BEHIND THE SPOTLIGHT

with PENSAMAN

WILL DROWN US WITH WATER
 The ratepayers of the town of Dungarvan can sigh with relief that they have any sighs left in them in the knowledge that the proposal to raise their standard of living with a £200,000 or alternatively £115,000 water scheme by the Civic Fathers of the town for a while on last Friday night I thought that it was going to be a case of giving us more water, even if it was going to kill us, when the Councilors sat around with the officials to discuss the interests of the townspeople.

It was stated that the present normal domestic supply for the town was 80,000 gallons a day short. This was based on the result of a total of 600 from multi-plunging the population of the town 5,423 by 50 which is the number of gallons required daily per head of the population according to official statistics total intake to the town from the Deelish and Kildangan given at 280,000 gallons.

I was intrigued at the figure of 50 gallons which is supposed to be the daily requirement for every man woman and child in the town. On its face value I was not prepared to accept it and having a number of inquiries during the week I am less prepared to accept it. The Chief Medical Officer after last Friday night meeting he said that he would accept a lesser figure of 40 gallons a day as the normal individual requirement. Even this I still think a bit high.

Taking an average family of six including parents and children at 50 gallons each a day, they would be officially supposed to use 300 gallons of water daily every day of the year. A few housewives—the women who use the water—what water they would roughly use in the day for all purposes and after adding a lavish amount to the answers fell far short of the official allowances.

I believe that 35 gallons a day, would be a more realistic figure for individual requirements and this would give us a total of 189,805 gallons as the amount required to meet the daily domestic consumption of the town. To this can be added the 90,000 gallons needed by the main industrial concerns making the grand total 279,805 gallons. If the twin schemes of Deelish and Kildangan supply 280,000 gallons a day where all the need for this extra water. Do the officials want to drown the town or do the public representatives want to break our backs with additional burdens just to experiment to see how far the ratepayers can go without collapsing.

I think there is plenty water coming into the town but I am not sure that the distribution services in the town are all they should be. Corroded pipes, high pressure, while leaks account for a lot of waste as do taps left running long after they are required. I feel sure that matters can be improved without asking the people to hand in extra 6/6d. millstone around their necks for 30 years.

URBAN RATE ESTIMATE UP
 The Estimates Meeting of the Dungarvan Urban Council will be held to-morrow (Friday) night. I understand that the Estimates Committee will present an estimate of 43/3d an increase of 1/3d over last year. The estimate I understand, cuts out provision for a public lavatory.

WATERFORD BOARD OF PUBLIC ASSISTANCE

Almost 60 Per Cent Of Population Attend Dispensaries
Revision Of Areas Discussed

The Waterford Board of Public Assistance at a special meeting in Dungarvan on Monday last discussed the general dispensary programme of the Board.

Position Of Monagh
 The Secretary Mr J. A. Hynes informed the members that a reply had been received from the Commissioners of Public Works to the query from the Board as to the possibility of obtaining the use of the recently vacated Garda Barracks at Killeenish, Tallow as a dispensary for that area. The Commissioners stated that the property would be advertised in the near future and the Board could then make an offer for it.

Populations Of Dispensary Areas
 When the Board proceeded to consider the position of the various dispensaries and dispensary areas Mr T. Kyne T.D. said that a depot was very necessary in Grange as many old and sick people from that district had to travel 14 or 15 miles to Ardmore to see the doctor at present.

Mr C. Curran supported this point and suggested that as a temporary measure while a depot was being erected that it might be possible to obtain the use of a room at the Old School at Grange.

The Secretary stated that he would inquire into such a possibility. Several members referred to the large areas in some dispensary districts as compared to others and the Secretary said that a better idea would be to compare them on a population basis. He then gave the populations as follows:

Ballymalear—2,028
 Ballyduff—2,028
 Bonmahon—2,154
 Cappoquin—2,930
 1,697
 Dungarvan—7,677
 Kilmachomas—3,288
 Kilmeeaden—1,823
 Kilsheelan—484
 Rathgormack—1,756
 Rathgormack—2,650
 Ring—443
 Seskinane—1,675
 St. Mary's (Clonmel)—373
 Tallow—1,879
 Tramore—3,924
 Waterford No 1 and 2 Rural—1,698
 No 1 City—14,405
 No 2 City—14,286
 Whitechurch—1,823
 Woodstown—2,907

In reply to a question by Mr D. Fitzpatrick the Secretary said that roughly about 60% of the population quoted attended the dispensaries. He said that out of 77,000 a total of 35,000 medical cards had been already distributed and applications were still coming in.

