LADIES HAIR STYLIST

64. MAIN STREET, DUNGARVAN

Phone 85.

Half-Day Tuesday.

A CO INCIDENCE

A few weeks back Tatler in the Independent carried a

HARSH BLOW members of the Board that If the Government's intention there has been preferential in removing the food subsidies treatment which cannot bear at one fell swoop was to shock too close inspection are far from the people into a realisation groundless. This is but the be-that a national economic crisis ginning and I think the wisest exists they have certainly succeded, especially where the poorer classes are concerned would add, however that a no burden fell with such a visual inspection only be allow-direct impact for a long time as ed because if copies of the list has done the increased cost of are circulated to the members bread flour and butter—the it will as long as it carries any staff of life and the main sus-suspicion of being a "confi-

enance of the population dential document surely find that economies had to be itself published elsewhere tenance of the population made was admitted generally but why should it have been that such an economy was a necessary—at least to the full the extent Most people agree that paragraph that rather tickled tariff protections and subsidisation are not good policies
to follow but the fact is that
these food subsidies were in
operation and during a period
poperation and during a period
when there was more econowhen there was more economic prosperity than at present. The economy squeeze has caused a lot of unemployment and now on top of that the out-of-work man and the man with the limited pay packet finds that the cost of buying a loaf of bread a pound of butter or a half-stone of flour, has jumped like a kangaroo. The full removal of the subsidies was too harsh a blow to inflict at the one time and I believe that it would have been fairer to have eased the position by gradual a reasures.

The other lamous Waterford boy other places of interest was engaged in a conversation by a visitor to the city who ask led him his name. The reply came 'Seamus Wadding sir observed the visitor and tell me do you know anything about ther inquired 'I do sir, I know all about him" again came the reply 'Well now that swonderful' said the visitor one time and I believe that it would have been fairer to have eased the position by gradual areasures.

The OTHER SIDE

Congratulations to Mr Line ease at the position by gradual excellent position by gradual excellent position by gradual excellent to impose this thought it to impose this thought it to impose this thought it to impose the financial commonly where we commonly where we commonly where we commonly where we have a farmy of clicical position that there is an officially produced by the property of the find when we look around where we have a farmy officially produced by the property of the find when we look around where we have a farmy officially produced by the property of the find when we look around where we have a farmy officially produced by the property of the find when we look around where we have a farmy officially produced by the property of the find when we look around where we have a farmy officially produced by the property of the find when we look around where we have a farmy officially produced by the property of the find when we look around where we have a farmy officially produced by the property of the find when we look around where we have a farmy officially produced by the property of the find when we look around where we have a farmy officially produced by the property of the find when we look around where we have a farmy officially produced by the property of the find when we look around where we have a farmy of the find when we look around where we have a farmy of the find when we look around where we have the find when we look around where we have the find when we look around where we have the find when we look around where we have the find when we look around where we have the find when we look around when we have the find when we look around when we have the find when we look around the find when we look around when we have the find when we look around the find when taining law and order within the confines of the State In the light of modern weapons and modern war strategy it is utter foolishness and a complete waste of public money to have so many officers with so little men handling obsolete weapons and aircraft playing at being the state of the second waste of public money to have so many officers with so little should be no need to go outside the town for these quotations. and modern war strategy it is utter foolishness and a complete do duote and did not do so waste of public money to have so many officers with so little men handling obsolete weapons and aircraft playing at being solders Army personnel should be cut to the minimum and functions publicised with news are kissing the rose

Of Power at midfield and N McCarthy and A Browne in they were waiting for money of the attack. These provided the main strength of their side in the attack. These provided the main strength of their side in the attack. These provided the main strength of their side in the attack. These provided the main strength of their side in the attack. These provided the main strength of their side in their own sectors but it would have taken highly organised the last meeting during which members expressed dissatisfactor of matching strides with this committee wanted functions publicised with news are kissing the rose.

Of matching the case of four grants but they were waiting they were waiti

back to the very ground engaged in The numbers central and local administration anything else is how the existsonable levels and again here ence of some of these outside In economies could

An idea of what the taxpayer and ratepayer has to put up with however can be got from an answer given by Dr Ryan spending their more and ratepayer has to put up ample to see a Committee, while calling for local co-operation an answer given by Dr Ryan that the purchase price including legal and other expenses of the Irish Embassy in London was £76 028 and that of the Embassy at Paris £151,940

Those are colossel amounts of the towns where then would our that subscribed it If all those who are expected to patromse the function concerned followed this example and brought their food and drink with them from outside towns where then would our Those are colossal amounts of money but you have more to Dr Ryan further said naming the Committee concernthat the cost of adaptation works including furniture was £112516 in the London Embassy

and £48,500 in the Paris Emings and at the imprint on the In answer to the prayers I These figures relate to only two of our Ambassadorial establishments abroad but what der there s an economic crisis at home while so much money is being lavished abroad trying to keep up with the most powerful and the most powerful and the most powerful and the most prosperous nations in the world

Let us have heads on our to go out of their element and the most power to keep up have heads on our to go out of their element and the most power to keep up have heads on our to go out of their element and the most power to keep up have heads on our to go out of their element and the most power to keep up have heads on our to go out of their element and the most power to keep up have heads on our to go out of their element and the most power to keep up have heads on our to go out of their element and the most power to keep up have heads on our to go out of their element and the most power to keep up have heads on our to go out of their element and the most power to keep up have heads on our to go out of their element and the most power to keep up have heads on our to go out of their element and the most power to keep up have heads on our to go out of their element and the bright spirits be may be considered immediately necesting the considered immediately necesting the remains and officiat the most power to go out of the bright spirits be made that this man did not worsen his conditions and officiat the most power. ### AN EXILE'S THOUGHTS OF **DUNGARVAN**

When sitting by the fireside I often times at night Muse over days departed and

where I was won t to stray stand to view the everdear and loved old Abbeyside And spend once more a plea-sant hour beside the flow-

Aboard the 'Frisco with the

Quay would walk on Sunday afternoon and keep in step and march Along the "New Line And keep in step and march in time to some old favourite

We'd whistle all the marches and Operas ever known In faultless style and proper friends time and in melodious tone I dream again of Helvick its

The Ballinacourty lighthouse NT Sound, the exile with a hearty cead in thoughts and dreams I mile failte

The quarry and the limekiln

With emblems hung upon the

Who have drank the blessed

Are worthy to be mentioned

home The vision fades alas alas! where is my friend so true ?
