AN EXCELLENT RESPONSE

The medical officers and personnel of the Cork Blood Transfusion Service which visited Dungarvan on last Thursday night, were very pleased by the excellent response to their appeal for blood donors. Over 200 women and men turned up to donate a pint of blood each to the bank. I mentioned the ladies first not just because I want to display good manners but to stress the fact that the women far out-distanced the men in numbers. Women are ordinarily shy and regarded as the frailer sex and the fact that they turned up in such force shows their greater realization of the service which they are giving. The service gives in saving so many lives by having available, on demand, blood for transfusions to patients in need of such treatment.

Now that our men folk have read this perhaps they will be evened up when the service will again go into business on tonight (Thursday) in the same place—St. Augustine's College Hall. It only takes a short time there are no after effects but one certainly gets the grand feeling of really having done a good deed. Remember how true the slogan of the Blood Transfusion Service is—'A Blood Donor is a Life Saver'.

BLITHE SPIRIT TONIGHT

On the invitation of the Dungarvan Dramatic Club I will attend their 29th production 'Blithe Spirit' at the Friary Hall tonight and I will tell you all about it in next week's issue. Why not go there yourself and we can compare notes next week. The production also goes on tomorrow night (Friday) and again on Sunday night.

BALLYDUFF NOTES

Sympathy—We extend sincere sympathy to Mrs M. Tobin and Mrs P. Daly Ballyduff on the death of their brother Right Rev. Monsignor Kieley who died recently in Minnesota USA. Congratulations are extended to Mrs M. Higgins Ballyduff on the success of his good greyhound 'Fairy Thrills' at the recent Glanworth Coursing Meeting. 'Fairy Thrills' was entered in the Aibhille Stake and won it outright, beating Mr S. Hewitts' Glonoshen Moonlight. This is Mr Higgins' second success this season and we wish him many more successes in the future.

Sympathy—We wish to express our deepest sympathy to the family and relatives of the late Mrs P. Roche (nee Feeney) Kilcromet, late of Barranville, Ballyduff whose recent death occurred on Sunday Jan 15th, in a Cork Hospital.

COUNCIL TO DECIDE AT NEXT MEETING

Mr M. Morrissey Chairman presided at a special meeting of Waterford County Council, held in Dungarvan on Monday last. Present were—Messrs R. Keane, J. Power, W. Kenneally, G. D. H. Dowd, K. O'Flynn, S. Ormond, T. D. N. Walsh, W. Lynch, M. Harty, J. Flynn, S. Dower, M. Foran, C. Curran, T. Kyne, T. D. Lannen.

In attendance were Messrs S. J. Moyinhan, County Manager, D. Sheehy, County Engineer, and J. G. Dowling, County Secretary.

By Roads In Scandalous State—When the Secretary told Mr Walsh that no information as to road grants for the coming year had yet been received from the Department Mr Walsh suggested that the Council defer consideration of the Provisional Road Works Scheme until the County Manager urged the Council to deal with the scheme on the basis that the grants would be the same as last year otherwise the preparation of the estimates which would be out by the end of March would be held up.

The Chairman told Deputy Kenneally that the amount spent on roads from rates last year was roughly £122,000. Mr Foran said that they should cut down on the expenditure on their main roads and divert the money to repairing their secondary roads.

County Manager—If you could that you will lose the 40 per cent. grant on main roads. Mr Foran—We should ask the Minister to divert that grant towards the secondary roads.

Deputy Kenneally said that the Minister had no legal right to do that. Mr Foran said that they should send a deputation to the Minister on the matter as it was not fair to be letting the county roads get into the scandalous condition they were in.

Mr Keane supported this statement. Mr Curran said that they had reached the stage where they would have to make a stand on this question of repairs to their by-roads some of which were in a scandalous state and had to be used by the people who were the mainstay of the country. It is a national problem, he said.

Deputy Kenneally said that they would have to be fair and held that the Council was spending a big proportion of the money allocated from the rates on county road repairs.