Mr Kyne was told that irrespective of area or population density all dispensary doctors received the same fixed salaries.

Dungarvan U.D.C. Town Requires 80,000 Gallons A Day More Water—Says Chairman

Question Of Council's Obligation To Provide Supply For Industrial Users Raised

A special meeting of Dungarvan Urban Council was held last Friday night to consider further the proposed water improvement scheme for the town. In a preliminary report Mr E. G. Pettit, Consulting Engineer, Cork outlined alternative schemes which might be undertaken one to enlarge the present supply from Deelish estimated to cost £90,000 and the other using the Collihan river as the supply, estimated to cost £115,000.

80,000 Gallons A Day Short
 The Chairman, Mr T. D. Kyne T.D. said that there appeared to be two sides to the problem 1) the need for water in general, and 2) the need for good water for domestic use and these would have to be approached in the light of the cost and the terrific impact it would have on the rates. There was general agreement that there was some need for more water, he said but whether the people could afford to pay for the schemes was another thing and they would have to consider whether a less lavish scheme than that suggested by the Consulting Engineer would do.

The Chairman then stated that the daily intake at Deelish was 240,000 gallons and at Kildangan 40,000 gallons making a total of 280,000 gallons a day available for the town. According to the report of the Consulting Engineer he said that there was a population of 5,423 in Dungarvan and basing the daily domestic requirements at 50 gallons per head of the population a total of 271,150 gallons was required. To this would have to be added a further 80,000 gallons a day required by the D.C. and the Creamery, industrial uses making a total daily consumption of 351,150 gallons.

From these figures the Chairman said that it could be seen that the town was very considerably short even for present needs and over 80,000 gallons a day more was needed.

The Chief Medical Officer said that the supply to Dungarvan was just on the border line and in any period of prolonged drought such as occurred last year water would have to be taken in from the stream which would require boiling before consumption. In a town of the size of Dungarvan such a state of affairs should not be allowed to occur.

With regard to the existing supply he said that tests were taken every quarter and the water was always found to be correct as far as purity and wholesomeness was concerned. The discoloration in the water which occurred after heavy rain was due to lack of proper filtration. He recommended that the water supply be increased and the provision be made to hold a three-day supply in reserve. He also mentioned the danger that would arise in case of fire during a dry period.

Mr Lannen remarked that a fire brigade could always use sea water in such an emergency. **Supply For Industrial Users**
 Mr M. D. Moloney referred to the amount used by the D.L.C. and said that it was wrong to expect the ratepayers to subsidise a water supply for the factory if they were not using the town supply. He said there would be adequate water for the people they are getting away with murder at the factory, he said, with the present charge of 8d per 1,000 gallons.

Mr Lannen asked if Mr Moloney wanted to see 200 men thrown out of work by cutting off the supply to the factory. Mr Moloney said that he was speaking about the people in Cathal Brugha Place and Congress Villas. Why should the majority of the people of the town be expected to pay to supply water to this concern he asked and added "our only obligation is to supply the domestic requirements of the town and there is nothing to do with us."

Mr J. McCarthy asked about the requirements of the Co-Op Creamery and the County Manager Mr S. J. Moynihan suggested that a conference be held between the Council and representatives of the Leather Factory and Creamery to find out what their requirements would be. If the Creamery required 300,000 gallons a day the bigger scheme would be the more economic in the long run, he said and added that only when all the facts and figures were before them could the position be assessed in its true light.

Mr Moloney said that as far as he could see there were only a few areas like Cathal Brugha Place and Congress Villas that suffered a shortage and he thought that reports as to the feasibility of boosting a supply into these areas from the water at the Springs and Fr. Twomey's well should be made by the Engineer while a report on the quality of the water could be made by the County Medical Officer.

