PATRON SUNDAY
Many old-timers of Abbeyside and Dungarvan were heard to say on Sunday last what a pity it was that there was no boat races, sports of amusement to mark the annual Pattern Day at Abbeyside. In years past Pattern Sunday was always looked forward to by all residents of the Village, but alas with the exception of the hurling game at the Gaelic Field, Dungarvan, in which the Abbeyside lads were engaged there was nothing else to mark the passing of Abbeyside's one-time big day.

Well that's the way all the old customs seem to be left die out in this modern age of hustle and bustle and more's the pity.

LAST SUNDAY'S HURLING
The match between Mount Slon and Abbeyside in the senior hurling championship final brought a very big crowd of Gaelic enthusiasts to the Dungarvan Gaelic Field on Sunday last. The "gate" was £284 16s 9d.

The stewarding showed a big improvement on previous games and with the field wired off it proved very successful. If the hurling could be held all around the side-line (which we presume will be done in the near future) it would be the only cure for encroachments on the pitch.

The match itself was disappointing as Mount Slon won by a big score—7-4 to 3-2. Nevertheless there was very good hurling at times. Both teams gave of their best, but the experience, field craft and combination of the Monastery men played havoc with the Village team. We all expected Abbeyside to give a better display and the result of the game created an anti-climax in the Village.

I congratulate Mount Slon on their grand display and I must congratulate Abbeyside on the way they were good losers. They are a young and up-and-coming team and they will be a bigger and better force to reckon with in the 1955 championships. Remember the old adage—'Sweet are the uses of adversity'.

I have been asked by Very Rev. S. J. R. Callaghan, Castle Dublin, to publish the following in my column this week—

NEWS FROM ENGLAND
The Cardinal, Archbishops and Bishops of England have lately had a word of praise for Ireland. They have issued a statement with these words—

From our sister country of Ireland, to which we owe so great a debt for its part in the growth of the Church in this country, there is a constant flow of emigrants. We recall with gratitude the help of priests from Ireland who have come here to give the missions to the Irish emigrants. We warmly commend the missions.

The Irish missionaries are returning to England on September 14th for their usual autumn campaign. This year it will be in the counties of Nottingham, Derby and Leicester with one mission in London at Dagenham, Leicester and Dagenham where are the Ford motor works from Cork are strong Irish centres. The missionaries are Fathers Erraught Hogan, Nash Prendergast, Shell and Stevenson, who are all well known in Ireland. Their missions will be—

At LEICESTER in St. Peter's from September 12th to 26th and at the Sacred Heart from November 28th to December 12th.

At NOTTINGHAM in St. Augustines from October 3rd to 17th and at St. Patricks from November 28th to December 12th.

At NOTTINGHAMSHIRE at NEWARK from October 17th to 31st and at CHESTERFIELD from October 24th to November 7th.

At DERBY in St. Mary's from October 31st to November 14th.

THE ROAD BY THE RIVER

Sure, I've walked along Broadway I've been down the Strand And I've seen the great high ways in every land But in all the big cities the like of this road by the river that flows by Raheen

Sure 'tis hallowed by memories of days that are gone, Though there's been many changes as time marches on Since I walked hand in hand with my darling colleen On the road to the river that flows by Raheen

I can see myself now as a gossamer of four, Looking over at mid-day, the creaky half-door. For to see the sun shine on the valley so green, On the road by the river that flows through Raheen

I had only one brother, a gay lad and a droll— He was killed in an ambush, Ah! God rest his soul. On the spot where he fell, a white cross can be seen. On the road by the river that flows by Raheen

I recall when I started in strange lands to roam— Sure 'tis little I thought I'd miss my old home, Miss the old folks, the village, the valley so green, And the road by the river that flows by Raheen

After that the returnin', expectin', The old familiar scenes as they lived in my mind, All forgettin' the years that had passed since I'd seen The old road by the river that flowed through Raheen

Rows and rows of new houses are built on the green, And a Cinema stands where me cottage had been. Oh the river was there but no trace could be seen. Of the road by the river that flowed through Raheen!

