## SPOTLIGHT ON THE UNKNOWN

By THOMAS TOBIN

**WHAT DOES IT MEAN?**  
During the discussion of Mr Tom Lee's motion at the last Urban Council meeting to have the name of the Loughmore houses changed to Congress Villas Mr Casey's reference to Canon Power's "Place Names of Decees" set me thinking. Mr Lee complained that the residents of Loughmore objected to that name and had agreed one hundred per cent to the proposed alteration. During the week-end I looked up the great reference book the recent publication of which (2nd edition) was almost the last work of the late Canon Power, and turned to the names of the Parish of Dungarvan to find out what reference if any, was made to Loughmore. I could find no record of the name as we know it but found a reference to "Leacht Mor" which means "great mound" or "great monument" and which was given in relation to Gal-lows Hill. While Loughmore and Gal-lows Hill as the areas are commonly known, adjoin each other I could find no more specific reference. It would appear that Loughmore is a corruption of the original Leacht Mor and if that is accepted then the meaning of the name has nothing to do with big loughs or anything else. Having satisfied myself on this point I continued to browse through the book in search of explanations of other local names. I found reference to the Turks with an explanation of the name "Turks" as a name applied locally to the Ring of Ballinacorney—Homestead of the Dispute, Ballynahassary—Homestead of the Ho-Plowland Cull a

**WHEN HE WHO ADORES**  
THEE  
When he who adores thee has left but the name of his faults and his sorrows behind  
Oh! say wilt thou weep when they darken the fame of a life that for thee was resigned?  
Yes! Weep and however my foes may condemn Thy tears shall efface their decree  
For Heaven can witness, though guilty to them I have been but too faithful to thee  
With thee were the dreams of my earliest love  
Every thought of my reason was thine  
In my last humble prayer to the Spirit above Thy name shall be mingled with mine  
Oh! blest are the lovers and friends who shall live The days of the glory to see But the next dearest blessing That Heaven can give Is the pride of thus dying for thee

## LENTEEN PASTORAL 1953

Diocese Of Waterford And Lismore

**EXHORTATION**  
If the Jews under the Old Law could sing of their earthly city "If I forget thee O Jerusalem, let my right hand be forgotten, let my tongue cleave to my jaws, I do not remember thee how much more ought you and I to glory and rejoice in being members of the Catholic Church, which is the one true fold of the Redeemer, the City built upon the hill with living and chosen stones Jesus Christ Himself being the chief cornerstone?"

As faithful members of the Church, therefore, let us hearken once again to her Lenteen summons to prepare for a new year's advance in the campaign of life. The life of the Catholic though optimist and assured of success at the end of it is no easy-going thing. There is sin in the world and in each one of us we are all children of Adam and have evil tendencies in us and unless we look carefully to ourselves and evil will spring up. The fibres of sin shoot far into our nature and we cannot conquer it without the grace of God and our own energetic co-operation.

Lent is a preparation for the worthy commemoration of the great facts of Our Lord's Passion, Death and Resurrection. Each one of us is intimately concerned in these events because Our Lord by His Passion and Death made satisfaction to God for our personal sins and merited for us the sanctifying grace we receive.

Our Lord's Resurrection on Easter Sunday has been from the very first days of our Christian Religion the great call to a new and worthy life. St Paul writes to the Christians at Rome "We are buried together with Jesus Christ by Baptism unto death that as Christ is risen from the dead to a new and glorious life, so we may also walk in newness of life and serve sin no longer." (Rom 6)

Let us think during Lent of the sacrifice of Christ on Calvary in order to strengthen our faith and our confidence in the mercy of God. Let each one of us say with St Paul "I live by faith in the Son of God who loved me and delivered Himself for me." (Gal 2)

Whatever be our sins and our miseries let us never fear to be rejected by our crucified Saviour. It is not without a deep meaning that the Redeemer appears before us on the Cross with arms outstretched and with His side pierced with a lance. He wishes by this gesture of stretching out His arms to embrace all of us in them and to gather us into His Sacred Heart. To all souls He offers Himself. He offers the outstretched arms of His mercy. Are we in sin? It is at the foot of the Cross that we shall receive graces of conversion and repentance which will open the eyes of our soul to see the gravity of our condition and soften our hearts to make us effecting in thought and prayer and love.

**THE CHURCH CONTINUES THE WORK OF CHRIST**  
Our Lord left the earth on Ascension Day forty days after His Resurrection from the dead and ascended into heaven. The God Shepherd left this world before men in general believed in Him. He had hardly made Himself known to His disciples before He went back to heaven. We read in Chapter 10 of the Acts of the Apostles the following words of St Peter "But on the third day God raised Jesus of Nazareth up again and granted the clear sight of Him to the people and he testified to us the witnesses whom God appointed beforehand and ate and drank in His company after His rising from the dead. And He gave us a commission to preach to the people and to bear witness that He and none other has been chosen by God to judge the living and the dead."

