer, the Co Medical Officer and the Rent Collector.

The reports were noted and no action was taken. ESB and Current Limiter Supplies. A letter from the ESB with regard to the above to houses at Loughmore stated that the disconnected sockets referred to were made for non-compliance in paying the weekly collection of 1/2.

The letter added that the cost for reconnection was 2- and not 5- as had been stated. Mr Casey said that this case should be investigated. The Clerk was instructed to take the matter up with the ESB.

Turf Supplies. Mr McCarthy asked why a number of people in Teller who had been getting free turf had been cut off. Mr Kyne said that he was investigating this matter and had been told that due to the increased cost of services people who had been getting the turf while getting Home Assistance had now lost both the assistance and the turf.

Dirty Lane. With regard to the proposal to concrete "Dirty Lane" and to erect a light there to abate the nuisances the Council agreed to erect the light but not to do the surfacing.

Other Resolutions. A resolution proposed by Mr Kelly that the Minister for Justice be asked to grant similar exemptions in Dungarvan on Sundays as are operating in Tramore Youghal and Killarney was withdrawn on the point that it was not a function of the Council.

On the proposal of Mr Keane seconded by Mr Kyne a resolution was passed calling on the Department to give immediate sanction for the improvements to the Town Hall. A letter from the All-Ireland Handball Council referring to the need for the erection of a back-wall at the handball alley and suggesting that the alley be let on a caretaker's agreement to the local handball club was referred to the Manager and the Legal Adviser.

TALLOW COURT

Before Mr Justice P. O'Donovan, B.L. Lights. Guard Foley v Michael Divine, Bishopstown Lismore, unlighted cart fined 7/6. Road Traffic Act. Guard v John Tobin, Knocknamur, Tallow and Michael Collins, Coolowen, do hurling on public road fined 2/6 each.

Do v Thomas Murray, Glenabeg, doing play in the telephone pole corner of West St. so as to cause obstruction fined 2/6. Uninsured Motor Car. Sergeant J. Coyle, summoned Shanahan, Conna for using an uninsured motor car.

The Sergeant in evidence stated that he held up O Grady at Barrack Street, on the 20th inst. O Grady was asked to produce his insurance policy. O Grady produced the policy in force 1/1/52 to 1/1/53 and when witness asked if he had been notified that that policy was cancelled from the 21/6/52, O Grady replied that he was, but was appealing the matter. Witness asked him if he was able to produce anything to show that the car was covered that day, O Grady said he was not in position to do so.

He was asked to produce it within five days and he did not do so. Defendant who did not attend at the court or was not professionally represented, was fined £10. Obstruction of Footpaths. Sgt Doyle, summoned Gerald O'Donovan, Loughview House, Mayfield, Cork, under Section 154 of the Road Traffic Act, for having 12 cattle on the footpath outside the Post Office in Barrack St. Clement Fenton Fermoy for having 15 cattle on the footpath at West Street and James Casey, Shanakill, Conna for having 8 cattle on the footpath at West Street.

Guards T Carroll, J Foley and W Thorne had similar summonses against John Fenton Fermoy, Maurice Long, 12 Home Villa, Western Road, Cork, Peter Hegarty, Baidon, and Maurice Ahearne, Ballyknock, Dungourney. Mr E Carroll, solr., Fermoy, appeared for John and Clement Fenton, Fermoy, and James Casey, Shanakill. Conna for having 8 cattle on the footpath at West Street.

Sergeant Doyle said that the cattle were put on the footpath and held there for some time with one man in charge. He had no objection to cattle going

in on the footpath when it was not a deliberate act on the part of the owner or person in charge. Mr Carroll, solr on behalf of defendants said that Tallow was one of the oldest fairs in Munster, and had been re-established about two years ago and he thought it would be a great hardship on the farmers attending the fair if they were prosecuted and fined for breaches of the traffic laws in view of Tallow being such an old established fair he asked the Justice to take a lenient view of the case.

The Justice said that he did not press for severe penalties in the case and he would be satisfied if the people coming to the fair would cooperate and help to keep the footpaths clear. The Justice said that in view of what Mr Carroll had said and in view of the attitude of the Garda he would apply the P.O.A in all cases but if anyone came before him again who had deliberately contravened the traffic laws he would deal severely with them.

School Attendance Act. Guard Thorne School Attendance Office, Peter Henley, West Street, P.O.A. TALLOW AND ROUND ABOUT. Wedding Bells—A very pretty wedding was solemnised at St Michael's Church, Glendine recently when members of two well-known and popular families were united.