Death of Mr. Michael Clancy, P.C., Mitchel Terrace, Dungarvan.
Regretted Passing of Popular and Respected Townsman

It is with regret we chronicle the death of Mr. Michael Clancy P.C., Mitchel Terrace, Dungarvan, which occurred at the District Hospital, Dungarvan, in the early hours of Saturday morning last August 28th to the inexpressible grief of his wife, sons, daughter, relative and friends.

The late Mr. Clancy was well and popularly known in Dungarvan and district where he held the love and respect of all those who had the pleasure of knowing him. He was most active in the affairs of his native town and as a founder member of the Dungarvan Brass and Reed Band and subsequently as a playing member he always gave of his best to see the town band was always to the fore. He took charge of the band some years ago following the death of Mr. McHugh, Bandmaster and since then he acted as Bandmaster himself and always had the band in concert pitch for any occasion when it was required.

It was a very nice tribute to see the band head the funeral cortege from the District Hospital to St. Mary's Church on Saturday evening and again on Sunday morning at the burial. The late Mr. Clancy was a valued member of Dungarvan Urban District Council for a number of years and was also a member of the County Vocational Education Committee. In his capacity as a representative of the people in both capacities he fulfilled his duties conscientiously and loyally and his wide experience of many matters proved him a man of sound judgment and business acumen. He was also Treasurer of the Waterford Constituency Executive Fine Gael.

He carried on a very successful wheelwright, carpentry and joinery works at the corner of Mitchel Street and Keating Street, where he proved his skill as an expert at his business. He will be sadly missed by all his friends and acquaintances and his passing has removed a gentleman in every sense of the word.

His remains were removed to St. Mary's Church on Saturday evening and the coffin was received and blessed by Rev. Fr. Farrell C.C., assisted by Ven. Canon J. O'Donnell, V.F., and Rev. Fr. Murphy, C.C. The sad cortege was headed by the Dungarvan Brass and Reed Band playing the "Dead March From Saul" by Handel. The cortege was followed by Scouts (representing the Scouts Pipers Band) formed a guard of honour.

The interment took place on Sunday morning in the presence of a large and representative gathering and came from all parts of the town and county to pay their last respects to a man who rendered aid and man a service good and true.

G.A.A. MOUNT SION TO MEET ERIN'S OWN IN FINAL

Too Experienced For Abbeyside

Mount Sion Abbeyside 7-4

What was expected to be one of the best games of the season fell below expectations, when at the Dungarvan Gaelic Field, on Sunday last Mount Sion met Erin's Own in a thrilling Abbeyside in the County Senior hurling Semi-final

Whilst not many expected an Abbeyside victory it was thought that they would run the champions close in a thrilling half game but once the city team drew level in the 3rd minute and forged ahead there was no stopping them, and they kept up a barrage of scores with the result that no time did it look like an Abbeyside victory

The champions deserved their victory but somehow the final score flatters them as their teamwork was much superior to that of the Abbeyside men and it was by this that they flashed in three quick goals in the first half game but Abbeyside never recovered They were the crisper and longer strikers and they beat their opponents to the ball practically all through the hour's play

Reginald Slone goal could not be blamed for any of the shots that passed him in Fanning Wattie Morrissey and Mulcahy he had a staunch full back in the person of O'Connell experience with first time pulling dispelled many a Village attack Grimes played a great game at centre half back and was well assisted by Morrissey Flannely and Healy broke even with P. Whelan and A. Foley at midfield, but the Abbeyside pair had the better of affairs in the second half

The City forwards always noted for their dazzling combination efforts hit it off well and with Keane, Power, Hayden Conlon and Gallagher showing rare form they had the Abbeyside defence badly rattled for the greater part of the game

Abbeyside seemed to have lost all the dash and fire which they showed in their outings and in the first-half especially they played a very mediocre game Their backs were drawn out of position too easily, whilst their forwards could never get going at all

The only men to shine for them was Flynn, who played a tireless game at full-back, Foley, Donal Whelan, J. O'Connor, P. O'Connor and Browne

