just that Jack was as good as been many and varied his master. We had the men in the saffron jerseys jumping exuberant youthful atmosphere as high and kicking as long as of the Den and to see how grand the men in the flashing green it was kept Beyond a few imand gold of the Kingdom It provements here and there it took a clash between North and South to give us the type of football which we know could be played but which we know that not seen for a long time was still the same and the still weeping my hero so brave.

Still weeping my hero so brave. Still weeping my hero so brave. I'll embrace the cold sods and with a slight alteration. The daisies that bloom on his slight odd minutes those. Sixty odd minutes those ants battled for supremacy with might and main, but with never an untoward incident Well done Kerry, and

for spot-lighting this matter but the fact is that I have have asked for if God had given heard many adverse reports me the choice of all deaths—to about this million pound hospital in the past and refrained in the interests of good taste from saying anything about it.

Now however the cat is out of the bag and I cannot be accused as the one who opened it Patients in any hospital and God asked of me and of you accused as the one who opened it. Patients in any hospital and God asked of me and of you accused as the one who opened it. Patients in any hospital and God asked of me and of you accused as the one who opened it. Patients in any hospital and God asked of me and of you accused as the one who opened it. Patients in any hospital and God asked of me and of you accused the formula is the death I should der Carrignagour, Lismore, (144). Half-time (5/-)—Mrs Pierce, Townparks, Lismore, (75) Gent's 1st (15/-)—Mr J Foley, Chapel Street Lismore (148) and (148). Half-time (5/-)—Mr J Foley, Chapel Street Lismore (148) and (148). Half-time (15/-)—Mr J Foley, Chapel Street Lismore (144) have not words to tell you der Carrignagour, Lismore, (144). Half-time (5/-)—Mr J Foley, Chapel Street Lismore (144). Half-time (5/-)—Mr J Foley, Chapel Patients in any hospital and God asked of me and of you especially such an hospital as I have not words to tell you are treatment is of my love for you, and how my heart extend our heartiest congratulations to my love for you, and how my heart the fullest personal comforts if call to you in my heart at the son of Mrs and Garda Dennis the progress property last moment.

the fullest personal comforts if call to you in my heart at the son of Mrs and Garda Dennis they are to progress properly last moment under the medical treatment they get After all it is the only thing that helps to make hospital life bearable and if it is army following the Rising but lot of patients is an unenviable one.

Sure enough hard things were all it is still in his teens was a formulation of time the lot of patients is an unenviable one.

Sure enough hard things were light and life bearable and life it is a wery ardent earn-

long standing and I also know up against the might of the that in an effort to gain redress British Empire to throw off the there was a threatened mutiny shackles which had bound Ireamong the patients not many land for seven centuries

Surely we have enough officials employed to see that the institution is properly and efficient me during the week if I could feel the seek of the seek iently worked I am not looking get her the words of "Calvary' for a Gresham hotel service for I have failed in my attempt so for a Gresham notel service for I have failed in my attempt so the patients but good home far but perhaps, there may be comforts that will help them to someone reads this and has get well quicker under expert them I would be very grateful medical guidance

I do not think that we can expect a very glowing report from the September visitors to he Institution either according to the little which the Council's Chairman (one of the visiting Where the lambkins so fondly Committee) said at the last meeting, but perhaps all these where things will be rectified when the Committee appointed for bus

ONE OF THE THOUSANDS October make their surprise

I was an insignificant one of the ninety odd thousand Gaelic fans that thronged Croke Park on last Sunday week to see the epic Kerry-Armagh struggle for the blue riband of senior foots ball, I was, however, an unfortunate insignificant one, as I had no ticket and went to headquarters to take my chances With me was a well-operation with each other toward one great end—the alle-

23rd BIRTHDAY

I dropped in to the Scouts' pushing and pressing that we Den Abbeyside on last Friday left his love to weep suffered was worth it suffered was worth it

This of course was due to the really fine display given by two superb teams carefully controlled by a most competent and firm referee. We joined the cheerful good-humoured press of people on the famous Hill 16 and though we had a grand view of the game it cost us a deal of sweat sore shins and bruised feet

Every county in the thirty-two must have been represented in that great gathering and the suffered was well and the coveted and beautiful Mellove be weep and light we to weep anging the the bright silvery light of the moon

Chorus

Chorus

Chorus

On, never again in the moon-light we it roam, love, when birds are at rest and the stars they do shine.

