Catholic Scout Notes 4th WATERFORD TROOP

Fail in-Call on Sunday night showed most of the gang present ncluding those who were Waterford "last Sunday A few Uniforms were left with the moth balls due to "exercises colds" and probably a bit of will power failure A thought given to us during the night was that each member was given a space on the team to fill when he joined the Scouts and when he fails to fill it at Troop Meetings Parades etc he lets down the team and leaves a gap which nobody else can fill Items on the programme were some drill done by means of O Grady a Signalling Game which brought Flash Bars to some good picker-uppers and a First Aid case

Why ?-During the PLs meetotherwise referred to as i we did our usual bit of business and then the question cropped up about why fellows join the Scouts Some of those present could not put the answer in words but it seems they just wanted to join Another question was why do they stay in the Scouts and this did not bring ready answers either but it seems that chaps who are doing things in Scouting would not think of giving up Still we have on the book a few hedge-hog types who just seem to roll up and keep out of the way in a state of mactivity unless they Pro- get forceably disturbed night be holding an inquest on hese soon

Camps-On Sunday morning next after Confraternity Parade we will have some sheets of paper on which Scouts who were at various camps will sign their names These sheets will then be pasted on the back of the Framed Good Camping Certificates So all Scouts are expect-ed to be available to Sign Or Somebody bets that RMMHPWRKMB won't make the starting line on Sunday morning Why? Well if form means anything they won t 1 t PERPROBURKIE,