The Senior game was preceded by a junior football championship game between Geraldines and Cappoquin, the former running out easy victors by 9-1-3 tally in their favour

The Geraldines had a Slabh gCua in the Lismore group final in the near future the winners of which meet Ballinacorney in the Western Final

The Play The hurling game started off on a lively note, and immediately the ball was thrown in Abbeyside were away and Donal Whelan, who played especially well, sent in a sizzling low shot which beat Reginald Slone

Mount Sion goal all ends up Mount Sion came back quickly and in the 10th minute of this half, when Power goalied for them from almost the corner flag

Mount Sion kept on the offensive repeatedly until the half-time whistle

The Abbeyside back line stood up to the hard going for the first few minutes, with Austin Flynn, McGovern and Colender saving dangerous situations, but they could not hold out for long

Under the constant pressure of the City men, and Keane and Power, had goals for the winners to which Abbeyside replied in a minute or so

Whelan off for once

The Monastery men retaliated to this score with a goal per Power and the same player quickly followed up with two more, to leave the score 3-2 to J. O'Connor in favour

G.A.A. FOOTBALL

DUNGARVAN DEFEAT TOURIN IN SENIOR FOOTBALL CHAMPIONSHIP GAME

Dungarvan, 2-8, Tourin, 1-2

At the Sportsfield Cappoquin on Sunday last, Dungarvan and Tourin senior footballers met in their Championship tie

The game was very disappointing and scientific football was ruled out due to rough play and frequent fouls

Play during the first half was fairly even with Dungarvan ahead At the half-hour interval, the referee had occasion to warn the players

This did not seem to have the desired effect as after 15 minutes of play in the second half a Tourin player was sent to the line for assaulting two Dungarvan players and abusing the referee

The exchanges in this half again favoured Dungarvan and although the Tourin men tried hard for scores they failed to break through the Dungarvan defence and had to be content with a score of 2

Dungarvan on the other hand showed superior fielding and better combination and scored 2-8 to leave them winners by 9 points

Joe Conway, Secretary Cappoquin Club who refereed, had a very hard task set himself and kept the game going

SOME SIDELIGHTS ON IRISH LOCAL GOVERNMENT

(By "KNOCKNAGOW")

INTENDED by Gerald Bolger, its pioneer as a substitute for Home Rule, the Local Government Act of 1898 gave Irishmen opportunities for training in the science and art of government and thus opened public life to many able administrators who later in the national parliament proved an acquisition to the country

They acquired an intimate knowledge of local affairs, the business procedure of the powers and limitations of representatives and developed a sense of responsibility as well as a living interest in the public affairs of the country

Local bodies in the past provided ample opportunities for the selection and training of national leaders and administrators But it seems no longer so

DEMOCRACY AND DICTATORSHIP In the things that most matter, appointments and control of finance control have been concentrated in the County Manager who some aver is himself but a puppet on the leading string of some clerk in the Custom House, who in turn is put in the hands of a strong Minister the controller of a weak one Bureaucracy is thus in the ascendant

County Managers as a body are able active honest men but unfortunally they are not unfortunally dictators if not tyrants of the best of us Such power paves the path for a dictatorship for it leads to ignoring when not to the detriment of the even the considered and helpful view of democratically selected representatives, whose mistakes are made in the open and not as veiled prophecies behind the scenes of a hush-hush and the secrecy shielding bigger blunders than Councils ever made In their sphere, Managers are useful but not as dictators

THE DUBLINISATION OF THE ADMINISTRATION Representative men are permitted to discuss to let off steam but it all ends in the question of the manager, even some counties dictators to the press in their absence Realising their impotence except in debate many men of ability steer clear of the local bodies regarding attendance without responsibility as so much waste of valuable time without advantage to the community giving the semblance of democracy and local authority to a disguised centralised dictatorship Like the country the whole administration has been not merely urbanised but Dublinised to the land's undoing, as to its own undoing it connotes its being built on the banks of the Liffey No office can be filled no expenditure incurred without the sanction of the satellites of some city clerk

The question of efficiency and economy of the city clerks or local men personally and vitally interested are the more concerned with the judicious expenditure of public money with prompt performance of essential works at proper prices