Finally it was agreed that the County Manager and Officials hold informal talks with the D.L.C. and Creamery to find out their requirements and that reports on the quality and quantity of the water at the Springs and Fr. Twomey's be obtained. It was decided to adjourn further consideration until October when these reports would be ready.

VIEWS OF OUR READERS

Co Council Salary Increases
 To The Editor *Dungarvan Leader*
 Dear Sir—So the Waterford County Council want to make the rich richer and the poor poorer! At their meeting they decided to give an increase of about £100 each to officials who are already getting over £1,000. Would they be so generous as to give less than £400 a year to those who were their own money they were paying out? Nine voted to make the rich richer and six members stayed away. The seven members who voted to give an increase to the officials getting less than £400 a year and voted against the already rich were abused. This thing cannot last much longer because the people won't stand for it any more. Good luck to the members who opposed making the rich richer at the expense of the poor. Everyone will admire them for not looking for popularity at the expense of the public.—Thanking you,
 ANTI RICH
 Coolbagh, Clashmore

 A resolution of sympathy was passed with the Rev. Mother and Community of the Convent of Mercy Dungarvan on the death of Sister M. Peter.

TRADITIONAL MUSIC FESTIVAL IN DUNGARVAN
 Dungarvan's contribution to the Third Annual Traditional Music Festival by Comhaltas Ceoltóirí Éireann on Sunday last when traditional musicians and singers from all over Munster as well as from Counties Wexford and Kilkenny gathered to give exhibitions throughout the entire evening.

A number of the performers made recordings for the Radio Éireann Broadcasting Unit and these will be heard in the course of the next couple of weeks from the Radio Éireann.

The Festival was officially opened by Dr K. McCann, President of the local branch of the Comhaltas and an executive member of the All-Ireland Committee.

Having welcomed the musicians, singers and general public Dr McCann referred to the great tradition of Irish music in the Deise and said that the revival of traditional music was reflected by the fact that their festivals were going from strength to strength.

An Fear Mór President Coláiste Na Rime, said that there was nothing better than our Irish music and it would indeed be a great pity if it were to lose it.

While Festivals such as we have here today are doing something to revive our music said An Fear Mór, they are not doing enough and I believe that it would be far better if the traditional musicians and singers came together in groups in their own areas each week to play practice and have an interchange of ideas. That is how Irish music will live and not by being resurrected annually for festivals.

Professor Sean O'Curran, Mount Mellary also spoke. Fear A' Tighe during the Festival was Professor Liam Comartuin, Dungarvan.

Later in the evening a most enjoyable concert was held and the Festival concluded with a Ceilí at the Town Hall.

Objections Ruled Out

At a meeting of the Western Board Objections Committee held at the C.Y.M.S. Dungarvan, on last Tuesday night objections by St. Patrick's to Faha and The Pike to Stradbally resulting from first round fixtures in the current junior football championships were ruled out in the matches awarded to the winners Faha and Stradbally respectively.

Catholic Scout Notes

Troop Meeting — Somebody forgot to put the flag in position at this Troop Meeting on Sunday night. A Quiz by numbers which gave quite a lot of information but all of it not correct. Then followed an item which looked simple enough. Certain Scouts from each Patrol were told to march one at a time around the Den following orders to turn right or left, or about, at different marked spots on the floor. Some chaps still have doubts about left and right and take turns as they would on bikes or scooters. Even a member of the crack Melvin Patrol fumbled but maybe he did not like showing off what he could do. 2nd class boys were taken on their journey to 1st Class Rank. They were presented to Scouts John Regan of the Wolfhound Patrol and Pat Langan of the Tiger Patrol. The Troop Song and My Land getting special attention. And then—After that the C.O.H. meeting was held and some of the absent P.L.S.—those who were excused—began to turn up. Burke and Squad must have decided they had not reasonable excuses and stayed away. Added on to the usual business a discussion on the rights for the next Farrell Cup competition took place and a provisional team was selected. We have about 18 to pick the team of eight from a good team. The next business Foxy and Gearoid arrived in and some old snaps of our last camp at Rathdrum were taken. The year is uncertain but describing it as "the year of Oscar" will bring it to the minds of chaps. L. Whelan Nedger Mull and P. Arrigan. Whit Camp—All preparations are now nearly ready for P.L. Fintona's Melvin Patrol which does not like about "training part" but it will only get them used to routine for Summer Camp.

