THE SONG THAT REACHED MY HEART
 I sat 'midst a mighty throng
 Within a palace grand,
 In a city far beyond the sea,
 In a distant foreign land
 I listened to the grandest strain
 My ear had ever heard
 Enraptured charmed, amazed I was
 My inmost soul was stirred
 I looked on the singer fair
 My heart was at her feet
 She sang of love, the old, old theme,
 In accents low and sweet
 And then she sang a song
 That made the tear-drops start
 She sang a song—a song of home,
 A song that reached my heart!
 That night I shall never forget,
 That night with its pleasure and
 Its pain, the singer, I think of
 I think of the singer, I think of
 And I wish I could live it again,
 In fancy again I recall
 The scene with its splendour
 Its brightness, its splendour
 The mighty throng, the palace
 grand,
 Oh the memory of that night
 How fancy it may have been
 But my heart is glad
 A song that thrilled me e'er like
 this
 Like this so strangely stirred
 The memories of that night of
 bliss
 Will never from me part
 She sang a song of "Home Sweet
 Home"
 The song that reached my heart
 "Home Home sweet sweet
 Home"
 She sang a song of "Home
 sweet Home"
 The song that reached my heart

Dairymen Who "Gave Away" Milk Fined For Short Measure

The road in question is a dusty and consequently a thirsty one. It is situated on elevated ground and a wild north-west wind carries over it at this season. But there are, or were, dairymen in the neighbourhood, especially among the dairymen among the charitable souls was one who used to give, or so he assured the magistrate, away a pint of fresh milk but not quite to any man wanting a drink if he came in. Unfortunately, this kind soul not only gave away milk but sold milk and the Inspector did not exact like the look of his pint measure. Being of an inquisitive turn of mind he tested it, and found it wanting a whole glass, which is rather a considerable deficiency. It was cruel of the magistrate to disregard the benevolent milkman's explanation. Vainly the owner of the mug or measure declared that he only used the vessel to give away twopence-worth of milk to poor fellows who when thirsty dropped in. He was fined 40/- and his vessel was confiscated. The Irish Times of April 29th, 1874 however if the dairyman's intentions were as good as he claimed they were, he could have continued to be as charitable as ever but making sure he gave away his milk out of an honest measure. Better still, and to avoid any misunderstanding, he could have had a constant supply that was his own milk, ready for thirsty callers. That would have been appreciated even more than the milk alone, as one can imagine when it is remembered that those famous blends of Musgrave Tea have retained and increased their popularity all over the south of Ireland up to the present day.

MUSGRAVE TEA
 FAMOUS FOR ALMOST A CENTURY

INTERESTING GUIDE BOOKS
 An Bord Fáilte have just published three very interesting Guide Books, covering Counties Waterford, Kilkenny and Kildare.

The County Waterford Guide which runs to 84 pages has a big number of excellent photographs of the principal beauty spots and places of interest in the County and City which in descriptive particulars of the various towns and districts show that it was not hastily prepared as has been the case so often in this regard in the past.

Did you know that coins minted in Waterford were once legal tender in England, that one of the quarries in County Kilkenny is virtually a fossilised forest or that there was horse-racing on the Curragh as early as the ninth century? These and many other interesting facts are given in the Guides which are printed so as to fit comfortably into the pocket.

There are large scale maps of the important towns in each and each of the Guides are at the County Waterford Guide costs 1/-, while the other two

ST. AUGUSTINE'S COLLEGE PAST PUPILS UNION

Past Pupils of St. Augustine's College, Dungarvan, from many parts of Ireland, and from the Mission-fields in Africa and Australia, came together for the Third Annual Re-Union of the College on Sunday April 17th in its opening address of welcome, Very Rev. C. N. McCarthy, O.S.A. expressed his deep appreciation of the loyalty and devotedness to their old school which had brought such a large number of past pupils back again, many of them from very great distances and at considerable inconvenience. Their presence evoked memories of the past and gave hope and encouragement for the future. Quoting the Encyclical Letter of Pope Pius XI on Education, There can be no complete and final education other than that which is called Christian Education. Fr. McCarthy continued "It was that system of education implanted in your youthful minds, many years ago, that has made some of you helped to make you what you are today. It is that education which brings you back today to show your appreciation and your loyalty to your Alma Mater."