HOME RULE WITHIN THE LIMITS OF EFFICIENCY As to appointments, none but highly efficient and efficient men should be selected But subject to this there should be home rule For specific positions a panel should be compiled of all duly qualified and only the applications of those on such panel should be entertained From the list of applicants (say) three names in the order of merit with a complete record of their qualifications should be sent to the Councils in a sealed envelope to be opened only by the Chairman in presence of the meeting at which selection has to be made Thus no alien or unpopular or inefficient candidate can be foisted on the Council

It is a question of efficiency. It is likely to prevail more behind closed door or in open meeting? One would imagine that in this

DUNGARVAN U.D.C.

HOUSES FOR WORKING CLASSES NEEDED. SALE OF COUNCIL HOUSES.

The fortnightly meeting of the Dungarvan Urban District Council was held in the Council Chamber, Town Hall, on last Friday night 27th August.

Present Mr T. A. Kyne, T.D. and subsequently Mr N. Kelly, Vice-Chairman presiding also present were Messrs T. McCarthy, Lee, Senator J. Butler, R. Walsh, M. Keane.

Mr E. Deery, Town Clerk, was in attendance. The offer to the six tenants of houses at Dungarvan Park and Jacknell Street to purchase their own interest in the houses concerned was discussed at length.

The Clerk said that he had received five replies from the tenants agreeing to purchase but there was still one tenant who did not reply.

It was decided before taking any action on the matter to refer the reply from the sixth tenant to the Council.

Sale of Council Houses. With reference to the above scheme the Council after some discussion adopted the scheme on the proposal of Mr Kyne.

Mr Kyne suggested that a large derelict site of approximately three acres at Boheremore be acquired by the Council for the purpose of building houses for the working classes.

The Town Clerk informed the meeting that he had written to the owner of the land with a view to purchasing it. An acknowledgment of the letter was received stating that the matter would be considered, but nothing further had been heard from the owner.

Mr Kyne stated that the Council should use the powers vested in them to acquire land for building houses that the working class could afford.

ARDMORE GOSSIP

Back Again at his farm business and accompanied by the best wishes and sincere greetings of his comrades and pals, is Mr Patrick Foley, of Paddy's Farm, Ardmore, who is the whole area. Paddy is a staunch member of our local Round Tower football team.

About a year ago when playing a friendly challenge game, he received a broken leg which necessitated his removal to Dungarvan Hospital, where under the personal care of Dr McCarthy, Surgeon, he came through with flying colours.

Paddy was long in the line of the surgical and nursing staff at the hospital, and as he says himself—"Please God I will be in the very near future able to help the home team again."

Many of the younger holiday-makers of both sexes who were the privileged ones under the Indian Summer skies of last week, were also the willing helpers in the immediate vicinity of the sea.

The matter arose during a discussion on the completion of houses on the Yough Road. Senator Butler—Were all houses under the grants scheme built in accordance with trade union conditions?

Mr Kyne said that he would like to know if all applicants for the grants were people whose houses had been built in accordance with trade union conditions.

The matter will be reported on at the next meeting. Floor To Be Replaced. The application of Mr P. Lyons 47, Congress Villas, to have a floor replaced (estimated cost £17), which was discussed at the last meeting, was again before the Council and following some discussion it was decided to replace the floor at the estimated cost of £17.

The Clerk read a letter from the Anti-Furcation Association to consider the resolution from Roscommon County Council calling on the Minister for Foreign Affairs to ban fur, foreign furs, etc.

The resolution was adopted. Extension of Water Main At Yough Road. The Council next considered the approval of cost of extension of the water main at Yough Road.

After some discussion the extension was approved at an estimated cost of £70. SPECIAL MEETING. Vote Of Sympathy To Relatives Of Late Mr. M. Clancy.

At a special meeting of the Dungarvan Urban District Council on Saturday morning last August 28th Mr N. Kelly, Vice-Chairman presided. Other members present were Messrs M. J. Keane, T. A. Kyne, T. McCarthy and Lee.