Never again will I kiss those fond lips love.

Troop were the trophies won by the Troop during the current year These included the coveted and beautiful Mellove be was brave. in that great gathering and the vin Trophy (for Ali-Ireland clipped northern accents inter-Competition) two Diocesan accents inter- Competition) two Diocesan wit were in Trophies and a number of other Diocesan

direct contrast to the droll slow lilt of the southerners speech. But if there was a contrast in the accents such was not the case in the football played Kerry undoubtedly are recognised as the masters of the football arena and rightly so but Scout in the Troop for sering that Jack was as good as been many and varied which the spoke so sincere and I loved the s

Sites there inevitably are obstructions such as broken piles ing between the cylinders would and other debris dumped in the reduce the effect of eccentricity but the bracing would have to serve that it would be necessary effect could be neglected with the reduced before the effect could be neglected.

Mr McNamara proposed to struction. It would be necessary group his screw piles in threes

WATERFORD COUNTY

RECONSTRUCTING EXISTING YOUGHAL BRIDGE IS LUNACY

TOO LONG PLAYTHING OF POLITICS

DISAGREEMENT WITH CORK COUNTY COUNCIL'S DECISION

wateriord County Council resumed discussion on Youghal existing piers could not carry Bridge at a special meeting held in Dungarvan on Tuesday last, perhaps screw piles would have Mr M Morrissey Chairman to be sunk. The minimum perpresiding Also present were lod for which the bridge would Messrs W Fitzgerald, D Leahy, be closed with first-class con-J. Mansfield J Fahy, M Mc-tractors would be two years A Grath N Walsh, S Ormond, period of six years was not important.

Lunacy Of Highest Degree The Council had before them correspondence from the Minister and from Cork County on the approach roads etc) Council regarding the proposed appointment of a Consultant to quite a considerable number of advise or the feasibility of re-

examined at considerable length by Mr Barrett BL who suggested that the witness investigation of the possibility of reconstructing the existing bridge did not merit the same consideration as his views upon a new bridge Mr Roughan did doubts about sinking the had dicates an eccentric loading of the cylinders required satisfactorily in their correct positions because from his experience of existing bridge if the full extent of the eccentricity were realised cross bracturations such as broken piles ing between the cylinders would

Waterford County Council re- to do foundation work as the

(A fixed concrete bridge at Ardsallagh would cost £385 000 this figure including fees, work

The Best Situation For The discussing the relative merits of bear on groups of new augmen- at the inquiry in support of different sites if reconstruction tation piles. In these circum- these contentions but such res-On Friday evening on Friday evening of the Evening on Friday eveni

the dualitations kindwarters of the most interest that the most interest that the most interest that the most interest that make the most inte

It would appear that the old be 533 tons or 179 tons per bridge was orginally designed to take a live load of no more than light ewts per square foot. It load would amount to 32 tons would not be advisable there-fore to reconstruct on the piers fore, to reconstruct on the piers a superstructure capable of taking standard loading Any modification of the existing plers to take standard loading would call for the sinking of additional cylinders—6 0" diameter—alongside the existing meter—alongside the existing for the diameter cylinders on the waterford side, with additional materials of the deck slab. The sketch supplies to illustrate the proposal shows the bow strings resting directly on the cylinder caps. No beam across the cylin der tops is shown. To provide the what extent reliance can be placed on skin friction for supplied to illustrate the proposal shows the bow strings resting directly on the cylinder caps. No beam across the cylin der tops is shown. To provide a cross beam would require the placed on skin friction for supplies to take standard loading at 242 tons. Now we do not be sure to the deck slab. The sketch supplied to illustrate the proposal shows the bow strings resting directly on the cylinder caps. No beam across the cylin der tops is shown. To provide a cross beam would require the placed on skin friction for supplies to illustrate the proposal shows the bow strings resting directly on the cylinder caps. No beam across the cylin der tops is shown. Waterford side, with additional placed on skin friction for support But even if Mr Moon the Youghal side however if Namara's estimate is correct the including into the cylinders of the cylinders or cutting into the cylinders of the cylinders or cutting into the cylinders including into the cylinders or contact the contact of the cylinders of the cylinders or cutting into the cylinders or contact the cylinders of the cylinders o It is very doubtful, however, if it would be feasible to sink these additional piles and cylinders satisfactorily in their correct position on this site. There were two bridges built there allowed and the presence of obstructions from dumping in the river bed around the piers is not unlikely.