Monsignor Dalton went on to give a most absorbing and stirring account of the past, from the slow beginnings, the first tentative contacts, the rebuffs and disappointments and the final success beyond all hopes of the Irish Augustinian Mission in Northern Nigeria. He paid a sincere tribute to the unflinching generosity of the Irish people to Catholic Missions, emphasising the fact that Ireland was, thanks to the Faith of her people, one of the truly great powers in the world today.

A vote of thanks to the Rt. Rev. Speaker was proposed by Fr. McCarthy and seconded by Dr. John Kieley. Both of whom paid sincere tributes to the work being done by their old school-fellows on the Mission-field.

The dinner which followed was a delightful pleasant function, and the members of the Union stowing on him the honour of being President of the Union in its first two years he said that he considered that the time had come for a change and he, therefore, was not standing for re-election.

Many tributes were paid to the dignified and gracious manner in which Dr. Kieley had fulfilled his term as President after which the election of officers was held.

President—Mr. C. Murphy, M.Sc., *Business Manager of Minister.*
 Vice-Presidents—Right Rev. Monsignor P. A. Dalton, Prefect Apostolic of Yola and Apostolic Administrator of Maidguri; T. Croft, T. Moloney.
 Hon. Secretaries—T. T. McCarthy and T. Moloney.
 Hon. Treasurer—Mr. M. H. O'Keefe, J. O'Keefe, J. O'Keefe, E. Spratt, R. Russell, M. Egan.

Following the election, a lively discussion developed on ways and means of getting more and more past pupils into the Union and providing a variety of interests for them at future Re-Unions.

After a break for informal exchange of anecdotes and reminiscences among the various age-groups the meeting re-assembled to hear an interesting and stimulating talk on African Mission life by one of their colleagues, the Right Rev. Monsignor Dalton, O.S.A., Prefect Apostolic of Yola and Apostolic Administrator of Maidguri.

Mons Dalton was introduced by Very Rev. Fr. T. Cooney, Provincial in the absence of Very Rev. Fr. Duffner who is at present in Brisbane, Australia, attending the second Chapter of the recently-formed Province of Australia, and in the course of his address said:

"Ireland is not a great power in the worldly sense, thank God for it has been abundantly clear from recently-published documents that great political power in the world today can be synonymous with Irish imperialism, greed, 'What', St. Augustine's challenge, 'are great kingdoms without justice but pirate bands'. But Ireland is indeed a great power by the better standards of spiritual values. Her sons and daughters are building and extending an Empire which is bringing a return not of taxes and tributes to her conqueror nor of subject peoples to be bent to her material interests, but of men and women admitted to citizenship of the City of God and of peoples rescued from idolatry into the Life that is Light."

Insofar as that education alone is genuine and worthy of the name which prepares a man fully for the journey of life, I and that our old school has fulfilled her function excellently and admirably. The one distinctive thing I carried with me from Dungarvan was the spirit of loyalty which I found in the college before I went to Africa, I knew that spirit was enough to carry me through the problems and difficulties of the battle of life to the end of the earth.

As it was, I found myself in Africa, among the first tiny group of three Irish Augustinians who went forth to put into execution the courageous and generous undertaking of the Province of that time, our Vicar-General, Very Rev. Fr. T. Cooney, O.S.A., to evangelise a primitive tract of African territory more extensive than Ireland. One of the things I am happy to remember is that I was led on to

Waterford County Council Rate Increase of 1/5d. Adopted

HIGHER WAGES FOR ROAD WORKERS

Appointment Of Clerks Discussed

Waterford County Council held their Estimates Meeting in Dungarvan on Tuesday last. Mr. M. Morrissey, Chairman, presiding. Also present were Messrs T. Kyne, T. D. W. Fitzgerald, J. Fahey, E. Power, D. Leahy, W. Walsh, M. McGrath, J. Quirk, T. Morrissey, M. Hart, S. Ormonde, T. D. N. Kelly, Senator J. Butler, T. Power, W. Kenneally, T. L. Morrissey, R. Barron, F. Roche and P. Butler.