The Chairman (Mr Kelly) said that the meeting was called to pass a vote of sympathy to the widow and family of the late Michael Clancy. Mr Kelly said that he was deeply grieved by the death of Mr Clancy and that his life had been associated with the public bodies of Dungarvan and always worked hard for the upliftment of the town.

Mr Kelly then proposed the resolution of sympathy to the widow and family of the late Mr Clancy's work and the great interest he had in his native Dungarvan.

Catholic Scout Notes

Meeting - Competition - On Wednesday last the meeting was held there was to be an Investiture on that night but it had to be postponed.

The meeting was rather short and after roll-call and a check up on test records the Troop was dismissed.

At the COH the Farrell Cup team were discussed. The following are the team picked by the COH Scouts: P. Fintan Straine, Paddy-Duggan, M. Phelan, J. Cullinane, O. Clancy, M. O'Donnell, P. Browne, G. Kyne.

The competition is to be held in Waterford on Sunday 26th September. We have not received the time-table and other particulars yet. The Troop and band (I hope) will be there to support our team who are in the capable hands of ASM Phelan and at present they are hard at it.

Melvin Trophy - For the past few weeks the Melvin team have been training and waiting for news of the competition. It has now come that the competition is postponed this year (relief for the boys) for reasons not yet given.

This is rather a pity because next year four of our present team will be over age and that will lessen our chances, nevertheless it has saved us a few quid (Cyril's delight).

Band - The Band held practices on Tuesday and Thursday nights and on Sunday morning. The practices were fairly well attended although a few fellows slipped off and the pictures isn't that right, Oliver.

On Sunday evening the band paraded to the Gaelic Field in support of the village team. The band were eighteen in number and some remarked on how good it was. Someone also remarked that "Geoff" should keep his eye on his drum. What that means I'm not sure. Suppose the usual practice will be held on Thursday night at 8 p.m.

General - On Monday Cyril Pete and Co went back to school with much regret. Especially Pete who is enjoying himself a lot lately. Phil "chick" Gray out at 11 am to visit the dentist—it had to be during school hours. Lar says "it's all over next year."

Gerry will now which takes in St. Mary St and the Swimming Pool. Oh and you should have seen them on Friday night. Gerry I will not say anything. No that the Melvin boys in the team have switched back to card games. More interesting than First Aid Aren't they? Paddy. No Fintan does not play but takes a quiet walk down the New Road. You would be surprised what he sees down there. Kieran has been doing much walking lately including two trips to the Ormonde Cinema and it wasn't Hank who accompanied him. The time Hank just takes him out—like a Tug Boat—and loses him. Kieran wrote some very interesting notes but unfortunately some people they never reached the Press.

What's This - (Singing this to "Spinning Wheel" air) - On Thursday night last when we had some fine weather. Came Burke and Hago a-strolling "twogether" in the night. Just at the corner where the light shines so brightly. A man passed nearby at the boys smiling slightly.

Chorus - "Oh, Holy Smokes Hago will you look at who's going?" "Said me in a whisper his steps somewhat slowing." Hago said nothing, though his teeth he was breaking. And he moved to the right—like a chap who was leaving!

(To be continued.) Well now those few lines tell a story—what's that Hago?

NOTICE TO ALL FARMERS

To secure the best prices for your wheat from the 1954 Harvest

- 1 Farmers using combine harvesters should not cut their Wheat until at least 10-14 days after it appears to be ripe as it does not mature as in the stook. Cutting of the Wheat too early in the morning or too late in the evening or after showers must be avoided. The use of combine harvesters without effective screens must be avoided, as badly-screened Wheat involves serious loss and delay in handling.
- 2 To avoid shortage, the issue of sacks must be strictly limited and growers must return immediately any sacks not required for Wheat.
- 3 Sacks of Wheat must not be left scattered over the fields but placed at a suitable point adjacent to a road and easily accessible to lorries. Wheat awaiting collection must be adequately protected.