What provision therefore, did Our Lord make before His departure so that His message doctrine and grace might reach each one of us in the year 1953? How are the teaching of Christ and the fruits of His cross to be made effecting in the life of the man today?  
Our Lord's legacy to the men of all times and to the world of today is the Catholic Church which He invested with authority to teach His doctrine to all nations, to sanctify them by the administration of His sacraments and to govern them in His name until the end of time. Through the living Church Our Lord would come in contact with men of every race and every age.  
The commission to go forth and preach was given in the most apostolic manner to the seven Apostles. And Jesus spoke to them, saying, "power is given to me in heaven and on earth. Going, therefore, teach ye all nations baptizing them in the name of the

## DUNGARVAN CIRCUIT COURT

Further Tributes To Late Mr P. J. Morrissey, Solicitor

**Hay Burning Cases**  
The Hilary Sitting of the Dungarvan Circuit Court was held before his Lordship Judge Roe on Tuesday last. Tributes were paid to the late P. J. Morrissey, Solicitor. His Lordship stated that before going on with the business of the Court he wished to refer to the great loss they had sustained by the unexpected death of Mr Morrissey Solicitor, Dungarvan. He knew Mr Morrissey he said since he had been coming to Dungarvan and he knew well that he had great qualities as a Solicitor and as a friend. I know continued his Lordship that you will all miss that friendship and his death has been a great loss to you all. He died very early in life and leaves a widow and young family, and I would ask Mr Farrell to convey our deep sympathy to his widow and through her to the family in the great loss they have sustained.

Mr G. Clarke, B.L. on behalf of the members of the Bar associating himself with his Lordship's remarks said that Patrick J. Morrissey had come as a great personal loss to the members of the Bar who knew him well since he came into partnership with Mr A. B. Farrell, Solicitor, and he wished to extend their sympathy to the widow and family and to Mr Farrell, who have suffered such a grievous loss.

Mr Morrissey he continued was a constant attendant at this court and he was a great figure in this town and in the county at well. He had a great number of acquaintances and his death will also be a great loss to the county. As a lawyer Mr Morrissey was known as a man of great ability and due to his great knowledge of the sea he was one of the Solicitors who had a wide knowledge of Admiralty law.

Mr Williams Solicitor, said that as he had said before at the District Court Mr Morrissey had been a man who had lived up to the highest traditions of the legal profession. Mr Farrell thanked his Lordship the members of the Bar and the legal profession said that he would convey the expressions of sympathy to the widow and family of the late Mr Morrissey whose untimely death had been a great loss to all. He wished to repeat he said, what he had said before, that in his association with Mr Morrissey over a period of eighteen years there had been a deep word between them. They had spent many hours together outside the office, as both were interested in sailing. "He will be irreplaceable as a partner and as a friend," continued Mr Williams. "His death is a loss which I will not get over for many years."

**Registration of Title**  
His Lordship granted the application of Martin and Bridget O'Grady Tinalra Ballinacorney declaring their title to the lands occupied by them and that they be made registered owners thereof.  
Mr Lovatt-Dolan B.L. (instructed by Mr Williams Solr) moved the application on the affidavits of Martin O'Grady.

**Burning Of Hay Fails**  
The claim of Mrs Hannah Foley under the Malicious Injury Act arising out of the destroying of a sack of hay at the farmyard of her house at Ballyvalloona Kilmacthomas in the early hours of the morning of September 30th 1952 was dismissed when his Lordship stated that he had not been satisfied that the fire had resulted from a criminal act.  
Mr G. Clarke B.L. (instructed by Mr F. Power Solr) said that the amount of the claim was between £70 and £90.  
Mr M. M. Halley Solr who was for the Co Council defended.

Hannah Foley in evidence said that she lived in her house with her son Gusty and the night before the fire she went to bed about 10.30 p.m. There was a small fire in the kitchen at which her son and Thomas Gough were sitting having a chat.  
Witness went on to say that her late husband and his two brothers who had died before him had an interest in a field at Faha Cross and after their deaths untidiness arose between her family and the widow and son of the brother James. She went into possession of the field and served notice to quit Ellen Foley. That was before the fire.  
In reply to Mr Halley witness said that the only enemies they had were James and Ellen Foley (widow and son of the brother James). She agreed that they had never uttered a threat of any kind and she never thought that either of them would do any damage. She admitted that the fire in the kitchen was al-

## Co. Waterford Vocational Education Committee

Welcome To Very Rev. D. Canon Power

## Appointed Chairman Of Committee

An Fear Mor Vice-Chairman presiding at the monthly meeting of the County Waterford Vocational Education Committee held at the County Hall on Monday last extended a hearty cordial welcome to Very Rev. D. Canon Power P.P. V.F. Dungarvan the newly appointed member of the Committee to fill the vacancy caused by the regretted death of Very Rev. F. Canon O'Brien. On his own behalf and on behalf of the Committee he wished Canon Power a long and happy life amongst the people of Dungarvan and invoked the blessings of God and His Blessed Mother on him.

All the members of the Committee and Mr D. Cullinan C.E.O. associated themselves with the vote of welcome.  
Canon Power replying thanked the Fear Mor and all the members for their very generous welcome and said that he would do his part to help the people of Dungarvan as much as he could along the road to salvation. He also said that he hoped that they would all continue to work as a happy family in the Vocational Committee.