48th WATERFORD TROOP (St Joseph s, Abbeyside)

Some chaps still have doubts about left and right and take turns as they would on bikes or scooters. Even a member of the crack Melvin Patrol fumbled but maybe he did not like showing off what he could do. 2nd class boys were taken on their journey to 1st Class Rank. They were presented to Scouts John Regan of the Wolfhound Patrol and Pat Langan of the Tiger Patrol. The Troop Song and My Land getting special attention. And then—After that the C.O.H. meeting was held and some of the absent P.L.S.—those who were excused—began to turn up. Burke and Squad must have decided they had not reasonable excuses and stayed away. Added on to the usual business a discussion on the rights for the next Farrell Cup competition took place and a provisional team was selected. We have about 18 to pick the team of eight from a good team. The next business Foxy and Gearoid arrived in and some old snaps of our last camp at Rathdrum were taken. The year is uncertain but describing it as "the year of Oscar" will bring it to the minds of chaps. L. Whelan Nedger Mull and P. Arrigan. Whit Camp—All preparations are now nearly ready for P.L. Fintona's Melvin Patrol which does not like about "training part" but it will only get them used to routine for Summer Camp.

REQUIRED FARM, GOOD LAW ABOUT 30 ACRES, WITH DWELLINGHOUSE or Lismore districts

F.C.A. Notes

Area Shooting Competition — Congratulations to our shooting teams who put up such a magnificent performance in the Annual Area Shoot at Kilworth on Sunday last the 6th inst. "B" team scored 354 points to win by a margin of 50 points from the other Seven teams in the area. Sharpshooting was the order of the day as from the very start both our teams led the field competing with a score of 300 points. Application Dungarvan still held the field the issue being almost clinched with a magnificent return in the all important rapid fire test. In the Snap test our home defence clones for only three seconds all fourteen targets were hit in several places the possible was attained. Our 'A' Team were placed 3rd which in itself is a fine achievement. In the course of the day of luck would have been second in fact only five points separated second and 3rd places. Cpl Joe Regan astounded the onlookers by returning a score of 60 points in a possible 75 to win the individual prize. Sgt Richie Walsh with a score of 64 points was placed 3rd in the individual prize. The average score of our winning team was 59 points. This being the first Competition of the present year it is a very good omen for the Battalion, for future competitions. The average score of our winning team was 59 points. G.A.A. FOOTBALL

Waterford Minor Footballers Fail To Hold Kerry

Kerry, 3-9, Waterford 1-3. Waterford minor footballers bade a first round farewell to this year's Munster Championships when at Dungarvan on Sunday last they were outscored 9 to 3 by a very good Kerry side.

The home team had a miserably poor first half reflected by the fact that although the Waterford boys

FRESHER and CLEANER EGGS

Large sums of money are lost each year to poultry keepers by selling stale and soiled eggs. Losses can be avoided and better prices made if producers will adopt the following precautions:

- 1 DO NOT OVERHOLD EGGS**
Eggs should not be kept longer than three days after being laid. During that time they should be stored in a COOL, DRY PLACE.
- 2 DO NOT WASH OR STEEP EGGS**
A washed egg will not keep. Soiled eggs should be cleaned with a damp (but not wet) cloth.
- 3 PROVIDE CLEAN NESTS AND KEEP THEM APPROACHES TO THE NESTS CLEAN.**
- 4 DO NOT SELL EGGS WHICH HAVE BEEN LAID ON GRASS OR IN HEDGES OR FENCES.**
- 5 DO NOT SELL SMALL MIS-SHAPEN OR CRACKED EGGS**

It should be carefully noted that producers who sell stale or dirty eggs are liable to prosecution.
(Issued by the Department of Agriculture)

ANOTHER MILESTONE IN ESB SCHEME

Another milestone in the ESB's scheme to bring electricity to every part of rural Ireland was passed during the week when the five hundred thousandth pole to be used in the scheme was erected. The pole was one of the 2,000 erected during the week by construction crews working in 42 areas throughout the Republic. The work is going ahead at such a rate over 700 consumers are being connected to the supply each week that it was not possible to find out where the actual pole is situated. It may be anywhere from Newmarket in Cork to Desertegney in Donegal.