ELECTRICITY SUPPLY BOARD ANNUAL REPORT 1953-54

The number of units generated by the Electricity Supply Board last year increased by 131 million compared with the previous year and brought the total to 1,292 million units a growth of 13 per cent. The 27th Annual Report of the Board states that while the rainfall and inflow to the storage lakes were somewhat below average they were more favourable than in the preceding year. The source of generation now are water, peat, coal and oil. The output from the hydro stations was 533 million units and from the thermal stations 759 million. The output from the Fortarrington and Alloway stations was again very satisfactory through the availability of large quantities of peat.

The report states that the generating plant in commission and under construction is adequate to meet all demands. The total capacity of the generating plant in commission was 332 MW. The extension to the oil-fired station at North Wall Dublin which added 32 MW to the system was completed. The work on the Cork station using oil or pulverised fuel had proceeded to the stage that one of the two 30 MW sets was on test. Work at present proceeding on the stations at Cork, Ringsend, Ferbane, Lanesborough, Clon and the Lee when completed will add 267 MW to the generating capacity.

The sales of electricity developed in accordance with the long-term estimates and in the year produced a revenue of £8,500,000. This was an increase of £900,000 compared with the preceding year. Of this growth, £400,000 came from areas under the Rural Electrification Scheme. The revenue under this scheme is £1,400,000 or approximately 17% of the total revenue. The basis of the two-part tariff for domestic consumers was altered for the purpose of achieving greater uniformity.

Having made full provision for interest, repayment of advances and plant renewal, there was a surplus of £233,209. The summary revenue and expenditure figures are as follows:—

Year ended 31st March, 1954—
Gross Revenue £8,555,420
Working expenses £5,655,820
This surplus has been applied as follows:—Provision for plant renewal £1,227,000 Interest £1,446,494. Repayment of advances £359,117. Leaving as a result of the year's operations a surplus of £233,209.

The profits on merchandise and installation trading increased the surplus to £242,667 and added to this is the balance of £16,745 brought forward in the new Revenue account.

Of the total, £200,000 has been transferred to increase the Contingencies Reserve fund to £700,000, leaving £51,412 to be carried forward to next year.

The established policy in respect of provision for renewal of plant has been followed. The accumulated sum made available towards the replacement of wasting assets at the 31st March, 1954, amounted to £13,313,667 of which £2,271,931 has been utilised to write off the original cost of plant withdrawn from service.

The value of plant brought into commission during the year totalled £7,183,040 as compared with £5,942,720 during the preceding year. The Board's total investment in assets in productive use at the end of the year was £51,069,941.

Since the commencement of the scheme capital subsidies totalling £4,000,000 have been

Motor Racing—Mr Henry Morrough, Tallow's popular racing motorist is again in the news. Entered in the recent Rialto Car Racing at Shelbourne Park, Dublin, he set out for the Capital at an early hour. Misfortune dogged his trail, two punctures, a petrol choke, and a boll over. Racing was due to commence at 3 p.m. and was five minutes to three o'clock when the Tallow entry reached the track. The event was run off in heats, there being over forty cars. Henry Morrough, was drawn in the first heat. With little or no preparation, he faced the starter, and giving No 40 the gas he won the heat. He set up a fine pace in the final and secured third place.

Mr Morrough is Salesman for Messrs O'Brien Bros. Garage Proprietors, Tallow.

We hope to see Mr Morrough's name as winner of some major event in the future.

Great Challenge Game—At the Gaelic Field, Tallow on Tuesday August 24th, the "lads" from Convent Street met the West Street lads in a friendly challenge game. Unfortunately your humble scribble was unable to attend, however, a cheering body of youths accompanied me after the match and to the cries of—Up Convent Street they infamously did. They had beaten the West Street lads sick by a point. What a game it must have been. What about some more street matches that is how we will find out, and bring out the hurling talent of our young lads.

Waiting—It is quite a while now since a Waltzing Competition was held at Tallow. Those Tallow Anglers think of everything. In addition to the many smearing Gents' prizes which will be drawn for on door tickets, they are going to hold a Waltzing Competition at their dance at the Arch Ballroom, on Wednesday night, September 15th. Prizes for winners will be valuable cups. Those who wish to have a lasting souvenir of the gay occasion will be pleased to know that a photographer will be present and secure the advertisement in this issue for full particulars of this grand function on September 15th.