Stating that they would all ways have happy recollections of their late Chairman and that he would agree that what they were doing was the proper thing, the Fear Mor proposed the appointment of Canon Power as Chairman of the Committee.  
Mr Kelly seconded the proposal which was carried unanimously.  
School At Ballinacorney.  
The Department approved of the payment of £944 for materials and £50 for skilled labour for the above.  
At the request of the C.E.O. who stated that to give the building a proper finish some more work would be needed, the Committee approved the expenditure of a further £200 for it bringing the total to £1,144.  
The C.E.O. stated that the Department had also approved of a loan of £1,000 from the Commissions of Public Works repayable over 25 years for the financing of the payment. The annual repayment would be about £50 a year he said.  
Teachers Travelling Expenses  
A letter from the Department on the above pointed out that travelling expenses paid to teachers brought up the rate paid for some classes by as much as 87 per hour and requested that the Committee would review the classes and out out those which were prov-

## Ing unemotional

The C.E.O. said that if the terms of the letter were carried out in County Waterford which had only two permanent centres the work done over a long number of years would be nullified. He had discussed the matter with a Department Inspector who said that the letter should not apply to this County at all. The C.E.O. pointed out that the travelling expenses of all teachers was only about £500 per year less than the salary for one teacher.

## An Tostal

A letter from the Department requested the Committee to support in whatever way possible the work and plans of the local Rural Committee. The C.E.O. said that this would be done.

## Votes Of Sympathy

On the proposal of Mr Creagh condolence was voted to the family and relatives of Padraig Breathnach a part-time teacher of the Committee in East Waterford.  
Sympathy was also voted to the family relatives of the late Tom Fives former caretaker at Cappoquin school on the proposal of Mr Walsh.

**Malicious Injury Claim Succeeds**  
Thomas Nugent Newtown, Orange claimed damages under the Malicious Injury Act, against the Waterford County Council arising out of the burning of eight cocks of hay in a field near his house in the early hours of August 14th 1952.  
Mr Clarke B.L. (Mr Farrell, Solr) was for plaintiff and Mr M. M. Halley Solr defended.  
Sgt D. Gallagher Ardmore said that he investigated the burning at about 10 minutes to 12 the following morning. The night of the fire there had been a mild breeze from the south-west blowing from the hay towards the house. He said that a man had been prosecuted in the case in another court but had been acquitted by a jury in Waterford last November. That man was Michael Morrissey Ballybrusa Grange. The previous June a complaint had been made to the Guards by the plaintiff that strands of wire had been removed from a gap and plough swings were missing.  
Plaintiff in evidence said that the first he knew of the fire was when some parties going home to Dungarvan from a dance at Youghal knocked them up. He came out and saw the cocks on fire. He had gone in home at about 8.45 p.m. and saw the night before and everything had been all right. He said that Michael Morrissey had been working with him but he had to let him go as he could not stand him. Only for the great help given by the Dungarvan men they would all have burned he said.  
Thomas Mulcahy a workman living with plaintiff said that when the alarm was given he got up and went out and saw eight of the nine cocks on the field on fire. He had been to Kiely's Cross that night and (Continued On Page Four)

F.C.A. NOTES CAPPOQUIN NEWS

Command Inspection - During the past week all sub-units of the Battalion were inspected by the Command Staff. In most cases the comments were very favourable, but there are still a few where things are not so good. All aspects of parades were checked on and in particular training and clothing. The training was found to be very satisfactory and the general turn-out and appearance brought forth much commendation. The following units came in for particular praise - both for their attendance and their military bearing and appearance - Dungarvan and Ballysaggart. In these units the enthusiasm and interest was excellent and the inspection Staff expressed the hope that this high standard would be maintained throughout the year. To the Centres where attendance was not up to scratch the Staff encouraged those present to get their comrades to come along regularly on parade.

An inspection such as this is necessary to give an accurate picture of things in the unit and it is also necessary in order to keep all concerned on their toes. After last week's check up the Battalion Staff now knows where the weaknesses are and will do all in its power to have the faults rectified.

Recruiting It is most encouraging to see the number of young men in town and country who are offering their services to the Army. This applies in particular to Dungarvan, Ballyduff and Ballinacorney. It has made a new effort and hope to go still further. It is most gratifying to notice that these recruits are very regular attenders and that they take particular interest in all instruction. There is still plenty of room in the ranks, irrespective of class or creed. So long as an intending member answers the required conditions he will have no difficulty in becoming a member of Eire's Citizen Army. These members who are active deserve nothing but the highest praise and credit and are certainly well worthy of it. Any services they perform will be given the information you may require.

Training At Collins Barracks, Cork Training at Collins Barracks, Cork has been carried out and more members should avail of this opportunity to get some useful training done. Five members of the Battalion reported on the 24th January, 1953 for 14 days training and are proud to have completed it. A further six members are reporting on the 14th inst. The next period begins on the 28th February 1953 and hopes are high that quite a large number will report for that period. Members should give in their names at once so that arrangements may be made, to enable them to report on the 28th inst.

Range Practices The Miniature Range practices were commencing in the new year. All members should attend training regularly so that they will be in a position to pass their T.S.O.E.T. and qualify on the Miniature Range prior to taking part in the Open Range practices at Youghal and Kilmacthomas. The Miniature Range practices will take the form of a competition this year and details will be notified at a later date.