The Engineer said that last year £34,000 came from the rates for main roads, and £21,000 for county roads.

Mr Quirk said that in his opinion side-cleaning on main roads need not be done every year, and the money saved on this could be turned to repairs on the by-roads.

Mr Dowd said that what they should do was to put up a case for increased grants for county roads on the basis of increased wages and cost of materials.

Mr Harty said that straightening bends on main roads was just squandering money. Widening the roads so that cars could scorch along at 80 m.p.h. was not making the roads one bit safer, he said.

Deputy Ormond then proposed that the Council base their roads estimate on the same grants as last year with a provision for a wage increase to the road workers.

The proposal was seconded by Deputy Kyne. On a show of hands the proposal was carried by 10 votes to 6.

A resolution along the lines suggested by Mr Dowd, was also passed.

Traffic Lights At Dungarvan—Might Be Potential Danger—A letter from the Department of Local Government in reply to a proposal which originated at a meeting of the Dungarvan Urban District Council, querying whether the cost of erecting a set of automatic traffic lights at the Mary Street corner of Grattan Square, Dungarvan could be met in whole or in part by a grant, stated that it should be considered that unless there was a constant heavy flow of traffic through the junction, the erection of such traffic lights might be a potential danger to road users. The letter added that the erection of such lights at isolated junctions was normally considered dangerous and further that the opinion of the Commissioner, Garda Síochána, would have to be obtained before anything could be done.

Deputy Kyne remarked that the letter had not said yes or no to the question asked.

Following a brief discussion it was decided to defer the matter until inquiries were made from the Department as to what grant if any would be available. **Work At Ardmore**—Mr C. Curran requested the laying of a new footpath along the main Ardmore-Youghal road to the site of the new school. He had been asked by the Parish Priest of Ardmore to make this request to ensure the safety of children who would attend the school which would be opened in March.

A report from the Engineer stated that the laying of a footpath at the point requested would necessitate widening of the roadway.

It was decided to defer the matter pending receipt of an estimate from the Engineer for the work.

Stressing the need for improvement to the strand entrance Mr Curran said that during the recent strong tides the entrance had been damaged and the sand level had fallen constituting a danger to horses used for drawing seaweed from the shore.

A report from the Engineer estimated the cost of extending the existing concrete at £450. Mr Curran and Mr Dowd said that they could not see how the work could cost so much and the Engineer was requested to inspect the place again to show how the expenditure of £100 on it would go.

Mr Kyne said that he would also like to have a report on the cost of repairing the entrance to Clonea strand for next meeting.

Mr Harty—And at Mweelna-horna Ring, too. With regard to the provision of a pump at Monaghan referred to also by Mr Curran, the matter was deferred pending receipt of the County M.O.'s report.

The provision of a new footbridge at Whiting Bay Ardmore, was an absolute necessity for residents and tourists said Mr Curran. A report from the Engineer stated that the bridge which had been there had been washed away two or three times.

The Chairman suggested that Bord Fáilte might make a grant towards such a bridge. It was decided to make inquiries as to a possible grant.

Villierstown Ferry—The further maintenance of the Ferry was deferred pending a report from the legal adviser as to the Council's obligation on the matter.

Ardmore Sewerage—At Mr Curran's request it was decided to include this on the agenda for next meeting. Mr Curran asked for definite information on this badly needed scheme.

Pumps And Wells Priority List—A priority list in dispensary areas in West and East Waterford submitted by Dr. O'Farrell was adopted and it was agreed that additional approved wells be added in order of date in accordance with the doctor's report.

Mr Lannen asked why a pump at Hickey's Cross Boolavanteer for which an application was made 31 years ago was not included in the list.

Mr Sheehy said that he knew nothing of this application. Mr Dowd also questioned the non-inclusion of a pump at Flowerhill Coolisheal and asked for a full list of approved wells for next meeting.