Rural Electrification is important from a social and economic point of view as an engineer, a feat of some magnitude. Since it began at Kilsallagh in Co. Dublin in 1946, ESB working crews have laid more than 27,000 miles of line completed supply to 463 areas bringing light and power not only for domestic use but also enabling electrified farm equipment to be used by 172,000 rural consumers. The following figures indicate how the scheme has grown. In 1951 3 per cent of the total output of electricity was used in rural districts. In 1952 it was 8 per cent and last year it was 16 per cent. Now one in every three consumers of electricity live in a rural district.

The completed scheme requires the development of 780 rural areas and the erection of 60,000 miles of line carried on one and a quarter million poles to connect 289,000 rural consumers. (When Rural Electrification commenced it was estimated that the supply of current would be available to about 85 per cent of rural dwellers. That is still true and the number who have accepted supply is 67 per cent which is slightly better than the figure originally estimated. There is good reason to believe that this improvement in the number of acceptances will be maintained until the end of the scheme.)

The extent to which consumption is increasing in the earlier areas connected is seen from figures showing the overall annual consumption per consumer in the first seven areas to receive supply. In 1949 that average was 509 units. To date it has increased to nearly 1,500 units. The Irish farmer has not been slow in recognising the help

electricity can give him. Although initially the principal uses are in the home for lighting, radio, cooking, ironing, providing hot water and heat etc. there is a steady increase in the use of electricity in the farmyard in the dairy and the poultry run.

The arrival of electric light and power and running water with modern sanitation in rural Ireland is lessening the gap between the amenities of urban and rural homes and so helping to stem the drift from the countryside. With electricity available the parish hall becomes a brighter centre of social life for the parish with more possibilities for cheerful entertainment. Electricity in the rural kitchen light in the yard and out-offices and the mechanisation of dairy and farmyard cases the work for both men and women. In short electricity not only acts as an aid to increased agricultural production but also moves the rural standard of living.

RE For Ballymacarbery

Deputy Sean Ormond has received the following report from Mr. E. C. Enright, District Engineer ESB Waterford to his query concerning the rural electrification scheme for Ballymacarbery. I desire to inform you that the Ballymacarbery Rural area has been selected for development under the Rural Electrification Scheme. It is expected that construction work will commence in the course of the next few weeks. The reply was dated 1st May, 1956.

Tallow and Round About

Ceremony at St. Catherine's Church, Institution of New Rector—In the presence of a large congregation at St. Catherine's Church Tallow Rev. Charles S. P. Foster was formally inducted as Rector of the United Churches of Tallow, Kilwaterney and Templemichael, in succession to Rev. O. A. Peare, who was appointed Rector at Youghal some few months ago. The Right Reverend Bishop of Waterford, Cashel and Emly, presided at the ceremony and also present were Very Rev. Dean Stanley Rector, Cappoquin and Lismore, Archdeacon each year in the parish of Kenna Dungarvan, Rev. O. A. Peare, Youghal, Rev. O. McKeown Rathkeale, Rev. O. Woulfe, Trillick and Rev. P. O'Sullivan. The choir was under the direction of Miss L. Long.

Previous to coming to Tallow Rev. Charles S. P. Foster was Rector at Killrogney Co. Kerry. Through the columns of the Leader we wish to extend a hearty welcome to Rev. Mr. Foster and family and pray that their stay in the parish of Tallow may be a long and happy one.

Visiting Clergy were entertained by the congregation to lunch in the Parochial Hall.

Death of Mr. John O'Keefe—It is with deep regret we record the death of Mr. John O'Keefe, Breeda, Killeagh, which sad event occurred at his residence on Wednesday, April 30th at an advanced age. Member of an old and distinguished family, deceased in his youth was a noted horseman and a sound judge of horseflesh. There was a very large cortege at the removal of the remains to Inch Parish Church and at the funeral to Ballynacorney cemetery.

Very Rev. Canon Carey P.P. Killeagh and Rev. Fr. Foley O.C. Inch officiated at the graveside. To his bereaved nephews and nieces, we tender our deepest sympathy. May he rest in peace.

