Nire Dispensary The Acting Secretary stating that there was some difficulty about securing a suitable site for the Dispensary depot at the Nire read a letter from Very Rev Fr P Walsh, PP Toura-neena offering a site 72' x 60' near the teacher's house for \$40. The purchase of the site was recommended to the Board by Mr Conway Engineer
Mr Kennealy said that the

price asked was far too high as worked out at £320 an acre The people in the area had been looking for dispensary facilities for the past 20 years and now when the Board were prepared to grant them the people ed an exorbitant price for a patch of ground He proposed that a figure of £20 be offered Mr T Gallagher thought that a site would be offered to the Board by some farmer in the locality instead of having to rely on Parochial property
It was agreed that a sum of £20 be offered for the site