On the proposal of Mr Dowd it was decided to get an estimate for the sinking of a pump at Hickey's Cross, and at Ballinacree.

Mr Harty referred to the urgent need for pumps at Killosera Leagh Cross and Barranastock.

Cottage Repairs—A report from the Housing Engineer Mr Foye, stated that the money for cottage repairs had run out and that a further £7,000 would be required to carry on to the end of the financial year.

Mr Lannen pointed out that the matter was not on the agenda and as it involved the expenditure of money he disagreed with it. I have objected.

FARMING SUCCESSES NO 6

Water and Power Prove a Boon on Tipperary Farm

If there was anyone in Co. Tipperary who really welcomed Rural Electrification it was Michael Ryan who farms about 60 acres near Nenagh. Michael always believed that there was plenty of money to be made in milk and poultry, but before electricity came, he was obliged to use old-fashioned equipment. He says himself—"When electricity was installed I was able to put in the things I've always wanted, infra red lamps, a small food cooker and a mill."

He got a pleasant surprise when the mill was installed because he found that its motor could also drive his pulper, his milking machine, and a saw which he uses for cutting fenceposts and firewood. He got another pleasant surprise when he checked the running costs of the 9 gallon farm food cooker, and found that he was only spending half as much as before on preparing pig and poultry feeding.

Mrs Ryan reckons that the constant supply of hot water which is available from the electric pump and her two electric water heaters to be the greatest boon of all. "It's wonderful to have scalding water in the taps," she said, "and of course it's invaluable in the dairy where cleanliness is so important." She also has an electric cooker and a washing machine and though she appreciates them she counts her electric light as being an even greater advantage.

In the two years that the Ryans have had the benefits of electricity, they estimate that it has increased their farm income appreciably, and at the same time reduced their work considerably. Electricity can bring the same advantages to you. Why not fill in the coupon below and we will forward you full details of any appliance in which you are interested.

to this procedure on other have no objection to it so he said as the thing is wrong in principle.

The County Manager said that the agenda had gone out when the Engineer made his report and they brought the matter on now because it was urgent.

The Chairman said that while he agreed with Mr Lannen's point it would mean if the money was not passed that the men might become unemployed and have to go to England.

Mr Lannen—I know but the procedure is wrong. Could not this be done out of revenue for the time being?

County Manager—That's what we intend doing but we need the prior approval of the Council.

Mr Lannen—If the matter came up on the agenda I would Mr Quirk referred to a resolution passed at the beginning of the year that no money be approved unless it came up on the agenda. What's the use of passing these resolutions unless we carry them out, he asked.

Deputy Ormond protested that gangs from outside areas were being imported into the Kilnacthomas area to do repairs.

Mr Lannen—The Engineer should see further ahead than a month or three weeks so that things can be done properly. I know the money must be provided, but I object to this method as wrong.

On the proposal of Deputy Kyne seconded by Mr Curran the amount asked for was approved. (Continued on Page Three)

Certified seed potatoes are sold in sacks branded to show the variety, the certificate number of the grower, the grade of the seed and the initials of the licensed potato merchant responsible for the packing. In addition each sack is sealed with an official red metal seal marked 'Department of Agriculture Dublin on one side and 'Certified Seed' on the other. Reliance cannot be placed on the quality of seed sold in bags not so branded or sealed as the district of origin or the appearance of the seed is no guarantee that it is vigorous and healthy. It is an offence to sell or trade in potatoes packed in unsealed bags which are branded in a manner suggesting that the contents are certified or inspected. The planting of certified seed potatoes is strongly recommended as old and worn out stocks cannot be expected to give good yields. Supplies of most varieties compare favourably with those of previous years. Nevertheless orders should be placed with seed merchants without delay. Certified Kerr's Pink seed graded 14-24" will be available for sowing. Purchasers are advised to inspect stocks to specify the grading they require. JOHN DEMPSEY, Secretary 21st January 1956