Better Times For The Farmer—(Continued)—It has often been said that Irish farmers are too conservative to adopt new ideas while there is a certain amount of truth in this statement at the same time we have only to look at the ever growing numbers of new and indeed highly expensive machines which are appearing in the country to see that the farmer is not so conservative as he is often supposed to be. In fact, we are beginning to ask this question: Is not the Irish farmer exchanging his hard-earned freedom from British landlords, for the much worse slavery of the British-controlled hire-purchase companies? Ask any machinery dealer in any part of the country just how many tractors and farm machines he has sold for cash, and the answer will make you ask another question: Is not the Irish farmer exchanging his hard-earned freedom from British landlords, for the much worse slavery of the British-controlled hire-purchase companies?

Unfortunately for many Irish farmers the machine first and the others after. A great many of our small farmers have introduced something different and the old "forelock" touching outlook is quickly disappearing.

Wedding Bells—Leahy Mother way—The wedding took place at St. Patrick's Church, Cork recently of Mr. John Francis Leahy, son of the late Mr. and Mrs. Leahy, Templemichael, Youghal, to Miss Eileen Leahy, daughter of Mrs. and the late Mr. Mothway of Garryvoe Lower, Ladysbridge Co. Cork. The ceremony with Nuptial Mass and Papal Blessing, was performed by Rev. T. Tobin, O.P. Powerstown, Rev. Fr. Walsh, C.C., Newcastle (cousin of the groom) and Rev. J. F. Morrissey, C.F. Clonmel.

The best man was Mr. Thomas J. Roche, Moeshill, cousin of the groom, and the bridesmaid was Miss Una Crowley, Cork. Following the ceremony a reception was held at the Metropolitan Hotel, Cork, after which the happy couple left for their honeymoon. Many costly and serviceable wedding gifts were received.

Both bride and groom are highly respected members of the farming community in their respective districts, and we join with their host of friends in wishing them many, many years of health, wealth, and happiness in the matrimonial sphere.

Death of Mrs. Annie Kelly—It is with deep regret we record in this issue the death of Mrs. Annie Kelly, Killeenagh, Knockanore which sad event occurred at her residence on Thursday, 3rd May. Deceased had enjoyed good health up to a short time ago. In her youth she was an active member of the Cumann na mBan and was the possessor of a Service Medal for her work for the cause of Irish Freedom during the dark days of the Anglo-Irish War. All during her life she was of a kind and genial disposition which endeared her to all with whom she came in contact, whilst by her more intimate friends she was held in the highest esteem by reason of her many excellent qualities. She was at all times a devout and zealous member of the Catholic Church, and her death at a comparatively early age is deeply

and deservedly regretted over a wide area. To her bereaved husband, sons, daughters, brothers, sisters and other relatives we tender our deepest sympathy in the great loss they have sustained by the death of a loving wife and mother. May her gentle soul rest in peace.

The remains were removed to the church of the Sacred Heart, Knockanore on Friday evening May 4th followed by an extremely large cortege, and were received and blessed by Very Rev. Fr. M. Power, P.P., Knockanore assisted by Rev. Fr. Nugent, C.C. and Rev. Fr. Sheerin, Australia. The interment took place in the adjoining cemetery on Saturday morning following Requiem Mass for the happy repose of her soul. The coffin was draped in the Tricolour, and a decade of the Rosary was recited in Irish by Mr. Michael Aherne. As at the removal of the remains the high esteem in which deceased and her family are held was aptly portrayed by the large number present at the interment. Very Rev. Fr. M. Power, P.P. assisted by Rev. Fr. T. Nugent, C.C., officiated at the graveside. Chief mourners—Michael Kelly (husband), Thomas and William Kelly (sons), John Kelly (daughter), William and Declan Hayes (brothers), Miss Bridget Hayes and Mrs. Aherne (sisters), Hayes family, Aherne family (nephews and nieces), Mrs. W. Hayes (sister-in-law), Mr. Aherne (brother-in-law), Fenton family (cousins), etc.

On Vacation—At present on vacation from the Sacred Ministry in the land of the Southern Cross at the home of his uncle James Kelly at the Archa Ballroom, Tallow on Sunday night Music was by Barrett's Rhythm Band, Miletton, and was highly appreciated.