Jottings Pte John Begley has passed a test as a driver of the Battalion Station Wagon. A member of the Dungarvan Centre has been seen parading regularly on a Tuesday night but his place of parade is not with the other members of the town section.

It is reported that another member of the town's centre has completed some training in the use of the Antrim team and it is expected that he may be seen in action in the near future at the local Point-to-Point meeting.

BALLYDUFF NEWS

Amusements - On Sunday, 8th Feb. The Ladies Dramatic Society sponsored by the Connaught Muintir na Tire presented the well known play Autumn Fire by T. C. Murray to a crowded audience at St. Michael's Hall, Ballyduff. It was well acted and this splendid group of artists the interpretation of this first class three-act play left nothing to be desired and the response from the audience showed its keen appreciation.

On Friday 13th Feb. 200 Pioneers enjoyed a Social given by the Ballyduff Branch of the Pioneer Total Abstinence Association in St. Michael's Hall. Music was supplied by the well known Brideside Sereaders Orchestra and a lovely and satisfying sit-down supper was provided and served by the ladies section. The hall was fully decorated for the occasion and a wonderful night's entertainment was brought to a close at 2 a.m. by the playing of the National Anthem.

On Sunday next 22nd Feb. The Ballyduff Choral and Dramatic Society gave a remarkable performance of the seemingly funny comedy Wigs on the Green by Noel Marlon. This play with its supporting programme was first produced on 28th Dec last and was so successful that 'house full' notices were up at an early hour. As a result of many requests it was decided to give a repeat performance and as doors open at 7.15 p.m. intending patrons are advised to be in attendance in time to secure seats. The Society will travel with the play to Ballyporeen and Rathgormack at early dates.

Obituary - At her residence Colinstown Ballyduff Mrs. Erida Moraney passed to her eternal reward fortified by the rites of the Holy Church on Saturday 7th Feb. The deceased lady had reached the fine old age of 83 and up to a very short time before her death was in possession of all her faculties. A true daughter of Mother Church and mother of a large family she will long be remembered for her kind and genial disposition. Her hospitality was proverbial and she was always a very big fire and in her kindly Irish way she always welcomed the visitor known or unknown. The poor man or poor woman of the road was never sent away empty from her door. All were as neighbours and she treated all as such.

During her last illness she was attended by Rev Fr Dunphy P.P. and a very large number attended at the house of mourning and accompanied the remains on removal to St. Michael's Church Ballyduff on Sunday evening where they were received by Very Rev Fr Dunphy P.P. assisted by Rev Fr Lane C.C.

On Monday morning Solemn Office and Requiem High Mass were celebrated for the repose of her soul in the presence of a crowded congregation after which interment took place in the adjoining cemetery.

May God rest her kindly soul. The celebrant of the Requiem High Mass was Rev R. Lane C.C. Ballyduff deacon Rev D. McGraith C.C. Lismore sub-deacon Rev M. O'Meara C.C. Cappoquin Very Rev. W. The Missions - At the weekly meeting of the Ballyduff Parish Council an appeal was read from a priest on the English Mission. This priest has a tiny mission with less than sixty adult parishioners. He is endeavouring to carry on against almost superhuman difficulties which includes the upkeep of a school for the six children of his parish and eighteen others from a wide county district. As the schools are not open at night the priest has a tiny handful of people have to pay every penny to keep it open including a teacher's salary.

Without aid this tiny mission cannot keep open. If it closes the terrible loss to the faith can be understood. The members of the Parish Council are sending a subscription if any one else would like details with a view to helping particular cases. Obtained from St. Michael's Parish Council or Leader Correspondent.

"I TOLD YOU SO"

Too often nowadays one is confronted with complete indifference to the revival of Irish. It would seem that the cynics have won the day. Their callous matter-of-factness in the revival of Irish is a discouragement to the sincere but weak-minded lovers of the language many of whom give up in despair their puny efforts to make it the spoken tongue of the people. To those people and to their cynical advisers it is said: "Because you are neither hot nor cold I will vomit you out of my mouth." The Irish Revival Movement will not succeed if it pays heed to or depends on such people.

The national language is in danger. We need brave men to have it. The difficulties are many and great. We want men who are prepared to meet these difficulties with a spirit of courage with the will to fight on in spite of them. The Revival Movement has a long and obstinate battle to fight. Its enemies are numerous. There is a need for a revivalist to fight the others. That is, indifference. It is a canker and it has many victims. Those who know Irish but are afraid to speak it through human respect for those who know a little and will not speak it through fear of making mistakes the boy or girl who learned it in school and now looks upon it as an unpleasant memory and the children who hate it because it is being forced on them by a faulty system of education.

It is undeniably true that we could be an Irish-speaking Ireland today if everyone who knows Irish were to speak it. Every Irishman should be able to speak it. This fact portends a tragedy far-reaching in its consequences. It affords an excuse to the cynics to say "I told you so." To the sincere and earnest Revivalist it is the red beacon of indifference that warns him to fight himself for the work with greater enthusiasm.

