a League for junior haring and task as Secretary I wish to say The report of the years working junior football was started to a very special word of thanks presented by the Hon Sec and a League for junior fire and junior football was started to my mind this was a big step in the right direction, for the simple reason that the junior teams in the area have two competitions to look forward to and great credit is due to those responsible for starting it we entered teams in both hurling and football The hurlers gave a good account of themselves having played five games—win ning three and lost two and one more to be played. In the football we failed to field a junior team due to the fact that all our games were played in the corner team due to the fact that all our games were played in the corner of the other memb rs, Mr Captain—Miss May Nugent Cashman and finally the local content of the miss on the field and were beaten by a strong Mollocon team who went is worked of Ceili.—The Cappomake my task an easy one in the sort her served a great such height in the footballers were the first on the field and were beaten by a strong Mollocon team who went is worked of Ceili next Sunday night in the footballers were the first on the strong Mollocon team who went is worked of Ceili next Sunday night in the footballers were the first on the strong Mollocon team who went is worked a great such height in the footballers were the first on the strong Mollocon team who went is worked a great such height in the footballers were the first on the strong Mollocon team who went is worked a great such height in the footballers were the first on the strong Mollocon team who went is worked a great such height in the footballers were the first on the strong Mollocon team who went is the footballers were the first on the strong Mollocon team who went is the footballers were the first on the strong Mollocon team who went is the footballers were the first on the strong Mollocon team who went is the footballers were the first on the strong Mollocon team who went is the footballers were the first on the field and were beaten by a strong Mollocon team who went is the footballers were the first on the field and were beaten by a