Short Dance—There was a good attendance at the short dance held at the Archa Ballroom, Tallow on Sunday night. Music was by Barrett's Rhythm Band, Miletton, and was highly appreciated.

Very Rev. Fr. M. Power, P.P., Knockanore on Friday evening May 4th followed by an extremely large cortege, and were received and blessed by Very Rev. Fr. M. Power, P.P., Knockanore assisted by Rev. Fr. Nugent, C.C. and Rev. Fr. Sheerin, Australia.

The interment took place in the adjoining cemetery on Saturday morning following Requiem Mass for the happy repose of her soul.

Emigration Hits Clogheen—Clogheen that nice little town nestled at the foot of the Knockmealdown mountains is being badly hit by emigration. Last week it lost seven of its townspeople. The O'Donovan family went to reside in Cahir, Mr. Moran went to Dublin as did Miss Mary Riordan and Mr. Thomas Smith of Garryvoe went to England. Miss Janeville Purnell went to London that following representation to the County Council by Mr. Norman Walsh M.C.C. Cappoquin the erection of the pump out at Clogheen will commence at an early date. On behalf of the residents of the area we wish to thank Mr. Walsh of his untiring efforts in getting this much needed amenity to the area.

Tallow Girls Tour of Italy and Austria—The Tallow girls' football team, when 25 girls from Omev Convent School, Wolverton Bucks, England spent a fortnight touring Italy early last month. The highlight of their wonderful trip was a special visit to Rome. Pope in the Vatican Among the group was Miss Angela Curley, daughter of Mr. and Mrs. Curley, Chapel Street, Tallow. Writing of the tour she says: "We left Tallow on Sunday morning, April 13th and after three and a half hours sea-journey reached Ostend. The party then boarded the bus which was to take them on their 3,000 miles tour through Belgium, France, Switzerland, Austria and Germany. They travelled an average of 250 miles a day and passed through Cambrai, Dijon, Turin, Genoa, Pisa, Rome, Naples and Capri, Florence, Bologna, Venice, Bremer Pass, Muxbush, Augsburg, St. Gotthard, Koblenz, Cologne, Aachen, Brussels and finally back to Ostend. On all the places visited, Angela makes the best of the journey. She said when the bus was stuck in an icy road in the Alps. The girls had to get out and push the bus. One of the party visited the Church of St. Peter, The Forum, the Colosseum and the Catacombs. They also visited the Blue Grotto of Capri. But of course the most important part of the trip was the 10 minutes audience with the Holy Father in the Church of the Passion she saw, the Relict of the true cross and the nails from Our Lord's Hands and the Holy Shroud, the relic which Our Divine Lord was laid on being taken down from the cross and the cross of the good thief.

In St. Peter's she had some moments of bliss when she saw St. Peter, X and St. Paul. Her head is in gold, also his hands, but the fishermen's ring as on his finger. Nothing remains of the body of the saint. He is dressed in the Episcopal robes. She also visited the tomb of St. Peter and the original crib in which the Divine Infant lay. Describing the audience with the Holy Father she says she shook hands with the pope in turn and gave each a medal of himself, and asked as how long we were staying in Rome. Our photo was also taken at the Holy Father in the centre of the group. It was most unforgettable experience, and one that will live forever in her memory.

The party also visited the renowned Madonna of the Snow, tropical flowers and plants were in full bloom. She also climbed the 235 steps to the top of the leaning tower of Pisa, which is one of the seven wonders of the world. Her holiday was marred that their school was to be closed at the end of July owing to shortage of staff.

At the Regal—For week commencing Monday May 13th we will see some very entertaining films on Sunday at 3.30 and 8.30 p.m. The Clown starring Red Skelton and Jean Rogers will be screened. This is a hilarious comedy. "The Tragedy of Devon Lock" will also be shown on Tuesday nights. "Strange Lady in Town" will be screened. The stars in this lovely film are Greer Garson, Dana Andrews, Cameron Mitchell and Louis Smith. This is a drama of the long highway of the West. Make sure you hear the voice of Frankie Lane singing "Strange Lady in Town".

Funeral of Miss Bridget Budds—Heather Bell—9th in the series. Oh for the hours the good Of the May-time long ago. When earth rejoiced in its fresh delight. And the apple blossoms, pink and white. On the trees were all aglow. The budding woods were alive with song, And all the world was sweet. As theephy's wing was my heart's light. And my life from dawn of morn'till night seemed With happiness replete.