DUNGARVAN DISTRICT COURT

Student Fined For Careless Driving. Dungarvan District Court was held before Mr. Justice Skinner DJ on Wednesday last. Summoned by Guard M. Ric-dan Dungarvan. William O'Connell, Clashmore was fined £4 for using an unlicensed motor car on November 10th. The Guard's evidence stated that the car had not been subsequently taxed. James Brennan Old Parish Ring was fined £5 for driving a motor car on the 16th. He was charged with the dangerous driving of a car a mile outside Dungarvan on the main Waterford-Dungarvan road on December 28th. Supt. P. Flanagan prosecuted said that at 6 p.m. on the evening mentioned - defendant was driving from Waterford to Dungarvan and about a mile outside the town he collided with a cyclist. The time the cyclist was only 3 feet out on the correct side and the car had left its own side swerved across the road and hit him. He had suffered injuries to his head which had required stitches. Mr. A. Fallon, who appeared for the defendant, said that the only explanation given by the defendant for what had occurred was that at about the time of the accident some cars had passed him and the lights confused him. He thought was too far in on his own side and pulled out but went over too far on the road. Unfortunately he did not see the cyclist and hit him. The cyclist, he said, was 26 years of age and an arts student at Cork University. At the time of the accident he was accompanied by his father and they pulled up immediately and rendered aid to the injured boy. It was an accident, he said which had occurred in spite of the usual great caution taken by the defendant. The Justice reduced the charge from one of careless driving and imposed a fine of 10/-.

4th WATERFORD TROOP O.B.S.I. (St Joseph's, Abbeville) Troop Meeting - The first item on this week's troop meeting agenda was something called 'The Balloon went up'. A balloon containing little bits of paper each with a number was burst in mid-air scattering its contents on the floor. It is a rush that followed to pick up the bits of paper some fellows who suffer from a shortage of fingers found themselves pawing the floor. In the end everybody had a bit and according as the numbers were called out each chap had to answer a question with the same number which the SM had written out on a sheet of paper. This was followed by a semaphoric demonstration which was worse than physical jerks to some fellows who had not sent a letter since they left the Melville Patrol (i.e. a letter in Semaphoric Code). After this we had patrol corners and roll call. For the next game the brush handles were brought from under the stage and two were given to each patrol while two fellows - one to hold the poles while the other tied them together with certain knots. The idea of this game was to see if the Scouts put forward could carry out the orders of their P.L.s without fuss or bother but it turned out in most cases that the P.L.s had to practically tie the knots themselves. The last game of the night was what might be called floor hockey. A large glass ink well made a large puck while the brush handles were used to scoop it round the floor. Phil and Burke captured the teams and candidates and younger fellows who valued their ink took sideline seats. Nickle had his name taken when once near the enemy goal he forgot he had a brush handle in his hand and not a hurley. The game ended in a draw. After this the SM put a value on the troop as it is now and as it may be soon when most of the big chaps will have retired from active service. Having put 10/- aside for each star scout 5/- for 1st Class 2/6 for 2nd class and pennies for 'others' and on taking away the money for the chaps who may be leaving before long the sum remaining was about 14/-.

Fr Walsh was some years ago the popular and esteemed curate in Ardmore and who was greatly interested in having the area selected for Rural Electrification. Field Days—On Sunday last 22nd inst, the first Field Day of the present training year was held. The attendance was very satisfactory even though there were quite a number of disappointments to be contended with. The first disappointment of the day was the failure of transport to report on time fixed so that the Unit were unable to hold the Church parade as announced, then the weather was not very favourable and so spoiled the day for any outdoor work. The Battalion Staff wish to thank Serjt Richard Walsh, for coming to the rescue of the Unit on Sunday last, as only for him there would not have been a Field Day at Aglisha. Training Centres—Another word in respect of next week from the 30th to the 4th Feb is that Centre Leaders should ensure that every member be on parade for the Annual Inspection. Make every effort to have a full house at each parade during the all important week. Recruiting Tour and Exhibition—A Recruiting Tour and Exhibition will be undertaken by the 13th Battalion and they will visit Cappoquin on Wednesday the 1st February. The Exhibition will be held at the Box Club's Hall from 7.30 p.m. to 9.30 p.m. The 13th Southern Battalion Pipe Band will give a recital before and during the Exhibition. The general public are cordially invited to attend.

