Last Sunday was Re-union day for the past pupils of St Augustine's College more familially known to all as The Friary Dungarvan and former students fiom all over Ireland and many Augustinians home from foreign Mission fleids spent the evening

Mission fields spent the evening revisiting the scenes of their boyhood studies A full report of the activities of the evening is given elsewhere in this issue There were a few side lights on the occasion, however which I would like to spotlight I was sorry to have been unavoidably absent when friend Tom Lordan proposed the toast of The Press I understand that the job was trust on him at the last moment but nonetheless I am told that he made a fine job of it I wish to acknowledge the kind things said about the Press in general and about yours truly in particular As I have so often stated in this column before I believe that the true function of the Press is to enlighten the public along the proper lines and to bring them reports and price is 1/6d Within the past and to bring them reports and by Ailbhe O Monacham The views of such functions as was beld at the Friary last Sunday few weeks Brian O'Higgins has views of such functions as was held at the Friary last Sunday
But as far as I was concerned the good wine was kept until last so to say I refer to the grand couple of hours provided at the Friary Hall in the evening after devotions when a very big number of Augustinian Mission helpers in Dungarvan and district viewed slides of the work being done in the Nigerian Mission The photographs were taken by the Very Rev Father Provincial Fr Duffner during his recent visit there and he provided a most interesting

provided a most interesting commentary throughout Particular interest was paid to the slides containing photographs of Dungarvan priests like Fr Gough and Fr Flynn (Ring) and their appearances' on the screen were greeted with applause Another slide of great interest was that of the interior of one of the newly-erected Mission Churches showing some Stations of the Cross The Father Provincial told the audience that these Stations

"SIGNS OF RAIN'
I am grateful to Mr R P Keating 'Seaview' Ardmore for sending me the following of Rhyme which is as true now as it was the day it was written I agree when he says that it is a pity that this and so many others like it should be lost to the younger generation and as a result forgotten entirely For that reason it gives me pleasure to "revitalise" it by putting it into print once more

The hollow winds begin to audience that these Stations had originally been in Ring had originally been in Ring Church but when they were replaced some time ago Very Rev Fr J Corbett, PP, Ring and Old Parish presented them for the Mission and they found their way to Nigeria via Mrs Power Dungarvan, and Dublin Yet another slide this time most amusing was that of a group of little black boys and girl amongst whom was one with a

Friary football jersey May I on behalf of all those who had the pleasure of attending thank Very Rev Fr Duffner and the other priests for their thoughtfulness in showing the slides which brought home to all very forcibly the wonderful work which the Augustinians are doing on the African Mission fields of Nigeria
