Manager and J Glanville Act-

With regard to the purchase of a site for a dispensary and residence the Kilmeaden Cooperative Creamery wrote in reply to the Board's offer of £80 an acre for 14 acres stating that the lowest price they would accept would be £150

It was decided to leave both matters in the hands Manager who stated that he would probably have something to report for the next meeting

Waterford City Dispensary The Acting Secretary reported that at a conference between the city members of the Board and the Engineer Mr Sheedy it had been decided to abandon th site at Doyle Street Corner for the erection of a proposed new dispensary However an-other site nearby at the Yellow Road was considered suitable A report of a meeting of the doctors and the members was then read in which the proposed accommodation at the Dispensary was discussed and the necessity for a third dispensary doctor in the city raised

The Board approved of the

iew site and the accommodation to be provided Eye Clin c Senator Butler stated that here were many people in Dunsarvan who wanted to consult Dr Condon, but due to the expense and other factors they could not go to Waterford He suggested that Dr Condon should come to Dungarvan for a lay now and again to examine

such patients.
Chairman — Your suggestion Senator is that it's cheaper to bring the doctor to the patients han to be sending the patients o the doctor

Senator Butler—Yes The Manager said that some years ago such a scheme was in operation but broke down on look into the possibility of recommencing the scheme.

Motion To Rescind With reference to the resolution; passed at the last meeting approving of the overexpendi-ture of £2 400 towards the em-ployment of additional nurses and attendants in the orthopaedic section of the Co Hospital Waterford, Mr Heskin handed in a notice of motion (to be dealt with at next meeting) calling for the rescinding of this resolution The reason which prompted his action he Music by which prompted his action he said was that in a full year this 2d in the £-on the rates and the ratepayers were already overburdened.