Let us not fool ourselves into believing we are Irishmen if we speak Irish songs merely if we attend a Ceilidhe or two if we wear a green emblem or sprig of shamrock on St. Patrick's Day. Many a foreigner had seen a man who spoke Irish and said "That's a fine Irishman." When games or songs or dances of all which are part of our national culture are permeated and vivified by our national language, the whole of our national culture they are only like dehydrated bones from which the dogs have gnawed the last vestige of flesh. To continue the metaphor to speak of these things as being forced on them by a faulty system of education is to speak of materialism foreign to the soil, and to the winds of cynicism and despair they will soon crumble, forgotten dust.

COSSAR FOLLSEACHAIN GALLDA (Boycott Objectionable Foreign Publications) (To The Editor)

On Tuesday 27th January a meeting under the auspices of the above Committee was held in the N.A.I.D.A. Hall at 3 St. Stephen's Green, Dublin. Representatives of the following organisations attended: Gaelic League, Sinn Fein Anti-Partition Association, Irish Countrywomen's Association, N.A.I.D.A., National Typographic Society, An Rialachán Cumann na n-Iris, Dublin Writers' Circle, Catholic Writers' Association, C.Y.M.S. etc. It was the unanimous opinion of the meeting that some action would have to be taken to stop the flood of objectionable foreign literature now pouring into the country and it was proposed to secure the co-ordinated efforts of the bodies represented, as well as other national organisations for this purpose.

The following resolution was passed: "That this meeting expresses its concern at the moral, national and economic harm being caused by the unrestricted flood of foreign publications coming into Ireland at present and deplores their failure to take any action on the matter in spite of repeated representations. One speaker, Mr T. Collins.

4th WATERFORD TROOP O.B.S.I. (St. Joseph's, Abbeyside) Troop Meeting—The meeting was held on Sunday last and began at 7.45 p.m. with the Scout Prayer. Two teams were picked and a "stave game" was played to freshen up the boys. The next item was a programme—"Take A Look"—scouts were asked to look to their hands knees and hand-some faces, and of course their uniforms. After which inspection was made of the kit. At this stage Michael Burke came in and was surprised to see he was the only one of his Patrol present.

The next item was an inter-patrol competition and which was won by the Eagles. The S.M. sent a word in semaphore and the first patrol to send back correctly the opposite received a point.

While one patrol was being examined in General Knowledge by the S.M. the others had a little knot competition. Of course every patrol had a go at the General Knowledge. When there was a short spell from the S.M. and the Troop Chaplain said some words about Lent etc. Then prayers and home for some fellows.

COH—Present S.M. A.S.M. J. Fraher and P.L. C. Farrell, and M. Moloney. It was reported that P.L. S. Sean and Phil Duggan were down with the flu. The whereabouts of P.L. P. Peepie were unknown. The S.M. gave their reports etc. A short discussion was held on how the Wolf Patrol kept care of the Den and it was decided to give them thirteen points out of fifteen.

A candidate F. Condon was proposed on the Wolf Patrol by P.L. C. Farrell and seconded by P.L. M. Mahony. It was agreed that Scout D. is to report to the next COH to answer a number of blank questions. To follow his name on the roll book. After the COH the S.M. and P.L.s had a little fun with a pack of cards and the Troop subs and nobody won or lost anything.

General A Band meeting was held on Tuesday night and an hour and a half was spent practising. At least none of the band are down with the flu which has gripped many of the Troop. It was reported that 'Clinch' couldn't attend the Troop meeting on account of his study—'which study?'

Present Forty-Five Drives are being held in the Den by Jerry Fraher. So from now on you know what

had returned home about 12 o'clock and there had been nothing wrong then.

Mary Nugent daughter of the plaintiff said that when they were knocked up around 11 o'clock that morning all the hay was on fire. Morrissey had been left on the previous October as he had a violent temper and had been very saucy. The plaintiff gave evidence that about two tons of hay had been burned and the price of it was about £7 per ton.

Mr. Tony Moloney, Dungarvan, said that the repairs to the hay-barn which had been badly burned cost £16 2s 2d.

Stating that he was satisfied that the burning was malicious in this case, his Lordship made a decree for £20 2s 2d with costs and expenses.

At the suggestion of Mr. Hally, Solr he ordered that it be made a County at Large charge.

Desree For Doney stated that the claim of Dr. P. Ryan, Dungarvan against Mr. O. J. Stiles, D. Loughane, Youghal, for professional services had been settled for the sum of £15 10s 0d with a further sum for costs and his Lordship ordered that the sum lodged in court be paid out to the plaintiff.

**WATERFORD DEFEAT ANTRIM AT CAPPOQUIN**

**Waterford, 5-12, Antrim, 3-2**

Heavy ground conditions militated against the standard of play and players found it very difficult to keep on their feet at Cappoquin Sportsfield, on Sunday last when Waterford defeated Antrim in their National Hurling League game. Tough ground hurling was the order of the day but some nice passages of class hurling were seen during the hour's play.

Waterford were away to a flying start and were much faster on the ball than the Antrim men. They took control at midfield where M. Fives and K. O'Connor were in brilliant form. Shortly after the start J. Fives had a point for Waterford but in quick time the Antrim men replied with a goal. Waterford then scored a goal per J. Fives and K. Armstrong pointed for Antrim almost immediately. After about seven minutes play M. Fives scored a point for Waterford and K. Armstrong pointed again there to reply with another goal for Antrim. Following some tough exchanges S. Power drove over a point for Waterford. Fourteen minutes had elapsed before Antrim scored another point per H. Sheehan and then T. Fives was on the mark for a Waterford point. A free to Waterford taken by M. Fives resulted in a point, but Mr. Armstrong was there to score and scored a grand goal. Waterford again pressed and M. O'Connor drove over a lovely point and shortly before the half-time whistle sounded T. Fives added another point for Waterford to leave the half-time score—Antrim 3-2, Waterford 1-4.