NEWS FROM YOUGHAL

The News Received early this week that the Government had granted a licence to Shannon Group, who were applicants, to provide air transport services in the vicinity of the far end of the town, was, indeed, very welcome. One of the immediate benefits to the town will be the monetary return given as a result of constructional employment. It is believed that at least £10,000 will be spent on the erection of hangars alone, not to mention other subsidiary building jobs and runways. At the outset the airport will be only for private planes but eventually larger passenger planes will have a terminus there.

The inauguration of the air service here will also help greatly in the tourist trade and holiday making business, as passengers can come to our seaside town in quick time and return likewise. One of the first pilots who took off from the air field was our highly esteemed and popular business man, Mr Geo. Perks who had as passenger Mr. Pratt an airport engineer in the Shannon Airport.

In connection with the granting of the licence to Air Charters Ltd., a special word of praise and appreciation is due to members of the U.D.C. who did everything possible to get the licence. The inauguration of the Air Service terminus here should mean a great boon for the beautiful seaside town in the holiday season of 1955.

By the Death at the beginning of this week of Mr Maurice Hallahan of the Monaree area across the river, the general farming community has lost an active member. Even though in retirement from practical activities in the various branches of the business for some time back he, nevertheless, followed the progress of modern farming methods closely and on many important matters his expert advice was always readily forthcoming. There was an unusually large and representative gathering at the residence of the remains from his residence at Springfield on Tuesday evening to Pilltown Church, and subsequent to the 10.30 Requiem Mass on Wednesday in the presence of a large congregation the interment took place in the adjoining cemetery. Through this issue of the Leader we wish to tender the heartfelt and sincere sympathy of our readers—R.I.P.

Mrs Margaret Mary Cronin widow of the late Michael Cronin who died on last Saturday 28th inst at her residence in North Abbey was like her late husband a very long and distinguished member here, and such was proved by the large and representative concourse which accompanied the remains from her residence to the interment in North Abbey on Monday 29th inst. To her sons and daughter we wish to extend deep and sincere sympathy.

During the End of the Past Week I had the pleasure of an interview with two very prominent business men of the town. One was Mr Jack Brooks our popular sporting enthusiast and Managing Director of the well known firm of Messrs Paisleys Ltd. The other young man, rather new to our town was Mr Gordon Good son of the late Mr D. Good Dungarway and nephew of the general proprietor of the large drapery establishment of Messrs Merricks & Co. Mr Good told me he gives his whole time to the Dungarvan end of the business and break now and again to Youghal enables him to make many new business and sporting friends. From this pleasant interview with the two aforesaid young men I learned of their mutual satisfaction in that their business is expanding. The courtesy and civility of these two young men is a trait very prominent in a member of their staff both indoor and outdoor.

HORSES AND JOCKEYS
By ANDY FOX

No 10

While looking over some old newspapers recently, I came across a cutting relating to a Hunt Point-to-Point at Killeagh. I will quote it—

"A WONDERFUL RECOVERY"
In a very long experience of racing, the writer has never seen a more marvellous recovery on the part of a rider than that of Mr F. O'Brien, on 'Prince Nalady' in the Confined Maiden Race. How he managed to get into the saddle after being thrown on to the horse's head at the last fence, was really an astounding combination of horsemanship and acrobatics. It was the sort of thing that one might expect to see a cowboy doing at a rodeo. The horse seemed to keep stumbling after he had been on his knees for ever so long. For the O'Brien to recover his seat was astonishing enough, but to actually get his mount and himself balanced in time to come and win the race was the crowning feat of the performance. B. Sheehan, who owns 'Prince Nalady' is one of the most popular farmers in the United Hunt district and his friends were very pleased that he won, but were under no delusions as to who to thank for the victory. On Mr W. Dwyer's 'New Prospect', Mr Collins Montgomery put in some strong work at the finish and just pipped Lieut P. Cotter's 'Park Bridge' for second place.