Mr. Wm. Webb, (Jr.) (grand-son), and Wm. J. Webb, (great-grand-son). The late Mrs. Ellen O'Shea, who passed to her eternal reward at the residence of her son Sarahfield's Terrace, on last Friday, was widow of the late Richard O'Shea, Ballyglassin, Youghal. The attendance at the funeral from her residence to St. Mary's Parish Church, as well as at the interment from there to the family burial plot in the North Abbey cemetery was large and representative. Miss Mary Rose Lynch, who last week took her departure to a responsible clerical position in U.S.A. was an extremely popular and popular resident in this town whose talents in social functions were eagerly sought after. She is daughter of popular Councillor Mr. Ed P. Lynch, and the late Mrs. Lynch of South Abbey. Her number of years past she had been employed at Sealfield Fabrics as Secretary. We wish her the best of luck in the land of the Stars and Stripes.

Other Recent Deaths—By the regretted demise of the late Simon Ryan of Knocknagapagh Killeagh, at his residence on Sunday, the local farming community has lost one of its most prominent and industrious members. The popularity enjoyed by deceased was reflected in the largely attended cortege present at removal of the remains to Inch Church on Monday evening and at the interment from Ardagh cemetery. A well known veteran of the fight for Irish Freedom passed to his eternal reward on Saturday at his home in Ring near the village of Ballymacoda in the person of the late John Ahearn. The deceased saw active service with the 10th Battalion Cork No 1 Brigade and included in the very large cortege which formed the sad funeral procession to the village church of Ballymacoda on Sunday evening were many of his soldier pals of the fighting days and a similar number were in the vanguard and some acted as pallbearers at the interment on Sunday in the family burial plot in the Hill cemetery.—R.I.P.

The brave seamen of the town who take part in the salmon fishing campaign in the river and tidal waters are eagerly looking forward to the opening date February 1st when their chance of luck begins and it is their fervent prayer of all that their efforts may meet with success. At a recent meeting of the Urban Council a lengthy discussion took place re the serious coastal erosion of the Claycast area, in which it was stated that unless prompt remedial action was taken Claycast would be claimed by the tide. At the meeting also a vote of sympathy, was passed to the widow and family of the late Mr. John J. Keane who died on the 23rd of last week. A vote of sympathy was also proposed to the widow and family of the late Daniel Leahy by Mr. Sean P. Daly B.E.

The Yankee Girl Ballycotton fishing trawler had a very successful herring catch on the opening night of the season last week when she landed twenty boxes of prime quality fish. The opening price was 25/- per box. The dead who died for Ireland and so in the keeping of such sacred tradition we remember with pride our gallant and noble young men of the town Paddy O'Reilly and Michael Fitzgerald. Their lives for their motherland and their goal of freedom were well known to the Urban Council and we hope their memory too for evergreen by naming two recent rows of new houses after the brave heroes.

Newcomers in recent weeks to their newly acquired home and farm at Coolcar are the popular Cahalane family whose new friends it is anticipated will be many and generous. Good news to learn that the I.C. is rapidly expanding all over the land and its condition we understand will be our own township. Preliminary arrangements will be discussed at Green Park Hotel on January 30th, at 8 pm. All interested ladies are kindly asked to attend.