On resuming play P. Donnelly scored a grand goal for Waterford and this score was quickly equalled by a goal per H. Sheehan. Even exchanges were the order for some time and Waterford pressed and J. Fives scored a goal and S. Power added two points in quick succession. Waterford were now definitely the masters and scored a goal quickly when T. Fives drove over the bar and M. Flannely and S. Power scored further goals. Towards the closing stages of the game M. Flannely scored the final point leaving the full-time score Waterford 5-12, Antrim 3-2.

**Town Hall "Knocked Down" For £65 Bid For Opening Night**

**"Cast Iron Security For Tostal Committee"—Says Mr. Kelly**

**Changing Name Of Loughmore—Rent Collector To Carry Out Survey**

Mr. N. Kelly, Vice-Chairman, presided at a meeting of the Dungarvan U.D.C. held on last Friday night. Messrs P. A. Casey, M. J. Keane, T. Lee, T. McCarthy, R. Walsh and Senator Butler were present. Messrs E. Dwyer, Town Clerk, was in attendance.

**Highest Bid Was £65**

With reference to the letting of the Town Hall by Tender for the opening night on Easter Sunday, the Clerk stated that the Manager had accepted the tender of £65 being the highest from the Fianna Fail Club. The Manager went on to say, proposed to give this £65 to the local Tostal Committee as a contribution from the rates subject to the approval of the Council and the Department of Local Government.

Senator Butler said that as this was a money matter it should be on the agenda as the Council could not give away money without notifying all the members.

Mr. Kelly—Fianna Fail put in the bid to help out the Tostal. Mr. McCarthy—It's the Manager who's doing this and no one else.

Mr. Walsh—It's the Council's money.

Senator Butler said that no decision could be made about the matter at that meeting.

Mr. Casey—The time for the Tostal is running out and if this money is to be made available to the committee, the sooner they know it the better.

Mr. Walsh—I think it would be much better from the publicity angle if the hall was given to the Tostal Committee for the opening night. The way it is being done is underhand. If the dance was advertised by the Tostal Committee as a Tostal dance it would be better and would give the required fillip to the Tostal needs in the town.

Mr. Keane—It is a great pity that this has cropped up now and that friction has been caused over the matter. In order to get over the difficulty I propose that we leave things as they are and strike a rate of 1d in the £ for the Tostal.

Clerk—I do not think the Council could do that without getting special sanction from the Department.

Senator Butler—Our estimates will be before us in March and I'm sure that they won't be as low as the current year in fact. I think they will be very much in advance. I have said before that I would oppose any contribution from the rates for this purpose and I stick to that. A suggestion has now been made that the amount received by tender for the Town Hall be transferred to the Tostal Committee. That suggestion can't be dealt with tonight as it is not on the agenda.

Mr. Casey—You're perfectly right from the point of procedure but I think the time is running out and the sooner the matter is decided the better.

Senator Butler—I don't know what happened to the suggestion made at the last meeting but the Tostal Committee get preference in these things. On Sunday nights and get the hall and pay for it in the usual way. I think that would be great publicity for An Tostal and that point must be taken into account when this whole matter is being considered.

Mr. McCarthy—Was this auction for the hall going on when we recommended that at the last meeting?

Clerk—Yes. I think the hall was up for tender at that time.

Mr. McCarthy—There will be three other Sunday nights during the festival and we should ask the Manager to give these to the Tostal Committee.

Senator Butler—By accepting the Manager's suggestion the Tostal Committee would have a definite amount of money to handle.

Senator Butler—What amount would be handed by the Committee or how did they do anything about it?

Mr. Casey—A public appeal was issued but I don't know what the response was.

Mr. Kelly—As Mr. Casey says this £65 would be cast iron security for An Tostal and could be used to decorate the town.

Mr. Walsh—I wonder.

Senator Butler—Sure the position is that we can't deal with it tonight.

Mr. McCarthy—There are some members absent who may have something to say.

Clerk—We have written to the Department to find out if the Manager's suggestion would be in order and that may be here for the next meeting so that there would be no great delay caused by deferring it until then.

The matter was then deferred to the next meeting.

**Canon Walsh Congratulated**

On the proposal of Mr. Casey the Council unanimously decided to send heartfelt congratulations to very Rev. T. B. Canon Walsh, P. St. Mary's, Clonmel, on being appointed a Canon of the Chapter.

Reference was made to the very energetic work done by Canon Walsh when he was a Curate in the local Industrial Development Association and the starting of the Leather and Glue Factories.

**Supplementary Housing Grants**

The consideration of the draft scheme for the above was again adjourned. The question of the provision of a back wall for the ball alley was also adjourned as the Engineer could not say whether the required saving from the Emergency and Employment Vote would be available.

Also deferred was the question of the registration of the County Officials Gaelic Club for the use of the Town Hall Public Lights.