The bride was Miss Mary O'Regan, eldest son of Mrs O'Regan, O'Regan and the late Patrick O'Regan, Park Mountain, Youghal, and Miss Ellen (Nellie) Murray, third daughter of Edward Murray, Tallow. The ceremony, with Nuptial Mass was performed by Rev Fr J.F. Morrissey, C.C., Glendine. The bride was given away by her brother, Mr Thomas Murray, and looked charming in a lilac colour costume with matching hat and accessories, and was attended by her sister, Miss Sally Murray as bridesmaid who wore a wine colour costume with accessories to match. Mr Eric O'Regan (brother of the groom) was best man.

Afterwards a reception was held at the Gougane Barra Hotel, Youghal, and was attended by a number of guests, after which the newly-weds left for Dublin and the midlands on their honeymoon carrying with them the best wishes of their many friends. Going away the bride wore a camel coat with cherry accessories. The popularity of bride and groom was amply demonstrated by the large number of valuable and serviceable presents received, as well as numerous congratulatory messages. With their many friends we join in wishing Mr and Mrs O'Regan, every success, prosperity and happiness.

Death of Miss M. Cashman. We regret to announce the death of Miss Margaret Cashman, Kibbeg, Tallow which occurred on the 15th inst. following a brief illness fortified by the rites of the Holy Catholic Church of which she was a

most exemplary member. Deceased was the last surviving member of an old and respected family, and her passing has aroused very deep regret which was evidenced at the removal of the remains to the Church of the Immaculate Conception on Wednesday evening and at the subsequent interment in the adjoining cemetery on Thursday. Rev M Condon, C.C., officiated at the removal of the remains and at the interment. Peace to her gentle soul.

Death of Mr. Patrick Griffin—It is with very deep regret we record the death of Mr Patrick Griffin, Camphire, which occurred following a rather brief illness and to the deep and profound regret of his bereaved brothers, nephews, nieces and other relatives. Member of an old and highly-respected family, deceased was son of the late Wm and Mrs Griffin, Propogue, Knockanore and was held in the highest esteem by all sections of the community and not alone from his native parish but from all over East Cork and West Waterford.

Messages of the deepest sympathy followed the sad news of his passing. Genial kindly and unassuming a good neighbour and a sincere friend, all join in tendering very deep sympathy to his bereaved relatives in their sorrow and loss. The popularity and respect in which deceased and his relatives are held was amply demonstrated at the removal of the remains to Knockanore Church, the attendance being representative of all classes of the community.

Rev M. Power, P.P., Knockanore, was celebrant of the Requiem High Mass on Thursday morning. Other priests present were—Rev T. Dunphy, P.P. Ballyduff, Rev F. McGrath, C.C., Lismore, Rev M. O'Meara, C.C., Cappoquin, Rev M. Condon, C.C., Tallow, Rev C. Condon, C.C., Huddersfield. Immediately afterwards the interment took place in the adjoining cemetery in the presence of a cortege representative of all sections of the public and amidst every manifestation of very deep regret.

Chief mourners were—Thomas John William and Daniel Griffin (brothers), William, Patrick Garry and John Griffin, Propogue, William, John and Daniel Griffin, Tourin, Maurice and William Browne, Coolbeggan (nephews), Mrs P. Barry, N.T. Youghal, Mary Griffin, Propogue, Nellie, Maimie and Bridget Griffin, Tourin, Mrs J. Griffin, (sisters-in-law), John and Laurence Dunne, Noel and Patrick Gallagher, Paddy Barry, Michael James and Wm. Browne (grand nephews), Peggy Dunne, Mary and Johannah Browne (grand-nieces) etc., etc.

EAST CORK COMMENTS. Young Farmers' Clubs—A very interesting stock-judging competition took place during the past week at Castletown-roche. The competition was organised by the local club and entered by the local club and other clubs connected with the district. Prior to the start of the competition, Messrs. P. Sansfield and John McCarthy, Ballincurragh spoke at some length and dealt with the great progress made by the organisation for the past year. The clubs who won prizes in the competition were—Shanballymore and Glanworth. A similar competition took place on Wednesday week on the farm of Mr. D. Keane, Gurtacree, Midleton, and proved very successful. Printed and Published by the Proprietors at their Office and Press, 72, O'Connell Street, Dungarvan, Co. Waterford.
