OPCOSTO

WORD IN ADVANCE

WITH the first Tostal last April a realistic effort was made to restore to this generation the spirit of Pageantry and Festival for which ancient Ireland was **femous.** The old Gaelic word TOSTAL has in one short year assumed international significance.

This is in itself a challenge to the people of Ireland. The full meaning and scope of the term TOSTAL must continue to be developed as a reality.

Toursm is one of our greatest export industries, bringing, 28 it does, over twenty-five million pounds into the country every year. An Tostal is the most important innovation in tourist traffic promotion to Ireland in recent times. Tourism is everybody's business; the Tourist is everybody's guest

Our second Tostal is less than six months away It is your project—just as this is your country News of the second Tostal has already gone abroad. Thousands of Irish men and women, at home and abroad, are already working voluntarily for the second Tostal as they did for the first,

The primary purpose of An Tostal is to extend our Tourist season, to make people abroad realise that Ireland in the Springtime can provide one of the finest holidays in the world.

The success of An Tostal depends on the individual citizen to so to YOU Your part in the project includes the keeping alive of that spirit of friendship and national festivity which is the foundation of the idea expressed by TOSTAL

AN TOSTAL is vitally important to the social, cultural and civic life of the country

AN TOSTAL is a first class business proposition for the natio Every week added to our tourist season repri substantial addition to our national income. Thus more employment and increased production,

A tremendous amount has already been achieved by the first Tostal in the social, cultural and civic life of the countryreflecting itself in real improvements throughout the land. The continuation of these improvements, as the years roll on, will result in a better Ireland for the generations to come.

It will take time to achieve the extension of the townst season On those who came in 1953 our first Tóstal made a deep and lasting impression which gave them a wider knowledge and fuller appreciation of pur country

Support your Local Tostal Council and help to make An Tostal the success of which you will be proud.