The question of providing additional public lights at New Line Bridge and Skearrine was adjourned to the estimates meeting.

**Electric Refuse Collector**

The Engineer reporting on the need for the above said that there have been a number of applications for an extension of the scavenging service which had to be refused as the man with a horse and cart could not meet the demands and the use of an electric collector might speed up the collections.

Mr. Casey—It would not speed it up one inch.

Mr. McCarthy—If 'twas got would it cut down employment?

Chairman—I can give you an assurance that it won't.

Mr. McCarthy—How can you give such an assurance. I'd like to have it from the top man.

Clerk—That point is being examined.

Mr. Keane—I think the scavenging is being done very efficiently in town.

Mr. Lee—That man is doing two men's work and is not being paid half enough.

Mr. Casey—I propose we don't purchase as the scavenging is being very well done.

Mr. Lee—I second that.

Mr. Kelly proposed that the vehicle be purchased but got no second.

Mr. McCarthy proposed that the matter be deferred to get the information they had asked for.

Mr. Walsh seconded.

On the motion of Messrs Casey, Lee, Keane and Butler (4) voted against the purchase and Messrs McCarthy and Walsh (2) for deferring the matter.

The matter was accordingly refused.

**Changing Name Of Loughmore**

With regard to Mr. Lee's motion to have the name of Loughmore changed to Congress Villas the Clerk explained the procedure to be adopted for the holding of a plebiscite the cost of which would approximate £20. He also stated that the residents of Congress Villas might have to be included as they might have objections to the change over.

Mr. Keane and Mr. Walsh said that the residents of Congress Villas were objecting and the former especially as a large number of Loughmore was to be changed that it be called Conceptville.

Mr. Lee—I object to that. The Congress Badge is on the Loughmore house and they should call it Congress Villas.

Mr. Casey suggested that the Rent Collector carry out a preliminary survey amongst the tenants of both places to find out their views.

Mr. Lee said that he and two other men had already gone around Loughmore and produced the signatures of the 84 tenants (on a foolscap sheet) who all showed their agreement to the change of the name to Congress Villas.

After further discussion the Council agreed to Mr. Casey's suggestion that a survey be carried out by the Rent Collector.

**New Range**

The installation of a new range at Mrs. B. Coleman's, 14 St. Brigid's Terrace, at the estimated cost of £21 was approved on the usual conditions.

**Rights Of Way**

With regard to right-of-way at Shandon the Council received an estimate for the moving of the gate behind Mr. Whelan's house down to the section of the railing from there to where the gate is at present at which point a sale could also be put.

The Engineer reported with regard to houses numbers one through twelve at Caseyville that there was a right-of-way which could serve them as well as St. Garvan's Terrace.

Mr. Walsh said that this had been blocked up and the County Manager had written to the rent collector that they were not to use it.

The Clerk was instructed to inquire into this.

Mr. Walsh referred to the rights-of-way at the back of Casey's Place and at Cahill, Brugh's Place and Mr. McCarthy to one at Keating Street all of which they said needed cleaning.

The matters were referred to the Engineer.

**Drainage Doors**

A proposal by Mr. McCarthy that 15 back-doors be put up in Fitzgerald's Terrace at a cost of £67 10s was deferred to the estimates meeting by the odd vote.

Mr. McCarthy said that there were no back doors in these houses and the people were perished.

The Chairman Messrs. Keane and Casey supported the proposal to alter the matter and Messrs McCarthy and Lee voted to have the work carried out.

Mr. Walsh did not vote and Senator Butler had left the meeting at the time.

**Numbering Houses**

The Clerk said that the Medical Officer Dr. O'Connell said that many houses in the town were not numbered and he had difficulty when called on a sick case at night to close down for half-day on Monday, February 23rd, was approved.

A letter from John Tobin, Shandon Street, Dungarvan, tenant of a house the property of Mrs. P. A. Casey, requested the installation of water and sewerage in the house.

The matter was referred to the Engineer for a report.

Mr. Kelly paid tribute to the prompt action of the fire brigade when recently called to deal with a chimney fire at the Devonshire Arms Hotel.

**Sympathy**

Votes of sympathy were passed by the family of the late Garrett, Walsh, Main Street, and with Mrs. K. Morrissey, 88, O'Connell Street, on the death of her sister Mrs. Quirk, Gould's Cross.

**ARDMORE GOSSIP**

**Ardmore Sewerage**—At the last meeting of the County Council in Dungarvan as reported in last week's issue of the Leader, our local M.C.C. Mr. James P. Mansfield protested strongly about the way in which the Ardmore Sewerage Scheme had been delayed and practically ignored. He added that it was a shame considering the fact that Ardmore was a large village and an important holiday centre.

Mr. T. A. Kyne, T.D., M.C.C. on a point of agreement said that now that the new housing scheme was practical he had neglected the matter because all the more serious the Sewerage Scheme was most urgently needed for all concerned. The outcome of the proceedings was the disappointing reply of the County Engineer, Mr. Sheedy, who said that there was no hope of commencing the scheme in the near future.

On behalf of our village residents and water rent payers we are very grateful for the efforts though unfortunately unsuccessful of Messrs. Mansfield and Kyne and on their behalf also we strongly disapprove of the manner in which this important seaside resort has been treated by the higher authorities in Dublin.

