1 cwt | Sulphate of Ammonia 3 cwt | Superphosphate

Per Statute Acre

1/2-1 cwt | Murrate of Potash

CREDIT FACILITIES

Apply Lime where necessary

The Irish Flour Millers' Association, in consultation with the Department of Agriculture, has arranged a special credit scheme similar to that operated last year whereby seed wheat and fertilisers for the growing of wheat will be supplied on credit terms by seed and fertiliser merchants who are agents for the purchase of wheat for flour mills Farmers who wish to avail themselves of this scheme should get in touch with a seed and fertiliser merchant who

Wheat purchasing agents may obtain details of the scheme from their miller

is also a purchasing agent for a flour mill

DUNGARVAN DISTRICT COURT

Youths Fined For

Unlicensed Use Of .22 Rifles Dungarvan District Court was held before Mr E O Riain, DJ

on Wednesday last Licenses On the application of Mr D O'Connor Solr, an occasional dance license was granted to John Dunford Colligan.

A special exemption for Feb 3rd was granted to Mrs Monahan, Clonea, on the application of Mr T C Williams Solr Final Adjournment In the old adjourned case

against the three defendants— Doran Power and Kiely for taking a car the property of Mr P
Durand, Dungarvan Mr Kenny
Solr defending said that Doran
and Power had gone to England
and to date a sum of £68 10s
compensation had been paid
This left a small balance of £14
outstanding and he asked that
the case be now finally dealt
with
Mr A R Farrel Solr for Mr

G Whelan's house and Durand, objected and asked that the case be adjourned for a by the Council

Mr Lee said that there was a gap there which lead to the trespass and the only way to stop it was to build up the gap altogether

It was agreed that the Engineer be asked to report on the matter

It would adjourn the case for a further three months to give the defendants an opportunity of clearing the amount due and said that he would then finally dispose of the case

Produces more food per acre than fodder beet, or any other crop

By its deep rooting system brings up mineral nutrients from the subsoil

Leaves the soil in excellent condition for other crops

Beet is a cash crop with a guaranteed market and a guaranteed price

Beet enables the farmer to get on credit the best seed which Irish science and skill can produce In recent years Irish beet has had on average the world's highest sugar content

Enables the farmer to get lime and fertilisers on credit to the extent of £18 per acre

All rail freight on clean beet is paid by the factory and there is an additional subsidy for long hauls to the nearest railway station

Beet is the only crop which is weighed, sampled and tested under the supervision of the growers' own representatives

Can be sown and hoed (sprayed if necessary), and harvested by the most modern tools which will be hired by the factories at very cheap rates to growers who combine to form groups working for one another

Experienced and skilled migratory labour from the Gaeltacht can be had by growers who make firm contracts to get such men for singling and harvesting

Beet is grown by the farmers who are glad to avail of the services of an expert advisory staff backed by research workers, by a plant breeding establishment and an experimental organization.

It is the good farmer's cash and fodder crop.

If you are a progressive farmer and want to improve your land and your income, you will get a beet grower's contract now without delay

COMHLUCHT SIUICRE EIREANN TEO.