Messrs S. J. Moynihan, Co. Manager, D. Sheedy, County Engineer, J. Ormonde, Chief Assistant, Dr. M. Boyle, Co. Accountant, T. G. Dowling, Co. Secretary, were in attendance.

Reply To Dungarvan UDC Chairman
 Arising from the minutes, Mr. D. Leahy was given permission to refer to a statement made at a recent meeting of Dungarvan Urban Council by Mr. T. Lannen, Chairman concerning the purchase of Priory House, Dungarvan.

The Chairman of the Urban Council said Mr. Leahy, stated that he lived too far away from Dungarvan to know what the intentions of the people of Dungarvan were, but the Chairman seemed to forget that the property is for a County Health Clinic and Dispensary and therefore will not be exclusive to the people of Dungarvan. This being so I thought that being a member of the County Council, I was perfectly entitled to have a say in the matter. Mr. Walsh—You certainly were.

Mr. Leahy—If the Chairman of the Urban Council wants to have a say in the public health affairs of the County, he has a right opportunity of standing for election on the 28th June.

Estimates for 1953-54
 Dealing with estimates for works other than roads submitted by the County Engineer, Senator Butler, referring to an item of £3,200 for the repair and maintenance of Courthouses at Waterford, Kilmacomas, and Dungarvan, the County Offices at Dungarvan, said that it was a lot of money. The Secretary said that the amount was down £800 on last year.

The County Manager said that it included the cost of fuel lighting, heating, caretaking, etc. Senator Butler said that he thought the amount could be reduced by the health services.

The County Surveyor said that during the last 12 months the actual expenditure on these items had been £2,515 and there had been no roof or serious repairs in that time. He added that the electrical wires in a number of the Council's offices would have to be renewed this year and, roofs repaired and that was the reason that the sum of £3,200 had been put in. Senator Butler said that he was not convinced by what the County Engineer said, and he thought the work could be done for £2,000.

Mr. L. Morrissey supported this point.

The County Manager said that the reduction suggested was a bit on the steep side.

Finally, the Council unanimously agreed to cut £700 off the amount to bring it down to £2,500.

Arising from the same proposals further cuts amounting to £368 were made in estimates for works at Tramore, bringing the total reduction under these heads to £1,068 or approximately 1/5d in the £.

Higher Wages For Road Workers
 Arising from two motions, the first in the name of Mr. Fahey requesting an increase of 5/- per week in the wages of road workers and the second from the AT & GWU requesting an increase of 12/6 per week, the Council after a short discussion decided on the suggestion of Deputy Kyne to agree on an increase of 7/6 per week to be granted as from the 1st April. This will bring the new rate for road workers to 24/15 6d per week.

The County Manager stated that in anticipation of an increase being granted a sum of £2,600 had been included in the estimate and the additional amount would mean an increase of 3d in the £.

With the penny reduced from the County Engineer's proposal shown in the estimate, the anticipated net reductions and savings on Housing and Sanitary Services, are now more than sufficient to offset the increases shown in Roads, General Purposes, and Mental Hospital Services. Taking a broad general view the increase in the Rates is more than fully accounted for by the Demand for Health and Assistance Services.

The following are particulars of the principal factors contributing to the increases and decreases as compared with 1951/52:

TOWER AMUSEMENTS

1955 — Roads The net amount to be levied shows an increase of £8,917. This includes increased provisions of £7,800 for road workers' wages, salaries (less Road Bonus recoupment) £805. Superannuation £800. Workmen's Compensation £2,000 (due to anticipated increase in the rate of compensation payable if the Workmen's Compensation Bill becomes law). When allowance is made for increased Road Fund Grants and other minor items including £275 provided last year as an additional allocation for road works the net increase is £8,917 equivalent to a Rate of 7/6 2/3.

Health and Public Assistance
 As explained above a precise comparison of the respective amounts for Health and Assistance Services cannot readily be made, owing to the altered form of Statutory Demand now in force. The amounts demanded by the Board of Assistance are as follows:—

For Assistance Services—£37,939
 For Health Services—£149,576
 Total £187,515

To this must be added the net expenditure on existing and new health services—£91,730. Total for Health and Assistance—£279,245.