Also on behalf of the unemployed road workers we wish to congratulate Messrs. O'Connell and P. A. Kyne, T.D., for their efforts to secure the larger grant of £112,500 for road works—their efforts being defeated by the majority of two who voted for a smaller grant. The only conclusion we can draw is perhaps the authorities think that we are already "too deep in the Heart of Taxes".

**Obituary**—Late Mr. Martin Hurley, Ardmore. Profound sorrow was expressed in the area when it became known on Saturday morning last that Mr. Martin Hurley of Tig Aluinn Ardmore had passed to his eternal reward, but just a few days before he had been up and at his business as usual and in fact had been in Cork earlier in the week. Some years ago Martin underwent a very serious operation and since then his health had not been robust.

By his passing Ardmore and surrounding areas have lost a valuable friend and a very selfless and enterprising business man. He was for a long number of years past engaged in many business pursuits, the greatest of these being the purchasing of the large boat house which he converted into a general store and which contained a large amount of coal for the distribution not only in the village but surrounding areas.

During the war years it can be said with a certainty that he kept the home fires burning by his sons and daughter, the latter from Cork and Waterford. In addition he was a large buyer of salmon and shell-fish which he purchased not alone in the home area but in the Ballycotton Knockadon and Ballinacorney (Corry) areas and when the onion and carrot crops became extensive in the area he took the contracts for delivery with the buyers at Cork and Waterford.

Apart from his business capabilities he was a staunch G.A.A. supporter and some years ago he was one of the founder members of the local G.A.A. Club in Ardmore. He gave much help to the young and in later years hardly ever missed a game in Dungarvan or other immediate venues when the home team played. He was also a great friend of the working class and his capacity to attend an important Labour Congress in Dungarvan some years ago and was also a founder member of the local Labour Club in Ardmore at which he attended practically all meetings and was Vice-Chairman.

No doubt his death has removed a very popular and well-known figure and this was amply proved at the very large and representative gathering which attended the removal of the remains from his residence at Tig Aluinn to St. Declan's Church on Sunday evening last. The funeral which accompanied the funeral, took place there to the local cemetery on Monday Feb 16th was even larger.

The chief mourners at the graveside were: Rev. Michael Hurley, S.J., Louvain (son), Miss Eileen Hurley and Mrs. R. Lincoll (daughters), Mr. P. Lincoll (brother), Mr. R. Lincoll (son-in-law), and a large number of friends and relatives including Mr. T. A. Kyne, T.D. and Senator J. Butler, Mr. and Mrs. Kevin Coughlan, Board of Fishery Conservators.

A very large number of telegrams, letters of sympathy and messages were received from the members of all our readers who tender to the bereaved family deepest sympathy.—R.I.P.

**Death of Mr. P. Costin, Kinsalebeg**—The above deceased who passed away at Dungarvan hospital last week-end was a very popular and highly esteemed figure in this area. He was a first-rate carpenter and was proprietor of a local sawmill which he had run very far and wide among the many members of the farming community for whom he made many articles of household furniture and other articles as well as agricultural implements. He leaves a widow three sons and a brother to mourn his loss.

The interment at Piltown graveyard was very largely attended. To his bereaved widow, sons and brother and to the relatives we wish to extend the sincerest sympathy of our readers.—R.I.P.

**The Late James Tobin, Lickey, Clashmore**—The above deceased who died after an illness of a few days duration was popularly known in this area where he was often engaged on road reconstruction jobs. His employment as a valued member of the County Council Staff extends back over a period of nearly thirty years. He was an honest trustworthy worker and his untimely passing is deeply regretted by all with whom he came in contact.

His wife and daughter Kathleen and the other members of the family we join in wishing sentiments of sympathy.—R.I.P.

**Sporting News**—Tally Ho At Ardmore—The main entrance to Ardmore village was the centre of attraction in one of the greatest sporting events ever enacted in the local area on Saturday last. It was the first time we believe in living memory that the West Waterford Hunt had a meet here and the manner in which such an eventful episode was appreciated by the inhabitants was amply testified by the large and representative attendance of all classes and of all ages and the scene at the meet at the Cross Streets before the Hunt moved off was one that will linger long in the memories of those who were present.

Whilst awaiting the arrival of the local horsemen the Master of the hounds Major Burke entertained a large number of the men folk to the toast of Ardmore's first Hunt meet and said that he hoped it would be the first of many. Replying on behalf of those present the man who was instrumental in bringing the Meet to Ardmore thanked Major Burke. Major Burke added in reply that sporting events such as this should help in no small way to put Ardmore village on the map.

The course which was present was one who is well known and highly popular in all sporting and social events in the area. Miss Roche daughter of Colonel and Mrs. Roche Monaghan and the Whipper in also hails from this area, he is the famous horseman, Mr. Thomas Power, formerly of Bawnacoma Ardmore. The opening of the Hunt proper took place in Walsh's bog in front of the Old College (Monea House) where two foxes were unearthen. Whilst the hounds were in quick pursuit of the first the second took a diverted course which eventually led him to covert again. The pursuit of the first fox followed on through Power's land and right through the Monea