Now weird and wild through the naked boughs. The wintry winds blow cold. The hills have lost their glowing light. And with pain my heart goes back to-night. To the bonnie days of old. Low voices blend in the gathering dusk. With the mournful winds refrain. Bright faces appear before my view. Of the long-lost friends I loved and true. I shall never see again.

All the May-times dancing feet once more. Will awake old melodies. Will call o'er wood and bae, And the breath of the faint-fushed apple-spray. Will sweeten the summer breeze. But never again will the summer-rides gleam. Of the years that come and go. Bring back the joy and the bliss of youth. And the golden dreams that once were mine. In the May-time long ago. Heather Bell

Funeral of Miss Bridget Budds—Heather Bell—9th in the series. Oh for the hours the good Of the May-time long ago. When earth rejoiced in its fresh delight. And the apple blossoms, pink and white. On the trees were all aglow. The budding woods were alive with song, And all the world was sweet. As theephy's wing was my heart's light. And my life from dawn of morn'till night seemed With happiness replete.

And my life from dawn of morn'till night seemed With happiness replete.

MY STORY

By Nicky Rackard

Nearly twenty years ago the eldest of the new family, Westford brothers left the Rackard home at Kiltane for boarding school, with a holly hurley tucked under his arm. Nicky Rackard tells the absorbing story of the long hard road to hurling and football fame from the first day he was able to chase a rubber ball around his father's front yard to the proud moment, for which he had worked and hurred and waited so long, when Westford at last won the All-Ireland title. But the Rackard story is more, much more than merely a player's view-point of thrilling games. It is also a warmly human document which tells how a stalwart lad 'raised on horses and hurling' took life in his stride through famous triumphs, and through long years of defeat. Across the pages of the Rackard story march the men who have won hurling and football fame as Nicky recalls the stars he met, and takes you not only into the dressing rooms but into the mind of a player, a player who has never before seen anything in Irish hurling or football quite like the Rackard story, the series you can't afford to miss starting Monday next in

The Irish Press

have been installed for batting practice and this enterprise should show a vast improvement in this department of the game.

Sports meetings have been held for several months and proved to be very successful. Mr. P. Tracey will preside. Bowls Playing—A very interesting match will take place on the Killeagh Mountain track on the 27th inst. The contestants will be J. Moran and J. C. Cumann will take place during the present month and will be addressed by Mr. Liam Aherne M.C.C. Dungarvey. Matters of great importance will be dealt with including the taking over of the old road by the County Council. This road runs through the townland of Oldcourt. Mr. Aherne's presence will be much appreciated.

Late Dr. T. Kennedy—At a specially convened meeting of the Dungarvey Fianna Fail Cumann a vote of sympathy and condolence was passed to the local boys and J. C. Kennedy, Youghal. Stock Judging—A Stock Judging competition is being organised by the Dungarvey Maera Na Feirme and will take place early next month. The organisers include Messrs James Colbert, Chairman of the East Cork Executive, T. Ring, Sean Hennessey, Ed. Cronin, Miss M. Moran, Miss Joan Kelleher and Miss M. Casey. Sale of Hunters—A number of hunters were disposed of in many centres in the East Cork districts during the past few weeks. The owners included Messrs Joe Moran, Brookdale, Sean Cooney, Ballinacree, T. Coarain, Lisgoold, Edward Cogan, Mogeely P. Tracey, Mountmacke and T. Hurley. Incl. The majority of the buyers were from England.

Justice whether it is proposed to close down the Garda Sochana station at Ballinacree, County Waterford and if so, he will state the reasons for this decision and what alternative arrangements it is proposed to make for policing the area in which is located a very important and busy creamery which holds considerable sums of money from time to time and whether having regard to the fact that the neighbouring Garda Sochana stations are about six miles from Ballinacree station he will have the decision reviewed. Reply—It has been decided to close Ballinacree Garda Sochana Station because the Commissioner is satisfied that the area served by the Station which is practically unpopulated can be adequately policed from the adjoining sub-districts. It is not proposed to alter the decision which has been taken to close the Station.