Namara's estimate is correct the foundation stress including wind load would be 13 tons per sincluding wind load would be 13 tons per fore it would appear that the cylinder cross head was deliberately omitted. The omission of the crosshead reduces the rigidity of the structure and puts and the presence of engineer who supervised construction wrote on 14/11/1880 to the Board to the effect that six have adverted to this earlier in The reconstruction of a new cylinders were down and filled bridge on the existing substruction with concrete Numbers 7 and 8 bridge on the existing substructure would necessitate the closuring of the road to all traffic for a considerable time. The Inspector's report summarises as follows Mr Roughan's oral evidence on the above under cross-examination at the Inquiry—

"Mr Roughan was cross-ing about the rock was covered only ing about the rock was covered only ing the rock was covered only with sand and mud at this part of the river and had a dip of 35 the river and had a dip of 35 ing about the rock was covered only ing the rock was covered only with sand and mud at this part of the river and had a dip of 35 ing about the rock was covered only ing the rock was covered only ing the rock was covered only ing and ing about the rock was covered only ing the rock was covered only ing and ing about the rock was covered only ing and ing about the rock was covered only ing the rock was covered only in the maintenance of traffic on the rock was covered only in the rock was

people unless other important courage in our hands as Mr considerations could be thrown into the same side of the balance

Conclusions

1. There is need for a new where is it colors to be Western in the courage in our hands as Mr walsh says and say that a new bridge is required; there's no use reconstructing the existing bridge The next question is 1—There is need for a new where is it going to be Youghal 1—There is need for a new Urban Council members de-bridge
2—The work of constructing manded to be heard at a Bridge
a bridge is feasible It is also Committee meeting and the Committee agreed to hear them

Dungaryan Harriers are holding a Hunt Dance and Hunting and large bridge works. The bridge should be constructed in Ballroom. Clonea on Sunday, concrete Consideration should be given to the use of prestressed concerte in the superstruction of the Bridge Committee it had been unanimously designed. Mr Walsh seconded Mr Hes-

dence.
Deputy Ormond said that

2nd long been the plaything of politics and too long the plaything of while he originally favoured reconstruction he now had a think we should now take our spectors report but he thought spector's report but he thought that before finally deciding the report of an independent sultant should be obtained Mr Walsh—Employing a third consultant is only waste of time

ing fast Hills and throwing rays on the distant Melleray where I was just going was the Convent | cloister of and behind me lay the lord y Round Tower and ruins of Ardmere
The road that leads to the

Ferry Point, local port of embarkation for market purposes Youghal Town is a familiar landmark, a spot well known to all, not only to those of us at home who use the Ferry beat on business trips to and from the town of Youghal, but to the many exiles from the place, who can recall the happy days in the time gone by when they too crossed from the Ferryslip and perhaps recall the names of the manager at the time the late lamented John Dunney RIP who was in the office boat was in charge of Nunn and an assistant John Dunney R.IP, was succeeded by another old Youghal man, Since also deceased, Capt Browne RIP Just before you come to the Slip at Ferrypoint, you will see on the right hand side of the lovely tarred road, the beautiful residence of In that town) and last year was on the team that won East Cork Divisional Honours in Junior hurling and football as well as being selected from that Club to represent Imokilly in both grades Congratulations of all interested parties are due to our well known beautifully to the beauty spots of many Irish counties. But perspected Ardmore CC Rev haps the writer of this article haps the writer of this article haps the writer of this article following lines in favour of the Very Rev John Flavin Dublin — and not far away is the residence of the J Kennedy It is called New-town House Mr Kennedy is away is the residence of the Foley Brothers, one of whom did a man's part in the fight for Irish freedom, and for he spent a time in internment A familiar ruin leading to the Ferrypoint is the now roofless Church of Ireland of which nothing remains to day but the ivy crowned walls, which seems to keep silent and everlasting vigil who sleep their long last seep neath the around and grassy mounds across may be seen the lordly Rhine, the Blackwater on as it has done down through the years, to join its mother ocean the broad Atlantic at Youghal harbour In the next article I will speak

of the lovely convent at Mona-