ARDMORE GOSSIP

The wedding bells which rang at the beautiful London Church (vicar) on December 17th, 1955, were the wedding bells of the marriage ceremony of a very popular young lady of the Ardmore area in the person of Miss Margaret Downey, youngest daughter of Mr. Con Downey and the late Mrs. Downey of Crushea to Mr. Thomas Coyne of Ballyhaise, Co. Cavan. The ceremony with Nuptial Mass was celebrated by Rev. Father J. Bell assisted by Rev. Father E. Hadfield. The bride who was attired in a frock of pink satin covered with net, designed in sequins of four leaved shamrock with veil and head-dress to match and carrying a bouquet of pink and white roses and lily of the valley was attended by Miss Sheila Lyons, Court Brook Co. Cork as bridesmaid and matron of honor. She was Mrs. Norman Kilcurry (sister of the bride) both of whom were dressed in blue and lemon taffeta with matching head-dress, and carrying bouquets of pink carnations. The best man was Mr. Declan Downey (brother of the bride). A large number of friends and relatives of both newly weds attended the wedding reception, which was held at 'Victoria', at the home of the bride's elder sister, Mrs. Kitty Wall. Amongst the many callers and well wishers at the bride's home during the afternoon were the Rev. Fr. Bell and Rev. Fr. Hadfield, the officiating clergy. In the evening a special reception was held at St. James Church Hall, Pimlico, which was attended by over a hundred visitors. The music on the occasion was supplied by Pat Walsh and his Celtic band.

Those who attended on last visit here are eagerly looking forward to this big night. Further particulars will be given in next week's issue. The Week's Story—There is a tradition that there is no one from West Cork in hell. This one who was fond of the pint and in due course arrived at Heaven's gates, where he met St. Peter who enquired where he came from. On being told from West Cork he immediately opened the door but our friend hung back and asked would there be any chance he could get a pint as he was feeling thirsty after the journey. To which St. Peter replied 'Oh no, we do not keep any such thing here.' Our friend then asked would there be any chance of a smoke. On being told there was no smoking at Heaven's gates, he said 'I think I'll go down below. On arriving at the nether regions he was met by old Nick himself, who enquired where he came from. On being told he said 'you're the first one from there.' He then asked the boy if there was any drink or smoke to be had and was told plenty of each. I was in the other place said our friend and I could not get either one or the other.' The boy replied 'Satan said that place is gone to Hell since the change of Government.' Local Tit-Bits—It was a pity the high wind interfered with the local boys' headgear on Saturday last, especially when chasing the lady, eh, M. A certain motor bike is seen very far afield in recent weeks, we wonder what the attraction is, but never fear everything comes to him who waits, and we'll find out in time—eh, y. The Barna—e colleen is breaking another heart in Youghal way of late—between you and me M—n is a fast mover! The saying proves correct as the Arch recently—it was too bad E—n but better luck the next time!!! Things We Heard—That Cin deela was just slipper, but a certain lady lost some wearing apparel in the Brid—e town recently. That B—y and the Knock—e colleen are hitting it off well of late. That J—y and the lass from Lis—e were seen doing it in style at the Arch on Sunday night. That certain Tallow colleen should not be giving vicious names and addresses—she nearly walked M—y up the garden path recently—such a widely travelled gentleman too—eh, Sh—g. And that the owner of the red lorry is causing a lot of trouble to a resident of the Br—a district—better not excite him too much or he may target the colleen—eh, J—y.

NEWS FROM YOUGHAL

The death which occurred rather unexpectedly at his residence O'Rahilly St., of Thomas Webb removed from the town one of its oldest and most popular inhabitants as well as one of its best known craftsmen of the bootmaking trade. Deceased was a life-long active participant in all social and sporting spheres of Youghal, and took a great interest in courting fixtures. To his surviving son and daughter, we wish to convey the sincere condolence of our readers. The esteem in which he was held was reflected in the large attendance at the removal of his remains to St. Mary's Parish Church, and at the interment in the family plot in North Abbey cemetery. The immediate chief mourners were—Mr. Wm. Webb, U.S.A. (son), Mrs. M. Hartnett (daughter),

