They were stopped at the signpost, and as Killarnev was seemingly their destination they followed the direction and drove away Now the point is that by passing through Dungarvan and regaining the main road to Killarney at Quill's Pike there can be no appreciable difference in distance People who pass through a town very often stop to purchase things, or even stop for a meal If one party of halfa-dozen was sent by-passing Dungarvan by following the direction of an official sign how many more must do the same way you look at it it must mean some loss to the traders of Dun-

If we spend money outside the country to get tourists to visit us we should not want them to the should not want the sho by-pass our towns for the benefit of just a few places. It has therefore been suggested to me and I pass it on that this particular portion of that sign post should be removed

WHERE ARE THE ATHLETES 9

The holding of the County Waterford Athletic Champion-County ships at Cappoquin on Sunday last posed a question as to the dearth of athletes in the County in recent years A re-organi-sation drive is being made at present, I believe but so far I have not heard of the formation of any athletic club in Dungar-van which should be the spearhead of any move to revive the feats of running jumping and weight-throwing in the Decies The Old Boro can boast of champions in boxing swimming hurling and football during recent years, but in the not too distant past it also had its athletic champions who more than held their own with the best talent in the land Where then is the athletic talent of the town now hiding? It must be there somewhere, as it was in the past and it is only a matter

of finding it grooming it and putting it into action I have