After crediting receipts and Health Grant Receipts the amounts to be levied are as follows:—

For Assistance Services—£33,451 (2/5 6/7)
 For Health Services—£118,976 (8/9 5/2)

Total 1/3 2/29d.

In 1954/55 the total for Assistance and Health Services as levied was—£10,169d. Increase for 1955/56—2/5 6/6d.

In the Council's Health Estimates the following are the principal increases:—

Free Milk and Milk for mothers and children—£4,000
 Maternity Cash Grants—£1,400
 Tuberculosis Expenses (General)—£1,300
 Disabled Persons Allowances—£10,000
 Dental Ophthalmic and Aural Services—£200
 Salaries (including additional Dental Officers)—£5,500
 Travelling Expenses—£400
 The Consolidated Health Grant for Health Services administered by the Board of Assistance and by the County Council shows an increase of £20,160 being proportionate to the increased cost of the Health Services.

The expenditure on maintenance of Ardkeen Chest Hospital

WATERFORD COUNTY COUNCIL (Continued From Page One)

is in my opinion untenable in view of the settled policy for the abolition of separate Sanitary Districts. It is estimated that the charges for the Maintenance alone of Water Supplies, apart from the heavy loan charges is £2,563, or nearly three times the amounts produced by water rents.

This year Sanitary Services, Water and Sewerage involve an expenditure out of the rates of £210,000. The County Council has 2,500 consumers having piped supplies is about 2,500. It will be appreciated therefore that a substantial majority of the ratepayers (there are about 18,000 separate ratepayers) do not enjoy the benefits of public piped water or water borne sewerage disposal and bearing and have for many years borne a heavy burden on the Sanitary Services account, and it is only fair that they should be given the measure of relief which the imposition of the not unreasonable new scale of water charges would provide.

I have instructed the County Council to make a special meeting "Water Rents" on the Agenda for the Estimates Meeting, as I intend to discuss the matter in all its aspects with the Council. I consider that having regard to the manner in which the Council's proposal to increase the water rents has been received in some cases, the Council would be justified in requesting the Minister for Local Government to make an order under the Statutory Provisions (Sanitary Services) Act 1948 to provide for the levying of the cost of public water supplies over the areas in which the services are provided.

The remaining items in the account do not call for special comment, and the rate required to meet the balance is a reduction of 1/11d. Housing—Total Expenditure is estimated at £20,262, a reduction of £235. The principal item to which I direct attention is a reduction of £1,000 in the revenue provision for cottage repairs as it is anticipated that the funds in the Cottage Repair Loan account will be adequate to meet the cost of repairs during the next 12 months. The Council has provided a sum of £500 to meet incidental items such as provision of ranges and other small items which would not be properly chargeable to Cottage Repairs.

General Purposes—Gross Expenditure at £123,433 represents an increase of £7,070 compared with last year after deducting the proportion chargeable to the Dungarvan Urban District Council and allowing for some variations in the receipts the increase in the levy is £9,950. Under the following headings—Committees of Agriculture (290) County Libraries (£414) due to provision of £470 for internal adaptation of premises to provide additional financial positions and savings on other items, Local Authorities (Works) Act (£2,000—recoupable) Fire Brigade (£20), Piers Harbours (£150) Repairs to Donerale Walk (Tramway) (£40), Road and Bridges (£40) and Welfare (£250) Mills and Dairies Acts (£150) Printing and Stationery (£200) and Fire Brigade Loans (£325) Reductions also arise in respect of non-recurrent items provided last year. Road Signs (Tramway) (£50) Repairs to Slip at Tramway (£200), Wharf at Ferry Point (£275), Dunabrinat Harbour (£250).

Under the heading of Receipts, there are increases in Civil Defence recoupment (£45), Local Authorities (Works) Act (£2,000), Diseases of Animals Recoupment (£131), Fisheries Act re-

CLEAN WOOL means A Better Market Tar, pitch or paint should not be used for branding sheep Suitable branding fluids for this purpose are on sale throughout the country. FARMERS AND WOOL MERCHANTS ARE REMINDED THAT THE CLEAN WOOL ACT 1947— Prohibits - the branding of sheep with any substance containing tar, pitch or paint that cannot be removed by scouring.