Tallow and Round About

Billy Boys Letter—In the issue of the 14th January, "Billy Boy" takes us to task once more for the article on "Emigration" written some time ago. In the course of his letter he refers to the original article as reading "many young people". As we did not keep a record of the original, we will not dispute the difference between "some" and "many". In a previous answer we maintained that the industry in question who have no need to go. Many also come back and paint a glowing picture of life across Channel. With the result that they entice others to leave. We are not putting "Billy Boy" in the category as regards the other part of the original quoted "people who have the guts can just as easily grasp a portion of the success at home" we stand over. This has been proved over and over again. As "Billy Boy" is so anxious to return to Ireland we suggest that he would contact Whitegate when work on the oil refinery starts there in about two months time if he would be better to his taste. We are sure that not all Irish in England would like to return. Speaking to many on holidays at Christmas they told us they would not live in Ireland now as there was no amenities here as there is over. As regards the latter part of the letter written by "Billy Boy" we have demonstrated time and again the urgent need for an industry in small towns to absorb the surplus population, but unfortunately it has fallen on deaf ears. We understand that the St. Vincent de Paul Society and the G.A.A. are doing the work that is not enough. If there was more employment the work of the St. Vincent de Paul Society would be considerably lightened. The Irish countryside is not a land of youth as "Billy Boy" seems to suggest. Stand at the church door in rural Ireland today and what will you see. The over-forties are in the majority. A sad reflection on successive Irish Governments since 1922, those who would not matter, how unpalatable they may be. In conclusion we are sorry if anything we said in our first article gave offence. It was not a genuine effort to cheer up some who leave Ireland, not out of necessity that they are acting in an unpatriotic way and we thank "Billy Boy" for his nice remarks at the end of his letter and we pray that ere long he will have an opportunity of returning to the land of his birth. Shamrock Hurling Club—A meeting of Shamrock Hurling Club was held at Ballinaha, on Tuesday, 17th January. There was a big attendance of members. Mr. M. O'Connor, Vice-Chairman, presided. In the course of his address the Vice-Chairman said: "Since our last meeting our Reverend Chairman, Rev. Fr. J. F. Morrissey, C.C., has been transferred to another parish, a member of the club, he had at all times done his utmost for its success and they all deeply regretted his departure from amongst them. His experience and guidance had been a great help during the early days of the club's formation. He knew he was voicing the wishes of all present when he wished their former Rev. Chairman many happy years in the sacred Ministry. Spiritual Advice to the Defence Force—A meeting of the Defence Force, where Fr. Morrissey has been appointed Chaplain. Mr. P. O'Sullivan, Hon. Secretary seconded and said he heartily concurred with the sentiments expressed in his statement of the Vice-Chairman. Fr. Morrissey said, was a great Priest first and a great man after. Other members having spoken fully endorsed the views of the Vice-Chairman and Secretary. After some discussion it was decided to hold a church gate collection at Kilwatermoy on Sunday January 29th, to help the finances of the Club. A discussion took place on the matter of getting practice matches, and the Medal Tournament for Tower Medals kindly presented by Tower Amusements. This matter was adjourned to the Annual General Meeting to be held at an early date. We would appeal to all to subscribe generously to the collection to be held on Sunday Jan 29th inst, as funds are urgently needed to purchase of hurleys and hurling bats etc. Tallow Guild I.C.A. Tallow Lawn Tennis Club Dances—As previously announced, Tallow Tennis Club are holding their Annual Dance at the Arch Barroom on next Sunday night, January 29th. This great annual dance sponsored by this very popular club, always draws the crowd. Patrons are assured of a good night's entertainment and are judged on previous seasons. January 29th. Admission is 5/- and dancing from 10 p.m. to 3 a.m. New Auctioneer—In last week's issue of the Leader we published an announcement, informing the public that Mr. John O'Farrell, Ballynacohor, Lismore, had taken out an Auctioneer's licence.
